OHSU Funding Alerts:
Week of May 21, 2020

Internal Opportunities

**Multidisciplinary || OCTRI Biomedical Innovation Program (BIP) Drug Discovery**
What: Supports and accelerates creative, interdisciplinary drug discovery and therapeutic development research at OHSU
Who should apply: If either human subjects or animals are included in the project scope of work, the applicant must meet OHSU Principal Investigator requirements, and non-faculty applicants must submit written approval from their supervisor or department head
Award: Up to $60,000/one year
Deadline: May 28, 2020, 11:59 p.m. PDT
Apply through Redcap

**Multidisciplinary || Patient-Centered Outcomes Research Institute Phased Large Awards for Comparative Effectiveness Research – Cycle 2 2020**
What: Funding for an individual-level or cluster randomized controlled trial that examines a critical patient-centered research question in comparative effectiveness, requiring funding in excess of $10 million in direct costs. This funding opportunity will require internal review; contact David Dorr, Chief Research Information Officer, at dorrd@ohsu.edu if interested and he will advise with the support of OCTRI, which has an interest in enhancing OHSU’s pragmatic clinical trial presence
Who should apply: Investigators will eventually need to have the support of a data coordinating center, though it won’t need to be identified in the letter of intent
Award: $22 million/up to six and a half years
Deadline: LOI due: June 2, 2020, 2 p.m. PDT; Full application due: Sept. 1, 2020, 2 p.m. PDT (Note that competition does not open until May 5, 2020)

**Multidisciplinary || OHSU School of Medicine N. L. Tartar Trust Fellowship**
What: Supports research in the SoM through activities such as engaging in a research project during the summer or a term of the academic year and specialized training through a conference or class
Who should apply: Graduate and medical students in the SoM
Award: $2,000/one year
Deadline: June 10, 2020, 11:59 p.m. PDT
Apply through the CAP

**Multidisciplinary || OHSU Foundation Collins Medical Trust**
What: Provides seed funding for projects that advance basic or clinical medical research and will be leveraged to have a greater impact in the future through being eligible for future NIH or other substantial funding; proposals should highlight impact on the immediate population served, Oregon and potential national impact
Who should apply: Young investigators at various stages in their career – fellows, assistants, professors – who are clearly supported by their mentor(s)
Award: Up to $30,000/one year
Deadline: Notice of Intent form is required and submission window is June 5 - 12, 2020; Application due: Aug. 31, 2020

Who should apply: Young investigators at various stages in their career – fellows, assistants, professors – who are clearly supported by their mentor(s)
Award: Up to $30,000/one year
Deadline: Notice of Intent form is required and submission window is June 5 - 12, 2020; Application due: Aug. 31, 2020

Deadline extended

Nursing || OHSU School of Nursing Hartford Award for Research and Practice (HARP) Program
What: Supports SON pilot studies on improving older adults’ healthcare to assess feasibility or collect preliminary data to support an external grant application
Who should apply: SON faculty with a clinical or research doctorate, with preference given to faculty who got their doctorate less than 10 years ago; senior faculty is encouraged to mentor junior faculty on collaborative projects
Award: Up to $25,000/one year
Deadline: June 29, 2020, 5 p.m. PDT

Deadline extended

Multidisciplinary || OHSU School of Medicine Innovation Fund Pilot Program
What: Subsidizes fees for use of OHSU research cores to develop pilot data for new grant applications
Who should apply: School of Medicine faculty
Award: Up to $5,000
Deadline: Applications accepted anytime

Limited Submission Opportunities

Public Health || NICHD Population Dynamics Centers Research Infrastructure Program FY 2021 (P2C Clinical Trial Not Allowed)
What: Supports the field of population dynamics research by increasing research impact, innovation, and productivity; developing junior scientists; and maximizing the efficiency of research support
Who should apply: Institutions that perform population dynamics research with at least five active scientists working in the field; at least one of these should have recent funding from the NICHD’s population dynamics branch
Award: Up to $1 million/up to five years
Deadline: Internal submission due: June 9, 2020; LOI due: June 30, 2020 (LOI not required but highly encouraged); Application due: July 30, 2020, 5 p.m. PDT
Apply through the limited submissions portal

Multidisciplinary || Health Resources and Services Administration Rural Residency Planning and Development Program
**What:** Supports the development of new rural residency programs including family medicine, internal medicine, public health and general preventive medicine to address the physician workforce shortages and challenges faced by rural communities

**Who should apply:** You or your primary rural training partner must be located in a rural location and you must propose a new residency program

**Award:** Up to $750,000/up to three years

**Deadline:** Internal submission due: June 16, 2020; Application due: June 30, 2020, 8:59 p.m. PDT

**Apply through the limited submissions portal**

**New this week!**

**Cancer || Lustgarten Foundation Therapeutics Focused Research Program**

**What:** Supports pancreatic cancer research in the following areas: desmoplastic stroma, chronic inflammation, metabolic dysregulation and early metastasis

**Who should apply:** Pancreatic cancer researchers will be reviewed for fit with the program, scientific innovation and excellence and qualifications of the PI and their team

**Award:** Up to $1.2 million/up to three years

**Deadline:** Internal submission due: June 16, 2020; LOI due: June 30, 2020; Application due: Oct. 1, 2020

**Apply through the limited submissions portal**

**Dermatology || NIAMS Skin Biology and Diseases Resource-based Centers (P30 - Clinical Trial Not Allowed)**

**What:** Funding to establish resource-based centers that will provide critical research infrastructure, shared facilities, services and resources to investigators conducting research on skin biology and diseases

**Who should apply:** Anyone with a research interest in skin biology and disease and a desire to direct a resource center

**Award:** Up to $2.5 million/five years

**Deadline:** Internal submission due: June 24, 2020; LOI due: July 11, 2020 (LOI not required but highly encouraged); Application due: Aug. 11, 2020, 5 p.m. PDT

**Apply through the limited submissions portal**

**Musculoskeletal || NIAMS Resource-based Centers for Bone, Muscle and Orthopaedic Research (P30 - Clinical Trial Not Allowed)**

**What:** Funding to establish resource-based centers that will provide critical research infrastructure, shared facilities, services and resources to groups of investigators conducting research on bone, muscle and orthopedic biology and diseases

**Who should apply:** Anyone with a research interest in bone, muscle and orthopedic biology and disease and a desire to direct a resource center

**Award:** Up to $2.5 million/five years

**Deadline:** Internal submission due: June 24, 2020; LOI due: July 11, 2020 (LOI not required but highly encouraged); Application due: Aug. 11, 2020, 5 p.m. PDT

**Apply through the limited submissions portal**

**Cancer || Gabrielle's Angel Foundation for Cancer Research 2020 Medical Research Awards**

**What:** Supports physician scientists who are applying novel techniques to fundamental genesis and treatment problems in blood related cancers; one researcher conducting conventional research and one conducting integrative research may be nominated

**Who should apply:** Assistant professors and associate professors if they’re proposing integrative research who are tenure-track or independent

**Award:** $225,000/three years

**Deadline:** Internal submission due: July 21, 2020, 11:59 p.m. PDT; Application due: Aug. 21, 2020

**Apply through the limited submissions portal**

**Biomedical || Searle Scholars Program**

**What:** Supports the independent research of exceptional young faculty in the biomedical sciences and chemistry who have recently been appointed as assistant professors on a tenure-track appointment

**Who should apply:** Biomedical investigators who began their appointment as an assistant professor on or after July 1, 2018

**Award:** $300,000/three years

**Deadline:** Internal submission due: Sept. 9, 2020, 11:59 p.m. PDT; Application due: Sept. 30, 2020

**Apply through the limited submissions portal**
Merit Prizes and Awards

Neuroscience || Society for Neuroscience

Peter and Patricia Gruber International Research Award
What: Recognizes two young neuroscientists for outstanding research and educational pursuit in an international setting
Who should apply: Society members must nominate candidates who are postdoctoral fellows, research associates and/or advanced graduate students
Award: $25,000
Deadline: May 22, 2020, 2 p.m. PDT

Science Educator Award
What: Recognizes two neuroscientists who have made significant contributions to educating the public about neuroscience: one who conducts education activities full time, and/or one who devotes their time primarily to research while conducting outreach, policy and education activities
Who should apply: Society members must nominate candidates, but candidates do not have to be society members
Award: $5,000
Deadline: May 22, 2020, 2 p.m. PDT

Neuroscience || Society for Neuroscience

Jacob P. Waletzky Award
What: Honors a young scientist whose independent research has led to significant conceptual and empirical contributions to the understanding of drug addiction
Who should apply: Basic and clinical researchers within 15 years of their PhD or MD
Award: $30,000
Deadline: June 5, 2020, 2 p.m. PDT

Biomedical || Vіlcek Foundation Creative Promise Prizes for Biomedical Science
What: Supports emerging to mid-career immigrant biomedical scientists who have demonstrated exceptional achievements early in their careers
Who should apply: Full time faculty who are biomedical scientists who were born outside the U.S. and no more than 38 years old as of Dec. 31, 2020; detailed eligibility requirements in announcement
Award: Up to $30,000
Deadline: July 15, 2020
**Neuroscience | National Multiple Sclerosis Society Barancik Prize for Innovation in Multiple Sclerosis Research**

**What:** Recognizes an exceptional scientist or a team of scientists whose work in MS research has demonstrated outstanding innovation and originality

**Who should apply:** Early to mid-career MS researchers are eligible if they don’t have more than 20 years of experience

**Award:** $100,000

**Deadline:** July 31, 2020

**Infectious Disease | NIAID Physician-Scientist Pathway to Independence Award (K99/R00 Clinical Trial Required) and (K99/R00 Independent Clinical Trial Not Allowed)**

**What:** Funding to facilitate a timely transition of outstanding postdoctoral researchers with a clinical doctorate degree from mentored, postdoctoral research positions to independent, tenure-track or equivalent faculty positions; apply according to whether or not you’d like to run an independent clinical trial

**Who should apply:** Non-independent investigators with a clinical doctorate degree who devote the majority of their time to biomedical research

**Award:** Salary and other program-related expenses; specific details in FOA

**Deadline:** June 12, 2020, 5 p.m. PDT

---

**Neurology | NINDS Research Program Award (R35 Clinical Trial Optional)**

**What:** Provides longer-term support and increased freedom and flexibility to NINDS PDs and PIs to allow them to redirect their time away from the administrative burden of writing and managing multiple grant applications and towards engaging in the lab

**Who should apply:** PDs and PIs who have had at least one of the following types of active NINDS grants in each of the past five years (FY16-20) with no more than one of those years in a no cost extension: R00, R01, R37, R56, DP1, DP2

**Award:** Up to $6 million/up to eight years

**Deadline:** LOI due: July 1, 2020 (LOI not required but highly encouraged); Application due: July 31, 2020, 5 p.m. PDT

---

**Cancer | NCI Metastasis Research Network (US4 Clinical Trial Not Allowed)**

**What:** Supports several US4 Specialized Centers that together will form the Metastasis Research Network to develop a comprehensive understanding of cancer metastasis

**Who should apply:** Anyone who would like to run a MetNet Center

**Award:** Up to $6 million/five years

**Deadline:** LOI due: Aug. 28, 2020 (LOI not required but highly encouraged); Application due: Sept. 28, 2020, 5 p.m. PDT

---

**Multidisciplinary | Multiple NIH Organizations HIV Infection of the Central Nervous System (R01 Clinical Trial Not Allowed)**

**What:** Funding to stimulate further research on delineating the pathophysiology of HIV-1 associated CNS disease in the setting of chronic viral suppression and ART

**Who should apply:** Anyone with a research interest in HIV and the central nervous system

**Award:** No minimum or maximum/up to five years

**Deadline:** Sept. 7, 2020, 5 p.m. PDT

---

**Multidisciplinary | NIDA, NIMH and NINDS Eradication of HIV-1 from Central Nervous system Reservoirs (R01 Clinical Trial Not Allowed)**

**What:** Supports research on the mechanisms of HIV-1 persistence and eradication strategies specifically focused on the central nervous system in the context of viral suppression

**Who should apply:** Anyone with a research interest in HIV and the central nervous system

**Award:** No minimum or maximum/up to five years

**Deadline:** Sept. 7, 2020, 5 p.m. PDT
Other Federal Opportunities

**Neurology || DoD Alzheimer’s Research**

**Program** Accelerating Diagnostics for Traumatic Brain Injury Research Award

**What:** Supports high-impact, human-based, development of robust diagnostic and prognostic biomarkers for chronic TBI as they pertain to AD/ADRD

**Who should apply:** Independent investigators at or above the level of assistant professor

**Award:** Up to $2.8 million/up to four years

**Deadline:** Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: July 21, 2020, 8:59 p.m. PDT

**Neurology || DoD Alzheimer’s Research**

**Program** Convergence Science Research Award

**What:** Supports multi-institutional, harmonized, innovative and impactful research initiatives that improve the quality of life and care for individuals, families and care providers living with the common symptoms of TBI and/or AD/ADRD

**Who should apply:** Independent investigators at or above the level of assistant professor

**Award:** Up to $2.8 million/up to four years

**Deadline:** Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: July 21, 2020, 8:59 p.m. PDT

**Neurology || DoD Alzheimer’s Research**

**Program** Innovation in Care and Support Award

**What:** Supports innovative and impactful research that improves the quality of life and care for individuals, families and care providers living with the common symptoms of TBI and/or AD/ADRD

**Who should apply:**
- Funding level 1: Investigators at or above the level of postdoctoral fellow but below the level of assistant professor
- Funding level 2: Independent investigators at or above the level of assistant professor

**Award:**
- Funding level 1: Up to $225,000/up to three years
- Funding level 2: Up to $500,000/up to three years

**Deadline:** Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: July 21, 2020, 8:59 p.m. PDT

**Neurology || DoD Epilepsy Research Program**

**Program** Leveraging Approaches for Innovation in Care and Support Award

**What:** Supports novel, innovative research to understand the magnitude and underlying mechanisms of post-traumatic epilepsy

**Who should apply:**
- Funding level 1: Investigators at or above the level of postdoctoral fellow but below the level of assistant professor
- Funding level 2: Independent investigators at or above the level of assistant professor

**Award:**
- Funding level 1: Up to $300,000/up to three years
- Funding level 2: Up to $500,000/up to three years

**Deadline:** Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: July 21, 2020, 8:59 p.m. PDT

**Neurology || DoD Alzheimer’s Research**

**Program** Research Partnership Award

**What:** Supports collaborative research partnerships between investigators to address an Alzheimer’s research problem or question in a manner that would be unachievable through separate efforts

**Who should apply:** Independent investigators at or above the level of assistant professor

**Award:** Up to $1.3 million/up to three years

**Deadline:** Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: July 21, 2020, 8:59 p.m. PDT

**Neurology || DoD Epilepsy Research Program**

**Program** Idea Development Award

**What:** Supports novel, innovative research to understand the magnitude and underlying mechanisms of post-traumatic epilepsy

**Who should apply:**
- Funding level 1: Investigators at or above the level of postdoctoral fellow but below the level of assistant professor
- Funding level 2: Independent investigators at or above the level of assistant professor

**Award:**
- Funding level 1: Up to $300,000/up to three years
- Funding level 2: Up to $500,000/up to three years

**Deadline:** Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: July 21, 2020, 8:59 p.m. PDT
Neurology || DoD Epilepsy Research Program
Quality of Life Award
What: Supports innovative research that improves the quality of life and care for individuals living with the common symptoms of PTE
Who should apply: Funding level 1: Investigators at or above the level of postdoctoral fellow but below the level of assistant professor; Funding level 2: Independent investigators at or above the level of assistant professor
Award: Funding level 1: Up to $300,000/up to three years; Funding level 2: Up to $500,000/up to three years
Deadline: Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: July 21, 2020, 8:59 p.m. PDT

Neurology || DoD Epilepsy Research Program
Research Partnership Award
What: Supports collaborative research partnerships between investigators to address an epilepsy research problem or question in a manner that would be unachievable through separate efforts
Who should apply: Independent investigators at or above the level of assistant professor
Award: Funding level 1: Up to $1.3 million/up to three years; Funding level 2: Up to $3.1 million/up to four years
Deadline: Pre-application due: June 22, 2020, 2 p.m. PDT; Application due: July 21, 2020, 8:59 p.m. PDT

Private Opportunities
Mental Health || American Psychological Foundation
Kenneth B. and Mamie P. Clark Fund
What: Supports research and demonstration activities that promote the understanding of the relationship between self-identity and academic achievement, with a focus on children in grades K-8
Who should apply: Graduate students who are familiar with the Clarks’ work
Award: Up to $9,000/one year
Deadline: June 15, 2020

Hematology || Pfizer
Gene & Anti-TFPI Therapies in Hemophilia
What: Supports research on the following topic areas: basic science of gene therapy for hemophilia, basic science of TFPI and anti-TFPI monoclonal antibodies and burden of disease
Who should apply: Anyone with a research interest in hemophilia
Award: Up to $250,000/up to two years
Deadline: June 15, 2020, 8:59 p.m. PDT

Nutrition || ASPEN Rhoads Research Foundation
Annual Grants
What: Supports early-career investigator research projects with potential to advance the science and practice of clinical nutrition and metabolism
Who should apply: Investigators within 10 years of completing a terminal research degree or medical residency who are at or below the rank of assistant professor and can commit at least 20 percent of their time to research in a professional institute that conducts nutrition research
Award: Up to $50,000/one year
Deadline: June 17, 2020

Data Science || data.org
Inclusive Growth and Recovery Challenge
What: Funding for individuals and teams that have extensive experience in data science and to those with an idea for how they could use data science to address societal issues, advance shared prosperity and help ensure an inclusive recovery
Who should apply: Investigators with data science research ideas in the areas of job of tomorrow, access to capital and cities and towns, all optionally within the context of COVID-19
Award: Up to $10 million/duration not specified
Deadline: June 17, 2020

Obstetrics and Gynecology || Society of Family Planning Research Fund
Changemakers in Family Planning
What: Funding to respond to institutionalized racism in the science of family planning by providing dedicated support to scholars of color for research interests, skills development, mentorship and networking
Who should apply: Investigators of color who
are within 10 years of their terminal degree and have received less than $250,000 to conduct family planning research as a PI Award: Up to $40,000/one and a half years Deadline: June 17, 2020
