

## Micro-CT Scheduling and Fees

Any Micro-CT users intending to independently operate the machine will need to be trained in the use of the machine by Imaging Specialist Vince Warren or Shane Rekow in addition to the SLAU Manager, Kati Marshall. The Micro-CT system is housed in a room that is part of the vivarium. Therefore, strict access and disinfection protocols must be followed.

All imaging should be coordinated through Kati Marshall (marshalk@ohsu.edu). Requests will generally be scheduled on a first-come first-served model except as modified by room disinfection needs. An Outlook calendar is being maintained for the machine. If you would like access to that calendar please submit an emailed request to Kati.

The use of the Micro-CT is charged on a per hour fee. You will be charged for all requested time.

For *in vivo* scanning appropriate IACUC approvals are needed.

### Fees:

Description	Price
<b>Training</b>	
Initial Training	\$250 for up to two people
<b>Machine Use</b>	
Trained Users	\$25 per hour
