

## OHSU COVID-19 Funding Alerts: Week of June 25, 2020

OHSU Research and Innovation is compiling a running list of COVID-19 research opportunities. The list will be published every Thursday.

### NIH

#### NIH Point-of-Care Technology Research Network

##### NIH and NIH POCTRN [Fast-Track Program for COVID-19 Test Development and Distribution](#)

**What:** Funding to rapidly produce innovative SARS-CoV-2 diagnostic tests that will assist the public's safe return to normal activities with the help of the Rapid Acceleration of Diagnostics (RADx) technology development program

**Who should apply:** Anyone with a research interest in diagnostics for SARS-CoV-2

**Award:** Projects are broken into three phases, and funding amount is dependent upon phase; see FOA for more details

**Deadline:** Open on a rolling basis

#### Parent Announcements

##### PA-18-935 Multiple NIH Organizations [Urgent Competitive Revision to Existing NIH Grants](#)

##### [and Cooperative Agreements \(Urgent Supplement - Clinical Trial Optional\)](#)

**What:** FOA to submit applications for urgent competitive revisions; intended to provide funds for NIH grantees applying to expand the scope of their active grant

**Who should apply:** Anyone with an active grant from one of the participating organizations who can accomplish their research within the competitive segment of the active award

**Award:** No minimum or maximum/within duration of the parent award

**Deadline:** Open dates vary by awarding IC

##### PA-20-135 Multiple NIH Organizations [Emergency Competitive Revision to Existing NIH Awards \(Emergency Supplement - Clinical Trial Optional\)](#)

**What:** FOA to submit applications for emergency competitive revisions; offers NIH grantees additional funds for research responsive to the 2019-nCoV outbreak that *falls within the scope of an ongoing grant*

**Who should apply:** Anyone with an active grant from one of the participating organizations, such as the NIAID, who can accomplish their research within the competitive segment of the active award

**Award:** No minimum or maximum/within duration of the parent award

**Deadline:** Open dates vary by awarding IC

#### Applies to PA-18-935

NCI [Notice of National Cancer Institute \(NCI\)](#)

##### [Participation in PA-18-935 "Urgent Competitive Revision to Existing NIH Grants and Cooperative Agreements \(Urgent Supplement - Clinical Trial Optional\)"](#)

NIA and NIMH [NOSI: NIA Availability of Administrative Supplements and Revision Supplements on Coronavirus Disease 2019 \(COVID-19\)](#)

NIAAA [NOSI: Availability of Administrative Supplements and Competitive Revision Supplements on Coronavirus Disease 2019 \(COVID-19\) within the Mission of NIAAA](#)

NIDA [NOSI regarding the Availability of Administrative Supplements and Urgent Competitive Revisions for Research on the 2019 Novel Coronavirus](#)

NIDCR [NOSI: Availability of Urgent Competitive Revisions and Administrative Supplements for Coronavirus Disease 2019 \(COVID-19\) Research within the Mission of NIDCR](#)

NIGMS [NOSI regarding the Availability of Urgent Competitive Revisions for Research on Coronavirus Disease 2019 \(COVID-19\) and the Causative Virus SARS-CoV-2](#)

NIMH [NOSI regarding the Availability of Administrative Supplements and Urgent Competitive Revisions for Mental Health Research on the 2019 Novel Coronavirus](#)

NINDS [NOSI: Availability of Urgent Competitive Revisions and Administrative Supplements For Research on Biological Effects of the 2019 Novel Coronavirus on the Nervous System](#)

**What:** Offers competitive revisions to active

parent grants to **expand the scope** to address research objectives listed in the notice

**Who should apply:** Anyone with an active grant from the listed agencies

**Award:** Dependent upon agency

**Deadline:** NCI: Not listed; NIA and NIMH:

**Open through May 1, 2021; NIDA: Open through March 31, 2021; NIDCR: Nov. 2, 2020;**

**NIGMS: Open through Feb. 6, 2021; NIAAA:**

**Open through April 15, 2021; NIMH: Open**

**through April 15, 2021; NINDS: Open through April 15, 2021**

**[NCI Notice of Information: Contributing to the Global COVID-19 Crisis Response by Allowing Some NCI-supported Projects to be Redirected to COVID-19-related Research During the Crisis](#)**

**What:** The NCI is considering requests from its funded grantees and cooperative agreement awardees to engage in limited COVID-19 related research using part of their existing NCI-funded resources under certain conditions

**Who should apply:** Current NCI-funded grantees

**Award:** Funding amount must be within the existing award budget/for the duration of the pandemic

**Deadline:** For the duration of the COVID-19 crisis

**[NCI NOSI: National Cancer Institute Announcement regarding Availability of Competitive Revision SBIR/STTR Supplements on Coronavirus Disease 2019 \(COVID-19\)](#)**

**What:** Offers competitive revisions to active NCI SBIR/STTR parent grants to **expand the scope** to address research objectives listed in the notice

**Who should apply:** Anyone with an active NCI-funded SBIR/STTR award

**Award:** Up to \$1 million dependent upon award type and phase/up to one year

**Deadline:** June 25, 2020

**New this week!**

**Multiple NIH Organizations [NOSI regarding the Availability of Urgent Competitive Revisions and Administrative Supplements for Research on Coronavirus Disease 2019 \(COVID-19\) in Individuals with Down Syndrome for the INCLUDE Project](#)**

**What:** Aims to highlight the urgent need for research on SARS-CoV-2 and COVID-19 in individuals with Down syndrome in conjunction with the INCLUDE Project

**Who should apply:** Currently funded grantees under one of the sponsoring organizations

**Award:** Up to \$1 million/one year

**Deadline:** July 13, 2020, Nov. 12, 2020, March 12, 2021 and July 12, 2021, all 5 p.m. PDT

**NCCIH and ORWH [NOSI: Availability of Administrative Supplements & Urgent Competitive Revisions to NCCIH Grants for Natural Product Research on Severe Acute Respiratory Syndrome Coronavirus 2 \(SARS-CoV-2\) & Coronavirus Disease 2019 \(COVID-19\)](#)**

**What:** Supports research on the effects of

natural products alone or in combination with other complementary and integrative health approaches on SARS-CoV-2 and COVID-19

**Who should apply:** Awardees of NCCIH active awards

**Award:** Up to \$150,000/up to one year

**Deadline:** Aug. 17, 2020, 5 p.m. PDT

**NIGMS [NOSI: Urgent Competitive Revisions to Accelerate Research on the Development of Predictive Models of the Spread of SARS-CoV-2 and Outcomes of Potential Public Health Interventions on COVID-19](#)**

**What:** Funding for current NIBIB grantees to accelerate the development, translation, and commercialization of technologies to address COVID-19

**Who should apply:** PIs on active NIBIB grants

**Award:** Parent award/up to two years

**Deadline:** Rolling through Nov. 10, 2020

**Multiple NIH Organizations [NOSI: Competitive and Administrative Supplements for Community Interventions to Reduce the Impact of COVID-19 on Health Disparity and Other Vulnerable Populations](#)**

**What:** Supports research to test community interventions focused on the prevention (or slowing) of COVID-19 transmission, evaluating policies and programs intended to mitigate COVID-19 exposure and reduce the negative impact on the health of populations who experience health disparities

**Who should apply:** PIs on active grants from at least one of the participating divisions of the

NIH

**Award:** Up to \$500,000/up to two years

**Deadline:** Rolling through Dec. 15, 2020

**Multiple NIH Organizations [NOSI: Digital Healthcare Interventions to Address the Secondary Health Effects Related to Social, Behavioral, and Economic Impact of COVID-19](#)**

**What:** Supports research to address secondary health effects of the social, behavioral and economic changes caused by COVID-19, particularly among populations who experience health disparities and vulnerable populations through the use of digital health assessments and interventions to yield measurable near-term impact

**Who should apply:** PIs on active grants from at least one of the participating divisions of the NIH

**Award:** Up to \$200,000/up to two years

**Deadline:** Rolling through Dec. 15, 2020

**Multiple NIH Organizations [NOSI regarding the Availability of Administrative Supplements and Urgent Competitive Revisions for Research on the 2019 Novel Coronavirus and the Behavioral and Social Sciences](#)**

**What:** Supports research that addresses key social and behavioral questions related to the COVID-19 pandemic including social, behavioral and economic impacts from these containment and mitigation efforts and their downstream health impacts

**Who should apply:** PIs on active grants from

one of the participating organizations

**Award:** Up to \$200,000/up to two years

**Deadline:** Rolling through March 31, 2021

**NIEHS [NOSI: NIEHS Support for Understanding the Impact of Environmental Exposures on Coronavirus Disease 2019 \(COVID-19\)](#)**

**What:** Supports research to provide insight into the role of environmental exposures in pathogenicity, transmission, individual susceptibility or prevention and intervention strategies

**Who should apply:** Anyone with a research interest in environmental exposures

**Award:** Not specified/up to two years

**Deadline:** Rolling monthly through May 4, 2021

**Applies to PA-20-135**

**Multiple NIH Organizations [NOSI: Emergency Competitive Revisions for Community-Engaged Research on COVID-19 Testing among Underserved and/or Vulnerable Populations](#)**

**What:** Supports community-engaged testing research projects will examine SARS-CoV-2 infection patterns and efforts to increase access and effectiveness of diagnostic methods

**Who should apply:** Currently funded grantees under one of the sponsoring organizations

**Award:** Up to \$700,000/two years

**Deadline:** Aug. 7 or Sept. 8, 2020, 5 p.m. PDT

**Multiple NIH Organizations [NOSI: Emergency Competitive Revisions for Social, Ethical, and](#)**

**[Behavioral Implications \(SEBI\) Research on COVID-19 Testing among Underserved and/or Vulnerable Populations](#)**

**What:** Supports research to identify, analyze and address the social, ethical and behavioral factors likely to influence access and uptake of COVID-19 testing in underserved and/or vulnerable populations

**Who should apply:** Currently funded grantees under one of the sponsoring organizations

**Award:** Up to \$800,000/up to two years

**Deadline:** Aug. 7 or Sept. 8, 2020, 5 p.m. PDT

**Multiple NIH Organizations [NOSI: Limited Competition for Emergency Competitive Revisions for Community-Engaged Research on COVID-19 Testing among Underserved and/or Vulnerable Populations](#)**

**What:** Supports community-engaged testing research projects will examine SARS-CoV-2 infection patterns and efforts to increase access and effectiveness of diagnostic methods; limited to certain grantees listed in announcement

**Who should apply:** Currently funded grantees of specific programs listed in the announcement

**Award:** Up to \$5 million/two years

**Deadline:** Aug. 7, 2020, 5 p.m. PDT

**NCATS [NOSI: Availability of Emergency Competitive Revisions and Administrative Supplements to Clinical and Translational Science Award \(CTSA\) Program Awards to Address 2019 Novel Coronavirus Disease](#)**

**(COVID-19) Public Health Needs**

**What:** Funding for the Clinical and Translational Science Award Program to contribute to efforts to address COVID-19

**Who should apply:** Current CTSA UL1 and U24 award recipients

**Award:** Dependent upon award/up to two years but generally one year

**Deadline:** Rolling through Nov 10, 2020

**NIBIB NOSI: Availability of Emergency Competitive Revision and Administrative Supplements on Biomedical Technologies for Coronavirus Disease 2019 (COVID-19)**

**What:** Funding for current NIBIB grantees to accelerate the development, translation, and commercialization of technologies to address COVID-19

**Who should apply:** PIs on active NIBIB grants

**Award:** No more than the parent award/up to two years

**Deadline:** Rolling through Nov 10, 2020

**NIAID NOSI regarding the Availability of Emergency Competitive Revisions for Research on Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) and Coronavirus Disease 2019 (COVID-19)**

**What:** Offers competitive revisions to NIAID grants for projects focusing on viral natural history, pathogenicity, transmission, as well as projects developing medical countermeasures and suitable animal models for pre-clinical testing of vaccines and therapeutics against SARS-CoV-2/COVID-19

**Who should apply:** Anyone with an active grant from the NIAID

**Award:** No minimum or maximum/within duration of the parent award

**Deadline:** Open on a rolling basis through March 25, 2021

**NIEHS NOSI: NIEHS Support for Understanding the Impact of Environmental Exposures on Coronavirus Disease 2019 (COVID-19)**

**What:** Supports research to provide insight into the role of environmental exposures in pathogenicity, transmission, individual susceptibility or prevention and intervention strategies

**Who should apply:** Anyone with funding through the NIH Microphysiological Systems Program, microphysiological systems programs from across NIH and SBIR/STTR-supported investigators provided the award involves tissue chips

**Award:** Not specified/up to two years

**Deadline:** Rolling monthly through May 4, 2021

**NCATS NOSI regarding the Availability of Emergency Competitive Revisions to Existing NIH Grants and Cooperative Agreements for Tissue Chips Research on the 2019 Novel Coronavirus**

**What:** Supports research on the use of microphysiological systems or tissue chips in collecting and examining data on the risks and outcomes for COVID-19 infection

**Who should apply:** Anyone with funding

through the NIH Microphysiological Systems Program, microphysiological systems programs from across NIH and SBIR/STTR-supported investigators provided the award involves tissue chips

**Award:** No more the current amount of the parent award/up to two years

**Deadline:** Open through Jan. 25, 2022

**FOAs**

**NIA Multi-site COVID-19 Related Clinical Trial Implementation Grant on Aging-Related Topics in at-risk Older Adult Populations (R01 Clinical Trial Required)**

**What:** Supports implementation of investigator-initiated multi-site clinical trials of interventions focused on specific aging-related issues to reducing transmission, risk, morbidity, mortality, severity or complications of COVID-19

**Who should apply:** Anyone with a research interest in aging-related issues to COVID-19

**Award:** No minimum or maximum /up to five years

**Deadline:** Rolling monthly starting Jul 1, 2020 through Feb. 1, 2021

**Multiple NIH Organizations Emergency Awards: RADx-UP Coordination and Data Collection Center (CDCC) (U24 Clinical Trial Optional)**

**What:** Supports a consortium of community-engaged research projects to understand factors that have led to disproportionate burden of the pandemic on the underserved

and/or vulnerable populations so that interventions can be implemented to decrease these disparities

**Who should apply:** Anyone with a research interest in COVID-19 and its disproportionate effects on underserved populations

**Award:** Up to \$20 million/up to four years

**Deadline:** *LOI due: July 8, 2020; Application due: Aug. 7, 2020, 5 p.m. PDT*

**NCI and NIAID [Emergency Awards: Research Projects in SARS-CoV-2 Serological Sciences \(U01 Clinical Trial Optional\)](#)**

**What:** Funding to establish Serological Sciences Research Projects with the goals of: identifying and advancing research opportunities to characterize the immune responses elicited by SARS-CoV-2 viral infection

**Who should apply:** Anyone with a research interest in serological sciences and COVID-19

**Award:** Up to \$500,000/up to five years

**Deadline:** July 22, 2020, 5 p.m. PDT

**NCI and NIAID [Emergency Awards: SARS-CoV-2 Serological Sciences Centers of Excellence \(U54 Clinical Trial Optional\)](#)**

**What:** Funding to establish Serological Sciences Research Projects with the goals of: identifying and advancing research opportunities to characterize the immune responses elicited by SARS-CoV-2 viral infection

**Who should apply:** Anyone with a research interest in serological sciences and COVID-19

**Award:** Up to \$1.5 million/up to five years

**Deadline:** July 22, 2020, 5 p.m. PDT

**Multiple NIH Organizations [Community Interventions to Address the Consequences of the COVID-19 Pandemic among Health Disparity and Vulnerable Populations \(R01-Clinical Trial Optional\)](#)**

**What:** Funding to implement and evaluate community interventions testing the impacts of mitigation strategies to prevent COVID-19 transmission in NIH-designated health disparity populations

**Who should apply:** Anyone with a research interest in COVID-19 and its disproportionate effects on underserved populations

**Award:** Up to \$2.5 million/up to five years

**Deadline:** Aug. 28 and Dec. 1, 2020, 5 p.m. PDT

**NIH Common Fund [NIH Director's Emergency Early Independence Awards \(DP5 Clinical Trial Optional\)](#)**

**What:** Supports exceptional junior investigators who wish to pursue independent COVID-19 research soon after completion of their terminal doctoral degree or post-graduate clinical training

**Who should apply:** Investigators who received their terminal doctoral degree or ended their post-graduate clinical training must be between June 1, 2019 and September 30, 2021; further eligibility details in FOA

**Award:** Up to \$1.25 million/up to five years

**Deadline:** Sept. 4, 2020, 5 p.m. PDT

**NIH Common Fund [NIH Director's Emergency Transformative Research Awards \(R01 Clinical Trial Optional\)](#)**

**What:** Supports individual scientists or groups of scientists proposing COVID-19 research with the potential to create new scientific paradigms, establish entirely new and improved clinical approaches or develop transformative technologies

**Who should apply:** Anyone with a research interest in innovative COVID-19 research

**Award:** Not limited/up to five years

**Deadline:** Sept. 30, 2020, 5 p.m. PDT

**NIAID Emergency Awards: Rapid Investigation of Severe Acute Respiratory Syndrome Coronavirus 2 (SARS-CoV-2) and Coronavirus Disease 2019 (COVID-19) [\(R01 Clinical Trial Not Allowed\)](#) and [\(R21 Clinical Trial Not Allowed\)](#)**

**What:** Providing an expedited funding mechanism for research on SARS-CoV-2 and COVID-19

**Who should apply:** Anyone with a need for expedited COVID-19 funding

**Award:** For R01: No minimum or maximum/up to five years; For R21: Up to \$275,000/up to two years

**Deadline:** Open on a rolling basis through April 30, 2021

**Other Notices of Special Interest**

**NCATS [NOSI: Clinical and Translational Science Award \(CTSA\) Program Applications](#)**

**[to Address 2019 Novel Coronavirus \(COVID-19\) Public Health Need](#)**

**What:** Solicits applications for Administrative Supplements to UL1, U01, and R21 awards (through [PA-18-591](#)), Collaborative Innovation Awards to U01 and R21 awards (through [PAR-19-099](#) and [PAR-19-100](#), respectively), and Competitive Revisions for UL1 awards for each of the non-administrative supplement awards (through [PAR-19-337](#))

**Who should apply:** Anyone with an active grant with an activity code listed above from the NCATS

**Award:** Dependent upon FOA you apply through

**Deadline:** Dependent upon FOA you apply through

**[NCATS NOSI: Repurposing Existing Therapeutics to Address the 2019 Novel Coronavirus Disease \(COVID-19\)](#)**

**What:** Supports projects that repurpose existing drugs or biologics (existing therapeutics) that have already begun or completed a Phase I clinical trial to study SARS-CoV-2 and COVID-19

**Who should apply:** Specific eligibility not listed

**Award:** Dependent upon FOA you apply through

**Deadline:** Dependent upon FOA you apply through

**[NIBIB NOSI: Small Business Research and Development of Biomedical Technologies for Coronavirus Disease 2019 \(COVID-19\)](#)**

**What:** Funding to develop life-saving technologies that address COVID-19 and can be ready for commercialization within one to two years

**Who should apply:** PIs on active NIBIB grants

**Award:** Dependent upon award phase

**Deadline:** SBIR/STTR standard dates; next date is Sept. 5, 2020

**[NCATS NOSI: New Administrative Supplement Applications to UL1 and U24 CTSA Awards to Address COVID-19 Public Health Need](#)**

**What:** Funding for projects that address COVID-19 through the Clinical and Translational Science Award (CTSA) Program

**Who should apply:** Current CTSA UL1 and U24 award recipients

**Award:** Dependent upon current award

**Deadline:** Open through Nov. 10, 2020

**[NIAID NOSI: Select Research Areas for Severe Acute Respiratory Syndrome Coronavirus 2 \(SARS-CoV-2\) and Coronavirus Disease 2019 \(COVID-19\)](#)**

**What:** Funding to address the need for research on SARS-CoV-2 and COVID-19 in select scientific areas using specific funding mechanisms

**Who should apply:** Specific eligibility not listed

**Award:** Dependent upon FOA you apply through

**Deadline:** Open through Sept. 8, 2021

**[NCATS NOSI regarding the Availability of Administrative Supplements for Tissue Chips](#)**

**[Research on the 2019 Novel Coronavirus](#)**

**What:** Supports research on the use of microphysiological systems or tissue chips in collecting and examining data on the risks and outcomes for COVID-19 infection

**Who should apply:** Anyone with funding through the NIH Microphysiological Systems Program, microphysiological systems programs from across NIH and SBIR/STTR-supported investigators provided the award involves tissue chips

**Award:** No more than 25 percent of the total costs of the amount of the parent award/up to one year

**Deadline:** Open through Jan. 25, 2022

**[NIDCD NOSI: NIDCD is Interested in Supporting Research on the Impact of COVID-19 on Mission Specific Sensory and Communication Disorders](#)**

**What:** Supports research on COVID-19 in relation to NIDCD's scientific programs of hearing, balance, taste, smell, voice, speech and language

**Who should apply:** Specific eligibility not listed

**Award:** Dependent upon FOA you use

**Deadline:** Open from Oct. 5, 2020 to Sept. 8, 2022

**Notices of Intent to Publish**

**Multiple NIH Organizations [Notice of Intent to Publish a Funding Opportunity Announcement for Community Interventions to Address the Consequences of the COVID-19 Pandemic for Health Disparity and Vulnerable](#)**

### [Populations \(R01- Clinical Trial Optional\)](#)

**What:** Supports research to evaluate community interventions testing the impacts of COVID-19 mitigation strategies health disparity populations and already implemented interventions to address the adverse consequences of the pandemic on the health of these groups

**Who should apply:** Eligibility TBD

**Award:** TBD

**Deadline:** Estimated to be July 22, 2020

### [Multiple NIH Organizations Notice of Intent to Publish a Funding Opportunity Announcement for Digital healthcare interventions to address the secondary health effects related to social, behavioral, and economic impact of COVID-19 \(R01 - Clinical Trial Optional\)](#)

**What:** Supports research to determine the role and impact of digital health interventions to address secondary health effects of the social, behavioral and economic changes following the COVID-19 pandemic

**Who should apply:** Eligibility TBD

**Award:** Up to \$2.25 million/up to three years

**Deadline:** Estimated to be July 20, 2020

### [Other Federal Organizations](#)

#### **BARDA**

**Division of Research, Innovation & Ventures (DRIVE) [Broad Agency Announcement](#)**

**What:** All of BARDA's broad agency announcements are now focused solely on

COVID-19 research; this particular mechanism focuses on diagnostic assays, screening and model development, vaccines and advanced manufacturing

**Who should apply:** Anyone with a research focus on the topics listed above

**Award:** Up to \$750,000

**Deadline:** June 30, 2020, 2 p.m. PDT

#### **BARDA [Broad Agency Announcement](#)**

**What:** All of BARDA's broad agency announcements are now focused solely on COVID-19 research; this particular mechanism focuses on product development of solutions to the pandemic

**Who should apply:** Anyone with a research focus on products for prevention, diagnosis and treatment

**Award:** No minimum or maximum

**Deadline:** Open on a rolling basis through Oct. 31, 2020

#### **NSF**

#### **NSF [Dear Colleague Letter on the Coronavirus Disease 2019 \(COVID-19\)](#)**

**What:** Calls for proposals to conduct non-medical, non-clinical-care research that can be used immediately to explore how to model and understand the spread of COVID-19; apply through [existing funding opportunities](#) and the Rapid Response Research funding mechanism

**Who should apply:** No specific eligibility guidelines; direct proposals either to a program officer managing an NSF program with which the research would be aligned or

to [rapid-covid19@nsf.gov](mailto:rapid-covid19@nsf.gov)

**Award:** Up to \$200,000/up to one year for RAPID proposals

**Deadline:** Open

#### **NSF [Rapid Response Research \(RAPID\) Funding Mechanism](#)**

**What:** Proposal used when there is a severe urgency with regard to availability of or access to data, facilities or specialized equipment, including quick-response research on natural or anthropogenic disasters and similar unanticipated events

**Who should apply:** No specific eligibility guidelines; direct proposals either to a program officer managing an NSF program with which the research would be aligned or to [rapid-covid19@nsf.gov](mailto:rapid-covid19@nsf.gov)

**Award:** Up to \$200,000/up to one year

**Deadline:** Open

#### **USDA**

#### **USDA [Distance Learning and Telemedicine Grants](#)**

**What:** Financial assistance to enable and improve distance learning and telemedicine services in rural areas and identify specific ways to address COVID-19

**Who should apply:** Anyone with a research interest in telemedicine

**Award:** Up to \$1 million/duration not specified

**Deadline:** July 13, 2020, 8:59 p.m. PDT

## Private Organizations

### **Oak Ridge National Laboratory [Call for Rapid Access Proposals for COVID-19 Research](#)**

**What:** Supports research into the COVID-19 virus and the search for effective diagnostics and therapies through the use of neutron macromolecular crystallography, small angle scattering, reflectometry, spectroscopy and imaging beamlines

**Who should apply:** Researchers who would like to use these resources should submit a short rapid access proposal, outlining experiment aims and scope

**Award:** Access to beamlines at the Spallation Neutron Source and High Flux Isotope Reactor at Oak Ridge National Laboratory

**Deadline:** Rolling

### **Robert Wood Johnson Foundation [Pioneering Ideas: Exploring the Future to Build a Culture of Health](#)**

**What:** Supports proposals to address any of these four areas of focus: Future of Evidence, Social Interaction, Food and Work; not directly aimed at COVID-19 but proposals can relate to the pandemic

**Who should apply:** Anyone who wants to research COVID-19 and health equity

**Award:** No minimum or maximum, average amount \$315,031/generally between one to three years

**Deadline:** Rolling

***This organization is on the [President's List](#); submit a [notice of intent form](#) before applying***

### **West Coast Consortium for Technology & Innovation in Pediatrics [COVID-19 FlexGrants](#)**

**What:** Supports pediatric medical device innovators who are able to use their technology to aid in the current COVID-19 pandemic

**Who should apply:** Researchers who have a medical device that has a pediatric application as defined by the FDA and is regulated by the FDA

**Award:** Up to \$15,000/duration not specified

**Deadline:** Rolling

### **PCORI [Funding Opportunity for COVID-19-Related Enhancements to Existing PCORI-Funded Research Projects](#)**

**What:** Funds investigator-initiated proposals to address the COVID-19 public health crisis through enhancements of currently funded PCORI research awards

**Who should apply:** Current PCORI Engagement and Research Project awardees

**Award:** Up to \$500,000/up to one year

**Deadline:** Rolling, with applications accepted beginning May 1, 2020

### **Amazon Web Services [Diagnostic Development Initiative](#)**

**What:** Support for innovation in rapid and accurate patient testing for COVID-19 and other diagnostic solutions to mitigate future outbreaks

**Who should apply:** Open to accredited research institutions

**Award:** \$20 million in total funding for all projects; funding will be provided through a combination of AWS in-kind credits and technical support

**Deadline:** June 30, 2020

### **California Institute for Regenerative Medicine [Special Call for COVID-19 Projects](#)**

**What:** Supports promising discovery, preclinical and clinical trial stage projects that could quickly advance treatments to COVID-19 patients in need; apply through clinical trial, late stage preclinical, translational and discovery funding mechanisms

**Who should apply:** Researchers who will be able to initiate research within 30 days of receiving their award who can propose a clear deliverable six months from the start of research

**Award:** Dependent upon mechanism, between \$150,000 to \$750,000/one year except clinical trial, which is two years

**Deadline:** Bi-monthly and rolling; next due date is June 30, 2020, 2 p.m. PDT

### **Coalition for Epidemic Preparedness Innovation [Achieving an unprecedented acceleration of vaccine development and global manufacturing capacity to prevent COVID-19](#)**

**What:** Supports the rapid development of vaccines against COVID-19, with a goal of achieving licensure/emergency authorization in 12-18 months or less

**Who should apply:** Investigators who have a

manufacturer with a track record of vaccine production identified within the consortium

**Award:** Not specified

**Deadline:** Rolling through June 30, 2020

**Society for Medical Decision Making [COVID Decision Modeling Initiative](#)**

**What:** Support the development of decision models to inform the urgent needs of decision makers responding to the COVID-19 pandemic

**Who should apply:** Anyone with a research interest in decision modeling

**Award:** Not listed

**Deadline:** June 30, 2020
