OHSU Funding Alerts:
Week of December 9, 2021

OHSU Funding Opportunities

Neuroscience || Oregon Roybal Center for Care Support Translational Research Advantaged by Integrating Technology (ORCASTRAIT) Pilot Program
What: Supports pilot studies necessary to inform ongoing and future research consistent with the ORCASTRAIT aims to substantially improve the science of Alzheimer’s disease and related dementia care provider interventions
Who should apply: ADRD researchers with work that will lead to innovative care provider intervention research enhanced by technology
Award: Up to $95,000/one year
Deadline: LOI due: Dec. 10, 2021, 5 p.m. PT; Application due: Jan. 14, 2022, 5 p.m. PT
Send questions to Dara Wasserman; use LOI form

Multidisciplinary || MRF New Investigator Grant
What: Supports promising investigators in biomedical research at the beginning of their independent careers
Who should apply: Assistant professors or equivalent who are independent but new to research and don’t yet have funding sources
Award: Up to $50,000/one year
Deadline: Dec. 15, 2021, 11:59 p.m. PT
Apply through the CAP

Multidisciplinary || MRF and OHSU Emergency Interim Support and Bridge Funding
What: Provides funding for research programs that have lost national grant funding and enables investigators to develop data supporting application renewals; OHSU applicants can apply for both MRF Emergency Interim Support and OHSU Bridge Funding
Who should apply: Researchers who need funding to keep their programs going
Award: Up to $50,000 from each MRF and Bridge funding/one year
Deadline: Dec. 15, 2021, 11:59 p.m. PT
Apply through the CAP

Multidisciplinary || MRF Early Clinical Investigator Award
What: Funding to further the development postdoctoral fellows or trainees who interact with human subjects and who are interested in a career in clinical or translational research
Who should apply: Postdoctoral trainees and fellows with specific plans for a career in clinical research
Award: Up to $30,000/one year

Women’s Health || Circle of Giving Women’s Health Research Funding Opportunity
What: Supports new or established investigators interested in developing

Deadline: Dec. 15, 2021, 11:59 p.m. PT
Apply through the CAP

FEATURED OPPORTUNITIES

Neuroscience || Alzheimer’s Drug Discovery Foundation Core Funding Programs
What: Supports research that advances therapeutic and biomarker development for Alzheimer’s and related dementias through four mechanisms including drug development and clinical trial funding
Who should apply: Anyone with a research interest in Alzheimer’s and related dementias
Award: Between $600,000 and $3 million/between one and multiple years
Deadline: LOI due: Feb. 4, 2022, 2 p.m. PT; Applications due: April 8, 2022, 2 p.m. PT
This organization is on the President’s List; submit a notice of intent form before applying

Neuroscience || Simons Foundation Autism Research Initiative Bridge to Independence Award
What: Supports early-career scientists in autism research by facilitating their transition to research independence and providing grant funding at the start of their professorships
Who should apply: Investigators currently in non-independent and mentored training positions who are actively seeking a tenure-track position at a U.S. or Canadian institution of higher education during the 2022-2023 academic year
Award: Up to $495,000/up to three years
Deadline: Feb. 28, 2022, 2 p.m. PT
This organization is on the President’s List; submit a notice of intent form before applying
innovative directions in research that will advance women’s health; applications may be in basic science, clinical investigation, population health or behavioral research

**Who should apply:** OHSU faculty at the rank of instructor, assistant, associate or full professor

**Award:** $125,000/one year

**Deadline:** Jan. 7, 2022

**Apply through the CAP**

**New this week!**

**Multidisciplinary | Oregon National Primate Research Center Pilot Grant Research Program**

**What:** Funding to encourage activities related to the use of nonhuman primates for biomedical research or for studies enhancing NHP welfare or husbandry

**Who should apply:** PIs who are faculty rank and eligible to serve as PIs on NIH R-type and similar grants; applicants do not need to be ONPRC core scientists but if a non-core scientist is PI, an ONPRC core scientist must be involved in planning, execution, and supervision and assume responsibility for overall project management, coordination and progress reports

**Award:** Up to $50,000/up to one year

**Deadline:** Jan. 14, 2022, midnight PT

**Apply through the CAP;** contact Laura Erker or Elizabeth Sturgill for application assistance

**Trauma | Trunkey Center Research and Innovation Awards**

**What:** Supports progress on clearly articulated, early-phase research and innovation projects by providing opportunities for pilot testing, preliminary data collection, prototype development, feasibility or needs assessments or similar activities

**Who should apply:** Teams of faculty, staff, and students/residents either from or outside OHSU; each project team must include at least one OHSU member who serves as PI or Co-PI

**Award:** Between $5,000 and $20,000/up to two years

**Deadline:** Jan. 14, 2022, midnight PT

**Apply through the CAP**

**New this week!**

**Multidisciplinary | OHSU Collaborations and Entrepreneurship and OHSU Technology Transfer IDEA Gap Funding**

**What:** Funding for developing technologies to help bridge the early-stage funding gap often experienced by innovators when moving through the commercialization process

**Who should apply:** All employees and students of OHSU; if either human subjects or animals are included in the project scope of work, the applicant must meet OHSU Principal Investigator requirements and non-faculty applicants must submit written approval from their supervisor or department head authorizing effort on the grant including the specific amount

**Award:** Up to $40,000/typically one year

**Deadline:** Jan. 24, 2022

**To apply, contact Jonathan Jubera to schedule a consultation to determine eligibility;** further instructions in RFA

**Multidisciplinary | NIGMS, OHSU Research & Innovation and Vollum Institute OHSU Postbaccalaureate Research Education Program (PREP)**

**What:** Program for recruiting and retaining Persons Excluded because of their Ethnicity or Race (PEER) postbacs for an intensive, mentored experience research experience with the goal to prepare them for pursuing a graduate degree in biomedical research

**Who should apply:** Researchers who have graduated or are in the process of graduating
with a baccalaureate degree in a biomedically relevant science from an accredited college or university after June 1st, 2019, are US citizens, nationals or permanent residents, are not currently enrolled in a degree program and belong to a group considered to be underrepresented in the field of biomedical research; see more details

**Award:** Competitive research assistant salary and health benefits/one year

**Deadline:** March 1, 2022, 11:59 p.m. PT

Send questions to PREPtograd@ohsu.edu

Apply through the CAP

**Multidisciplinary || Alliance for Visible Diversity in Science Elevate Award**

**What:** Recognizes a member of the OHSU community for making effective strides in racial equity and inclusion

**Who should apply:** Individuals who have catalyzed positive change in cultivating a more equitable and inclusive environment within the research community; self-nominations welcome and all OHSU members can nominate

**Award:** $500

**Deadline:** Open now

**Cancer || CEDAR NIH Catalyst Funding**

**What:** Funding designed to help scientists pursuing CEDAR relevant research address reviewer concerns and resubmit their proposals to the National Institutes of Health

**Who should apply:** Applicants to NIH awards who received a score but were not funded that advance the preparation of high-quality grant or contract applications

**Who should apply:** OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health who have an extramural RFA or other opportunity identified

**Award:** From $500 to $5,000/up to six months

**Deadline:** Accepted on a rolling basis through March 31, 2022

Apply through the CAP

**Multidisciplinary || OHSU School of Medicine Exploratory Research Seed Grants**

**What:** Supports investigators who need to work with an OHSU core or with the Pacific Northwest National Laboratory (PNNL) to develop preliminary data for an application for extramural research support

**Who should apply:** School of Medicine faculty in the professorial series who have not received this award within the last year

**Award:** Up to $5,000/one year

**Deadline:** Applications accepted anytime

Apply through the CAP

**Limited Submission Opportunities**

**Cancer || Mary Kay Foundation Cancer Research Grants**

**What:** Supports translational research in ovarian, uterine, breast or cervical cancer that would improve diagnosis, prognosis, prevention or treatment of one of the listed cancers
Who should apply: Full time assistant professors and higher studying ovarian, uterine, breast or cervical cancer
Award: Up to $100,000/up to two years
Deadline: Internal submission due: Dec. 10, 2021; Application due: Feb. 4, 2021, 9:59 p.m. PT
Apply through the CAP

New this week!

Multidisciplinary || NSF Major Research Instrumentation Program: (MRI)
What: Supports the acquisition or development of a multi-user research instrument that is, in general, too costly and/or not appropriate for support through other NSF programs
Who should apply: Anyone who would like to acquire an expensive research instrument
Award: Up to $4 million/up to five years
Deadline: Internal submission: Dec. 17, 2021; Application due: Jan. 19, 2022, 5 p.m. PT
Apply through the CAP

Multidisciplinary || Ono Pharma Foundation Breakthrough Science Initiative Awards Program
What: Supports high-risk and high-reward science research projects, particularly projects about technical innovations and chemical biology research that provide solutions to human health barriers
Who should apply: Young and/or mid-career scientists (15 years or less from start of independent academic position) who has no previous relationship with the Ono Pharma Foundation; PIs also may not apply for funding to amplify current work
Award: Up to $1.035 million/up to three years
Deadline: Internal submission due: Dec. 22, 2021; LOI due: Feb. 17, 2022, 2 p.m. PT; Application due: May 18, 2022, 2 p.m. PT
Apply through the CAP
This organization is on the President’s List; submit a notice of intent form before applying

Cancer || NCI Pathway to Independence Award for Outstanding Early Stage Postdoctoral Researchers
What: Funding to increase and maintain a strong cohort of new, talented and NCI-supported independent investigators; includes RFA-CA-21-062 (K99/R00 - Independent Basic Experimental Studies with Humans Required), RFA-CA-21-060 (K99/R00 - Independent Clinical Trial Not Allowed) and RFA-CA-21-061 (K99/R00 - Independent Clinical Trial Required)
Who should apply: Mentored postdocs in cancer research with no more than two years of postdoctoral research experience; more eligibility info in FOA
Award: Up to $650,000 plus indirect costs/up to five years
Deadline: Internal submission due: Dec. 28, 2021; LOI due: Jan. 24, 2022 (LOI not required but highly encouraged); Application due: Feb. 24, 2022, 5 p.m. PT
Apply through the CAP

Cancer || Cancer Research Institute Irvington Postdoctoral Fellowship Program
What: Supports young immunologists and cancer immunologists by continuing their training under the guidance of a world-renowned immunologist who mentors the fellow and prepares them for a productive and successful career in cancer immunology
Who should apply: Postdocs working in immunology or cancer immunology who have less than five years of relevant postdoc experience
Award: $175,000/three years
Deadline: Internal submission due: Jan. 4, 2022; Application due: March 1, 2022, 2 p.m. PT

Apply through the CAP

**Multidisciplinary | Vascular Cures Wylie Scholar Program**

What: Provides development grants to vascular surgeon-scientists in the early stages of their careers. *(Note: The Wylie Scholars Program’s 2022 applications will not open until December 2022. Deadlines and award information shown here are subject to change)*

Who should apply: Active clinical vascular surgeons who are full-time faculty and are not currently funded by a career development award from the NIH or similar extramural funding agencies; [further eligibility info in program description](#)

Award: $150,000/up to three years

Deadline: Internal submission due: Jan. 6, 2022; This date is subject to change until Vascular Cures announces the 2022 deadline

Apply through the CAP

**Merit Prizes and Awards**

**Physical Therapy | Lymphatic Education & Research Network Gordon Research Conference Travel Awards**

What: Scholarships for young investigators to defray registration and travel costs associated with attending the [2022 Gordon Research Conference: Lymphatics](https://www.medicinenet.com/lymphatics/gordon-research-conference/travel-awards/) *(Lymphatic Vessels as Multifaceted Regulators of Health and Disease)* being held in Lucca (Barga), Italy, from February 27 to March 4, 2022

Who should apply: PhD students and postdoctoral scholars within the first five years of earning a PhD

Award: Up to $1,000

Deadline: Dec. 31, 2021

**Psychology | American Psychological Association Jack D. Krasner Memorial Award**

What: Recognizes promising contributions to psychotherapy, psychology and Div. 29 (Society for the Advancement of Psychotherapy) by a division member with 10 or fewer years of postdoctoral experience

Who should apply: Div. 29 members who are within ten years of receipt of a doctorate in the field and have demonstrated accomplishment related to psychotherapy theory, practice, research or training

Award: $1,000

Deadline: Dec. 31, 2021

**Multidisciplinary | NOSTER and Science Microbiome Prize**

What: Rewards innovative research by young investigators working on the functional attributes of the microbiota of any organism that has potential to contribute to our understanding of human or veterinary health and disease or to guide therapeutic interventions

Who should apply: Researchers younger than thirty-five who have received their degree in the last 10 years; work submitted for...
consideration must have been performed in the past three years
Award: $25,000
Deadline: Jan. 24, 2022

Neuroscience || Brain Sciences 2022 Young Investigator Awards
What: Honors three young investigators in recognition of their excellence in the field of neuroscience
Who should apply: PhDs who will be under 35 years of age by the deadline, have produced ground-breaking research and made a significant contribution to the advancement of neuroscience and are nominated by senior scientists
Award: Approximately $1,644.46 (amount converted from Swiss Francs)
Deadline: Jan. 31, 2022

COVID-19 Opportunities
Due to the decline in new funding opportunities related to COVID-19, we are transitioning the separate COVID-19 Funding Alerts to this space. You can still view the archive of COVID-19 Funding Alerts, and a list of still-open opportunities will be updated weekly.

New this week!
Multidisciplinary || NIGMS Notice to Extend Eligibility for Submission of "Maximizing Opportunities for Scientific and Academic Independence (Parent K99/R00)" Due to COVID-related Disruptions

New this week!
Multidisciplinary || NIGMS Notice to Extend Eligibility for Submission of "NIH Pathway to Independence Award (Parent K99/R00 Independent Clinical Trial Not Allowed)" Due to COVID-related Disruptions

New this week!
Multidisciplinary || Multiple NIH Organizations Notice of Special Interest (NOSI): Availability of Administrative Supplements for Research on Pathobiological Mechanisms of Post-Acute Sequelae of SARS-CoV-2 Infection
What: Funding to encourage investigators with expertise and insights germane to post-acute sequelae of SARS-CoV-2 infection (PASC) pathobiology to apply for supplemental funding that would enable them to leverage current awards to rapidly advance understanding of the pathobiological underpinnings of PASC
Who should apply: Grantees of active NIH awards
Award: Up to $1.5 million/up to two years
Deadline: Jan. 24, 2022, 5 p.m. PT

Substance Use || NIAAA Notice of Special Interest: Administrative Supplements and Urgent Competitive Revisions on Coronavirus Disease 2019 (COVID-19) within the Mission of NIAAA
What: Administrative supplements and competitive revisions to existing grants and cooperative agreements that advance understanding of critical interactions between alcohol, SARS-CoV-2 and COVID-19
Who should apply: Active NIH grantees with a research interest in alcohol and COVID
Award: Up to $200,000/up to two years
Deadline: Accepted on a rolling basis through May 8, 2024

NIH Federal Opportunities
This week the NIH released funding opportunities concerning drug discovery, urology and diabetes. We’ve highlighted some opportunities of potential interest below.

Neuroscience || Multiple NIH Organizations BRAIN Initiative: Research Resource Grants for Technology Integration and Dissemination (U24 Clinical Trial Not Allowed)
What: Supports efforts to disseminate resources that address compelling needs of neuroscience researchers that are otherwise unavailable or impractical in their current form for integration into neuroscience research practice
Who should apply: Anyone with a research interest in neuroscience research resources
Award: Not limited/up to five years
Deadline: LOI due: Jan. 15, 2022 (LOI not required but highly encouraged); Application due: Feb. 15, 2022, 5 p.m. PT

**Multidisciplinary** || **Multiple NIH Organizations Drug Discovery For Nervous System Disorders [R01 Clinical Trials Not Allowed] and [R21 Clinical Trials Not Allowed]**
What: Supports the discovery of novel compounds for the prevention and treatment of nervous system disorders
Who should apply: Anyone with a research interest in nervous system disorder drugs
Award: For R01: Not limited/up to five years; For R21: Up to $275,000/up to two years
Deadline: R01 due: Feb. 5, 2022, 5 p.m. PT; R21 due: Feb. 16, 2022, 5 p.m. PT

**Immunology** || **NIAID Notice of Special Interest (NOSI): Molecular and Genetic Characterization of Inborn Errors of Immunity**
What: Supports research to advance the experimental validation and functional characterization of genetic variants in coding or non-coding genomic regions that result in inborn errors of immunity/primary immunodeficiency diseases and to elucidate the molecular, cellular and immunological mechanisms of these disorders
Who should apply: Anyone with a research interest in inborn immunity disorders
Award: Dependent upon FOA you apply through
Deadline: Open from Feb. 5, 2022 through Jan. 7, 2025

**Cancer** || **NCI Notice of Special Interest (NOSI): RNA Modifications in Cancer Biology**
What: Supports research focused on better understanding of the extent, diversity and crosstalk between different types of RNA modification and the elucidation of the molecular players that interpret the modification code needed to reveal the mechanisms of RNA modifications that underlie cancer formation and the cancer phenotype
Who should apply: Anyone with a research interest in cancer biology and RNA modification
Award: Dependent upon FOA you apply through
Deadline: Open from Feb. 16, 2022 through May 8, 2023

**Multidisciplinary** || **NICHD, NIDA and NIMH Adolescent Medicine Trials Network for HIV/AIDS Interventions (ATN) Operations and Collaborations Center (UM2 Clinical Trial Optional) and Scientific Leadership Center (UM2 Clinical Trial Optional)**
What: Supports Networks that will develop and conduct innovative behavioral, community-based, translational, therapeutic, microbicide and vaccine trials in youth ages 13-24 years at-risk for HIV and living with HIV, with a focus on the inclusion of minors
Who should apply: Anyone with a research interest in medicine trials for adolescents at-risk and living with HIV
Award: For O&C Center: Up to $48.125 million/up to seven years; For SL Center: Up to $43.75 million/up to seven years
Deadline: LOI due: Feb. 28, 2022 (LOI not required but highly encouraged); Application due: March 31, 2022, 5 p.m. PT

**Multidisciplinary** || **NIDDK High Impact, Interdisciplinary Science in NIDDK Research Areas (RC2 Clinical Trial Optional)**
What: Supports high impact ideas in areas that address specific knowledge gaps, scientific opportunities, new technologies, data generation or research methods that could lay the foundation for new fields of investigation within the mission of NIDDK
Who should apply: Anyone with a research interest in high-risk/high-reward projects related to fields within the NIDDK’s mission
Award: Not limited/up to five years
Deadline: LOI due: April 20, 2022 (six weeks before application deadline) (LOI not required but highly encouraged); Application due: June 1, 2022, 5 p.m. PT

**Multidisciplinary** || **NIGMS National and Regional Resources [R24 - Clinical Trial Not Allowed]**
What: Supports resources that fall within the NIGMS-supported program areas and will provide access to state-of-the-art equipment, technologies, research tools, materials,
organisms, software and services to a substantial regional or national user base

Who should apply: PIs must devote at least 2.4 person-months and at least one senior scientist must devote greater than six person-months to the resource

Award: Not limited/up to five years

Deadline: LOI due: May 14, 2022 (LOI not required but highly encouraged); Application due: June 14, 2022, 5 p.m. PT

Administrative Supplements

Multidisciplinary || Multiple NIH
Organizations Notice of Special Interest (NOSI): Research on the Health of Women of Understudied, Underrepresented and Underreported (U3) Populations (Admin Supp Clinical Trial Optional)

Environmental Health || NIEHS Notice of Special Interest (NOSI): KC Donnelly Externship (Admin Supp Clinical Trial Not Allowed)

Requests for Information

Genomics || NIH Office of the Director Request for Information on Proposed Updates and Long-Term Considerations for the NIH Genomic Data Sharing Policy

Other Federal Opportunities

Neuroscience || DoD Epilepsy Research Program Research Partnership Award
What: Funding to create an avenue for research partnerships between epilepsy investigators to address a research problem or question in a manner that would be unachievable through separate efforts
Who should apply: Independent investigators at or above the level of assistant professor
Award: Up to $1.3 million/up to three years

Deadline: Not announced yet; will be posted here again when deadline is announced

Neuroscience || DoD Epilepsy Research Program Idea Development Award
What: Supports novel, innovative research to understand the magnitude and underlying mechanisms of post-traumatic epilepsy
Who should apply: Early-career investigators ranging from the postdoctoral level to within three years of their first independent faculty position in Funding Level I and independent investigators at or above the level of assistant professor in Funding Level II
Award: Up to $550,000/up to three years

Deadline: Not announced yet; will be posted here again when deadline is announced

Neuroscience || DoD Epilepsy Research Program Virtual Post-Traumatic Epilepsy Research Center (P-TERC)
What: Supports research projects with an emphasis on discovery that investigate questions across the post-traumatic epilepsy research spectrum (biology/etiology, prevention, diagnosis/detection, prognosis, treatment and quality of life)
Who should apply: Early-career investigators and investigators new to the post-traumatic epilepsy field for Faculty Award and independent investigators at or above the level of associate professor for Leadership Award
Award: Up to $1.25 million/up to four years

Deadline: Not announced yet; will be posted here again when deadline is announced
Private Opportunities

Cancer || American Association for Cancer Research AACR-QuadW Foundation Sarcoma Research Fellowship in memory of Willie Tichenor
What: Funding to encourage a postdoctoral or clinical research fellow to pursue translational or clinical sarcoma research
Who should apply: Postdoctoral and clinical research fellows who have completed their most recent doctoral degree within the past five years and work under the auspices of a mentor
Award: Up to $50,000/not specified
Deadline: Jan. 12, 2022, 10 a.m. PT

Cancer || Bladder Cancer Advocacy Network Bladder Cancer Research Innovation Awards
What: Supports basic, translational, clinical or epidemiological research that has direct applicability and relevance to bladder cancer
Who should apply: Full-time independent investigators who have experience in bladder cancer or other areas of cancer or biomedical/health science research
Award: Up to $300,000/up to two years
Deadline: LOI due: Jan. 12, 2022, 2 p.m. PT; Applications due: April 1, 2022

Sports Medicine || American College of Sports Medicine Clinical Sports Medicine Endowment
What: Supports research related to the active care of athletes, including prevention strategies, treatment protocols or treatment outcomes, or related to the issues of active care of athletes, including pathogenesis, pathophysiology, biomechanics or environmental issues
Who should apply: Medical professionals involved in the conduct of patient-based clinical research who are ACSM members
Award: Up to $5,000/not specified
Deadline: Jan. 14, 2022, 8:59 p.m. PT

Rheumatology || Arthritis National Research Foundation Research Grants
What: Supports a variety of arthritis-related research grants for research scientists and researchers working on arthritis and related autoimmune diseases
Who should apply: Researchers with an interest in arthritis; preference given to senior post-doctoral investigators transitioning to independent investigator status and new assistant professors
Award: Up to $100,000/up to one year
Deadline: Jan. 14, 2022

Neuroscience || American Epilepsy Society Postdoctoral Research Fellowships
What: Supports research into the causes and consequences of, and treatments for, epilepsy under the guidance of a mentor with expertise in epilepsy research
Who should apply: Postdoctoral fellows and non-independent faculty
Award: Up to $50,000/up to one year
Deadline: Jan. 15, 2022

Neuroscience || Whitehall Foundation Research Grants and Grants-in-Aid
What: Supports basic research in neurobiology including invertebrate and vertebrate (except clinical) neurobiology and investigations of neural mechanisms involved in sensory, motor and other complex functions of the whole organism as they relate to behavior
Who should apply: Assistant professors and higher who are considered independent and have their own dedicated lab space
Award: For Grants-in-Aid: Up to $30,000/one year; For Research Grants: Up to $225,000/up to three years
Deadline: LOI due: Jan. 15, 2022; Application due: June 1, 2022

Pediatrics || American Academy of Pediatrics CATCH Planning, Implementation, and Resident Grants
What: Supports pediatric residents who plan to build broad-based community partnerships aimed at increasing children’s access to optimal health or well-being
Who should apply: General pediatricians, pediatric medical subspecialists, pediatric surgical subspecialists and fellowship trainees who are from the United States or one of its territories or Canada and have a current national or chapter AAP membership
Award: Up to $10,000/up to one year
Deadline: Jan. 24, 2022, 9:59 p.m. PT

Dermatology || Pfizer 2022 Fellowship for Inflammatory Dermatological Diseases
**What**: Supports fellowship programs at institutions with expertise in inflammatory and immune-mediated dermatological disorders that have a strong focus on clinical practice, research and education  
**Who should apply**: Institutions with dermatology and allergy fellowship programs that include independent research and a strong mentoring program  
**Award**: Up to $80,000/up to one year  
**Deadline**: Jan. 24, 2022, 8:59 p.m. PT  

**Multidisciplinary** || PhRMA Foundation  
**Health Outcomes Research and Translational Medicine Grants**  
**What**: Supports investigators involved in health outcomes research and translational medicine; predoctoral and postdoctoral fellowships and research starter grants offered  
**Who should apply**: Dependent upon grant mechanism  
**Award**: Between $50,000 and $120,000/between one and two years  
**Deadline**: Feb. 1, 2022, 8:59 p.m. PT  

**Neuroscience** || Alzheimer’s Drug Discovery Foundation Core Funding Programs  
**What**: Supports research that advances therapeutic and biomarker development for Alzheimer’s and related dementias through four mechanisms including drug development and clinical trial funding  
**Who should apply**: Anyone with a research interest in Alzheimer’s and related dementia drug development  
**Award**: Between $600,000 and $3 million/between one and multiple years  
**Deadline**: LOI due: Feb. 4, 2022, 2 p.m. PT; Applications due: April 8, 2022, 2 p.m. PT  
**This organization is on the President’s List; submit a notice of intent form before applying**  

**Neuroscience** || Simons Foundation Autism Research Initiative Bridge to Independence Award  
**What**: Supports early-career scientists in autism research by facilitating their transition to research independence and providing grant funding at the start of their professorships  
**Who should apply**: Investigators currently in non-independent and mentored training positions who are actively seeking a tenure-track position at a U.S. or Canadian institution of higher education during the 2022-2023 academic year  
**Award**: Up to $495,000/up to three years  
**Deadline**: Feb. 28, 2022, 2 p.m. PT  
**This organization is on the President’s List; submit a notice of intent form before applying**  

**Previously Published Opportunities**

**Federal**

**December 2021**

**Cancer** || NCI Integrating Biospecimen Science Approaches into Clinical Assay Development (U01 Clinical Trial Not Allowed)  
**LOI due**: Dec. 11, 2021 (LOI not required but highly encouraged); **Application due**: Jan. 11, 2022, 5 p.m. PT  

**Substance Use** || NIDA Mechanism for Time-Sensitive Drug Abuse Research (R21 Clinical Trial Optional)  
**LOI due**: Dec. 11, 2021 (LOI not required but highly encouraged); **Application due**: Jan. 11, 2022, 5 p.m. PT  

**Neuroscience** || NIH Common Fund SPARC Human Open Research Neural Engineering Technologies (HORNET) Initiative (U41 Clinical Trial Not Allowed)  
**LOI due**: Dec. 13, 2021 (LOI not required but highly encouraged); **Application due**: Jan. 12, 2022, 5 p.m. PT  

**Multidisciplinary** || Multiple NIH Organizations Opportunities for Collaborative Research at
the NIH Clinical Center (U01 Clinical Trial Optional) and Pre-application: Opportunities for Collaborative Research at the NIH Clinical Center (X02 Clinical Trial Optional) LOI due: Dec. 14, 2021, 5 p.m. PT; Application due: April 18, 2022, 5 p.m. PT

Infectious Disease || NIAID Systems Biology for Infectious Diseases (U19 Clinical Trial Not Allowed) LOI due: Dec. 14, 2021 (LOI not required but highly encouraged); Application due: Jan. 14, 2022, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations HEAL Initiative: Pragmatic and Implementation Studies for the Management of Sickle Cell Disease Pain (UG3/UH3, Clinical Trials Optional) Application due: Dec. 15, 2022, 5 p.m. PT

Neuroscience || Multiple NIH Organizations NIH Blueprint and BRAIN Initiative Diversity Specialized Predoctoral to Postdoctoral Advancement in Neuroscience (D-SPAN) Award (F99/K00 Clinical Trial Not Allowed) Application due: Dec. 15, 2021, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations NIH Health Care Systems Research Collaboratory - Pragmatic and Implementation Trials of Embedded Interventions (UG3/UH3, Clinical Trials Optional) Application due: Dec. 15, 2021, 5 p.m. PT

Multidisciplinary || NCI Implementation Science for Cancer Control in People Living with HIV in Low- and Middle-Income Countries (U01 Clinical Trial Optional) Application due: Dec. 15, 2021, 5 p.m. PT

Cancer || NCI The role of Epstein Barr virus (EBV) infection in Non-Hodgkin Lymphoma (NHL) and Hodgkin disease (HD) development with or without an underlying HIV infection (U01 Clinical Trial Optional) Application due: Dec. 15, 2021, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations Interventions for Stigma Reduction to Improve HIV/AIDS Prevention, Treatment and Care in Low- and Middle-Income Countries (R01 - Clinical Trial Optional) Application due: Dec. 20, 2021, 5 p.m. PT

Multidisciplinary || NIH Common Fund Cellular Senescence Network: Technology Development and Application in Murine Systems (UG3/UH3 Clinical Trial Not Allowed) LOI due: Dec. 20, 2021 (LOI not required but highly encouraged); Application due: Jan. 19, 2022, 5 p.m. PT

Neuroscience || NINDS Translational Efforts to Advance Gene-based Therapies for Ultra-Rare Neurological and Neuromuscular Disorders (U01 - Clinical Trial Optional) Application due: Dec. 22, 2021, 5 p.m. PT

Multidisciplinary || NIMH Expanding Differentiated Care Approaches for Adolescents Living with HIV (R01 Clinical Trial Optional) and (R34 Clinical Trial Optional) Application due: Jan. 6, 2022, 5 p.m. PT

Neuroscience || NIA Alzheimer's Drug- Development Program (U01 Clinical Trial Optional) LOI due: Jan. 5, 2022 (LOI not required but highly encouraged); Application due: Feb. 5, 2022, 5 p.m. PT

Neuroscience || NINDS Clinical Trial Readiness for Functional Neurological Disorders (U01 Clinical Trial Optional) LOI due: Jan. 5, 2022 (LOI not required but highly encouraged); Application due: Feb. 5, 2022, 5 p.m. PT

Multidisciplinary || NIMH Expanding Differentiated Care Approaches for Adolescents Living with HIV (R01 Clinical Trial Optional) and (R34 Clinical Trial Optional) Application due: Jan. 6, 2022, 5 p.m. PT

January 2022

Environmental Health || NIEHS Virtual Consortium for Translational/Transdisciplinary Environmental Research (ViCTER) (R01 Clinical Trial Optional) LOI due: Jan. 1, 2022 (LOI not required but highly encouraged); Application due: Feb. 1, 2022, 5 p.m. PT

Neuroscience || NIA Alzheimer's Drug- Development Program (U01 Clinical Trial Optional) LOI due: Jan. 5, 2022 (LOI not required but highly encouraged); Application due: Feb. 5, 2022, 5 p.m. PT

Neuroscience || NINDS Clinical Trial Readiness for Functional Neurological Disorders (U01 Clinical Trial Optional) LOI due: Jan. 5, 2022 (LOI not required but highly encouraged); Application due: Feb. 5, 2022, 5 p.m. PT

Multidisciplinary || NIMH Expanding Differentiated Care Approaches for Adolescents Living with HIV (R01 Clinical Trial Optional) and (R34 Clinical Trial Optional) Application due: Jan. 6, 2022, 5 p.m. PT

Infectious Disease || NIAID Identification and Therapy (URGenT) Network Resource Access (X01, Clinical Trial Not Allowed) LOI due: Dec. 22, 2021 (LOI not required but highly encouraged); Application due: Jan. 22, 2022, 5 p.m. PT
Characterization of Persistence Mechanisms of Select Protozoan Pathogens (R01 Clinical Trial Not Allowed) LOI due: Jan. 8, 2022 (LOI not required but highly encouraged); Application due: Feb. 8, 2022, 5 p.m. PT

Immunology || NIAID Development of Microbiome-Related Approaches for Diagnosis/Mitigation/Treatment of Radiation Injuries (U01 Clinical Trial Not Allowed) LOI due: Jan. 9, 2022 (LOI not required but highly encouraged); Application due: Feb. 9, 2022, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations HEAL Initiative: Developing Quantitative Imaging and Other Relevant Biomarkers of Myofascial Tissues for Clinical Pain Management (R61/R33, Clinical Trial Required) LOI due: Jan. 11, 2022 (LOI not required but highly encouraged); Application due: Feb. 11, 2022, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations Notice of Special Interest (NOSI): Accelerating Progress in Celiac Disease Research Deadline: Open from Jan. 12, 2022 through Jan. 7, 2025

Cardiology || NHLBI Emerging Investigator Award (EIA) [R35 Clinical Trial Optional] and Outstanding Investigator Award (OIA) [R35 Clinical Trial Optional] LOI due: Jan. 15, 2022 (LOI not required but highly encouraged); Application due: Feb. 15, 2022, 5 p.m. PT

Multi-investigator || NIDHIG High Priority HIV and Substance Use Research (R01 Clinical Trial Optional) LOI due: Jan. 15, 2022 (LOI not required but highly encouraged); Application due: Feb. 15, 2022, 5 p.m. PT

Immunology || NIAID Development of Microbiome-Related Approaches for Diagnosis/Mitigation/Treatment of Radiation Injuries (U01 Clinical Trial Not Allowed) LOI due: Jan. 9, 2022 (LOI not required but highly encouraged); Application due: Feb. 9, 2022, 5 p.m. PT

Dentistry || Central Oregon Health Council Improving Coordination Between Oral Health and Primary Care Deadline: Jan. 17, 2022, 11:59 p.m. PT

Infectious Disease || NIAID Advancing Group A Streptococcus Vaccine Discovery (R01 Clinical Trial Not Allowed) LOI due: Jan. 18, 2022 (LOI not required but highly encouraged); Application due: Feb. 18, 2022, 5 p.m. PT

Mental Health || NIMH Enhanced Interpersonal Focused Strategies for Suicide Prevention Interventions (R34 Clinical Trial Required) LOI due: Jan. 18, 2022 (LOI not required but highly encouraged); Application due: Feb. 18, 2022, 5 p.m. PT

Audiology || NIDCD Notice of Special Interest: Expanding the Otitis Media Research Workforce: Focus on Early Stage Investigators Deadline: Open from Jan. 25, 2022 through Sept. 8, 2025

Biology || NSF Dark Dimensions of the RNA Regulome (D2R2) Preliminary proposal due: Jan. 31, 2022, 5 p.m. PT; Full proposal due: Aug. 31, 2022, 5 p.m. PT

February 2022

Neuroscience || NIA Cell-Specific Impact of Liquid-Liquid Phase Separation in Aging and AD/ADRD (R21 Clinical Trial Not Allowed) LOI due: Feb. 1, 2022 (LOI not required but highly encouraged); Application due: March 3, 2022, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations NIH HEAL Initiative: Preventing Opioid Misuse and Co-Occurring Conditions by Intervening on Social Determinants (R01 Clinical Trials

Audiology || NIDCD Notice of Special Interest: Expanding the Otitis Media Research Workforce: Focus on Early Stage Investigators Deadline: Open from Jan. 25, 2022 through Sept. 8, 2025
Optional) LOI due: Feb. 2, 2022 (LOI not required but highly encouraged); Application due: March 2, 2022, 5 p.m. PT

Aging || NIA Transition to Aging Research for Predoctoral Students (F99/K00 Clinical Trial Not Allowed) Deadline: Feb. 3, 2022, 5 p.m. PT

Gastroenterology || NIDDK High-Resolution Exploration of the Human Islet Tissue Environment [HIRN Human Pancreas Analysis Consortium (HPAC)] (U01 - Clinical Trial Not Allowed) LOI due: Feb. 3, 2022 (LOI not required but highly encouraged); Application due: March 3, 2022, 5 p.m. PT

Endocrinology || NIDDK Pilot and Feasibility Studies to Improve Technology Adoption and Reduce Health Disparities in Type 1 Diabetes Mellitus (R01 Clinical Trial Required) LOI due: Feb. 3, 2021 (LOI not required but highly encouraged); Application due: March 3, 2021, 5 p.m. PT

Endocrinology || NIDDK Understanding and Targeting the Pathophysiology of Youth-onset Type 2 Diabetes – Clinical Centers (U01 Clinical Trial Not Allowed) LOI due: Feb. 3, 2022 (LOI not required but highly encouraged); Application due: March 3, 2022, 5 p.m. PT

Neuroscience || NIA and NINDS Role of Astrocytes in Degeneration of the Neurovascular Unit in AD/ADRDs (R01 Clinical Trial Not Allowed) Deadline: Feb. 4, 2022, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations Dyadic Interpersonal Processes and Biopsychosocial Outcomes (R01 - Basic Experimental Studies with Humans) and (R01 Clinical Trials Not Allowed) Deadline: Clinical R01 due: Feb. 5, 2022; Basic R01 due: March 5, 2022, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations Effectiveness of School-Based Health Centers to Advance Health Equity (R01 Clinical Trial Optional) Deadline: Feb. 5, 2022, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations Measures and Methods to Advance Research on Minority Health and Health Disparities-Related Constructs (R01 Clinical Trial Not Allowed) Deadline: Feb. 5, 2022, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations Patient-Clinician Relationship: Improving Health Outcomes in Populations that Experience Health Care Disparities (R01 Clinical Trial Optional) Deadline: Feb. 5, 2022, 5 p.m. PT

Cancer || NCI Clinical Characterization of Cancer Therapy-induced Adverse Sequelae and Mechanism-based Interventional Strategies (R01 Clinical Trial Optional) Deadline: Feb. 5, 2022, 5 p.m. PT

Cancer || NCI Modulating Human Microbiome Function to Enhance Immune Responses Against Cancer (R01 Clinical Trial Not Allowed) and (R21 Clinical Trial Not Allowed) Deadline: R01 due: Feb. 5, 2022, 5 p.m. PT; R21 due: Feb. 16, 2022, 5 p.m. PT

Multidisciplinary || NCI and NHLBI Notice of Special Interest (NOSI): Improving Outcomes in Cancer Treatment-Related Cardiotoxicity Deadline: Open from Feb. 5, 2022 through Nov. 6, 2024

Multidisciplinary || NCI, NHLBI and NICHD Notice of Special Interest (NOSI): Dietary, Physical Activity, Sedentary Behavior and Sleep Assessment Methodologies Among Infants and Young Children (Birth to 5 years) through Adults Deadline: Open from Feb. 5, 2022 through May 8, 2023

Multidisciplinary || NCI, NIDCR and NIMHD Notice of Special Interest (NOSI): Biologic Factors Underlying Dental, Oral, and Craniofacial Health Disparities Deadline: Open from Feb. 5, 2022 through Jan. 8, 2025

Ophthalmology || NEI Regenerative Medicine Clinical Trial Planning Grant (R34 - Clinical Trials Not Allowed) Deadline: Feb. 5, 2022, 5 p.m. PT

Multidisciplinary || NHLBI Notice of Special Interest (NOSI): Heart, Lung, Blood and Sleep Focused Ancillary Studies to Large Ongoing Clinical Studies (Revised) Deadline: Open from
Feb. 5, 2022 through May 8, 2023

Multidisciplinary ‖ NHLBI, NIA and NINDS
Notice of Special Interest (NOSI): Promoting research to understand vascular contributions to cognitive impairment and dementia (VCID)
Deadline: Open from Feb. 5, 2022 through May 8, 2025

Neuroscience ‖ NIA and NINDS
Prodromal Synaptic and Circuit Changes that Contribute to AD/ADRD Onset and Progression (R01 Clinical Trial Not Allowed)
Deadline: Feb. 5, 2022, 5 p.m. PT

Pediatrics ‖ NICHD
Innovative Screening Approaches and Therapies for Screenable Disorders in Newborns (R01 - Clinical Trial Optional), (R03 - Clinical Trial Optional) and (R21 - Clinical Trial Optional)
R01 due: Feb. 5, 2022, 5 p.m. PT; R03 and R21 due: Feb. 16, 2022, 5 p.m. PT

Multidisciplinary ‖ NIDA and NIMH
Notice of Special Interest (NOSI): Reducing Stigma Related to Drug Use in Human Service Settings
Deadline: Open from Feb. 5, 2022 through Jan. 8, 2025

Multidisciplinary ‖ NIMH
Mood and Psychosis Symptoms during the Menopause Transition (R01 Clinical Trial Optional) and (R21 Clinical Trial Optional)
Deadline: R01 due: Feb 5, 2022; R21 due: Feb. 16, 2022, 5 p.m. PT

Neuroscience ‖ NINDS
Notice of Special Interest: Biomarker Discover and Validation in Functional Neurological Disorders
Deadline: Open from Feb. 5, 2022 through Jan. 8, 2025

Cancer ‖ NCI
Research Specialist (Clinician Scientist) Award (R50 Clinical Trial Not Allowed)
Deadline: Mar. 8, 2022, 5 p.m. PT

Aging ‖ NIA
Career Transition Award (K22 Independent Clinical Trial Not Allowed)
Deadline: Dec. 22, 2022, 5 p.m. PT

Immunology ‖ NIAID
Notice of Special Interest (NOSI): Leveraging Microbial Exposure for Improving Mouse Models of Human Immunity
Deadline: Open from Feb. 16, 2022 through Jan. 7, 2025

Endocrinology ‖ NIDDK
Analysis, Technology, Leadership, Administration and Science (ATLAS) Center (U24 Clinical Trial Not Allowed)
Deadline: Feb. 21, 2022, 5 p.m. PT

Pediatrics ‖ NICHD
Elucidating the Role of Nutrition in Care and Development of Preterm Infants (R01 Clinical Trial Optional)
LOI due: Feb. 28, 2022 (LOI not required but highly encouraged); Application due: March 30, 2022, 5 p.m. PT

Multidisciplinary ‖ NICHD and ORWH
Promoting Reproductive Health for Adolescents and Adults with Disabilities (R01 Clinical Trial Optional)
LOI due: Feb. 28, 2022 (LOI not required but highly encouraged); Application due: March 30, 2022, 5 p.m. PT

March 2022

Cancer ‖ NCI
Advanced Development and Validation of Emerging Molecular and Cellular Analysis Technologies for Basic and Clinical Cancer Research (R33 Clinical Trial Not Allowed) and Innovative Molecular and Cellular Analysis Technologies for Basic and Clinical Cancer Research (R61 Clinical Trial Not Allowed)
LOI due: March 22, 2022 (LOI not required but highly encouraged); Application due: April 22, 2022, 5 p.m. PT

Cancer ‖ NCI
Innovative Biospecimen Science Technologies for Basic and Clinical Cancer Research (R61 Clinical Trial Not Allowed)
LOI due: March 22, 2021 (LOI not required but highly encouraged); Application due: April 22, 2022, 5 p.m. PT
May 2022

Cancer || NCI Exploratory Grants in Cancer Control (R21 Clinical Trial Optional) LOI due: May 7, 2022 (LOI not required but highly encouraged); Application due: June 7, 2022, 5 p.m. PT

Multidisciplinary || NHLBI Notice of Special Interest (NOSI): Examining Effects of HIV Pre-Exposure Prophylaxis (PrEP) on Heart, Lung, Blood, and Sleep Function Deadline: Open from May 7, 2022 through May 8, 2025

Mental Health || NIMH Pilot Practice-based Research for Primary Care Suicide Prevention (R34 Clinical Trial Optional) LOI due: May 20, 2022 (LOI not required but highly encouraged); Application due: June 21, 2022, 5 p.m. PT

June 2022

Multidisciplinary || Multiple NIH Organizations Research on Biopsychosocial Factors of Social Connectedness and Isolation on Health, Wellbeing, Illness, and Recovery (R01 Basic Experimental Studies with Humans Required), (R01 Clinical Trial Required) and (R01 Clinical Trials Not Allowed) Deadline: June 21, 2022, 5 p.m. PT

Open

Cancer || DoD Breast Cancer Research Program Awards Deadline: Not announced yet; will be posted here again when deadline is announced

Genomics || NHGRI Center for Inherited Disease Research (CIDR) High Throughput Sequencing and Genotyping Resource Access (X01 Clinical Trial Not Allowed) Applications are accepted by continuous receipt

Biology || NSF Biophotonics Applications accepted anytime

Biology || NSF Cellular and Biochemical Engineering Applications accepted anytime

Biology || NSF Dear Colleague Letter: Conferences for Building Computational Literacy in Biological Sciences Deadline: Open

Multidisciplinary || NSF Dear Colleague Letter: Pilot Projects for Cyberinfrastructure Centers of Excellence Deadline: Rolling

Biology || NSF Division of Integrative Organismal Systems Core Programs Applications accepted anytime

Biology || NSF Division of Molecular and Cellular Biosciences: Investigator-initiated research projects (MCB) Deadline: Open

Multidisciplinary || NSF Enabling Discovery through GEnomic Tools (EDGE) Deadline: Open

Biology || NSF Infrastructure Innovation for Biological Research (Innovation) Deadline: Open

Biology || NSF Transitions to Excellence in Molecular and Cellular Biosciences Research (Transitions) Deadline: Open

Private

December 2021

Psychiatry || Misophonia Research Fund Research Grants LOI due: Dec. 10, 2021; Full proposal due: March 11, 2022

Neuroscience || Tourette Association of America Young Investigator Award Preproposal due: Dec. 11, 2021; Full proposal due: Feb. 1, 2022

Surgery || American Society of Breast Surgeons Foundation Grants Deadline: Dec. 13, 2021, 8:59 p.m. PT

Cancer || The ASCO Foundation Conquer Cancer Advanced Clinical Research Award (ACRA) for Diversity and Inclusion in Breast Cancer Research LOI due: Dec. 14, 2021, 8:59 p.m. PT; Application due: Jan. 31, 2022, 8:59 p.m. PT
Cancer || The ASCO Foundation Conquer Cancer Research Professorship for Diversity and Inclusion in Breast Cancer LOI due: Dec. 14, 2021, 8:59 p.m. PT; Application due: Jan. 31, 2022, 8:59 p.m. PT

Multidisciplinary || Chan Zuckerberg Initiative Data Insights Deadline: Dec. 14, 2021, 5 p.m. PT

This organization is on the President’s List; submit a notice of intent form before applying

Otolaryngology || American Academy of Otolaryngology-Head and Neck Surgery 2022 CORE Funding Opportunities Deadline: Deadlines on Dec. 15 and 17 and Jan. 15 and 18

Cancer || A Breath of Hope Lung Foundation Peg’s Fight for Life Research Award LOI due: Dec. 15, 2021; Full proposal due: March 15, 2022, 9:59 p.m. PT

Orthopedics || Orthopaedic Research and Education Foundation Research Grants Deadline: Etiology of Hip Osteoarthritis Grants and Treatment of Osteoarthritis Research Grants LOIs due Dec. 15, 2021; all other grants due either Jan. 15 or Feb. 21, 2022

Infectious Disease || Pfizer Antimicrobial Stewardship (AMS) Programs to Address Health Inequities arising from Socioeconomic Disparities in USA, Europe, Japan, South Korea, Australia and New Zealand Deadline: Dec. 15, 2021, 2 p.m. PT
Obstetrics and Gynecology || Pfizer and Myovant Sciences Management of Endometriosis Deadline: Dec. 15, 2021, 8:59 p.m. PT
Pulmonology || American Lung Association Allergic Respiratory Diseases Research Award Deadline: Dec. 16, 2021, 8:59 p.m. PT
Pulmonology || American Lung Association Innovation Award Deadline: Dec. 16, 2021, 8:59 p.m. PT
Nephrology || American Kidney Fund Clinical Scientist in Nephrology (CSN) Fellowship Deadline: Dec. 17, 2021
Rhinology || American Rhinologic Society New Investigator Research Grant LOI due: Dec. 17, 2021, 9 p.m. PT; Applications due: Jan. 18, 2022, 9 p.m. PT
Cancer || Alex’s Lemonade Stand Foundation RUNX1 Early Career Investigator Program Deadline: Dec. 20, 2021, 5 p.m. PT

Multidisciplinary || Pfizer Multidisciplinary Gene Therapy Education - Recombinant Adeno-Associated Virus (rAAV) Deadline: Dec. 21, 2022, 8:59 p.m. PT

January 2022

Anesthesiology || Anesthesia Patient Safety Foundation APSF/FAER Mentored Research Training Grant LOI due: Jan. 1, 2022; Full application due: Feb. 28, 2022

Genetics || Progeria Research Foundation Research Funding LOI due: Jan. 2, 2022; Full application due: April 1, 2022

Psychology || American Psychological Association Congressional Fellowship Deadline: Jan. 3, 2022

Cancer || Children’s Tumor Foundation Young Investigator Award LOI due: Jan. 3, 2022, 2 p.m. PT; Applications due: March 4, 2022, 2 p.m. PT

Multidisciplinary || Doris Duke Charitable Foundation Physician Scientist Fellowship Deadline: Jan. 7, 2022, noon PT

Multidisciplinary || New York Academy of Medicine David E. Rogers Student Fellowship Award Deadline: Jan. 7, 2022

Multidisciplinary || Pfizer 2021/2022 Global Cachexia ASPIRE Deadline: Jan. 7, 2022, 8:59 p.m. PT
Cancer ‖ The ASCO Foundation Conquer Cancer Young Investigator Award Deadline: Jan. 10, 2022, 8:59 p.m. PT

Cancer ‖ HESI THRIVE Making Cancer Patient Quality of Life an Active Research Priority LOI due: Jan. 10, 2022; Application due: March 14, 2022

Neuroscience ‖ McKnight Foundation Scholar Awards Deadline: Jan. 10, 2022

Orthopedics ‖ Orthopaedic Trauma Association Research Grants Deadline: Jan. 10, 2022

Neuroscience ‖ Simons Foundation Autism Research Initiative Transforming Academia for Equity Deadline: Jan. 10, 2022, 2 p.m. PT This organization is on the President’s List; submit a notice of intent form before applying

Multidisciplinary ‖ Burroughs Wellcome Fund Postdoctoral Diversity Enrichment Program Deadline: Jan. 12, 2022, 1 p.m. PT This organization is on the President’s List; submit a notice of intent form before applying

Mental Health ‖ Klingenstein Third Generation Foundation Addressing Access to Care Deadline: Jan. 13, 2022, 8:59 p.m. PT

Immunology ‖ Johnson & Johnson Innovation Immunology Innovations QuickFire Challenge

Deadline: Jan. 14, 2022

Dermatology ‖ National Psoriasis Foundation Psoriatic Disease Research Fellowships Deadline: Jan. 21, 2022, 5 p.m. PT

Dermatology ‖ National Psoriasis Foundation Research Funding Deadline: Jan. 21, 2022, 5 p.m. PT

Gastroenterology ‖ Pfizer 2022 Inflammatory Bowel Disease (IBD) Fellowship Deadline: Jan. 27, 2022, 8:59 p.m. PT

Cancer ‖ EvansMDS Discovery Research Grants LOI due: Jan. 31, 2022; Full application due: April 2022 This organization is on the President’s List; submit a notice of intent form before applying

Cancer ‖ EvansMDS Young Investigator Awards Deadline: Jan. 31, 2022 This organization is on the President’s List; submit a notice of intent form before applying

February 2022

Cancer ‖ Leukemia Research Foundation Hollis Brownstein Research Grants Program LOI due: Feb. 4, 2022, 10 a.m. PT; Applications due: April 4, 2022, 10 a.m. PT

Gastroenterology ‖ Pfizer 2022 IBD Competitive Grant Program Deadline: Feb. 7, 2022, 8:59 p.m. PT

Cardiology ‖ American Heart Association Research Grants Deadline: Deadlines go through Feb. 16, 2022, 1 p.m. PT

March 2022

Cardiology ‖ Abbott Fellowship Program Grants Deadline: March 1, 2021

Hematology ‖ Pfizer 2022 Global Hemophilia ASPIRE Deadline: March 1, 2022, 8:59 p.m. PT

Open

HIV/AIDS ‖ amfAR Target Grants Deadline: Rolling

Substance Use ‖ Charles Koch Foundation Substance Abuse Research Grants Deadline: Rolling

Neuroscience ‖ Cure SMA Newborn Screening for Spinal Muscular Atrophy Program Deadline: Rolling

Pulmonology ‖ Cystic Fibrosis Foundation Path to a Cure: Industry Award Program Deadline: Rolling, but LOI required

Multidisciplinary ‖ Robert Wood Johnson Foundation Evidence for Action: Innovative Research to Advance Racial Equity Deadline: Rolling; applicant webinar on Oct. 13, 2021, 10 a.m. PT
This organization is on the President’s List; submit a notice of intent form before applying

Multidisciplinary || Robert Wood Johnson Foundation Evidence for Action: Investigator-Initiated Research to Build a Culture of Health Deadline: Open
This organization is on the President’s List; submit a notice of intent form before applying

Multidisciplinary || Robert Wood Johnson Foundation Pioneering Ideas: Exploring the Future to Build a Culture of Health Deadline: Rolling
This organization is on the President’s List; submit a notice of intent form before applying

Neuroscience || SFARI Supplement to Enhance Equity and Diversity (SEED) Deadline: Rolling
This organization is on the President’s List; submit a notice of intent form before applying
