

## OHSU COVID-19 Funding Alerts: Week of August 27, 2020

OHSU Research and Innovation is compiling a running list of COVID-19 research opportunities. The list will be published every Thursday.

### NIH

#### NIH Guidance

**NIAID [Notice to Extend Eligibility for Submission of NIAID K99 /R00 Pathway to Independence Award Applications \(and Physician-Scientist K99/R00\) due to COVID-related Disruptions](#)**

**What:** NIAID will extend eligibility for submission of K99/R00 applications due to COVID-related disruptions

**Office of The Director [Extending the Special Exception to the NIH/AHRQ/NIOSH Post-Submission Material Policy During the COVID-19 Pandemic](#)**

**Office of The Director [Guidance for Applicants Preparing Applications for the Fall 2020 Due Dates During the COVID-19 Pandemic](#)**

**What:** Guidance for investigators and institutions preparing NIH grant applications for the May 2021 Council round, beginning

### Featured Opportunity

**Center for Sharing Public Health Services [2020 Small Grants Program](#)**

**What:** Supports work on cross-jurisdictional sharing arrangements designed to advance health equity by the public health response to COVID-19 or other related issues

Find the full listings under the Private Organizations heading on page 10

with applications submitted for the September 25, 2020 due date

**Office of the Director [Temporary Extension of Eligibility for the NIH K99/R00 Pathway to Independence Award During the COVID-19 Pandemic](#)**

**What:** Due to disruptions caused by the COVID-19 pandemic, NIH will be providing up to a two-receipt cycle extension (roughly eight additional months) of eligibility for prospective applicants meeting the requirements for submission of a K99/R00 application from the time period covered by the June/July 2020 due dates through the February/March 2021 due dates. Under normal circumstances, individuals must have no more than four years of postdoctoral research experience to be eligible to apply for a K99/R00 award

**NIH Point-of-Care Technology Research Network**

**NIBIB and NIH POCTRN [Fast-Track Program for COVID-19 Test Development and Distribution](#)**

**What:** Funding to rapidly produce innovative SARS-CoV-2 diagnostic tests that will assist the public's safe return to normal activities with the help of the Rapid Acceleration of Diagnostics technology development program

**Who should apply:** Anyone with a research interest in diagnostics for SARS-CoV-2

**Award:** Projects are broken into three phases, and funding amount is dependent upon phase; see FOA for more details

**Deadline: Open on a rolling basis**

#### Parent Announcements

**PA-18-935 Multiple NIH Organizations [Urgent Competitive Revision to Existing NIH Grants and Cooperative Agreements \(Urgent Supplement - Clinical Trial Optional\)](#)**

**What:** FOA to submit applications for urgent competitive revisions; intended to provide

funds for NIH grantees applying to expand the scope of their active grant

**Who should apply:** Anyone with an active grant from one of the participating organizations who can accomplish their research within the competitive segment of the active award

**Award:** No minimum or maximum/within duration of the parent award

**Deadline:** Open dates vary by awarding IC

**PA-20-135 Multiple NIH Organizations  
[Emergency Competitive Revision to Existing NIH Awards \(Emergency Supplement - Clinical Trial Optional\)](#)**

**What:** : FOA to submit applications for emergency competitive revisions; offers NIH grantees additional funds for research responsive to the 2019-nCoV outbreak that *falls within the scope of an ongoing grant*

**Who should apply:** Anyone with an active grant from one of the participating organizations, such as the NIAID, who can accomplish their research within the competitive segment of the active award

**Award:** No minimum or maximum/within duration of the parent award

**Deadline:** Open dates vary by awarding IC

**Applies to PA-18-935**

**NCI [Notice of National Cancer Institute \(NCI\) Participation in PA-18-935 “Urgent Competitive Revision to Existing NIH Grants and Cooperative Agreements \(Urgent Supplement - Clinical Trial Optional\)”](#)**

**NIA and NIMH [NOSI: NIA Availability of Administrative Supplements and Revision Supplements on Coronavirus Disease 2019 \(COVID-19\)](#)**

**NIAAA [NOSI: Availability of Administrative Supplements and Competitive Revision Supplements on Coronavirus Disease 2019 \(COVID-19\) within the Mission of NIAAA](#)**

**NIDA [NOSI regarding the Availability of Administrative Supplements and Urgent Competitive Revisions for Research on the 2019 Novel Coronavirus](#)**

**NIDCR [NOSI: Availability of Urgent Competitive Revisions and Administrative Supplements for Coronavirus Disease 2019 \(COVID-19\) Research within the Mission of NIDCR](#)**

**NIGMS [NOSI regarding the Availability of Urgent Competitive Revisions for Research on Coronavirus Disease 2019 \(COVID-19\) and the Causative Virus SARS-CoV-2](#)**

**NIMH [NOSI regarding the Availability of Administrative Supplements and Urgent Competitive Revisions for Mental Health Research on the 2019 Novel Coronavirus](#)**

**NINDS [NOSI: Availability of Urgent Competitive Revisions and Administrative Supplements For Research on Biological Effects of the 2019 Novel Coronavirus on the Nervous System](#)**

**What:** Offers competitive revisions to active parent grants to *expand the scope* to address research objectives listed in the notice

**Who should apply:** Anyone with an active grant from the listed agencies

**Award:** Dependent upon agency

**Deadline:** NCI: Not listed; NIA and NIMH: Open through May 1, 2021; NIDA: Open through March 31, 2021; NIDCR: Nov. 2, 2020; NIGMS: Open through Feb. 6, 2021; NIAAA: Open through April 15, 2021; NIMH: Open through April 15, 2021; NINDS: Open through April 15, 2021

**NCI [Notice of Information: Contributing to the Global COVID-19 Crisis Response by Allowing Some NCI-supported Projects to be Redirected to COVID-19-related Research During the Crisis](#)**

**What:** The NCI is considering requests from its funded grantees and cooperative agreement awardees to engage in limited COVID-19 related research using part of their existing NCI-funded resources under certain conditions

**Who should apply:** Current NCI-funded grantees

**Award:** Funding amount must be within the existing award budget/for the duration of the pandemic

**Deadline:** For the duration of the COVID-19 crisis

**Multiple NIH Organizations [NOSI regarding the Availability of Urgent Competitive Revisions and Administrative Supplements for Research on Coronavirus Disease 2019 \(COVID-19\) in Individuals with Down Syndrome for the INCLUDE Project](#)**

**What:** Aims to highlight the urgent need for research on SARS-CoV-2 and COVID-19 in

individuals with Down syndrome in conjunction with the INCLUDE Project

**Who should apply:** Currently funded grantees under one of the sponsoring organizations

**Award:** Up to \$1 million/one year

**Deadline:** Nov. 12, 2020, March 12, 2021 and July 12, 2021, all 5 p.m. PDT

**Multiple NIH Organizations [NOSI: Competitive and Administrative Supplements for Community Interventions to Reduce the Impact of COVID-19 on Health Disparity and Other Vulnerable Populations](#)**

**What:** Supports research to test community interventions focused on the prevention (or slowing) of COVID-19 transmission, evaluating policies and programs intended to mitigate COVID-19 exposure and reduce the negative impact on the health of populations who experience health disparities

**Who should apply:** PIs on active grants from at least one of the participating divisions of the NIH

**Award:** Up to \$500,000/up to two years

**Deadline:** Rolling through Dec. 15, 2020

**Multiple NIH Organizations [NOSI: Digital Healthcare Interventions to Address the Secondary Health Effects Related to Social, Behavioral, and Economic Impact of COVID-19](#)**

**What:** Supports research to address secondary health effects of the social, behavioral and economic changes caused by COVID-19, particularly among populations who experience health disparities and vulnerable

populations through the use of digital health assessments and interventions to yield measurable near-term impact

**Who should apply:** PIs on active grants from at least one of the participating divisions of the NIH

**Award:** Up to \$200,000/up to two years

**Deadline:** Rolling through Dec. 15, 2020

**Multiple NIH Organizations [NOSI regarding the Availability of Administrative Supplements and Urgent Competitive Revisions for Research on the 2019 Novel Coronavirus and the Behavioral and Social Sciences](#)**

**What:** Supports research that addresses key social and behavioral questions related to the COVID-19 pandemic including social, behavioral and economic impacts from these containment and mitigation efforts and their downstream health impacts

**Who should apply:** PIs on active grants from one of the participating organizations

**Award:** Up to \$200,000/up to two years

**Deadline:** Rolling through March 31, 2021

**NIEHS [NOSI: NIEHS Support for Understanding the Impact of Environmental Exposures on Coronavirus Disease 2019 \(COVID-19\)](#)**

**What:** Supports research to provide insight into the role of environmental exposures in pathogenicity, transmission, individual susceptibility or prevention and intervention strategies

**Who should apply:** Anyone with a research

interest in environmental exposures

**Award:** Not specified/up to two years

**Deadline:** Rolling monthly through May 4, 2021

**Applies to PA-20-135**

**Deadline updated**

**NIBIB [NOSI: Availability of Emergency Competitive Revision and Administrative Supplements on Biomedical Technologies for Coronavirus Disease 2019 \(COVID-19\)](#)**

**What:** Funding for current NIBIB grantees to accelerate the development and translation of technologies to address COVID-19

**Who should apply:** PIs on active NIBIB grants

**Award:** No more than the parent award/up to two years

**Deadline:** Aug. 29, 2020

**Multiple NIH Organizations [NOSI: Emergency Competitive Revisions for Community-Engaged Research on COVID-19 Testing among Underserved and/or Vulnerable Populations](#)**

**What:** Supports community-engaged testing research projects will examine SARS-CoV-2 infection patterns and efforts to increase access and effectiveness of diagnostic methods

**Who should apply:** Currently funded grantees under one of the sponsoring organizations

**Award:** Up to \$700,000/two years

**Deadline:** Sept. 8, 2020, 5 p.m. PDT

**Multiple NIH Organizations [NOSI: Emergency Competitive Revisions for Social, Ethical, and](#)**

[Behavioral Implications \(SEBI\) Research on COVID-19 Testing among Underserved and/or Vulnerable Populations](#)

**What:** Supports research to identify, analyze and address the social, ethical and behavioral factors likely to influence access and uptake of COVID-19 testing in underserved and/or vulnerable populations

**Who should apply:** Currently funded grantees under one of the sponsoring organizations

**Award:** Up to \$800,000/up to two years

**Deadline:** Sept. 8, 2020, 5 p.m. PDT

[Multiple NIH Organizations NOSI: Availability of Emergency Competitive Revisions for Chemosensory Testing as a COVID-19 Screening Tool](#)

**What:** Funds proposals to enhance the utility of chemosensory testing as a COVID-19 screening tool by using objective tests to examine the onset and prognostic value of chemosensory loss and to encourage the development and/or deployment of home-based and on-site chemosensory tests

**Who should apply:** PIs of Active research and resource grants, cooperative agreements and small business grants

**Award:** Up to \$250,000/up to one year

**Deadline:** Sept. 15, 2020, 5 p.m. PDT

[NCATS NOSI: Availability of Emergency Competitive Revisions and Administrative Supplements to Clinical and Translational Science Award \(CTSA\) Program Awards to Address 2019 Novel Coronavirus Disease](#)

[\(COVID-19\) Public Health Needs](#)

**What:** Funding for the Clinical and Translational Science Award Program to contribute to efforts to address COVID-19

**Who should apply:** Current CTSA UL1 and U24 award recipients

**Award:** Dependent upon award/up to two years but generally one year

**Deadline:** Rolling through Nov 10, 2020

[NIEHS NOSI: NIEHS Support for Understanding the Impact of Environmental Exposures on Coronavirus Disease 2019 \(COVID-19\)](#)

**What:** Supports research to provide insight into the role of environmental exposures in pathogenicity, transmission, individual susceptibility or prevention and intervention strategies

**Who should apply:** Anyone with funding through the NIH Microphysiological Systems Program, microphysiological systems programs from across NIH and SBIR/STTR-supported investigators provided the award involves tissue chips

**Award:** Not specified/up to two years

**Deadline:** Rolling monthly through May 4, 2021

[NIAID NOSI regarding the Availability of Emergency Competitive Revisions for Select Research Activities related to Severe Acute Respiratory Syndrome Coronavirus 2 \(SARS-CoV-2\) and Coronavirus Disease 2019 \(COVID-19\)](#)

**What:** Highlights very specific and limited

needs for Competitive Revision applications to active NIAID grants in order to further build the infrastructure that NIAID needs to support the SARS-CoV-2 and COVID-19 research response

**Who should apply:** PIs on active NIAID grants

**Award:** No more than the annual amount of the current parent award/up to two years

**Deadline:** Rolling through July 2, 2021

[NCATS NOSI regarding the Availability of Emergency Competitive Revisions to Existing NIH Grants and Cooperative Agreements for Tissue Chips Research on the 2019 Novel Coronavirus](#)

**What:** Supports research on the use of microphysiological systems or tissue chips in collecting and examining data on the risks and outcomes for COVID-19 infection

**Who should apply:** Anyone with funding through the NIH Microphysiological Systems Program, microphysiological systems programs from across NIH and SBIR/STTR-supported investigators provided the award involves tissue chips

**Award:** No more the current amount of the parent award/up to two years

**Deadline:** Open through Jan. 25, 2022

**FOAs**

[NCI and NIAID Emergency Awards: Research Projects in SARS-CoV-2 Serological Sciences \(U01 Clinical Trial Optional\)](#)

**What:** Provides Personal Protective Equipment to directly support the needs of the NIAID's

vaccine and treatment clinical trials and clinical studies for COVID-19

**Who should apply:** Researchers conducting COVID-related clinical research and clinical studies supported by NIAID's emergency appropriation provided by "The Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020" and "The Coronavirus Aid, Relief and Economic Security (CARES) Act"

**Award:** Not limited/one year

**Deadline:** Rolling starting July 13, 2020

**NCATS [Urgent Phase I/II Clinical Trials to Repurpose Existing Therapeutic Agents to Treat COVID-19 Sequelae \(U01 Clinical Trial Required\)](#)**

**What:** Supports research to repurpose existing therapeutic agents to treat COVID-19 sequelae and associated complications that result from SARS-CoV-2 infections

**Who should apply:** Anyone with a research interest in repurposing therapeutic agents

**Award:** Up to \$9 million/up to three years

**Deadline:** Rolling starting Aug. 6, 2020

**Multiple NIH Organizations [Community Interventions to Address the Consequences of the COVID-19 Pandemic among Health Disparity and Vulnerable Populations \(R01-Clinical Trial Optional\)](#)**

**What:** Funding to implement and evaluate community interventions testing the impacts of mitigation strategies to prevent COVID-19 transmission in NIH-designated health

disparity populations

**Who should apply:** Anyone with a research interest in COVID-19 and its disproportionate effects on underserved populations

**Award:** Up to \$2.5 million/up to five years

**Deadline:** Aug. 28 and Dec. 1, 2020, 5 p.m. PDT

**Multiple NIH Organizations [Emergency Awards: RADx-RAD Multimodal COVID-19 surveillance methods for high risk clustered populations \(R01 Clinical Trial Optional\)](#)**

**What:** Supports development and validation studies of COVID-19 surveillance methods that are not based or focused on direct viral testing of individuals in settings and institutions, including residential, with a high density of individuals who are together for prolonged periods of time

**Who should apply:** Anyone with a research interest in multimodal surveillance methods

**Award:** Not limited/up to three years

**Deadline:** *LOI due:* Aug. 30, 2020 (*LOI not required but highly encouraged*); *Application due:* Sept. 30, 2020, 5 p.m. PDT

**Multiple NIH Organizations [Emergency Awards: RADx-rad Predicting Viral-Associated Inflammatory Disease Severity in Children with Laboratory Diagnostics and Artificial Intelligence \(PreVAIL klds\) \(R61/R33 Clinical Trial Optional\)](#)**

**What:** Supports innovative research to develop novel, new or unique and non-traditional approaches (e.g. diagnostic and

prognostic biomarkers and/or biosignatures) to identify and characterize the spectrum of SARS CoV-2 associated illness

**Who should apply:** Anyone with a research interest in inflammatory disease prediction

**Award:** Up to \$3 million/up to four years

**Deadline:** *LOI due:* Aug. 30, 2020 (*LOI not required but highly encouraged*); *Application due:* Sept. 30, 2020, 5 p.m. PDT

**Multiple NIH Organizations [Emergency Awards: RADx-rad Data Coordination Center \(DCC\) \(U24 Clinical Trial Not Allowed\)](#)**

**What:** Funding for a single cooperative agreement for a Data Coordination Center to serve as a communication center and data hub for RADx-rad awardees

**Who should apply:** Anyone with a research interest in running a data coordination center

**Award:** Up to \$16 million/up to four years

**Deadline:** *LOI due:* Aug. 31, 2020 (*LOI not required but highly encouraged*); *Application due:* Sept. 30, 2020, 5 p.m. PDT

**NIH Common Fund [NIH Director's Emergency Early Independence Awards \(DP5 Clinical Trial Optional\)](#)**

**What:** Supports exceptional junior investigators who wish to pursue independent COVID-19 research soon after completion of their terminal doctoral degree or post-graduate clinical training

**Who should apply:** Investigators who received their terminal doctoral degree or ended their post-graduate clinical training must be

between June 1, 2019 and September 30, 2021; further eligibility details in FOA  
**Award:** Up to \$1.25 million/up to five years  
**Deadline:** Sept. 4, 2020, 5 p.m. PDT

**Multiple NIH Organizations** [Emergency Awards: Automatic Detection and Tracing of SARS-CoV-2 \(U01 Clinical Trial Not Allowed\)](#)

**What:** Supports the early stage development of an innovative platform that integrates biosensing with touchscreen or other digital devices to achieve detection and tracing of SARS-CoV-2 in real-time

**Who should apply:** Anyone with a research interest in automatic detection and tracing  
**Award:** Up to \$600,000/up to two years  
**Deadline:** Sept. 15, 2020, 5 p.m. PDT

**Multiple NIH Organizations** [Emergency Awards: Chemosensory Testing as a COVID-19 Screening Tool \(U01 Clinical Trial Optional\)](#)

**What:** Supports research to enhance the utility of chemosensory testing as a COVID-19 screening tool by using objective tests to examine the onset and prognostic value of chemosensory loss and to encourage the development and/or deployment of home-based and on-site chemosensory tests  
**Who should apply:** Anyone with a research interest in chemosensory testing  
**Award:** Up to \$750,000/up to three years  
**Deadline:** Sept. 15, 2020, 5 p.m. PDT

**Multiple NIH Organizations** [Emergency Awards: RADx-rad Wastewater Detection of](#)

[SARS-COV-2 \(COVID-19\) \(U01 - Clinical Trials Not Allowed\)](#)

**What:** Supports wastewater-based testing surveillance which can provide detailed mapping of the extent and spread of COVID-19  
**Who should apply:** Anyone with a research interest in wastewater detection  
**Award:** Up to \$4 million/up to two years  
**Deadline:** Sept. 15, 2020, 5 p.m. PDT

**Multiple NIH Organizations** [Emergency Awards: Exosome-based Non-traditional Technologies Towards Multi-Parametric and Integrated Approaches for SARS-CoV-2 \(U18 Clinical Trial Not Allowed\)](#)

**What:** Supports research that uses developed technologies for single vesicle or exosome isolation and analysis and reposition these technologies for the detection of SARS-CoV-2  
**Who should apply:** Anyone with a research interest in exosome-based technologies  
**Award:** Not limited/up to two years  
**Deadline:** Sept. 18, 2020, 5 p.m. PDT

**Multiple NIH Organizations** [Emergency Awards RADx-RAD: Novel Biosensing for Screening, Diagnosis and Monitoring of COVID-19 From Skin and The Oral Cavity \(R44 Clinical Trial Not Allowed\) and \(Fast-Track STTR Clinical Trial Not Allowed\)](#)

**What:** Supports the development of novel, non-traditional safe and effective biosensing and detection approaches to identify the current SARS-CoV-2 virus or other biomarkers of the COVID-19 disease for use in outbreaks

of COVID-19

**Who should apply:** Small business concerns  
**Award:** Dependent on research topic/up to two years for R44 and up to three years for Fast-Track  
**Deadline:** Sept. 18, 2020, 5 p.m. PDT

**Multiple NIH Organizations** [Emergency Awards RADx-RAD: Screening for COVID-19 by Electronic-Nose Technology \(SCENT\) \(U18 Clinical Trial Not Allowed\)](#)

**What:** Funding to develop a portable sensing device to detect volatile organic compounds (VOCs, i.e., scents or odors) emanating from skin or exhaled breath, saliva and different oral tissues from the oral cavity  
**Who should apply:** Anyone with a research interest in electronic-nose technology  
**Award:** Not limited/up to two years  
**Deadline:** Sept. 18, 2020, 5 p.m. PDT

**NIH Common Fund** [NIH Director's Emergency Transformative Research Awards \(R01 Clinical Trial Optional\)](#)

**What:** Supports individual scientists or groups of scientists proposing COVID-19 research with the potential to create new scientific paradigms, establish entirely new and improved clinical approaches or develop transformative technologies  
**Who should apply:** Anyone with a research interest in innovative COVID-19 research  
**Award:** Not limited/up to five years  
**Deadline:** Sept. 30, 2020, 5 p.m. PDT

**[NIDDK Mechanistic Studies of the Interaction between SARS-CoV-2/COVID-19 and Diseases and Organ Systems of Interest to NIDDK \(R01 Clinical Trial Optional\)](#)**

**What:** Supports basic and clinical mechanistic research on SARS-CoV-2 and COVID-19 susceptibility, routes of infection, course of disease, morbidity and mortality in people with pre-existing diseases, or adverse acute or chronic outcomes in organs, tissues and biological systems

**Who should apply:** Anyone with a research interest in COVID-19 and subject areas of interest to the NIDDK

**Award:** Up to \$750,000/up to three years  
**Deadline:** *LOI due: Nov. 16, 2020 (LOI not required but highly encouraged); Application due: Dec. 16, 2020, 5 p.m. PDT*

**Multiple NIH Organizations [Digital Healthcare Interventions to Address the Secondary Health Effects Related to Social, Behavioral, and Economic Impact of COVID-19 \(R01 - Clinical Trial Optional\)](#)**

**What:** Funding to focus on the role and impact of digital health interventions to address access, reach, delivery, effectiveness, scalability and sustainability of health assessments and interventions for secondary effects that are utilized during and following the pandemic, particularly in populations who experience health disparities

**Who should apply:** Investigators with partnerships with digital health developers and existing digital health delivery platforms

**Award:** Up to \$2.25 million/up to three years  
**Deadline:** Dec. 2, 2020, and March 2, 2021, 5 p.m. PDT

**[NIA Multi-site COVID-19 Related Clinical Trial Implementation Grant on Aging-Related Topics in at-risk Older Adult Populations \(R01 Clinical Trial Required\)](#)**

**What:** Supports implementation of investigator-initiated multi-site clinical trials of interventions focused on specific aging-related issues to reducing transmission, risk, morbidity, mortality, severity or complications of COVID-19

**Who should apply:** Anyone with a research interest in aging-related issues to COVID-19

**Award:** Not limited/up to five years  
**Deadline:** Rolling monthly through Feb. 1, 2021

**Other Notices of Special Interest**

**[NCATS NOSI: Clinical and Translational Science Award \(CTSA\) Program Applications to Address 2019 Novel Coronavirus \(COVID-19\) Public Health Need](#)**

**What:** Solicits applications for Administrative Supplements to UL1, U01, and R21 awards (through [PA-18-591](#)), Collaborative Innovation Awards to U01 and R21 awards (through [PAR-19-099](#) and [PAR-19-100](#), respectively), and Competitive Revisions for UL1 awards for each of the non-administrative supplement awards (through [PAR-19-337](#))

**Who should apply:** Anyone with an active grant with an activity code listed above from

the NCATS

**Award:** Dependent upon FOA you apply through

**Deadline:** Dependent upon FOA you apply through

**[NCATS NOSI: Repurposing Existing Therapeutics to Address the 2019 Novel Coronavirus Disease \(COVID-19\)](#)**

**What:** Supports projects that repurpose existing drugs or biologics (existing therapeutics) that have already begun or completed a Phase I clinical trial to study SARS-CoV-2 and COVID-19

**Who should apply:** Specific eligibility not listed

**Award:** Dependent upon FOA you apply through

**Deadline:** Dependent upon FOA you apply through

**Deadline updated**

**[NIBIB NOSI: Small Business Research and Development of Biomedical Technologies for Coronavirus Disease 2019 \(COVID-19\)](#)**

**What:** Funding to develop life-saving technologies that address COVID-19 and can be ready for commercialization within one to two years

**Who should apply:** PIs on active NIBIB grants

**Award:** Dependent upon award phase

**Deadline:** Sept. 6, 2020

**[NIAID NOSI: Select Research Areas for Severe Acute Respiratory Syndrome Coronavirus 2 \(SARS-CoV-2\) and Coronavirus Disease 2019](#)**

**(COVID-19)**

**What:** Funding to address the need for research on SARS-CoV-2 and COVID-19 in select scientific areas using specific funding mechanisms

**Who should apply:** Specific eligibility not listed

**Award:** Dependent upon FOA

**Deadline:** Open through Sept. 8, 2020

**NIAID NOSI: Availability of Emergency Awards for Limited Clinical Trials to Evaluate Therapeutic and Vaccine Candidates Against SARS-CoV-2**

**What:** Supports investigator-initiated high-risk clinical trials that will augment ongoing and planned clinical trials of therapeutic and vaccine candidates directed against SARS-CoV-2 to evaluate SARS-CoV-2 candidate vaccines, non-vaccine biomedical prevention of SARS-CoV-2 infection and/or COVID-19 and therapeutic approaches to treat COVID-19

**Who should apply:** Specific eligibility not listed

**Award:** Award and duration not specified

**Deadline:** Rolling due dates from Sept. 14, 2020 through Sept. 14, 2021

**Multiple NIH Organizations NOSI: Simulation Modeling and Systems Science to Address Health Disparities**

**What:** Supports investigative and collaborative research focused on developing and evaluating simulation modeling and systems science to understand and address minority health and health disparities, including those related to COVID-19

**Who should apply:** Anyone with a research interest in modeling systems and health disparities

**Award:** Not limited/up to five years

**Deadline:** Applies to due dates on or after Oct. 5, 2020 through May 8, 2023

**NIDCD NOSI: NIDCD is Interested in Supporting Research on the Impact of COVID-19 on Mission Specific Sensory and Communication Disorders**

**What:** Supports research on COVID-19 in relation to NIDCD's scientific programs of hearing, balance, taste, smell, voice, speech and language

**Who should apply:** Specific eligibility not listed

**Award:** Dependent upon FOA you use

**Deadline:** Open from Oct. 5, 2020 to Sept. 8, 2022

**NCATS NOSI: New Administrative Supplement Applications to UL1 and U24 CTSA Awards to Address COVID-19 Public Health Need**

**What:** Funding for projects that address COVID-19 through the Clinical and Translational Science Award (CTSA) Program

**Who should apply:** Current CTSA UL1 and U24 award recipients

**Award:** Dependent upon current award

**Deadline:** Open through Nov. 10, 2020

**NCATS NOSI regarding the Availability of Administrative Supplements for Tissue Chips Research on the 2019 Novel Coronavirus**

**What:** Supports research on the use of

microphysiological systems or tissue chips in collecting and examining data on the risks and outcomes for COVID-19 infection

**Who should apply:** Anyone with funding through the NIH Microphysiological Systems Program, microphysiological systems programs from across NIH and SBIR/STTR-supported investigators provided the award involves tissue chips

**Award:** No more than 25 percent of the total amount of the parent award/up to one year

**Deadline:** Open through Jan. 25, 2022

**Other Federal Organizations**

**BARDA**

**BARDA Broad Agency Announcement**

**What:** All of BARDA's broad agency announcements are now focused solely on COVID-19 research; this particular mechanism focuses on product development of solutions to the pandemic

**Who should apply:** Anyone with a research focus on products for prevention, diagnosis and treatment

**Award:** No minimum or maximum

**Deadline:** Open on a rolling basis through Oct. 31, 2020

**NSF**

**NSF Dear Colleague Letter on the Coronavirus Disease 2019 (COVID-19)**

**What:** Calls for proposals to conduct non-medical, non-clinical-care research that can be used immediately to explore how to model

and understand the spread of COVID-19; apply through [existing funding opportunities](#) and the Rapid Response Research funding mechanism

**Who should apply:** No specific eligibility guidelines; direct proposals either to a program officer managing an NSF program with which the research would be aligned or to [rapid-covid19@nsf.gov](mailto:rapid-covid19@nsf.gov)

**Award:** Up to \$200,000/up to one year for RAPID proposals

**Deadline:** Open

#### **NSF Rapid Response Research (RAPID) Funding Mechanism**

**What:** Proposal used when there is a severe urgency with regard to availability of or access to data, facilities or specialized equipment, including quick-response research on natural or anthropogenic disasters and similar unanticipated events

**Who should apply:** No specific eligibility guidelines; direct proposals either to a program officer managing an NSF program with which the research would be aligned or to [rapid-covid19@nsf.gov](mailto:rapid-covid19@nsf.gov)

**Award:** Up to \$200,000/up to one year

**Deadline:** Open

#### **Private Organizations**

##### **Oak Ridge National Laboratory [Call for Rapid Access Proposals for COVID-19 Research](#)**

**What:** Supports research into the COVID-19 virus and the search for effective diagnostics and therapies through the use of neutron

macromolecular crystallography, small angle scattering, reflectometry, spectroscopy and imaging beamlines

**Who should apply:** Researchers who would like to use these resources should submit a short rapid access proposal, outlining experiment aims and scope

**Award:** Access to beamlines at the Spallation Neutron Source and High Flux Isotope Reactor at Oak Ridge National Laboratory

**Deadline:** Rolling

##### **Robert Wood Johnson Foundation [Pioneering Ideas: Exploring the Future to Build a Culture of Health](#)**

**What:** Supports proposals to address any of these four areas of focus: Future of Evidence, Social Interaction, Food and Work; not directly aimed at COVID-19 but proposals can relate to the pandemic

**Who should apply:** Anyone who wants to research COVID-19 and health equity

**Award:** No minimum or maximum, average amount \$315,031/generally between one to three years

**Deadline:** Rolling

*This organization is on the [President's List](#); submit a [notice of intent form](#) before applying*

##### **West Coast Consortium for Technology & Innovation in Pediatrics [COVID-19 FlexGrants](#)**

**What:** Supports pediatric medical device innovators who are able to use their technology to aid in the pandemic

**Who should apply:** Researchers who have a

medical device that has a pediatric application as defined by the FDA and regulated by FDA

**Award:** Up to \$15,000/duration not specified

**Deadline:** Rolling

##### **PCORI [Funding Opportunity for COVID-19-Related Enhancements to Existing PCORI-Funded Research Projects](#)**

**What:** Funds investigator-initiated proposals to address the COVID-19 public health crisis through enhancements of currently funded PCORI research awards

**Who should apply:** Current PCORI Engagement and Research Project awardees

**Award:** Up to \$500,000/up to one year

**Deadline:** Rolling, with applications accepted beginning May 1, 2020

##### **XPRIZE Foundation [Rapid Covid Testing](#)**

**What:** Develops faster, cheaper, and easier to use COVID-19 testing methods at scale

**Who should apply:** Widely open, but teams must be able to successfully deploy and conduct a minimum of 500 tests per week at a live testing site within 60 days and have the potential to scale their solutions to thousands of tests per week

**Award:** Up to \$5 million/six months
