COVID-19 Research Opportunities

NIH

NIAID and NIGMS Notice of Special Interest (NOSI) regarding the Availability of Urgent Competitive Revisions for Research on the 2019 Novel Coronavirus (2019-nCoV)

What: Offers competitive revisions to active NIAID and NIGMS grants to expand the scope to address research objectives listed in the notice

Who should apply: Anyone with an active grant from the NIAID or NIGMS

Award: No more than the amount of the current parent award/up to two years

Deadline: Open on a rolling basis through Feb. 6, 2021

Multiple NIH Organizations Emergency Competitive Revision to Existing NIH Awards (Emergency Supplement - Clinical Trial Optional)

What: Offers NIH grantees additional funds for research responsive to the 2019-nCoV outbreak that falls within the scope of an ongoing grant

Who should apply: Anyone with an active grant from one of the participating organizations who can accomplish their research within the competitive segment of the active award

Award: No minimum or maximum/within duration of the parent award

Deadline: Open dates vary by awarding IC

NSF

NSF Rapid Response Research (RAPID) Funding Mechanism

What: Proposal used when there is a severe urgency with regard to availability of or access to data, facilities or specialized equipment, including quick-response research on natural or anthropogenic disasters and similar unanticipated events

Who should apply: No specific eligibility guidelines; direct proposals either to a program officer managing an NSF program with which the research would be aligned or

Award: No minimum or maximum/within duration of the parent award

Deadline: Open dates vary by awarding IC

FEATURED OPPORTUNITIES

Basic Science | W.M. Keck Foundation Research Program

What: Supports only transformative basic science projects that are high-risk/high-reward, interdisciplinary and distinctive

Who should apply: Each School of Medicine department chair; directors of Knight Cancer and KCVI; independent centers or institute directors; and deans of Dentistry, Public Health, and Nursing may each nominate one team

Award: Up to $5 million/up to five years

Deadline: Internal submission due: April 1, 2020;
Preproposal due: May 1, 2020, 4:30 p.m. PST

Apply through the limited submissions portal

This organization is on the President’s List; submit a notice of intent form before applying

Biomedical | Howard Hughes Medical Institute Medically Trained Scientists Program

What: Supports biomedical researchers who are committed to academic careers in basic, fundamental research by providing them with long-term support from mentored postdoctoral training to early years as independent faculty

Who should apply: Postdoctoral fellows who have less than two years of training

Award: Postdoctoral: Salary and health care benefits covered as well as $30,000 flexible expense allowance/up to four years; Faculty: Salary and benefits plus $250,000 research funding/up to four years

Deadline: Aug. 11, 2020, noon PST
to rapid-covid19@nsf.gov
Award: Up to $200,000/up to one year
Deadline: Open

Internal Opportunities

**Multidisciplinary || NIGMS and ORIP High-End Instrumentation (HEI) Grant Program (S10 Clinical Trial Not Allowed)**
What: Funding for groups of NIH-supported investigators to purchase or upgrade a single item of high-end, specialized and commercially available instruments or integrated systems. As in previous years, this competition requires 1-3 page preliminary proposal that includes: what instrument is requested; why it is needed; instrument cost; cost of maintenance contract; where it will be located; major user group, including PIs with qualifying NIH funding active at time of award; and any institutional support. These pre proposals must be sent to Sue Aicher at aichers@ohsu.edu and are reviewed by Dr. Aicher and senior research leadership. Note that this is a different process from the S10 Shared Instrumentation for Animal Research Grant Program, which is a limited submission
Who should apply: PIs with technical expertise directly related to the type of the chosen instrument. At least three major users of the instrument must be identified
Award: Between $50,000 and $600,000/one year
Deadline: Submit preliminary proposal to Sue Aicher (aichers@ohsu.edu) by March 31, 2020; NIGMS and ORIP due date: June 1, 2020, 5 p.m. PST

**Multidisciplinary || NIGMS and ORIP Shared Instrumentation Grant (SIG) Program (S10 Clinical Trial Not Allowed)**
What: Funding for groups of NIH-supported investigators to purchase or upgrade a single item of high-priced, specialized and commercially available instruments or integrated systems. As in previous years, this competition requires 1-3 page preliminary proposal that includes: what instrument is requested; why it is needed; instrument cost; cost of maintenance contract; where it will be located; major user group, including PIs with qualifying NIH funding active at time of award; and any institutional support. These pre proposals must be sent to Sue Aicher at aichers@ohsu.edu and are reviewed by Dr. Aicher and senior research leadership. Note that this is a different process from the S10 Shared Instrumentation for Animal Research Grant Program, which is a limited submission
Who should apply: PIs with technical expertise directly related to the type of the chosen instrument. At least three major users of the instrument must be identified
Award: Between $600,001 and $2 million/one year
Deadline: Submit preliminary proposal to Sue Aicher (aichers@ohsu.edu) by March 31, 2020; NIGMS and ORIP due date: June 1, 2020, 5 p.m. PST

**Cancer || CEDAR Full Project Award**
What: Funds CEDAR relevant cancer early detection work for up to 18 months
Who should apply: All employees
Award: No minimum or maximum amount
Deadline: Applications to the model systems focus area received by April 1, 2020 will be prioritized, but applications accepted anytime

**Multidisciplinary || OCTRI OSLER TL1 Predoctoral and Postdoctoral Mentored Career Development Opportunity**
What: Supports training and career development in clinical and translational research through a TL1 grant similar to an NIH NRSA T32 grant
Who should apply: Students currently in professional training, PhD graduate students, and postdoctoral clinical and research fellows from OHSU, PSU, UO and OSU
Award: Monthly stipend, partial tuition and fee support, didactic coursework, journal clubs and mentored training
Deadline: April 1, 2020

**Multidisciplinary || OCTRI CTRC Career Development Support Award**
What: Supports early career faculty members from OHSU and OCTRI partners participating in studies associated with current mentored career development awards such as an NIH K award or VA CDA
Who should apply: OHSU and OCTRI partner faculty with at least 15 months left on their career development award by May 1, 2020
Award: $20,000/one year with possible second year renewal of $20,000
Deadline: April 6, 2020, 11:59 p.m. PST

**Multidisciplinary || MRF Early Clinical Investigator Award**

**What:** Funding to further the development of postdoctoral fellows or trainees who interact with human subjects and who are interested in a career in clinical research

**Who should apply:** Postdoctoral trainees and fellows with specific plans for a career in clinical research

**Award:** Up to $30,000/one year

**Deadline:** April 15, 2020, 11:59 p.m. PST

**Apply through the competitive application portal**

**Multidisciplinary || MRF New Investigator Grant**

**What:** Supports promising investigators in biomedical research at the beginning of their independent careers

**Who should apply:** Assistant professors or equivalent who are independent but new to research and don’t yet have funding sources

**Award:** Up to $50,000/one year

**Deadline:** April 15, 2020, 11:59 p.m. PST

**Apply through the competitive application portal**

**Multidisciplinary || MRF and OHSU OHSU School of Medicine Gerlinger Research Award**

**What:** Supports SOM research, with strong preference given to proposals addressing systemic autoimmune or connective tissue diseases

**Who should apply:** Primary appointees to the School of Medicine

**Award:** Up to $40,000/one year

**Deadline:** May 13, 2020, 11:59 p.m. PST

**Apply through the competitive application portal**

**Nursing || OHSU School of Nursing Hartford Award for Research and Practice (HARP) Program**

**What:** Supports SON pilot studies on improving older adults’ healthcare to assess feasibility or collect preliminary data to support an external grant application

**Who should apply:** SON faculty with a clinical or research doctorate, with preference given to faculty who got their doctorate less than 10 years ago; senior faculty is encouraged to mentor junior faculty on collaborative projects

**Award:** Up to $25,000/one year

**Deadline:** May 18, 2020, 5 p.m. PST

**Multidisciplinary || OHSU School of Nursing Interprofessional Hartford Award for Research and Practice**

**What:** Supports interprofessional OHSU faculty pilot studies on improving older adults’ healthcare to assess feasibility or collect preliminary data to support an external grant application

**Who should apply:** Interprofessional teams that must have at least a co-investigator from the SON, with preference given to junior faculty PIs; senior faculty is encouraged to mentor junior faculty on collaborative projects

**Award:** Up to $25,000/one year

**Deadline:** May 13, 2020, 11:59 p.m. PST

**Apply through the competitive application portal**
**Award:** Up to $25,000/one year  
**Deadline:** May 18, 2020, 5 p.m. PST

**Multidisciplinary || Patient-Centered Outcomes Research Institute Phased Large Awards for Comparative Effectiveness Research – Cycle 2 2020**  
**What:** Funding for an individual-level or cluster randomized controlled trial that examines a critical patient-centered research question in comparative effectiveness, requiring funding in excess of $10 million in direct costs. This funding opportunity will require internal review; contact David Dorr, Chief Research Information Officer, at dorrd@ohsu.edu if interested and he will advise with the support of OCTRI, which has a strong interest in enhancing OHSU’s pragmatic clinical trial presence  
**Who should apply:** Investigators will eventually need to have the support of a data coordinating center, though it won’t need to be identified in the letter of intent  
**Award:** Up to $22 million/up to six and a half years  
**Deadline:** LOI due: June 2, 2020, 2 p.m. PST; Full application due: Sept. 1, 2020, 2 p.m. PST  
*(Note that competition does not open until May 5, 2020)*

**Cancer || Samuel Waxman Cancer Research Foundation Gladstein Family Bladder Cancer Research Program**  
**What:** Supports research on the interplay of aging and cancer and aspects of aberrant gene expression, differentiation or epigenetic therapies that relate to bladder cancer  
**Who should apply:** Anyone with a research interest in bladder cancer  
**Award:** $200,000/up to two years  
**Deadline:** Internal submission due: March 25, 2020; LOI due: April 1, 2020; Application due: June 1, 2020  
*Apply through the limited submissions portal*

**Cancer || Samuel Waxman Cancer Research Foundation Max Ritvo, Alan Slifka and Desiree Dato Fund for Fusion-Oncoprotein Cancers and Metastasis**  
**What:** Supports research on cancers driven by fusion oncoproteins with Ewing sarcoma as the prototype or the roles of epigenetic dysfunction or tumor microenvironment in the development of metastatic cancer  
**Who should apply:** Must have a co-collaborator from Israel  
**Award:** $125,000/two years  
**Deadline:** Internal submission due: March 25, 2020; LOI due: April 1, 2020; Application due: June 1, 2020  
*Apply through the limited submissions portal*

**Cancer || CEDAR NIH Catalyst Funding**  
**What:** Funding designed to help scientists pursuing CEDAR relevant research address reviewer concerns and resubmit their proposals to the National Institutes of Health

**Who should apply:** Applicants to NIH awards who received a score but were not funded  
**Award:** Up to $250,000/one year  
**Deadline:** Applications accepted anytime

**Limited Submission Opportunities**

**Cancer || V Foundation V Scholar Cancer Research Grant**  
**What:** Supports tenure track faculty early in their adult cancer research by funding a variety of projects, from laboratory based fundamental to bench to bedside research  
**Who should apply:** Tenure track faculty who have at least two years postdoctoral training and have not yet been promoted to associate professor positions  
**Award:** $200,000/two years  
**Deadline:** Internal submission due: March 23, 2020; Nomination due: April 2, 2020; Application due: May 6, 2020, 2 p.m. PST  
*Apply through the limited submissions portal*  
*This organization is on the President’s List; submit a notice of intent form before applying*

**Multidisciplinary || NIH ORIP Shared Instrumentation for Animal Research (SIFAR)**
**Grant Program (S10 Clinical Trial Not Allowed)**

**What:** Funding for groups of NIH-funded investigators to purchase or upgrade scientific instruments necessary to carry out animal experiments in all areas of biomedical research supported by the NIH. As in previous years, this competition requires 1-3 page preliminary proposal that includes: what instrument is requested; why it is needed; instrument cost; cost of maintenance contract; where it will be located; major user group, including PIs with qualifying NIH funding active at time of award; and any institutional support. These pre-proposals must be sent to Sue Aicher at aichers@ohsu.edu and are reviewed by Dr. Aicher and senior research leadership.

**Who should apply:** PIs with technical expertise directly related to the type of the chosen instrument. At least three major users of the instrument must be identified.

**Award:** Up to $5 million/up to five years; average funding is no more than $1 million and average duration is three years.

**Deadline:** Internal submission due: April 1, 2020; Preproposal due: May 1, 2020, 4:30 p.m. PST

**Apply through the limited submissions portal**

**This organization is on the President’s List; submit a notice of intent form before applying**

---

**Neuroscience || Multiple NIH Organizations**

**Jointly Sponsored Ruth L. Kirschstein National Research Service Award Institutional Predoctoral Training Program in the Neurosciences (T32 Clinical Trial Not Allowed)**

**What:** Supports broad research training in the neurosciences with a curriculum that provides a foundation in experimental design, statistical methodology and quantitative reasoning.

**Who should apply:** Established investigators in a scientific area who want to conduct a training program in that area.

**Award:** No minimum or maximum amount for up to five years.

**Deadline:** Internal submission due: April 3, 2020; LOI due: April 26, 2020 (LOI not required but highly encouraged); Application due: May 26, 2020, 5 p.m. PST

**Apply through the limited submissions portal**

---

**Environmental Health || NIEHS**

**Environmental Health Sciences Core Centers (EHSCC) (P30 Clinical Trial Optional)**

**What:** Funding for an environmental health research hub that will provide research infrastructure, shared facilities, services and resources to groups of environmental health sciences investigators.

**Who should apply:** Anyone with the desire and skills necessary to run an environmental health center.

**Award:** Up to $3.4 million/up to four years.

**Deadline:** Internal submission due: April 8, 2020; LOI due: April 18, 2020 (LOI not required but highly encouraged); Application due: May 28, 2020, 2 p.m. PST

**Apply through the limited submissions portal**

---

**Basic Science || W.M. Keck Foundation Research Program**

**What:** Supports only transformative basic science projects that are high-risk/high-reward, interdisciplinary and distinctive; proposed research should promise potential breakthroughs.

**Who should apply:** Each School of Medicine department chair; directors of Knight Cancer and KCVI; independent centers or institute directors; and deans of Dentistry, Public Health, and Nursing may each nominate one team to submit a preproposal.

**Award:** Up to $750,000/year.

**Deadline:** Submit preliminary proposal to Sue Aicher (aichers@ohsu.edu) by March 31, 2020; Internal submission due: April 3, 2020; Application due: June 1, 2020, 5 p.m. PST

**Apply through the limited submissions portal**

---

**Cancer || V Foundation Translational Cancer Research Grant Program**

**What:** Supports translational adult cancer projects that move a novel strategy from the laboratory into a human clinical trial or use specimens from a clinical trial to develop biomarkers or mechanisms.

**Who should apply:** Tenured or tenure track faculty who are US citizens or who have a legal permit (temporary or permanent) to work in the US.

**Award:** $600,000/three years.

**Deadline:** Internal submission due: April 2, 2020; Nomination due: April 16, 2020; Application due: May 28, 2020, 2 p.m. PST

**Apply through the limited submissions portal**

**This organization is on the President’s List; submit a notice of intent form before applying**

Multidisciplinary || NIGMS Collaborative Program Grant for Multidisciplinary Teams (RM1 - Clinical Trial Optional)
What: Supports integrated research teams to address ambitious and challenging research questions that are important for the NIGMS’s mission and are beyond the scope of one or two investigators
Who should apply: Teams of a minimum of three and maximum of six PIs who all have an appointment at a domestic institution
Award: Up to $7.5 million, although budgets of $700,000 to $900,000 per year are expected/up to five years
Deadline: Internal submission due: April 17, 2020; LOI due: April 27, 2020 (LOI not required but highly encouraged); Application due: May 27, 2020, 5 p.m. PST
Apply through the limited submissions portal

Multidisciplinary || NIAID Childhood Asthma in Urban Settings Clinical Research Centers (U01 Clinical Trial Optional)
What: Funding to establish clinical research centers that will conduct both network wide and site specific clinical studies and trials to develop asthma treatment or prevention approaches for children living in low income urban areas
Who should apply: Anyone with a research interest in pediatric asthma treatment
Award: Up to $300,000/seven years
Deadline: Internal submission due: May 5, 2020; LOI due: May 19, 2020 (LOI not required but highly encouraged); Application due: June 19, 2020, 5 p.m. PST
Apply through the limited submissions portal

New this week!

Public Health || NICHD Population Dynamics Centers Research Infrastructure Program FY 2021 (P2C Clinical Trial Not Allowed)
What: Supports the field of population dynamics research by increasing research impact, innovation, and productivity; developing junior scientists; and maximizing the efficiency of research support
Deadline: Internal submission due: June 24, 2020; LOI due: July 11, 2020 (LOI not required but highly encouraged); Application due: Aug. 11, 2020, 5 p.m. PST
Apply through the limited submissions portal

New this week!

Musculoskeletal || NIAMS Resource-based Centers for Bone, Muscle and Orthopaedic Research (P30 - Clinical Trial Not Allowed)
What: Funding to establish resource-based centers that will provide critical research infrastructure, shared facilities, services and resources to groups of investigators conducting research on bone, muscle and orthopedic biology and diseases
Who should apply: Anyone with a research interest in bone, muscle and orthopedic biology and disease and a desire to direct a resource center
Award: Up to $2.5 million/five years
Deadline: Internal submission due: June 9, 2020; LOI due: June 30, 2020 (LOI not required but highly encouraged); Application due: July 30, 2020, 5 p.m. PST
Apply through the limited submissions portal

New this week!

Dermatology || NIAMS Skin Biology and
Diseases Resource-based Centers (P30 - Clinical Trial Not Allowed)
What: Funding to establish resource-based centers that will provide critical research infrastructure, shared facilities, services and resources to groups of investigators conducting research on skin biology and diseases
Who should apply: Anyone with a research interest in skin biology and disease and a desire to direct a resource center
Award: Up to $2.5 million/five years
Deadline: Internal submission due: June 24, 2020; LOI due: July 11, 2020 (LOI not required but highly encouraged); Application due: Aug. 11, 2020, 5 p.m. PST
Apply through the limited submissions portal

Merit Prizes and Awards

Pulmonology || International Union Against Tuberculosis and Lung Disease  
Karel Styblo Public Health Prize
What: Recognizes a health worker or a community organization for contributions to tuberculosis control over 10 years or longer
Who should apply: Anyone who has made a significant and more than decade-long contribution to tuberculosis research
Award: $2,000 and full fellowship to attend the Union World Conference on Lung Health
Deadline: March 31, 2020

Neurology || Science and PINS Prize
What: Award for research that modulates neural activity through physical stimulation of targeted sites in the nervous system with implications for translational medicine
Who should apply: Researchers who are within 10 years of their professional degree, under 45 years old and completed prize-related research in the past three years
Award: $25,000 and your essay published in Science
Deadline: March 31, 2020

Multidisciplinary || Breakthrough Prize Foundation  
Breakthrough Prizes in Life Sciences
What: Recognizes individuals who have made transformative advances in understanding living systems and extending human life
Who should apply: Anyone who fits the above description should be nominated; self-nominations are not considered
Award: $3 million
Deadline: April 1, 2020, 10 a.m. PST

Multidisciplinary || Foundation for the National Institutes of Health  
Trailblazer Prize for Clinician-Scientists
What: Recognizes contributions of early career clinician scientists whose work has led to innovations in patient care
Who should apply: Full time instructors, assistant professors and clinical department or unit staff members or teams of two of these positions who devote at least half of their time to independent research
Award: $10,000
Deadline: April 3, 2020, 10 a.m. PST

Multidisciplinary || Harold W. McGraw, Jr. Family Foundation and University of Pennsylvania Graduate School of Education  
McGraw Prize in Education
What: Recognizes pre-K-12 education, higher education and science research educators who have dedicated themselves to improving education and making an impact on the field
Who should apply: Any educators who have made a demonstrable impact on their fields
Award: $50,000
Deadline: April 15, 2020, 8:59 p.m. PST

NIH Federal Opportunities
This week the NIH released funding opportunities concerning smart devices, regulatory standards, vaccines and more. We’ve highlighted some opportunities of potential interest below.

Multidisciplinary || NIA and NIAID  
Investigator Initiated Extended Clinical Trial (R01 Clinical Trial Required)
What: Supports implementation of investigator-initiated clinical trials requiring an extended project period of six or seven years
Who should apply: Anyone who needs funding
for an extended clinical trial
Award: No minimum or maximum/up to seven years
Deadline: LOI due: April 13, 2020 (LOI not required but highly encouraged); Application due: May 13, 2020, 5 p.m. PST

**Pharmacology || NICHD Postdoctoral Research in Pediatric Clinical Pharmacology (T32 Clinical Trial Not Allowed)**
What: Supports organizations that propose to develop clinician-scientists and others who will be leaders in the field of pediatric clinical pharmacology research
Who should apply: Clinical pharmacologists, preferably with subspecialty training, who are capable of providing both administrative and scientific leadership to the development and implementation of the proposed program
Award: No minimum or maximum/up to five years; see funding announcement for specific stipend and training expenses
Deadline: LOI due: April 27, 2020 (LOI not required but highly encouraged); Application due: May 27, 2020, 5 p.m. PST

**Multidisciplinary || FDA Exploring the use of Real-World Data to Generate Real-World Evidence in Regulatory Decision-Making (U01 Clinical Trials Optional)**
What: Supports research projects that examine real-world data, real-world evidence and related issues such as data analytics, the use of digital health tools and innovative trial designs utilizing healthcare settings

**Biomedical || NHGRI Technology Development Coordinating Center (U24 Clinical Trial Not Allowed)**
What: Funding for a center that will be responsible for enhancing integration between components of the NHGRI Genome Technology program by facilitating opportunities for collaborations and leading efforts to promote standards in genomic technologies
Who should apply: Anyone with a research interest in genome technology development and a desire to direct a coordinating center
Award: Up to $5.25 million/up to four years
Deadline: LOI due: May 24, 2020 (LOI not required but highly encouraged); Application due: June 24, 2020, 5 p.m. PST

**Infectious Disease || NIAID Partnerships for Countermeasures against Select Pathogens (R01 Clinical Trials Not Allowed)**
What: Supports milestone-driven projects focused on preclinical development of lead candidate therapeutics, vaccines and related countermeasures against select NIAID Emerging Infectious Diseases/Pathogens
Who should apply: Anyone with a research interest in infectious disease countermeasures
Award: Up to $4.05 million/up to five years
Deadline: LOI due: May 29, 2020 (LOI not required but highly encouraged); Application due: June 29, 2020, 5 p.m. PST

**Other Federal Opportunities**

**Cancer || DoD Lung Cancer Research Program Idea Development Award**
What: Supports new ideas in the early stages of development representing innovative, high-risk/high-gain lung cancer research
Who should apply: Assistant professors and above and new investigators early in their faculty appointments or in the process of developing independent research careers
Award: Up to $350,000/up to two years
Deadline: Pre-application due: May 6, 2020, 2 p.m. PST; Application due: July 29, 2020, 8:59 p.m. PST

**Cancer || DoD Lung Cancer Research Program Investigator Initiated Translational Research Award**
What: Supports translational studies including, but not limited to studies translating in vitro and/or animal studies to applications with human samples or cohorts and late-stage preclinical work preparing for a clinical trial
Who should apply: Assistant professors and above
Award: Up to $400,000/up to two years
Deadline: Pre-application due: May 6, 2020, 2 p.m. PST; Application due: July 29, 2020, 8:59 p.m. PST
**Dermatology || DoD Military Burn Research Program Clinical Translational Research Award**
*What:* Supports clinical research projects that are likely to have a major impact on therapy by applying laboratory, pre-clinical or clinical research findings to the care of burn-injured patients
*Who should apply:* All investigators with a research interest in burn injuries
*Award:* Up to $725,000/up to three years
*Deadline: Pre-application due: May 27, 2020, 2 p.m. PST; Application due: Sept. 10, 2020, 8:59 p.m. PST*

**Cancer || DoD Lung Cancer Research Program Concept Award**
*What:* Supports highly innovative, untested, potentially groundbreaking concepts in lung cancer
*Who should apply:* All investigators with a research interest in lung cancer
*Award:* Up to $100,000/up to one year
*Deadline: Pre-application due: May 27, 2020, 2 p.m. PST; Application due: June 10, 2020, 8:59 p.m. PST*

**Orthopedics || DoD Peer Reviewed Orthopaedic Research Program Clinical Translational Research Award**
*What:* Supports high-impact and/or new clinical orthopedic research that may or may not be ready for a full-scale, randomized controlled clinical trial; funding must support clinical research studies involving humans
*Who should apply:* All investigators with a research interest in orthopedics
*Award:* Up to $725,000/up to three years
*Deadline: Pre-application due: May 27, 2020, 2 p.m. PST; Application due: Sept. 10, 2020, 8:59 p.m. PST*

**Orthopedics || DoD Peer Reviewed Orthopaedic Research Program Clinical Trail Award**
*What:* Supports rapid implementation of clinical trials with the potential to have a major impact on military combat-related orthopedic injuries or non-battle injuries that significantly impact unit readiness and return-to-duty rates
*Who should apply:* All investigators with a research interest in orthopedics
*Award:* Up to $2.75 million/up to four years
*Deadline: Pre-application due: May 27, 2020, 2 p.m. PST; Application due: Sept. 10, 2020, 8:59 p.m. PST*

**Private Opportunities**

**Cancer || Pfizer Targeted Therapy in Colorectal Cancer**
*What:* Funds projects with potential to increase the understanding of targeted therapies, including BRAF inhibitors and their use in the treatment of colorectal cancer
*Who should apply:* Oncologists, advanced practitioners, oncology nurses and other healthcare professionals involved in the care of patients with colorectal cancer
*Award:* Up to $250,000/one and a half years
*Deadline: April 13, 2020, 8:59 p.m. PST*

**Psychology || American Psychological Foundation Alexander Gralnick Research Investigator Prize**
*What:* Supports exceptional individuals working in the area of serious mental illness including but not limited to schizophrenia, bipolar disorder and paranoia
*Who should apply:* MDs with a record of research productivity in serious mental illness who can demonstrate research productivity in their research area for at least eight years
*Award:* Up to $20,000/two years
*Deadline: April 15, 2020, 8:59 p.m. PST*
**Multidisciplinary || Robert Wood Johnson Foundation Culture of Health Prize Leadership**

**What:** Supports an entity to lead the next two-year phase of the leadership and management of the RWJF Culture of Health Prize, which will include 2022–2023 cohorts of winners and initial planning for the 2024 cohort

**Who should apply:** Organizations with a commitment to improving health and equity and a clear track record of successful engagement with local communities

**Award:** Up to $50,000 for K-type bridge and up to $100,000 for R-type bridge/one year

**Deadline:** April 15, 2020, noon PST

*This organization is on the President’s List; submit a notice of intent form before applying*

---

**Multidisciplinary || WITH Foundation Research Grants**

**What:** Supports efforts to promote comprehensive health care for adults with developmental disabilities

**Who should apply:** Investigators with a research interest in the health care of developmentally disabled adults

**Award:** Up to $50,000 up to three years

**Deadline:** LOI due: April 16, 2020, 11:59 p.m. PST; Full application due: June 2, 2020, 5 p.m. PST

---

**Multidisciplinary || National Psoriasis Foundation Bridge Grants**

**What:** Supports researchers who have submitted meritorious but unfunded K-type and R-type applications to the NIH with a focus on psoriatic disease or related comorbidities

**Who should apply:** PIs who have submitted an unfunded application for either a K-type or R-type (or equivalent) award focused on psoriasis, psoriatic arthritis or related comorbidities

**Award:** Up to $50,000 for K-type bridge and up to $100,000 for R-type bridge/one year

**Deadline:** April 17, 2020

---

**Previously Published Opportunities**

**Federal**

**March**

**Cancer || NCI Notice of Special Interest: De-implementation of Ineffective or Low-value Clinical Practices along the Cancer Care Continuum** Deadline: Applies to due dates on or after March 6, 2020

**Multidisciplinary || NIAID, NICHD and NIMH Digital, Limited Interaction Trials and Epidemiology (D-LITE): Targeting HIV Incidence in the United States (U01 Clinical Trial Required)** Deadline: March 20, 2020, 5 p.m. PST

**Multidisciplinary || NIDCR Administrative Supplement for Collaborative Science** Deadline: March 20, 2020, 5 p.m. PST

**Environmental Science || NIEHS Optimizing Natural Systems for Remediation: Utilizing Innovative Materials Science Approaches to Enhance Bioremediation (R01 Clinical Trial Not Allowed)** LOI due: March 20, 2020, 5 p.m. PST; Application due: April 20, 2020, 5 p.m. PST
