OHSU Funding Alerts: Week of April 2, 2020

Internal Opportunities

**Multidisciplinary || OCTRI CTRC Career Development Support Award**

*What:* Supports early career faculty members from OHSU and OCTRI partners participating in studies associated with current mentored career development awards such as an NIH K award or VA CDA

*Who should apply:* OHSU and OCTRI partner faculty with at least 15 months left on their career development award by May 1, 2020

*Award:* $20,000/one year with possible second year renewal of $20,000

*Deadline:* April 6, 2020, 11:59 p.m. PDT

**Multidisciplinary || MRF Early Clinical Investigator Award**

*What:* Funding to further the development postdoctoral fellows or trainees who interact with human subjects and who are interested in a career in clinical research

*Who should apply:* Postdoctoral trainees and fellows with specific plans for a career in clinical research

*Award:* Up to $30,000/one year

*Deadline:* April 15, 2020, 11:59 p.m. PDT

(Revised applications accepted through April 29; see CAP for more details)

*Apply through the competitive application portal*

**Multidisciplinary || MRF New Investigator Grant**

*What:* Supports promising investigators in biomedical research at the beginning of their independent careers

*Who should apply:* Assistant professors or equivalent who are independent but new to research and don’t yet have funding sources

*Award:* Up to $50,000/one year

*Deadline:* April 15, 2020, 11:59 p.m. PDT

(Revised applications accepted through April 29; see CAP for more details)

*Apply through the competitive application portal*

**Multidisciplinary || MRF and OHSU Emergency Interim Funding and Bridge Funding**

**Animal Research || ONPRC COVID-19 Pilot Grant Research Program**

*What:* Supports short-term projects using nonhuman primate models to investigate important aspects of COVID-19 virology and pathology; all activities related to the use of NHPs must be conducted onsite at ONPRC

*Who should apply:* ONPRC Core Scientists and non-Core Scientists if an ONPRC Core Scientist is involved and assumes responsibility for overall management

*Award:* Up to $75,000/one year

*Deadline:* April 10, 2020, 5 p.m. PDT

**Multidisciplinary || OCTRI Biomedical Innovation Program COVID-19 Rapid Response**

*What:* Supports proposals for basic or clinical research across the translational spectrum that directly addresses COVID-19 from all disciplines

*Who should apply:* Researchers who meet OHSU PI requirements

*Award:* Up to $75,000/average of six months

*Deadline:* April 23, 2020

**Multidisciplinary || Pew Charitable Trust 2021 Scholars Program**

*What:* Two programs are combined in this competition: the Pew Scholars Program in the Biomedical Sciences and the Pew-Stewart Scholars for Cancer Research Program; both are intended for early-career research with an emphasis on interdisciplinary projects

*Who should apply:* Early-career assistant professors with a research interest in biomedical studies or cancer studies

*Award:* $300,000/four years

*Internal submission due:* April 30, 2020; *Nomination due:* May 18, 2020; *Application due:* Sept. 3, 2020 for Cancer Scholars and Sept. 10, 2020 for Biomedical Scholars

*Apply through the limited submissions portal*
**What:** Provides funding for research programs that have lost national grant funding and enables investigators to develop data supporting application renewals

**Who should apply:** Researchers who need funding to keep their programs going

**Award:** Up to $50,000 from both MRF and Bridge funding/one year

**Deadline:** April 15, 2020, 11:59 p.m. PDT

(Revised applications accepted through April 29; see CAP for more details)

**Apply through the competitive application portal**

**New this week!**

**Multidisciplinary || OCTRI Biomedical Innovation Program COVID-19 Rapid Response**

**What:** Supports proposals for basic or clinical research across the translational spectrum that directly addresses COVID-19 from all disciplines

**Who should apply:** Researchers who meet OHSU PI requirements

**Award:** Up to $75,000/average of six months

**Deadline:** April 23, 2020

**Multidisciplinary || M.J. Murdock Charitable Trust Equipment Grant**

**What:** Funding for equipment that will help facilitate lab discoveries and bring innovation to where it’s needed most; the Trust gives higher preference to instrumentation that will serve a large base of users across multiple disciplines

**Who should apply:** To be considered, please include the following information in two pages or less: Overview of the need; about the equipment; Estimated budget including sources of all funding (The Trust requires at least a 50% cost share; estimates are acceptable and salary support is not an eligible matching expense; match does not have to be in hand at time of submission, but there must be a reasonable plan outlined if not identified); timeline (note why this request is timely); who manages the proposed equipment and where the equipment will live; estimated number of users and disease areas/types of research that would benefit

**Award:** Up to $550,000/annually

**Deadline:** Submit ideas for CRO Peter Barr-Gillespie’s consideration to ohsufr@ohsu.edu by April 25, 2020, 11:59 p.m. PDT

**Multidisciplinary || OHSU and Kaiser Permanente Northwest Center for Health Research NW Patient-Centered Learning Health Systems Science K12 Research Career Development Program**

**What:** Mentored K12 career development program with training in patient-centered outcomes research, applied experience and learning health system science

**Who should apply:** Assistant professors and above who have not applied or been rewarded any other federal career development award, R01 or other grants detailed in announcement

**Award:** Up to $260,470 in salary support, fringe benefits and development support costs/two years

**Deadline:** April 29, 2020, 4 p.m. PDT

**Deadline extended**

**Multidisciplinary || OCTRI OSLER TL1 Predoctoral and Postdoctoral Mentored Career Development Opportunity**

**What:** Supports training and career development in clinical and translational research through a TL1 grant similar to an NIH NRSA T32 grant

**Who should apply:** Students currently in professional training, PhD graduate students, and postdoctoral clinical and research fellows from OHSU, PSU, UO and OSU

**Award:** Monthly stipend, partial tuition and fee support, didactic coursework, journal clubs and mentored training

**Deadline:** April 30, 2020, 5 p.m. PDT

**Multidisciplinary || OHSU School of Medicine Gerlinger Research Award**

**What:** Supports SOM research, with strong preference given to proposals addressing systemic autoimmune or connective tissue diseases

**Who should apply:** Primary appointees to the School of Medicine

**Award:** Up to $40,000/one year

**Deadline:** May 13, 2020, 11:59 p.m. PDT

**Apply through the competitive application portal**

**Multidisciplinary || Patient-Centered Outcomes Research Institute Phased Large**
Awards for Comparative Effectiveness Research – Cycle 2 2020
What: Funding for an individual-level or cluster randomized controlled trial that examines a critical patient-centered research question in comparative effectiveness, requiring funding in excess of $10 million in direct costs. This funding opportunity will require internal review; contact David Dorr, Chief Research Information Officer, at dorrd@ohsu.edu if interested and he will advise with the support of OCTRI, which has a strong interest in enhancing OHSU’s pragmatic clinical trial presence
Who should apply: Investigators will eventually need to have the support of a data coordinating center, though it won’t need to be identified in the letter of intent
Award: Up to $22 million/up to six and a half years
Deadline: LOI due: June 2, 2020, 2 p.m. PDT; Full application due: Sept. 1, 2020, 2 p.m. PDT (Note that competition does not open until May 5, 2020)
Deadline extended
Nursing || OHSU School of Nursing Hartford Award for Research and Practice (HARP)
What: Supports SON pilot studies on improving older adults’ healthcare to assess feasibility or collect preliminary data to support an external grant application
Who should apply: SON faculty with a clinical or research doctorate, with preference given to faculty who got their doctorate less than 10 years ago; senior faculty is encouraged to mentor junior faculty on collaborative projects
Award: Up to $25,000/one year
Deadline: June 29, 2020, 5 p.m. PDT

Limited Submission Opportunities
Neuroscience || Multiple NIH Organizations Jointly Sponsored Ruth L. Kirschstein National Research Service Award Institutional Predoctoral Training Program in the Neurosciences (T32 Clinical Trial Not Allowed)
What: Supports broad research training in the neurosciences with a curriculum that provides a foundation in experimental design, statistical methodology and quantitative reasoning
Who should apply: Established investigators in a scientific area who want to conduct a training program in that area
Award: No minimum or maximum amount for up to five years
Deadline: Internal submission due: April 3, 2020; LOI due: April 26, 2020 (LOI not required but highly encouraged); Application due: May 26, 2020, 5 p.m. PDT
Apply through the limited submissions portal

Environmental Health || NIEHS Environmental Health Sciences Core Centers (EHSCC) (P30 Clinical Trial Optional)
What: Funding for an environmental health research hub that will provide research
infrastructure, shared facilities, services and resources to groups of environmental health sciences investigators

Who should apply: Anyone with the desire and skills necessary to run an environmental health center

Award: Up to $3.4 million/up to four years
Deadline: Internal submission due: April 8, 2020; LOI due: April 18, 2020 (LOI not required but highly encouraged); Application due: May 18, 2020, 5 p.m. PDT

Apply through the limited submissions portal

---

Multidisciplinary || NIGMS Collaborative Program Grant for Multidisciplinary Teams (RM1 - Clinical Trial Optional)
What: Supports integrated research teams to address ambitious and challenging research questions that are important for the NIGMS’s mission and are beyond the scope of one or two investigators

Who should apply: Teams of a minimum of three and maximum of six PIs who all have an appointment at a domestic institution

Award: Up to $7.5 million, although budgets of $700,000 to $900,000 per year are expected/upon to five years
Deadline: Internal submission due: April 17, 2020; LOI due: April 27, 2020 (LOI not required but highly encouraged); Application due: May 27, 2020, 5 p.m. PDT

Apply through the limited submissions portal

---

Multidisciplinary || Pew Charitable Trust 2021 Scholars Program
What: Two programs are combined in this competition: the Pew Scholars Program in the Biomedical Sciences and the Pew-Stewart Scholars for Cancer Research Program; both are intended for early-career research with an emphasis on interdisciplinary projects

Who should apply: Early-career assistant professors with a research interest in biomedical studies or cancer studies

Award: $300,000/four years

Apply through the limited submissions portal

---

Multidisciplinary || NIAID Childhood Asthma in Urban Settings Clinical Research Network - Leadership Center (UM1 Clinical Trial Required)
What: Funding to establish a research network leadership center that will provide the overall scientific strategy and organizational structure to the Childhood Asthma in Urban Settings’ clinical research centers

Who should apply: Anyone with a research interest in pediatric asthma treatment and prevention and a desire to direct a research network

Award: Up to $4.3 million/seven years
Deadline: Internal submission due: May 5, 2020; LOI due: May 19, 2020 (LOI not required but highly encouraged); Application due: June 19, 2020, 5 p.m. PDT

Apply through the limited submissions portal

---

Multidisciplinary || NICHD Population Dynamics Centers Research Infrastructure Program FY 2021 (P2C Clinical Trial Not Allowed)
What: Supports the field of population dynamics research by increasing research impact, innovation, and productivity; developing junior scientists; and maximizing the efficiency of research support

Who should apply: Institutions that perform population dynamics research with at least five active scientists working in the field; at least one of these should have recent funding from the NICHD’s population dynamics branch

Award: Up to $1 million/up to five years
Deadline: Internal submission due: June 9,
2020; LOI due: June 30, 2020 (LOI not required but highly encouraged); Application due: July 30, 2020, 5 p.m. PDT

Apply through the limited submissions portal

Musculoskeletal || NIAMS Resource-based Centers for Bone, Muscle and Orthopaedic Research (P30 - Clinical Trial Not Allowed)
What: Funding to establish resource-based centers that will provide critical research infrastructure, shared facilities, services and resources to groups of investigators conducting research on bone, muscle and orthopedic biology and diseases
Who should apply: Anyone with a research interest in bone biology and disease and a desire to direct a resource center
Award: Up to $2.5 million/five years
Deadline: Internal submission due: June 24, 2020; LOI due: July 11, 2020 (LOI not required but highly encouraged); Application due: Aug. 11, 2020, 5 p.m. PDT

Merit Prizes and Awards

Multidisciplinary || Foundation for the National Institutes of Health Trailblazer Prize for Clinician-Scientists
What: Recognizes contributions of early career clinician scientists whose work has led to innovations in patient care
Who should apply: Full time instructors, assistant professors and clinical department or unit staff members or teams of two of these positions who devote at least half of their time to independent research
Award: $10,000
Deadline: April 3, 2020, 10 a.m. PDT

Multidisciplinary || Harold W. McGraw, Jr. Family Foundation and University of Pennsylvania Graduate School of Education McGraw Prize in Education
What: Recognizes pre-K-12 education, higher education and science research educators who have dedicated themselves to improving education and making an impact on the field
Who should apply: Any educators who have made a demonstrable impact on their fields
Award: $50,000
Deadline: April 15, 2020, 8:59 p.m. PDT

Biomedical || Vilcek Foundation Creative Promise Prizes for Biomedical Science
What: Supports emerging to mid-career immigrant biomedical scientists who have demonstrated exceptional achievements early in their careers
Who should apply: Full time faculty who are biomedical scientists who were born outside the U.S. and no more than 38 years old as of Dec. 31, 2020; detailed eligibility requirements in announcement
Award: $50,000
Deadline: June 10, 2020, 2 p.m. PDT

NIH Federal Opportunities
This week the NIH released funding opportunities concerning allergic disease, HIV/AIDS, auditory biology and more.
We’ve highlighted some opportunities of potential interest below.

Multidisciplinary || NIMH Innovations in HIV Prevention, Testing, Adherence and Retention to Optimize HIV Prevention and Care Continuum Outcomes (R01 Clinical Trial Optional)
What: Supports research to optimize HIV prevention and care which is aligned with NIMH Division of AIDS Research (DAR)
priorities

Who should apply: Anyone with a research interest in HIV prevention
Award: No minimum or maximum/up to five years
Deadline: May 7, 2020, 5 p.m. PDT

Multidisciplinary || NCI and NHGRI Polygenic Risk Score (PRS) Methods and Analysis for Populations of Diverse Ancestry – Study Sites (U01 Clinical Trial Not Allowed)
What: Funding to collaboratively generate and refine PRS for populations of diverse ancestry by integrating existing datasets with genomic and phenotype data for a range of complex diseases and traits
Who should apply: Estimated to be $5 million/five years
Award: Up to $800,000/up to two years
Deadline: LOI due: May 23, 2020 (LOI not required but highly encouraged); Application due: June 23, 2020, 5 p.m. PDT

Drug Abuse || NIDA Small Research Grant Program (R03 Clinical Trial Required)
What: Supports small clinical trials that can be carried out in a short period of time with limited resources; must be related to the programmatic interests of NIDA
Who should apply: Anyone with a research interest in NIDA research areas and a smaller clinical trial idea
Award: Up to $100,000/up to two years
Deadline: June 16, 2020, 5 p.m. PDT

Other Federal Opportunities

Multidisciplinary || NIMHD Exploratory/Developmental Research Grant Program (R21 - Clinical Trial Optional)
What: Supports short-term exploratory or developmental research projects that can directly contribute to improving minority health and/or reducing health disparities in the U.S.
Who should apply: Anyone with a research interest in health disparities
Award: Up to $275,000/up to two years
Deadline: June 16, 2020, 5 p.m. PDT

Multidisciplinary || DoD Gulf War Illness Research Program New Investigator Award
What: Encourages applications from early-stage and established investigators new to the field of GWI research
Who should apply: Senior postdoctoral fellows with at least three years of postdoctoral training; independent investigators within five years since their last training position; established independent investigators who have received less than $300,000 in federally funded, non-mentored GWI research
Award: Up to $520,000/up to three years
Deadline: Pre-application due: May 29, 2020, 2 p.m. PDT; Application due: Sept. 10, 2020, 8:59 p.m. PDT

Multidisciplinary || DoD Gulf War Illness Research Program Clinical Evaluation Award
What: Supports translational of validated GWI research, including qualified and replicated preclinical findings, to a Gulf War Veteran population
Who should apply: Independent investigators at all academic levels
Award: Up to $1.7 million/up to three years
Deadline: Pre-application due: May 29, 2020, 2 p.m. PDT; Application due: Sept. 10, 2020, 8:59 p.m. PDT

Multidisciplinary || DoD Gulf War Illness Research Program Idea Award
What: Supports innovative, high-risk/high-reward research in the earliest stages of development that will contribute to markers or treatments for Gulf War Illness
Who should apply: Independent investigators at all academic levels
Award: Up to $170,000/up to two years
Deadline: Pre-application due: May 29, 2020, 2 p.m. PDT; Application due: Sept. 10, 2020, 8:59 p.m. PDT

Multidisciplinary || DoD Gulf War Illness Research Program Patient-Provider and Health Communications Award
What: Supports projects aimed at tools and processes to raise awareness of GWI research and clinical findings within communities, including Veterans with GWI and/or their caregivers or advocates, healthcare providers who serve Veterans with GWI, or public health professionals relevant to Veterans with GWI
Who should apply: Independent investigators
at all academic levels

**Award:** Up to $600,000/up to three years

**Deadline:**
- Pre-application due: May 29, 2020, 2 p.m. PDT; Application due: Sept. 10, 2020, 8:59 p.m. PDT

---

**Multidisciplinary | DoD Gulf War Illness Research Program**

**Research Advancement Award**

**What:** Supports applied research in GWI that is aimed at continued expansion and validation of markers and treatments that are supported by evidence in the GWI field

**Who should apply:** Independent investigators at all academic levels

**Award:** Up to $645,000/up to three years

**Deadline:**
- Pre-application due: May 29, 2020, 2 p.m. PDT; Application due: Sept. 10, 2020, 8:59 p.m. PDT

---

**Multidisciplinary | DoD Gulf War Illness Research Program**

**Therapeutic/Biomarker Trial Award**

**What:** Supports large-scale, pivotal (Phase IIb or III) trials that revolutionize the clinical management of GWI

**Who should apply:** Independent investigators at all academic levels

**Award:** Up to $5.5/up to four years

**Deadline:**
- Pre-application due: May 29, 2020, 2 p.m. PDT; Application due: Sept. 10, 2020, 8:59 p.m. PDT

---

**Neurology | DoD Neurofibromatosis Research Program**

**Clinical Trial Award**

**What:** Supports research with the potential to have a major impact on the treatment or management of neurofibromatosis

**Who should apply:** Assistant professors and above

**Award:** Up to $100,000/up to two years

**Deadline:**
- Pre-application due: June 25, 2020, 2 p.m. PDT; Application due: July 9, 2020, 8:59 p.m. PDT

---

**Neurology | DoD Neurofibromatosis Research Program**

**Early Investigator Research Award**

**What:** Supports the addition of new early-career investigators to the interactive virtual cancer center focused on fostering the next generation of independent cancer researchers

**Who should apply:** Postdocs and medical residents with at least one and up to four years of continuous postdoctoral research experience

**Award:** Up to $200,000/up to two years

**Deadline:**
- Pre-application due: June 25, 2020, 2 p.m. PDT; Application due: July 9, 2020, 8:59 p.m. PDT

---

**Neurology | DoD Neurofibromatosis Research Program**

**Exploration - Hypothesis Development Award**

**What:** Supports the initial exploration of innovative, high-risk, high-gain concepts and potentially groundbreaking concepts in NF research

**Who should apply:** Investigators at all academic levels

**Award:** Up to $1 million/up to four years

**Deadline:**
- Pre-application due: June 25, 2020, 2 p.m. PDT; Application due: July 9, 2020, 8:59 p.m. PDT

---

**Neurology | DoD Neurofibromatosis Research Program**

**New Investigator Award**

**What:** Supports the continued development of promising independent investigators and/or the transition of established investigators from other research fields into a career in NF research

**Who should apply:** Assistant professors and above who either specialize in NF and can dedicate 30 percent of their time or who wish to specialize in NF who can dedicate 10 percent of their time

**Award:** Up to $450,000/up to three years

**Deadline:**
- Pre-application due: June 25, 2020, 2 p.m. PDT; Application due: July 9, 2020, 8:59 p.m. PDT

---

**Cancer | DoD Lung Cancer Research Program**

**Career Development Award**

**What:** Supports early-career independent researchers to conduct research under the mentorship of an experienced lung cancer researcher

**Who should apply:** Independent investigators at the level of assistant professor who are within five years of first faculty appointment

**Award:** Up to $250,000/up to two years

**Deadline:**
- Pre-application due: July 15, 2020, 2 p.m. PDT; Application due: July 29, 2020, 8:59 p.m. PDT
**Cancer | DoD Lung Cancer Research Program**

**Clinical Translational Research Partnership Award**

**What:** Supports translational studies that include a clinical trial; intended to fund partnerships between clinicians and laboratory scientists that accelerate ideas in lung cancer into clinical applications

**Who should apply:** Assistant professors and above

**Award:** Up to $1.2 million/up to three years

**Deadline:** Pre-application due: July 15, 2020, 2 p.m. PDT; Application due: July 29, 2020, 8:59 p.m. PDT

---

**Prosthetics | DoD Orthotics and Prosthetics Outcomes Research Program Clinical Research Award**

**What:** Supports research that evaluates orthoses and/or prostheses using patient-centric outcomes relevant to Service members, Veterans, and other individuals with limb loss and/or limb impairment

**Who should apply:** Independent investigators at all academic levels

**Award:** Funding level 1: Up to $350,000/up to two years; Funding level 2: Up to $2 million/up to four years

**Deadline:** Pre-application due: July 15, 2020, 2 p.m. PDT; Application due: July 29, 2020, 8:59 p.m. PDT

---

**Prosthetics | DoD Orthotics and Prosthetics Outcomes Research Program Clinical Trial Award**

**What:** Supports implementation of clinical trials with the potential to have a significant impact on improving the health and well-being of Service members, Veterans, and other individuals living with limb loss and/or limb impairment

**Who should apply:** Independent investigators at all academic levels

**Award:** Funding level 1: Up to $350,000/up to two years; Funding level 2: Up to $4 million/up to four years

**Deadline:** Pre-application due: July 15, 2020, 2 p.m. PDT; Application due: July 29, 2020, 8:59 p.m. PDT

---

**Private Opportunities**

**Women’s Health | Lalor Foundation Anna Lalor Burdick Program**

**What:** Supports organizations that offer comprehensive, innovative and unbiased sexual and reproductive health education to young women

**Who should apply:** Investigators interested in new ideas and methods for delivering sexual health information to young women

**Award:** Up to $35,000/up to one year

**Deadline:** May 1, 2020

---

**Neuropsychiatry | One Mind Rising Star Awards**

**What:** Supports research on the causes of and cures for brain disorders by supporting the most promising emerging leaders in the field of neuropsychiatry

**Who should apply:** Assistant professors within 10 years of their initial appointment and with a neuropsychiatric background

**Award:** $300,000/three years

**Deadline:** May 13, 2020
