Internal Opportunities

**Multidisciplinary || MRF Early Clinical Investigator Award**

What: Funding to further the development postdoctoral fellows or trainees who interact with human subjects and who are interested in a career in clinical research

Who should apply: Postdoctoral fellows planning for a career in clinical research

Award: Up to $30,000/one year

Deadline: April 15, 2020, 11:59 p.m. PDT

(Revised applications accepted through April 29; see CAP for more details)

Apply through the CAP

**Multidisciplinary || MRF New Investigator Grant**

What: Supports promising investigators in biomedical research at the beginning of their independent careers

Who should apply: Assistant professors or equivalent who are independent but new to research and don’t yet have funding sources

Award: Up to $50,000/one year

Deadline: April 15, 2020, 11:59 p.m. PDT

(Revised applications accepted through April 29; see CAP for more details)

Apply through the CAP

**Multidisciplinary || OHSU Emergency Interim Funding and Bridge Funding**

What: Provides funding for research programs that have lost national grant funding and enables investigators to develop data supporting application renewals

Who should apply: Researchers who need funding to keep their programs going

Award: Up to $50,000 from both MRF and Bridge funding/one year

Deadline: April 15, 2020, 11:59 p.m. PDT

(Revised applications accepted through April 29; see CAP for more details)

Apply through the CAP

**Multidisciplinary || OCTRI Biomedical Innovation Program COVID-19 Rapid Response**

What: Supports proposals for basic or clinical research across the translational spectrum that directly addresses COVID-19 from all disciplines

Who should apply: Researchers who meet OHSU PI requirements

Award: Up to $75,000/average of six months

Deadline: April 23, 2020

**Multidisciplinary || Pew Charitable Trust 2021 Scholars Program**

What: Two programs are combined in this competition: the Pew Scholars Program in the Biomedical Sciences and the Pew-Stewart Scholars for Cancer Research Program; both are intended for early-career research with an emphasis on interdisciplinary projects

Who should apply: Early-career assistant professors with a research interest in biomedical studies or cancer studies

Award: $300,000/four years

Apply through the limited submissions portal
disciplinary

Who should apply: To be considered, please include the following information in two pages or less: Overview of the need; about the equipment; Estimated budget including sources of all funding (The Trust requires at least 50% cost share; estimates are acceptable and salary support is not an eligible matching expense; match does not have to be in hand at time of submission, but there must be a reasonable plan outlined if not identified); timeline (note why this request is timely); who manages the proposed equipment and where the equipment will live; estimated number of users and disease areas/types of research that would benefit

Award: Up to $550,000/annually

Deadline: Submit ideas for CRO Peter Barr-Gillespie’s consideration to ohsufp@ohsu.edu by April 25, 2020, 11:59 p.m. PDT

Multidisciplinary || OHSU and Kaiser Permanente Northwest Center for Health Research NW Patient-Centered Learning Health Systems Science K12 Research Career Development Program

What: Mentored K12 career development program with training in patient-centered outcomes research, applied experience and learning health system science

Who should apply: Assistant professors and above who have not applied or been rewarded any other federal career development award, R01 or other grants detailed in announcement

Award: Up to $260,470 in salary support, fringe benefits and development support costs/two years

Deadline: April 29, 2020, 4 p.m. PDT

Deadline extended

Multidisciplinary || OCTRI OSLER TL1 Predoctoral and Postdoctoral Mentored Career Development Opportunity

What: Supports training and career development in clinical and translational research through a TL1 grant similar to an NIH NRSA T32 grant

Who should apply: Students currently in professional training, PhD graduate students, and postdoctoral clinical and research fellows from OHSU, PSU, UO and OSU

Award: Monthly stipend, partial tuition and fee support, didactic coursework, journal clubs and mentored training

Deadline: April 30, 2020, 5 p.m. PDT

New this week!

Multidisciplinary || OCTRI Education Program KL2 Program

What: Supports research that involves human subjects or populations or directly apply to human health

Who should apply: Current or pending full-time faculty classified as assistant professor at OHSU, PSU, UO or OSU

Award: Up to $200,000/up to two years

Deadline: May 7, 2020, 11:59 p.m. PDT

Apply through Redcap

Multidisciplinary || OHSU School of Medicine Gerlinger Research Award

What: Supports SOM research, with strong preference given to proposals addressing systemic autoimmune or connective tissue diseases

Who should apply: Primary appointees to the School of Medicine

Award: Up to $40,000/one year

Deadline: May 13, 2020, 11:59 p.m. PDT

Apply through the CAP

Multidisciplinary || Patient-Centered Outcomes Research Institute Phased Large Awards for Comparative Effectiveness Research – Cycle 2 2020

What: Funding for an individual-level or cluster randomized controlled trial that examines a critical patient-centered research question in comparative effectiveness, requiring funding in excess of $10 million in direct costs. This funding opportunity will require internal review; contact David Dorr, Chief Research Information Officer, at dorrd@ohsu.edu if interested and he will advise with the support of OCTRI, which has a strong interest in enhancing OHSU’s pragmatic clinical trial presence

Who should apply: Investigators will eventually need to have the support of a data coordinating center, though it won’t need to be identified in the letter of intent

Award: Up to $22 million/up to six and a half years

Deadline: LOI due: June 2, 2020, 2 p.m. PDT;
**Multidisciplinary | OHSU School of Medicine**
**N. L. Tartar Trust Fellowship**
**What:** Supports research in the SoM through activities such as engaging in a research project during the summer or a term of the academic year and specialized training through a conference or class
**Who should apply:** Graduate and medical students in the SoM
**Award:** $2,000/one year
**Deadline:** June 10, 2020, 11:59 p.m. PDT
**Apply through the CAP**

**Deadline extended**
**Nursing | OHSU School of Nursing**
**Hartford Award for Research and Practice (HARP) Program**
**What:** Supports SON pilot studies on improving older adults’ healthcare to assess feasibility or collect preliminary data to support an external grant application
**Who should apply:** SON faculty with a clinical or research doctorate, with preference given to faculty who got their doctorate less than 10 years ago; senior faculty is encouraged to mentor junior faculty on collaborative projects
**Award:** Up to $25,000/one year
**Deadline:** June 29, 2020, 5 p.m. PDT

**Limited Submission Opportunities**

**Multidisciplinary | Pew Charitable Trust**
**2021 Scholars Program**
**What:** Two programs are combined in this competition: the Pew Scholars Program in the Biomedical Sciences and the Pew-Stewart Scholars for Cancer Research Program; both are intended for early-career research with an emphasis on interdisciplinary projects
**Who should apply:** Early-career assistant professors with a research interest in biomedical studies or cancer studies
**Award:** $300,000/four years
**Deadline:** Internal submission due: April 30, 2020; Nomination due: May 18, 2020; Application due: Sept. 3, 2020 for Cancer Scholars and Sept. 10, 2020 for Biomedical Scholars
**Apply through the limited submissions portal**

**Multidisciplinary | NIAID**
**Childhood Asthma in Urban Settings - Clinical Research Centers (U01 Clinical Trial Optional)**
**What:** Funding to establish clinical research centers that will conduct both network wide and site specific clinical studies and trials to develop asthma treatment or prevention approaches for children living in low income urban areas
**Who should apply:** Anyone with a research interest in pediatric asthma treatment
**Award:** Up to $300,000/seven years
**Deadline:** Internal submission due: May 5,
2020; LOI due: May 19, 2020 (LOI not required but highly encouraged); Application due: June 19, 2020, 5 p.m. PDT
Apply through the limited submissions portal

**Multidisciplinary | NIAID Childhood Asthma in Urban Settings Clinical Research Network-Leadership Center (UM1 Clinical Trial Required)**

**What:** Funding to establish a research network leadership center that will provide the overall scientific strategy and organizational structure to the Childhood Asthma in Urban Settings’ clinical research centers

**Who should apply:** Anyone with a research interest in pediatric asthma treatment and prevention and a desire to direct a research network

**Award:** Up to $4.3 million/seven years

**Deadline: Internal submission due: May 5, 2020; LOI due: May 19, 2020 (LOI not required but highly encouraged); Application due: June 19, 2020, 5 p.m. PDT**

Apply through the limited submissions portal

**Public Health | NICHD Population Dynamics Centers Research Infrastructure Program FY 2021 (P2C Clinical Trial Not Allowed)**

**What:** Supports the field of population dynamics research by increasing research impact, innovation, and productivity; developing junior scientists; and maximizing the efficiency of research support

**Who should apply:** Institutions that perform population dynamics research with at least five active scientists working in the field; at least one of these should have recent funding from the NICHD’s population dynamics branch

**Award:** Up to $1 million/up to five years

**Deadline: Internal submission due: June 9, 2020; LOI due: June 30, 2020 (LOI not required but highly encouraged); Application due: July 30, 2020, 5 p.m. PDT**

Apply through the limited submissions portal

**Musculoskeletal | NIAMS Resource-based Centers for Bone, Muscle and Orthopaedic Research (P30 - Clinical Trial Not Allowed)**

**What:** Funding to establish resource-based centers that will provide critical research infrastructure, shared facilities, services and resources to groups of investigators conducting research on bone, muscle and orthopedic biology and diseases

**Who should apply:** Anyone with a research interest in bone, muscle and orthopedic biology and disease and a desire to direct a resource center

**Award:** Up to $2.5 million/five years

**Deadline: Internal submission due: June 24, 2020; LOI due: July 11, 2020 (LOI not required but highly encouraged); Application due: Aug. 11, 2020, 5 p.m. PDT**

Apply through the limited submissions portal

**New this week!**

**Cancer | V Foundation Robin Roberts Cancer Thrivership Research Grant Program**

**What:** Supports research related to cancer survivorship that will reduce long-term complications of cancer treatment

**Who should apply:** Tenured or tenure track faculty cancer researchers

**Award:** $600,000/three years

**Deadline: Internal submission due: May 12, 2020, 11:59 p.m. PDT; Nomination due: May 21, 2020, 2 p.m. PDT; Application due: June 22, 2020, 2 p.m. PDT**

Apply through the limited submissions portal

**Dermatology | NIAMS Skin Biology and Diseases Resource-based Centers (P30 - Clinical Trial Not Allowed)**

**What:** Funding to establish resource-based centers that will provide critical research infrastructure, shared facilities, services and resources to groups of investigators conducting research on skin biology and diseases

**Who should apply:** Anyone with a research interest in skin biology and disease and a desire to direct a resource center

**Award:** Up to $2.5 million/five years

**Deadline: Internal submission due: June 24, 2020; LOI due: July 11, 2020 (LOI not required but highly encouraged); Application due: Aug. 11, 2020, 5 p.m. PDT**

Apply through the limited submissions portal

**Cancer | Gabrielle's Angel Foundation for Cancer Research 2020 Medical Research Awards**

**What:** Supports physician scientists who are
applying novel techniques to fundamental genesis and treatment problems in blood related cancers; one researcher conducting conventional research and one conducting integrative research may be nominated

Who should apply: Assistant professors and associate professors if they’re proposing integrative research who are tenure-track or independent

Award: $225,000/three years

Deadline: Internal submission due: July 21, 2020, 11:59 p.m. PDT; Application due: Aug. 21, 2020

Merit Prizes and Awards

New this week!

Neuroscience || Society for Neuroscience Peter and Patricia Gruber International Research Award

What: Recognizes two young neuroscientists for outstanding research and educational pursuit in an international setting

Who should apply: Society members must nominate candidates who are postdoctoral fellows, research associates and/or advanced graduate students

Award: $25,000

Deadline: May 22, 2020, 2 p.m. PDT

Biomedical || Vilcek Foundation Creative Promise Prizes for Biomedical Science

What: Supports emerging to mid-career immigrant biomedical scientists who have demonstrated exceptional achievements early in their careers

Who should apply: Full time faculty who are biomedical scientists who were born outside the U.S. and no more than 38 years old as of Dec. 31, 2020; detailed eligibility requirements in announcement

Award: $50,000

Deadline: June 10, 2020, 2 p.m. PDT

Neurology || Eppendorf & Science Prize for Neurobiology

What: Awards a young scientist for the most outstanding neurobiological research based on methods of molecular and cell biology conducted by them during the past three years

Who should apply: Neurobiologists who are under 35 and received their advanced degree within the past 10 years

Award: $25,000

Deadline: June 15, 2020

New this week!

Multidisciplinary || Multiple NIH Organizations Research on Myalgic Encephalomyelitis and Chronic Fatigue Syndrome (ME/CFS) (R01 Clinical Trials Not Allowed) and (R21 Clinical Trials Not Allowed)

What: Supports research that examines the etiology, diagnosis, pathophysiology and manifestations of myalgic encephalomyelitis/chronic fatigue syndrome (ME/CFS) in diverse groups and across the lifespan

Who should apply: Interdisciplinary teams to study and develop biomarkers and/or characterize the pathophysiological response of organ systems in individuals with ME/CFS

Award: R01: No minimum or maximum/up to five years; R21: Up to $275,000/up to two years

Deadline: R01: June 5, 2020, 5 p.m. PDT; R21: June 16, 2020, 5 p.m. PDT

Multidisciplinary || Multiple NIH Organizations Lasker Clinical Research

Award: Up to $30,000

Deadline: July 15, 2020

NIH Federal Opportunities

This week the NIH released funding opportunities concerning bioengineering, hypercholesterolemia and cancer research. We’ve highlighted some opportunities of potential interest below.

Multidisciplinary || Multiple NIH Organizations Research on Myalgic Encephalomyelitis and Chronic Fatigue Syndrome (ME/CFS) (R01 Clinical Trials Not Allowed) and (R21 Clinical Trials Not Allowed)
Scholars Program (Si2/R00 Clinical Trial Optional)
What: Lasker scholars will serve five to seven year as tenure-track investigators within the NIH Intramural Research Program with independent research budgets and, if successful, receive up to three years of NIH support for their research at an extramural research facility
Who should apply: Early career investigators who have completed or are completing a post-residency clinical fellowship and will have demonstrated sufficient patient-oriented research experience to qualify for a tenure-track level appointment
Award: Composed of salary and other program-related expenses; more details in the FOA
Deadline: Aug. 28, 2020, 5 p.m. PDT

Transplantation || NIAID Clinical Trials in Organ Transplantation in Children and Adults (CTOT-CA) (U01 Clinical Trial Optional)
What: Supports participation in a clinical studies program to improve the long-term outcome of adult and pediatric transplant recipients (thoracic organ, abdominal organ, vascular composite tissue, and cellular replacement)
Who should apply: PIs who are physicians with substantial experience in the specific area of allotransplantation addressed by the application and in the design, implementation and evaluation of clinical trials
Award: No minimum or maximum/up to seven years
Deadline: LOI due: Sept. 9, 2020 (LOI not required but highly encouraged); Application due: Oct. 9, 2020, 5 p.m. PDT

Mental Health || NIMH Post-Acute Interventions for the Treatment of Anorexia Nervosa (R34 Clinical Trial Required)
What: Supports pilot projects to evaluate the preliminary effectiveness of interventions targeting sustained and enhanced treatment response following acute treatment for anorexia nervosa
Who should apply: Anyone with a research interest in anorexia nervosa
Award: Up to $450,000/up to three years
Deadline: LOI due: Sept. 19, 2020 (LOI not required but highly encouraged); Application due: Oct. 19, 2020, 5 p.m. PDT

Cancer || NCI New Informatics Tools and Methods to Enhance U.S. Cancer Surveillance Research (U01 Clinical Trial Optional)
What: Supports projects to develop, adapt, apply, scale-up and validate tools and methods to improve the collection and integration of cancer registry data to expand surveillance data
Who should apply: Anyone with an interest in cancer surveillance research
Award: No minimum or maximum/up to five years
Deadline: LOI due: Oct. 18, 2020 (LOI not required but highly encouraged); Application due: Nov. 18, 2020, 5 p.m. PDT

Other Federal Opportunities

Cancer || DoD Melanoma Research Program Idea Award
What: Supports new ideas that represent innovative, high-risk/high-gain approaches to melanoma research
Who should apply: Independent investigators with a faculty-level appointment
Award: Up to $300,000/up to three years
Deadline: Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: Sept. 24, 2020, 8:59 p.m. PDT

Cancer || DoD Melanoma Research Program Mid-Career Accelerator Award
What: Supports mid-career researchers to conduct impactful melanoma research
Who should apply: Assistant or associate professors more than seven years post-first faculty appointment
Award: No minimum or maximum/up to four years
Deadline: Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: Sept. 24, 2020, 8:59 p.m. PDT

Cancer || DoD Melanoma Research Program Team Science Award
What: Supports new or existing partnerships between two or three independent investigators focusing research across the whole research spectrum
Who should apply: At least two and up to three investigators must partner in one overarching multidisciplinary research study
Award: Up to $700,000/up to three years
Deadline: Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: Sept. 24, 2020, 8:59 p.m. PDT

Cancer || DoD Melanoma Research Program Technology Development Partnership Award
What: Supports new or existing partnerships between two independent investigators focusing on bioengineering approaches to address diagnostics, high risk markers, dormancy and metastasis
Who should apply: Two independent investigators with a faculty-level appointment
Award: Up to $700,000/up to three years
Deadline: Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: Sept. 24, 2020, 8:59 p.m. PDT

Cancer || DoD Melanoma Research Program Translational Research Award
What: Supports studies aiming to leverage existing biobanks, biorepositories, ongoing or completed clinical trials to address a translational question or problem in melanoma
Who should apply: Independent investigators at or above the level of assistant professor
Award: Up to $600,000/up to three years
Deadline: Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: Sept. 24, 2020, 8:59 p.m. PDT

Cancer || DoD Melanoma Research Program Translational Research Award – Collaborator Option
What: Supports two investigators in a joint study aiming to leverage existing biobanks, biorepositories, ongoing or completed clinical trials to address a translational question or problem in melanoma
Who should apply: Two independent investigators at or above the level of assistant professor
Award: Up to $700,000/up to three years
Deadline: Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: Sept. 24, 2020, 8:59 p.m. PDT

Multidisciplinary || NSF Opportunities for Promoting Understanding through Synthesis (OPUS)
What: Provides an opportunity for an individual or a group of investigators to revisit and synthesize a significant body of their prior research or data they have previously collected to enable new understanding
Who should apply: Anyone wishing to revisit their prior research
Award: Up to $350,000/one year
Deadline: Aug. 3, 2020, 5 p.m. PDT

Private Opportunities

Cancer || American Association for Cancer Research AACR-Bayer Stimulating Therapeutic Advances through Research Training (START)

Grants
What: Grants providing support to postdoctoral or clinical research fellows and facilitating the combination of research experiences academic and industry settings
Who should apply: AACR-member full time postdoctoral and clinical research fellows who have been in their positions for no more than three years
Award: $225,000/three years
Deadline: May 26, 2020, 10 a.m. PDT

Endocrinology || Pfizer Acromegaly/Growth Hormone Excess Research
What: Supports research projects with the potential to advance medical knowledge of acromegaly disease, including its complications and treatment with pegvisomant
Who should apply: Anyone with a research interest in acromegaly disease
Award: Up to $100,000/duration not specified
Deadline: May 28, 2020, 8:59 p.m. PDT

Hematology || Pfizer Artificial Intelligence/Machine Learning Research in Hemophilia
What: Funds research projects about hemophilia with a focus on artificial intelligence and emerging potential one-time treatments such as genetic medicine and gene transfer
Who should apply: Anyone with a research interest in hemophilia
Award: Up to $450,000/duration not specified
Deadline: July 30, 2020, 8:59 p.m. PDT
Hepatology || Pfizer NASH – Future of Non-Invasive Diagnosis Technologies Competitive Grant Program
What: Supports research on the future of non-invasive diagnosis for nonalcoholic steatohepatitis (NASH)
Who should apply: Anyone with a research interest in NASH
Award: Up to $250,000/duration not specified
Deadline: July 30, 2020, 8:59 p.m. PDT
