

OHSU COVID-19 Funding Alerts: Week of June 10, 2021

OHSU Research and Innovation is compiling a running list of COVID-19 research opportunities. The list will be published every Thursday.

Internal Opportunities

OHSU Knight Cancer Institute [Faculty COVID-relief Awards](#)

What: Supplemental funding for innovative junior and mid-level OHSU faculty research projects in the spirit of COVID-relief

Who should apply: Assistant or associate professors who are sufficiently focused on cancer-related research (research assistant/associate professors and full professors are excluded from this opportunity)

Award: Up to \$75,000/one year

Deadline: June 28, 2021

[Apply through the CAP](#)

OHSU Knight Cancer Institute [PhD Scholar COVID-relief Awards](#)

What: Supplemental funding for innovative PhD Scholar research projects in the spirit of COVID-relief

Who should apply: PhD Scholars who are sufficiently focused on cancer-related research

Featured Opportunity

NSF [Predictive Intelligence for Pandemic Prevention Phase I: Development Grants \(PIPP Phase I\)](#)

What: Supports research on articulation of an NSF grand challenge centered around a critical and broad question in pandemic predictive intelligence, proposals of novel conceptual research and technology developments that aim to advance state-of-the-art forecasting, real-time monitoring, mitigation and prevention of the spread of pathogens, and multidisciplinary team formation

Find the full listing under the Other Federal Opportunities heading on page 8

and have support from a faculty advisor

Award: Up to \$50,000/one year

Deadline: June 28, 2021

[Apply through the CAP](#)

NIH

NIH Guidance

[AHRQ Guide Notice on Exception to the Use of the Single IRB Review Requirements During the Coronavirus Disease 2019 \(COVID-19\) Public Health Emergency](#)

[NHLBI Notice of Information: NHLBI Extensions for Career Development Award \(K01, K08, K23, K25\) Recipients Whose Career Trajectories Have Been Significantly Impacted by COVID-19](#)

What: Additional guidance for currently-funded NHLBI K01, K08, K23, and K25 recipients impacted by COVID-19 seeking funded extensions

[NIAAA Notice of Clarification of Research Priorities for RFA-AA-21-002 "SARS-CoV-2, COVID-19 and Consequences of Alcohol Use \(R01 Clinical Trial Not Allowed\)", RFA-AA-21-003 "SARS-CoV-2, COVID-19 and Consequences of Alcohol Use \(R03 Clinical Trial Not Allowed\)" and RFA-AA-21-004](#)

["SARS-CoV-2, COVID-19 and Consequences of Alcohol Use \(R21 Clinical Trial Not Allowed\)"](#)

[NIAID Funded Extensions for Career Award Recipients Whose Career Trajectories Have Been Significantly Impacted by COVID-19](#)

What: Opportunity for select K award recipients in the last year of their award, or in their first no-cost extension, to apply for a funded extension to support their career development to facilitate successful transition to research independence

[NIAID Funded Extensions for Fellowship Award Recipients Whose Career Trajectories Have Been Significantly Impacted by COVID-](#)

[19](#)

What: Opportunity for select F award recipients in the last year of their award to apply for a funded extension to support their career development to facilitate successful transition to research independence

NIAID [Notice to Extend Eligibility for Submission of NIAID K99 /R00 Pathway to Independence Award Applications \(and Physician-Scientist K99/R00\) due to COVID-related Disruptions](#)

NIDCR [Continuation of Temporary Extension of Eligibility for the NIDCR Dual Degree Dentist Scientist Pathway to Independence Award \(K99/R00\) During the COVID-19 Pandemic](#)

NINDS [Temporary Extension of Eligibility for the NINDS F32 Award Due the COVID-19 Pandemic](#)

Office of The Director [Continuation of Temporary Extension of Eligibility for the NIH K99/R00 Pathway to Independence Award During the COVID-19 Pandemic](#)

Office of The Director [Exceptions to Use of a Single IRB During the Coronavirus Disease 2019 \(COVID-19\) Public Health Emergency](#)

What: NIH-funded research studies subject to the 2018 requirements for the Federal Policy for the Protection of Human Subjects and its cooperative research provision and that are

ongoing or initially reviewed by the Institutional Review Board during the COVID-19 public health emergency may request an exception to the use of a single IRB

Office of The Director [Extended Guidance for Applicants Preparing Applications During the COVID-19 Pandemic](#)

What: Notice to extend the guidance that NIH grant applications should NOT include contingency plans that would outline steps needed to recover from temporary, emergency situations, or institutional return-to-the-workplace plans, resulting from the COVID-19 pandemic

Office of The Director [Extending the Special Exception to the NIH/AHRQ/NIOSH Post-Submission Material Policy During the COVID-19 Pandemic: January 2022 Council](#)

See also: [Extending the Special Exception to the NIH/AHRQ/NIOSH Post-Submission Material Policy During the COVID-19 Pandemic](#)

And: [Extending the Special Exception to the NIH/AHRQ/NIOSH Post-Submission Material Policy During the COVID-19 Pandemic: August/October 2021 Councils](#)

Office of The Director [Guidance for Applicants Preparing Applications for the Fall 2020 Due Dates During the COVID-19 Pandemic](#)

What: Guidance for investigators and institutions preparing NIH grant applications for the May 2021 Council round, beginning

with applications submitted for the September 25, 2020 due date

Office of The Director [Notice of Correction to NOT-OD-21-103, "Notice of Special Interest \(NOSI\): Emergency Competitive Revisions for Community-engaged COVID-19 Testing Interventions among Underserved and Vulnerable Populations – RADx-UP Phase II \(Emergency Supplement - Clinical Trial Optional\)](#)

Office of The Director [Reminder – Requesting Extensions for Early Career Scientists Whose Career Trajectories Have Been Significantly Impacted by COVID-19](#)

What: Reminder that NIH is providing an opportunity for recipients of NIH Fellowship and NIH Career Development awards who have been impacted by COVID-19 to request no-cost and funded extensions

Office of the Director [Temporary Extension of Eligibility for the NIH K99/R00 Pathway to Independence Award During the COVID-19 Pandemic](#)

What: Due to disruptions caused by the COVID-19 pandemic, NIH will be providing up to a two-receipt cycle extension (roughly eight additional months) of eligibility for prospective applicants meeting the requirements for submission of a K99/R00 application from the time period covered by the June/July 2020 due dates through the February/March 2021 due dates. Under normal circumstances,

individuals must have no more than four years of postdoctoral research experience to be eligible to apply for a K99/R00 award

NIH Point-of-Care Technology Research Network

NIBIB and NIH POCTRN [Fast-Track Program for COVID-19 Test Development and Distribution](#)

What: Funding to rapidly produce innovative SARS-CoV-2 diagnostic tests that will assist the public's safe return to normal activities with the help of the Rapid Acceleration of Diagnostics technology development program

Who should apply: Anyone with a research interest in diagnostics for SARS-CoV-2

Award: Projects are broken into three phases, and funding amount is dependent upon phase; see FOA for more details

Deadline: Open on a rolling basis

Parent Announcements

PA-18-935 Multiple NIH Organizations [Urgent Competitive Revision to Existing NIH Grants and Cooperative Agreements \(Urgent Supplement - Clinical Trial Optional\)](#)

What: FOA to submit applications for urgent competitive revisions; intended to provide funds for NIH grantees applying to expand the scope of their active grant

Who should apply: Anyone with an active grant from one of the participating organizations who can accomplish their research within the active award

Award: No minimum or maximum/within

duration of the parent award

Deadline: Open dates vary by awarding IC

PA-20-135 Multiple NIH Organizations [Emergency Competitive Revision to Existing NIH Awards \(Emergency Supplement - Clinical Trial Optional\)](#)

What: : FOA to submit applications for emergency competitive revisions; offers NIH grantees additional funds for research responsive to the 2019-nCoV outbreak that *falls within the scope of an ongoing grant*

Who should apply: Anyone with an active grant from one of the participating organizations, such as the NIAID, who can accomplish their research within the competitive segment of the active award

Award: No minimum or maximum/within duration of the parent award

Deadline: Open dates vary by awarding IC

Applies to PA-18-935

NCI [Notice of Information: Contributing to the Global COVID-19 Crisis Response by Allowing Some NCI-supported Projects to be Redirected to COVID-19-related Research During the Crisis](#)

What: The NCI is considering requests from its funded grantees to engage in limited COVID-19 related research using part of their existing NCI-funded resources

Who should apply: Current NCI grantees

Award: Within the existing award budget/for the duration of the pandemic

Deadline: For the duration of the pandemic

NIGMS [NOSI: Availability of Urgent Award for Competitive Revisions to IDeA-CTR Awards to Address the Continued Need for Documenting COVID-19-Related Patient Outcomes](#)

What: Notice of supplements to serve the continued need for documenting COVID-19-related patient outcomes among medically underserved populations

Who should apply: Grantees with an active NIGMS IDeA-CTR U54 award

Award: Up to \$2 million/one year

Deadline: June 18, 2021, 5 p.m. PT

Multiple NIH Organizations [NOSI regarding the Availability of Urgent Competitive Revisions and Administrative Supplements for Research on Coronavirus Disease 2019 \(COVID-19\) in Individuals with Down Syndrome for the INCLUDE Project](#)

What: Aims to highlight the urgent need for research on SARS-CoV-2 and COVID-19 in individuals with Down syndrome in conjunction with the INCLUDE Project

Who should apply: Currently funded grantees under one of the sponsoring organizations

Award: Up to \$1 million/one year

Deadline: July 12, 2021, 5 p.m. PT

NIGMS [NOSI: Availability of Urgent Competitive Revisions for Modeling Research on Coronavirus Disease 2019 \(COVID-19\) and the Causative Virus SARS-CoV-2](#)

What: Supports incorporation of data related to SARS-CoV-2 into ongoing research efforts to

develop predictive computational models for the spread of SARS-CoV-2

Who should apply: Active NIH grantees

Award: Not limited/no longer than the duration of the parent award

Deadline: Rolling through Dec. 15, 2021

NIDA [NOSI Announcing the Availability of Administrative Supplements and Urgent Competitive Revisions for Research on the 2019 Novel Coronavirus](#)

What: Notice to highlight the urgent need for continued research on the impacts of SARS-CoV-2; NIDA is especially interested in research collecting and examining data on the risks and outcomes for COVID-19 infection in individuals suffering from substance use disorders

Who should apply: Active NIDA grantees

Award: Up to \$200,000/up to two years

Deadline: Rolling through March 31, 2022

Applies to PA-20-135

NIAID [NOSI regarding the Availability of Emergency Competitive Revisions for Select Research Activities related to Severe Acute Respiratory Syndrome Coronavirus 2 \(SARS-CoV-2\) and Coronavirus Disease 2019 \(COVID-19\)](#)

What: Highlights very specific and limited needs for Competitive Revision applications to active NIAID grants in order to further build the infrastructure that NIAID needs to support the COVID-19 research response

Who should apply: PIs on active NIAID grants

Award: No more than the annual amount of

the current parent award/up to two years

Deadline: Rolling through July 2, 2021

NCATS [NOSI regarding the Availability of Emergency Competitive Revisions to Existing NIH Grants and Cooperative Agreements for Tissue Chips Research on the 2019 Novel Coronavirus](#)

What: Supports research on the use of microphysiological systems or tissue chips in collecting and examining data on the risks and outcomes for COVID-19 infection

Who should apply: Anyone with funding through the NIH Microphysiological Systems Program, microphysiological systems programs from across NIH and SBIR/STTR-supported investigators

Award: No more the current amount of the parent award/up to two years

Deadline: Open through Jan. 25, 2022

NCATS [NOSI: Availability of Emergency Competitive Revisions for the Clinical and Translational Science Award \(CTSA\) Program to Address COVID-19 Public Health Needs](#)

What: Supports high-priority clinical studies and trials to test therapeutics for COVID-19

Who should apply: Current Clinical and Translational Science Award (CTSA) UL1 and U24 award recipients

Award: Not limited/no longer than the duration of the parent award

Deadline: Open through Aug. 16, 2024

FOAs

NCATS [Urgent Phase I/II Clinical Trials to Repurpose Existing Therapeutic Agents to Treat COVID-19 Sequelae \(U01 Clinical Trial Required\)](#)

What: Supports research to repurpose existing therapeutic agents to treat COVID-19 sequelae and associated complications that result from SARS-CoV-2 infections

Who should apply: Anyone with a research interest in repurposing therapeutic agents

Award: Up to \$9 million/up to three years

Deadline: Rolling starting Aug. 6, 2020

FDA [Pediatric and Perinatal COVID-19 Registry \(U18\) Clinical Trials Optional](#)

What: Supports the development of a compendium-type resource incorporating pediatric and perinatal COVID-19 registries, natural history and other data to support the linkage of mother-infant pair data in COVID-19 positive mothers and to identify the short and longer-term outcomes in neonates and infants who are perinatally exposed to and/or test positive for SARS CoV-2

Who should apply: Anyone with a research interest in mother-infant health relationships and COVID-19

Award: Up to \$2 million/up to two years

Deadline: July 6, 2021, 8:59 p.m. PT

Multiple NIH Organizations [Emergency Awards: Community-engaged COVID-19 Testing Interventions among Underserved and Vulnerable Populations – RADx-UP Phase](#)

II (U01 Clinical Trial Optional)

What: Supports research to expand the scope and reach of RADxSM-UP testing interventions to reduce COVID-19 disparities among underserved and vulnerable populations and address scientific questions on interventions to increase access and uptake of COVID-19 testing given the increasing availability of SARS-CoV-2 vaccines

Who should apply: Anyone with a research interest in COVID-19 testing disparities

Award: Up to \$1.5 million/up to two years

Deadline: July 7, 2021, 5 p.m. PT

Multiple NIH Organizations [Emergency Award: RADx-UP - Social, Ethical, and Behavioral Implications \(SEBI\) Research on Disparities in COVID-19 Testing among Underserved and Vulnerable Populations \(U01 Clinical Trials Optional\)](#)

What: Supports research to expand research to understand and address the social, ethical and behavioral implications of COVID-19 testing interventions among underserved and vulnerable populations

Who should apply: Anyone with a research interest in COVID-19 and social, ethical and behavioral implications

Award: Up to \$800,000/up to two years

Deadline: July 7, 2021, 5 p.m. PT

Multiple NIH Organizations [Emergency Award: Social, Behavioral, and Economic Research on COVID-19 Consortium \(U01 Clinical Trial Not Allowed\)](#)

What: Supports research on the impact of SARS-CoV-2 and associated mitigation efforts on individual, family and community behavior and how subsequent economic disruption affects health outcomes with close attention to underserved and vulnerable populations

Who should apply: Anyone with a research interest in social, behavioral and economic research related to COVID-19

Award: Up to \$2.5 million/up to five years

Deadline: Nov. 8 2021, 5 p.m. PT

Other Notices of Special Interest

NCATS [NOSI: Clinical and Translational Science Award \(CTSA\) Program Applications to Address 2019 Novel Coronavirus \(COVID-19\) Public Health Need](#)

What: Solicits applications for Administrative Supplements to UL1, U01, and R21 awards (through [PA-18-591](#)), Collaborative Innovation Awards to U01 and R21 awards (through [PAR-19-099](#) and [PAR-19-100](#), respectively), and Competitive Revisions for UL1 awards for each of the non-administrative supplement awards (through [PAR-19-337](#))

Who should apply: Anyone with an active grant with an activity code listed above

Award: Dependent upon FOA

Deadline: Dependent upon FOA

NCATS [NOSI: Repurposing Existing Therapeutics to Address the 2019 Novel Coronavirus Disease \(COVID-19\)](#)

What: Supports projects that repurpose existing drugs or biologics (existing

therapeutics) that have begun or completed a Phase I clinical trial to study COVID-19

Who should apply: Specific eligibility not listed

Award: Dependent upon FOA

Deadline: Dependent upon FOA

NIAID [NOSI on Pan-Coronavirus Vaccine Development Program Projects](#)

What: Supports research that incorporates understanding of CoV virology and immunology, immunogen design and vaccine and adjuvant platforms and technologies to discover, design and develop pan-coronavirus vaccine candidates that provide broad

protective immunity to multiple CoV strains

Who should apply: Anyone with a research interest in pan-coronavirus vaccines

Award: Not limited/up to five years

Deadline: June 11, 2021

NIDA and NIMH [Notice of Special Interest \(NOSI\): Research on Strategies to Enhance Mental Health Interventions and Services within Employment and Job Training Settings](#)

What: Supports research focused on detection and intervention to prevent or treat mental health concerns, symptoms or disorders including drug-related conditions among unemployed and underemployed people participating in employment programs and job training settings

Who should apply: Anyone with a research interest in mental health and underemployment/unemployment

Award: Dependent upon FOA

Deadline: Open from June 15, 2021 through Sept. 8, 2023

NICHD and ORWH [NOSI to Encourage Administrative Supplement Applications to Investigate COVID-19 Vaccination and Menstruation \(Admin Supp – Clinical Trial Optional\)](#)

What: Supports targeted supplement applications to examine the impact of SARS-CoV-2 vaccines on menstruation

Who should apply: Grantees with active NICHD parent awards focused on clinical research; non-NICHD parent awards will be considered if deemed compelling

Award: Up to \$300,000/one year

Deadline: June 17, 2021, 5 p.m. PT

NIAMS [Notice of Special Interest: Promoting Research on COVID-19 and Rheumatic, Musculoskeletal and Skin Diseases](#)

What: Encourages basic, translational, pre-clinical and clinical observational research focused on COVID-19 infection and its intersection with rheumatic, musculoskeletal, and skin diseases and conditions

Who should apply: Anyone with a research interest in COVID-19 and diseases within the NIAMS mission

Award: Dependent upon FOA

Deadline: Open through Nov. 18, 2021

Multiple NIH Organizations [NOSI: Research to Address Vaccine Hesitancy, Uptake, and Implementation among Populations that](#)

[Experience Health Disparities](#)

What: Supports research strategies and interventions to address vaccine hesitancy, uptake and implementation among US populations who experience health disparities

Who should apply: Anyone with a research interest in vaccine hesitancy

Award: Not limited/up to five years

Deadline: Open through Jan. 8, 2022

NCATS [NOSI regarding the Availability of Administrative Supplements for Tissue Chips Research on the 2019 Novel Coronavirus](#)

What: Supports research on the use of microphysiological systems or tissue chips in collecting and examining data on the risks and outcomes for COVID-19 infection

Who should apply: Anyone with funding through the NIH Microphysiological Systems Program, microphysiological systems programs and SBIR/STTR-supported investigators

Award: No more than 25 percent of the total amount of the parent award/up to one year

Deadline: Open through Jan. 25, 2022

NICHD and NIMH [NOSI: COVID-19 Related School Disruptions Impact on Mental Health, Cognitive, Social, and Emotional Development of Children](#)

What: Supports research to understand the mental health impact of the COVID-19 pandemic on school-aged children, specifically ages 3 to 12

Who should apply: Anyone with a research interest in the pandemic's effect on children's

mental health

Award: Not limited/up to five years

Deadline: Open through Sept. 8, 2022

NIDCD [NOSI: NIDCD is Interested in Supporting Research on the Impact of COVID-19 on Mission Specific Sensory and Communication Disorders](#)

What: Supports research on COVID-19 in relation to NIDCD's scientific programs of hearing, balance, taste, smell, voice, speech and language

Who should apply: Specific eligibility not listed

Award: Dependent upon FOA you use

Deadline: Open through Sept. 8, 2022

NIA [NOSI: Neurological and Neurocognitive Sequelae from SARS-CoV-2 Infection and COVID-19 in Aging and Age-Related Neurodegeneration](#)

What: Supports basic and clinical mechanistic research on neurological and neurocognitive sequelae originating from SARS-CoV-2 infection and COVID-19 in aging and age-related neurodegeneration

Who should apply: Anyone with a research interest in COVID-19 and aging and age-related neurodegeneration

Award: Dependent upon FOA you apply through

Deadline: Open through May 7, 2023

Multiple NIH Organizations [NOSI: Simulation Modeling and Systems Science to Address Health Disparities](#)

What: Supports the development and evaluation of simulation modeling and systems science to understand and address minority health and health disparities, including those related to COVID-19

Who should apply: Anyone with a research interest in modeling systems and health disparities

Award: Not limited/up to five years

Deadline: Open through May 8, 2023

[NIA NOSI: Aging-Relevant Behavioral and Social Research on Coronavirus Disease 2019 \(COVID-19\)](#)

What: Supports research on the longer-term effects of COVID-19 on the health and well-being of those infected, those caring for the sick and others whose lives were disrupted by the pandemic and its associated mitigation and prevention strategies

Who should apply: Anyone with a research interest in COVID-19 and behavioral, social and aging research

Award: Dependent upon FOA

Deadline: Open through May 8, 2023

[NICHD NOSI – Research on Rehabilitation Needs Associated with the COVID-19 Pandemic](#)

What: Encourages research to address the rehabilitation needs of survivors of COVID-19, understand the impact of disruptions to rehabilitation services caused by the COVID-19 pandemic and associated mitigation actions and understand the social, behavioral,

economic, and health impact of the COVID-19 pandemic and the associated mitigation actions on people with physical disabilities

Who should apply: Anyone with a research interest in rehabilitation and COVID-19

Award: Award and duration not specified

Deadline: Open through May 8, 2023

[NIDCR NOSI: NIDCR Support for Research on the Physiological Involvement of Oral Cavity in Coronavirus Disease 2019 \(COVID-19\)](#)

What: Supports research studies focused on the physiological involvement of oral cavity and oral manifestations related to SARS-CoV-2 and/or COVID-19

Who should apply: Anyone with a research interest in COVID-19 and the oral cavity

Award: Dependent upon FOA you apply through

Deadline: Open through May 8, 2023

[NIMH Notice of Special Interest: Administrative Supplements for COVID-19 Impacted NIMH Research](#)

What: Supports administrative supplements to cover unanticipated costs caused by the COVID-19 pandemic or related mitigation efforts that could not be covered by rebudgeting existing funds

Who should apply: Investigators and institutions with active NIMH awards that have been significantly impacted by COVID-19

Award: No more than the parent award/no longer than the parent award

Deadline: Open through June 1, 2023

[NICHD and ORWH Notice of Special Interest: Emerging Viral Infections and their Impact on the Male and Female Reproductive Tract](#)

What: Supports applications proposing cutting-edge research on emerging viral infections including COVID-19 and Zika that are thought to primarily impact non-reproductive sites, at least at initial presentation, but may also affect the reproductive tract

Who should apply: Anyone with a research interest in viruses and reproductive tracts

Award: Dependent upon the parent award

Deadline: Open through July 16, 2023

[NICHD and SGMRO NOSI: Research on the Impact of the Covid 19 Pandemic and Risks for Abuse and Injury Among Vulnerable Children and Youth](#)

What: Call for more data and research resources to identify, substantiate and improve care and ultimately outcomes for vulnerable children and youth during and following the current crisis

Who should apply: Anyone with a research interest in COVID-19 and child abuse

Award: Dependent upon FOA

Deadline: Open through May 31, 2024

[NCATS NOSI: Administrative Supplements for the Clinical and Translational Science Award \(CTSA\) Program to Address COVID-19 Public Health Needs](#)

What: Supplements for projects that address the COVID-19 Public Health Emergency

through Clinical and Translational Science Award Program recipients

Who should apply: Active Clinical and Translational Science Award UL1 component award recipients

Award: No more than parent/up to two years

Deadline: Open through Aug. 16, 2024

NIDA NOSI: [Effects of smoking and vaping on the risk and outcome of COVID-19 infection](#)

What: Supports research on the effects of smoking or vaping tobacco or marijuana on the risk of acquiring COVID-19 and the clinical course of the infection

Who should apply: Anyone with a research interest in COVID-19 and smoking and vaping

Award: Dependent upon FOA

Deadline: Open through Sept. 7, 2024

NIDA NOSI: [Long-Term Neurocognitive Consequences of COVID-19 in Individuals Living with HIV and Substance Use Disorders](#)

What: Supports research focused on studying the long-term neurocognitive consequences of the COVID-19/HIV/SUDs syndemic

Who should apply: Anyone with a research interest in COVID-19 and HIV-positive individuals with substance use disorders

Award: Dependent upon FOA you apply through

Deadline: Open through Sept. 7, 2024

NIDA NOSI: [Medical Consequences of Smoking and Vaping Drugs of Abuse in Individuals with HIV and COVID-19](#)

What: Supports research focused on individuals with HIV who smoke or vape marijuana, tobacco, cocaine and/or methamphetamine to determine the long-term effects of their use among individuals with HIV and COVID-19

Who should apply: Anyone with a research interest in COVID-19 and HIV-positive individuals with substance use disorders

Award: Dependent upon FOA you use

Deadline: Open through Sept. 7, 2024

Other Federal Organizations

BARDA

BARDA DRIVE [EZ-BAA](#)

What: The current EZ-BAA solicitation (BAA-20-100-SOL-0002) includes an Area of Interest on developing technologies for early detection of COVID-19 through monitoring health status

Who should apply: Anyone with a research interest in early detection of COVID-19

Award: Up to \$749,000/not specified

Deadline: Rolling through Feb. 3, 2023

NSF

NSF [Dear Colleague Letter on the Coronavirus Disease 2019 \(COVID-19\)](#)

What: Calls for proposals to conduct non-medical, non-clinical-care research that can be used immediately to explore how to model and understand the spread of COVID-19; apply through [existing funding opportunities](#) and the Rapid Response Research funding mechanism

Who should apply: No specific eligibility

guidelines; direct proposals either to a program officer managing an NSF program with which the research would be aligned or to rapid-covid19@nsf.gov

Award: Up to \$200,000/up to one year for RAPID proposals

Deadline: Open

NSF [Rapid Response Research \(RAPID\) Funding Mechanism](#)

What: Proposal used when there is a severe urgency with regard to availability of or access to data, facilities or specialized equipment, including quick-response research on natural or anthropogenic disasters and similar unanticipated events

Who should apply: No specific eligibility guidelines; direct proposals either to a program officer managing an NSF program with which the research would be aligned or to rapid-covid19@nsf.gov

Award: Up to \$200,000/up to one year

Deadline: Open

New this week!

NSF [Predictive Intelligence for Pandemic Prevention Phase I: Development Grants \(PIPP Phase I\)](#)

What: Supports research on articulation of an NSF grand challenge centered around a critical and broad question in pandemic predictive intelligence, proposals of novel conceptual research and technology developments that aim to advance state-of-the-art forecasting, real-time monitoring, mitigation and

prevention of the spread of pathogens, and multidisciplinary team formation

Who should apply: PIs and co-PIs with balanced participation from computer and information science, biology, engineering and social, behavioral and economic sciences

Award: Up to \$25 million in total funding with 25 to 30 estimated awards/one and a half years

Deadline: Oct. 1, 2021, 5 p.m. PT

Private Organizations

COVID-19 Early Treatment Fund [Outpatient Trials for Repurposed Drugs](#)

What: Funds outpatient clinical trials to repurpose existing drugs for effective COVID-19 treatment with the goal of rapidly testing and implementing the use of drugs that have already gone through extensive safety testing and are currently approved and marketed for other indications

Who should apply: Anyone with a research interest in repurposing drugs for COVID-19

Award: Not specified

Deadline: Not specified

ImpactAssets [Stop the Spread COVID Response Program](#)

What: Call to companies and organizations to spur development of PPE for both medical and non-medical use, novel testing solutions, widely-accessible therapeutics and digital health solutions to address the needs of underserved communities and vulnerable

populations

Who should apply: Anyone with a research interest in PPE

Award: Not limited

Deadline: Not specified

Oak Ridge National Laboratory [Call for Rapid Access Proposals for COVID-19 Research](#)

What: Supports research into the COVID-19 virus and the search for effective diagnostics and therapies through the use of neutron macromolecular crystallography, small angle scattering, reflectometry, spectroscopy and imaging beamlines

Who should apply: Researchers who would like to use these resources should submit a short rapid access proposal, outlining experiment aims and scope

Award: Access to beamlines at the Spallation Neutron Source and High Flux Isotope Reactor at Oak Ridge National Laboratory

Deadline: Rolling

Robert Wood Johnson Foundation [Pioneering Ideas: Exploring the Future to Build a Culture of Health](#)

What: Supports proposals to address any of these four areas of focus: Future of Evidence, Social Interaction, Food and Work; not directly aimed at COVID-19 but proposals can relate to the pandemic

Who should apply: Anyone who wants to research COVID-19 and health equity

Award: No minimum or maximum, average amount \$315,031/generally between one to

three years

Deadline: Rolling

This organization is on the [President's List](#); submit a [notice of intent form](#) before applying

Doris Duke Charitable Foundation, the Burroughs Wellcome Fund, Rita Allen Foundation and Walder Foundation [COVID-19 Fund to Retain Clinical Scientists](#)

What: Grant opportunity for U.S. medical schools that are evolving to strengthen policies, practices and processes to support the research productivity and retention of early-career faculty with family caregiving responsibilities

Who should apply: Researchers conducting an original and rigorous clinical research project that has the potential to address a health issue that poses a significant clinical burden who are early-career faculty, defined as a having a full-time, post-training instructor or assistant professor faculty appointment and demonstrate a compelling, time-sensitive need for the supplement to regain research momentum because of increased family caregiving responsibilities caused by COVID-19

Award: Up to \$500,000/two years

Deadline: *LOI due:* June 22, 2021, noon PT;

Application due: July 20, 2021, noon PT

Robert Wood Johnson Foundation [Research in Transforming Health and Health Care Systems](#)

What: Supports research studies that evaluate or predict how enrollees are affected by

Medicaid policy changes enacted in response to the COVID-19 pandemic

Who should apply: Anyone with a research interest in Medicaid and racial inequity

Award: Up to \$350,000/not specified

Deadline: *LOI due:* June 28, 2021, noon PT;

***Application due:* Nov. 1, 2021, noon PT**

This organization is on the [President's List](#);

submit a [notice of intent form](#) before applying
