OHSU Funding Opportunities

**Multidisciplinary** || OHSU School of Medicine

**N.L. Tartar Trust Fellowship**

**What:** Supports research endeavors and research career development in the School of Medicine including, but not limited to, assisting qualified graduate students in their research programs, supporting medical students to engage in research during the summer or a term of the academic year and providing specialized training through a conference or class

**Who should apply:** Students, fellows or faculty members in the School of Medicine who are residents of Oregon

**Award:** $2,000/one year

**Deadline:** May 27, 2022, 11:59 p.m. PT

[Apply through the CAP](#)

**Pediatric Cardiology** || Doernbecher Children’s Hospital

**ADHERE- Advancing Doernbecher HEart Research**

**What:** Awards protected time in order to further cardiovascular research in children and to support scholarly advancement of faculty

**Who should apply:** OHSU Pediatric Cardiology faculty at the rank of lecturer or assistant, associate or full professor

**Award:** Up to 0.3 FTE of protected time/one year with opportunity for one-year extension

**Deadline:** June 1, 2022, 11:59 p.m. PT

**FEATURED OPPORTUNITIES**

**Multidisciplinary** || OHSU Foundation Collins Medical Trust

**What:** Provides seed funding for projects that advance basic or clinical medical research and will be leveraged to have a greater impact in the future through being eligible for future NIH or other substantial funding; successful proposals will highlight impact on the immediate population served, Oregon, and potential national impact and preference is given to young investigators newly embarking on their research careers who are clearly supported by their respective mentors

**Who should apply:** Early career investigators, including postdoctoral fellows and assistant professors clearly supported by their mentors

**Award:** Up to $30,000/one year

**Deadline:** Notice of Intent form is required; submission window starts June 8, 2022 and goes through June 15, 2022; Application due: Aug. 10, 2022

Questions? Contact the OHSU Foundation

**Mental Health** || Oregon Gambling Research Center Research Funding Opportunity

**What:** Supports research that addresses gambling, problem gambling, or gambling-related issues facing Oregon and the nation

**Who should apply:** Graduate students, faculty, or community-based researchers in Oregon

**Award:** Up to $20,000/not specified

**Deadline:** June 15, 2022
community interaction

Who should apply: Current graduate students and postdoctoral researchers/fellows at OHSU who will submit a poster abstract for SfN22; abstract submission acceptance is not required and applicants must have no other funds available to support travel/attendance

Award: Up to $30,000/one year

Deadline: Submission window starts June 1, 2022 and goes through June 15, 2022; Application due: July 1, 2022

Questions? Contact the OHSU Foundation

Multidisciplinary || OCTRI Human Investigations Program

What: A series of courses to enhance your clinical and translational research career

Who should apply: Faculty and clinical and postdoctoral fellows employed at OHSU, VA Portland Health Care System or other Northwest healthcare systems and graduate students enrolled in SOD, SOM, SON or SOPH

Degrees offered: Certificate in Human Investigations or a Master of Clinical Research

Deadline: July 15, 2021

Multidisciplinary || OCTRI Mobile Apps for Clinical Studies (MACS)

What: Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone

Who should apply: PIs who want to create a mobile app for clinical or commercial purposes

Award: Up to $5,000/typically one year

Deadline: Rolling; application will close when funding for the fiscal year is exhausted

Submit project intake form through REDCap

Multidisciplinary || OHSU Fellowship for Diversity in Research

What: Funds researchers with the goal of increasing the diversity of the community of scholars devoted to academic scientific research at OHSU

Who should apply: Investigators with postdoctoral training experience looking to establish an independent academic research career; scholars who identify as underrepresented minorities, differently-abled and more are welcomed

Award: Up to $8,000 plus a stipend

Deadline: Applications accepted anytime

Public Health || OHSU-PSU School of Public Health Kickstarter Awards

What: Funding to support pre-award activities that advance the preparation of high-quality grant or contract applications

Who should apply: OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health who have an extramural RFA or other opportunity identified

Award: From $500 to $5,000/up to six months

Deadline: Accepted on a rolling basis through March 31, 2022

Apply through the CAP

Multidisciplinary || OHSU School of Medicine Exploratory Research Seed Grants

What: Supports investigators who need to work with an OHSU core or with the Pacific Northwest National Laboratory (PNNL) to develop preliminary data for an application for extramural research support

Who should apply: School of Medicine faculty in the professorial series who have not received this award within the last year

Award: Up to $5,000/one year

Deadline: Applications accepted anytime

Limited Submission Opportunities

New this week!

**Neuroscience | Brain Research Foundation Scientific Innovations Award**

**What:** Supports basic and clinical neuroscience projects that are too innovative and speculative for traditional funding sources but have a high likelihood of producing important findings in a short time frame

**Who should apply:** Full-time associate professors or full professors who are studying brain function and have had major peer-reviewed funding in the last three years

**Award:** $150,000/two years

**Deadline:** Internal submission due: June 2, 2022; LOI due: July 12, 2022 (LOI not required but highly encouraged); Application due: Aug. 11, 2022, 5 p.m. PT

**Apply through the CAP**

**Pediatrics || NICHD Neonatal Research Network (NRN): Data Coordinating Center (U24 Clinical Trial Optional) and Clinical Centers (UG1 Clinical Trial Optional)**

**What:** Supports applications to participate in the Neonatal Research Network through a Data Coordinating Center and Clinical Centers; the network is focused on finding ways to improve the chances for survival without neurodevelopmental impairment for infants born premature, low-birth weight, or with other serious conditions

**Who should apply:** Anyone with a research interest in implementing multi-site neonatal clinical trials

**Award:** For U24: Not limited/up to seven years; For UG1: Up to $1.54 million/up to seven years

**Deadline:** Internal submission due: June 2, 2022; LOI due: July 12, 2022 (LOI not required but highly encouraged); Application due: Aug. 11, 2022, 5 p.m. PT

**Apply through the CAP**

**Pediatrics || NICHD Maternal-Fetal Medicine Units (MFMU) Network: Clinical Centers (UG1 Clinical Trial Optional) and Data Coordinating Center (U24 Clinical Trial Optional)**

**What:** Supports applications to participate in the Maternal-Fetal Medicine Units Network through a Data Coordinating Center and Clinical Centers; the network is focused on improving obstetric care, pregnancy health, and outcomes for pregnant and lactating people and their babies

**Who should apply:** Anyone with a research interest in pregnancy, labor, and post-partum recovery

**Award:** For U24: Not limited/up to seven years; For UG1: Up to $1.54 million/up to seven years

**Deadline:** Internal submission due: June 2, 2022; LOI due: June 23, 2022, 2 p.m. PT; Application due: Oct. 4, 2022, 2 p.m. PT

**Apply through the CAP**

**Concepts**

**What:** Solicits concepts from faculty for the new NSF Regional Innovation Engines program; applications must be regional and each institution may submit only one application as lead, the vice presidents for research at Oregon public universities are taking a partnership approach to evaluating and building applications; see potential concept topics listed in the CAP

**Who should apply:** PIs or research area that have a history of innovation and commercialization success

**Award:** For Type-1 Awards: Up to $1 million/up to two years; For Type-2 Awards: Up to $160 million/up to 10 years

**Deadline:** Concept papers due: June 3, 2022; Concept outlines due: June 30, 2022; Type-1 LOIs due: Aug. 31, 2022; Type-1 applications due: Sept. 29, 2022

**Apply through the CAP**

**Multidisciplinary || Edward Mallinckrodt, Jr. Foundation Mallinckrodt Grants**

**What:** Supports early stage investigators engaged in basic biomedical research that has the potential to significantly advance the understanding or treatment of disease

**Who should apply:** PIs who are in the first to fourth year of their tenure track faculty position and do not have current R01 funding

**Award:** Up to $180,000/up to three years

**Deadline:** Internal submission due: June 6, 2022; Application due: Aug. 1, 2022

**Apply through the CAP**
New this week!

**Cancer** || St. Baldrick’s Foundation Fellowship Awards and Infrastructure Awards

**What:** Supports oncology research in the following areas: New discovery research; translational research and early phase clinical trials; phase III clinical trials & infrastructure support of participating institutions (primarily the fall grant cycle); and education of new pediatric oncology researchers

**Who should apply:** Dependent upon grant you’re applying to; see the CAP for details

**Award:** For Fellowship: Up to $292,500/up to three years; For Infrastructure: Generally up to $50,000/up to one year

**Deadline:** Internal submission due: June 10, 2022; LOI due: July 8, 2022, 2 p.m. PT; Application due: Aug. 26, 2022, 2 p.m. PT

**Apply through the CAP**

**Cancer** || Cancer Research Institute Irvington Postdoctoral Fellowship Program

**What:** Supports young immunologists and cancer immunologists by continuing their training under the guidance of a world-renowned immunologist who mentors the fellow and prepares them for a productive and successful career in cancer immunology

**Who should apply:** Postdocs working in immunology who have less than five years of relevant postdoc experience

**Award:** $186,000/three years

**Deadline:** Internal submission due: July 5, 2022; Application due: Sept. 1, 2022

**Apply through the CAP**

**Rheumatology** || NIAMS Rheumatic Diseases Research Resource-based Centers (P30 - Clinical Trial Not Allowed)

**What:** Supports resource-based centers that will provide critical research infrastructure, shared facilities, services, and resources to groups of investigators conducting research on rheumatic diseases

**Who should apply:** Anyone with an interest in running a resource-based center that will support rheumatic disease research

**Award:** Up to $2.5 million/up to five years

**Deadline:** Internal submission due: June 20, 2022; LOI due: Aug. 13, 2022 (LOI not required)

**Apply through the CAP**

**Multidisciplinary** || NIGMS Bridges to the Baccalaureate Research Training Program (T34)

**What:** Supports a diverse cohort of research-oriented students to transfer from associate degree-granting institutions to baccalaureate degree-granting institutions and complete a baccalaureate degree in disciplines related to the biomedical sciences

**Who should apply:** Partnerships must consist of a consortium composed of at least two institutions: an institution that offers the associate degree as the terminal degree in STEM fields and a distinct institution granting baccalaureate degrees in STEM fields; additional eligibility info in the FOA

**Award:** Budgets should reflect the actual needs of the proposed project/up to five years

**Deadline:** Internal submission due: July 26, 2022; Application due: Sept. 26, 2022, 5 p.m. PT

**Apply through the CAP**

**Multidisciplinary** || Searle Scholars 2022 Program

**What:** Supports high-risk/high-reward research from investigators pursuing independent research careers in biochemistry, cell biology, genetics, immunology, neuroscience, pharmacology and related areas in chemistry, medicine and biological science

**Who should apply:** Independent investigators

**Application due:** Sept. 21, 2022, 5 p.m. PT

**Apply through the CAP**
at the assistant professor level whose appointment is the investigator's first tenure-track position at OHSU (Searle usually has a timeline for when investigators should have started their position; more info should be available when invitations to apply are sent) Award: Up to $300,000/up to three years Deadline: Internal submission due: Aug. 1, 2022; Application due: Sept. 30, 2022 Apply through the CAP

Merit Prizes and Awards

**Multidisciplinary** || **Royal Thai Consulate-General Prince Mahidol Award**
*What:* Honors outstanding performance and research in the field of medicine for the benefit of mankind and outstanding contribution in the field of public health for the sake of the well-being of the peoples
*Who should apply:* Anyone who meets the above description; nominations may be made by health authorities or individuals or groups in nongovernmental capacity
*Award:* $100,000
*Deadline:* May 31, 2022

**Periodontology** || **American Academy of Periodontology Foundation Dr. Mark K. Setter Leadership in Periodontology and Dental Implantology Award**
*What:* Recognizes an investigator who exemplifies leadership in the periodontology profession by their actions in promoting periodontology and dental implantology
*Who should apply:* Full-time periodontal residents as of the application deadline at accredited U.S. periodontal programs who are nominated by their program director
*Award:* $10,000
*Deadline:* June 1, 2022

**Psychology** || **American Psychological Foundation Joseph B. Gittler Award**
*What:* Recognizes psychologists who are making and will continue to make scholarly contributions to the philosophical foundations of psychological knowledge
*Who should apply:* Psychologists with an EdD, PsyD, or PhD from accredited universities who can demonstrate contributions to the philosophical foundations of psychology, particularly over the last five to 10 years
*Award:* $4,000
*Deadline:* June 1, 2022

**Biomedical** || **Vilcek Foundation Vilcek Prize for Creative Promise in Biomedical Science**
*What:* Honors foreign-born biomedical scientists who demonstrate outstanding early achievement in basic, applied, and translational biomedical science
*Who should apply:* Researchers who were born outside the United States and on or after January 1, 1984 and have a full-time independent position; [additional eligibility information in announcement](#)
*Award:* $50,000
*Deadline:* June 10, 2022, 2 p.m. PT

**Neuroscience** || **Eppendorf & Science Prize for Neurobiology**
*What:* Honors one young scientist for outstanding neurobiological research based on methods of molecular and cell biology conducted by them during the past three years
*Who should apply:* Neurobiologists who are 35 or younger with an advanced degree received in the last 10 years
*Award:* $25,000
*Deadline:* June 15, 2022

**New this week!**

**Biomedical** || **American Association for the Advancement of Science Early Career Award for Public Engagement with Science**
*What:* Honors early-career scientists and engineers who demonstrate excellence in their contribution to public engagement with science activities
*Who should apply:* Researchers who are actively conducting research in any scientific discipline and have completed their terminal degree within seven years of the nomination deadline; self-nominations are allowed
*Award:* $5,000
*Deadline:* June 30, 2022, 8:59 p.m. PT

**Neuroscience** || **National Multiple Sclerosis Society Barancik Prize for Innovation in Multiple Sclerosis Research**
*What:* Recognizes an exceptional scientist or a team of scientists whose work in multiple sclerosis research has demonstrated
outstanding innovation and originality

Who should apply: Early to mid-career investigators active in MS research who have no more than 20 years of experience as an independent investigator or team leader

Award: $100,000
Deadline: July 15, 2022

Life Sciences || Science & SciLifeLab Prize for Young Scientists

What: Honors one young scientist for outstanding life science research for which they were awarded a doctoral degree in the previous two years; research must fall within one of four categories: cell and molecular biology; genomics, proteomics and systems biology approaches; ecology and environment; and molecular medicine

Who should apply: Researchers who were awarded their Ph.D. between Jan. 1, 2020 and Dec. 31, 2021

Award: $30,000 for grand prize winner and $10,000 for category winners
Deadline: July 15, 2022

COVID-19 Opportunities

Due to the decline in new funding opportunities related to COVID-19, we are transitioning the separate COVID-19 Funding Alerts to this space. You can still view the archive of COVID-19 Funding Alerts, and a list of still-open opportunities will be updated weekly.

Endocrinology || NIDDK Notice of Special Interest (NOSI): Availability of Urgent Competitive Revisions for Epidemiologic Studies of Diabetes Incidence and Severity and Its Potential Association with COVID-19

What: Supports epidemiologic studies of diabetes incidence and severity and its potential association with COVID-19 and the causative virus SARS-CoV-2

Who should apply: Existing awardees of active NIDDK grants and cooperative agreements, excluding R03, R25, and all F, T and D series awards

Award: Up to $350,000/one year
Deadline: June 1, 2022, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations Notice of Special Interest (NOSI) - Emerging and Existing Issues of Coronavirus Disease 2019 (COVID-19) Research Related to the Health and Well-Being of Women, Children and Individuals with Physical and/or Intellectual Disabilities

What: Supports research related to the health of women, children and individuals with disabilities and existing COVID-related issues among pregnant and lactating people, infants, children and adolescents, and individuals with physical and intellectual disabilities

Who should apply: Anyone with a research interest in COVID-19 and alcohol consumption

Award: Dependent upon FOA
Deadline: Rolling from June 5, 2022, through March 5, 2024

Substance Use || NIAAA Notice of Special Interest: Research on Alcohol and Coronavirus Disease (COVID-19) within the Mission of NIAAA

What: Supports research on risks and outcomes associated with alcohol consumption, SARS-CoV-2 infection and the COVID-19 pandemic in the general population and among underserved populations

Who should apply: Anyone with a research interest in COVID-19 and alcohol consumption

Award: Dependent upon FOA
Deadline: Rolling from June 5, 2022, through June 6, 2024

Environmental Health || NIEHS Notice of Special Interest: Promoting Health, Safety, and Recovery Training for COVID-19 Essential Workers and their Communities

What: Supports applicants to develop partnerships with local worker centers and community organizations specifically targeting underserved and disadvantaged communities with higher than average COVID-19 transmission rates

Who should apply: Existing awardees of NIH grants

Award: Up to $400,000/by the end of the original project period
Deadline: June 6, 2022, 5 p.m. PT
Behavioral Health ‖ Pfizer Meta-analysis of COVID-19 Vaccine Hesitancy Behavioral & Social Science Research

What: Supports metaanalysis of current behavioral and social science research of COVID-19 vaccine hesitancy in groups and subgroups who are most at risk due to disparities and social determinants of health

Who should apply: Anyone with a research interest in COVID-19 vaccine hesitancy

Award: Up to $125,000/up to one year

Deadline: June 27, 2022, 8:59 p.m. PT

Immunology ‖ Pfizer and BioNTech COVID-19 Vaccine Development for LMICs

What: Supports clinical studies designed to lead to approval and availability of new COVID-19 vaccines that are intended to protect large populations in a low- or middle-income country

Who should apply: Open globally, but preference will be given to organizations with a presence in a low- or middle-income country

Award: Not specified/up to two years

Deadline: Rolling through Dec. 31, 2022

NIH Federal Opportunities

This week the NIH released funding opportunities concerning dementia, stroke and pediatrics. We’ve highlighted some opportunities of potential interest below.

Neuroscience ‖ NINDS Interdisciplinary Team Science Grant (RM1 Clinical Trial Optional)

What: Supports integrated efforts of three or more (up to six) PIs to pursue bold, impactful, and challenging research in any area within the scope of the NINDS mission

Who should apply: Teams of at least three and no more than six PIs with an interest in NINDS-related research

Award: Not limited/up to five years

Deadline: LOI due: Sept. 7, 2022 (LOI not required but highly encouraged); Application due: Oct. 7, 2022, 5 p.m. PT

Mental Health ‖ NIMH Expanding Prevention Strategies for Mental Disorders in Mobile Populations in Humanitarian Crises (R34 Clinical Trial Optional)

What: Supports research focused on understanding the role human mobility has on mental health outcomes and developing and testing culturally appropriate preventive interventions for mental disorders that may develop during all phases of migration

Who should apply: Anyone with a research interest in mental disorders in mobile populations

Award: Up to $450,000/up to three years

Deadline: LOI due: Sept. 25, 2022 (LOI not required but highly encouraged); Application due: Oct. 25, 2022, 5 p.m. PT

Infectious Disease ‖ NIAID Transgender People: Immunity, Prevention, and Treatment of HIV and STIs (R21 Clinical Trial Not Allowed)

What: Supports hypothesis-generating research in transgender people with the objective of characterizing the biological and immunological impact of the interventions (hormones, drugs and surgical) used for gender reassignment and their impact on susceptibility to HIV and other sexually transmitted infections

Who should apply: Anyone with a research interest in the immunological impact of the interventions used for gender reassignment

Award: Up to $275,000/up to two years

Deadline: LOI due: Nov. 7, 2022 (LOI not required but highly encouraged); Application due: Dec. 7, 2022, 5 p.m. PT

Administrative Supplements

Multidisciplinary ‖ Multiple NIH Organizations Notice of Special Interest: Administrative Supplements to Advance Precision Medicine Using the All of Us Research Program’s Data

Requests for Information

Multidisciplinary ‖ Multiple NIH Organizations Promoting Equity in Global Health Research
Other Federal and State Opportunities

Mental Health || Oregon Gambling Research Center Research Funding Opportunity
What: Supports research that addresses gambling, problem gambling, or gambling-related issues facing Oregon and the nation
Who should apply: Graduate students, faculty, or community-based researchers in Oregon
Award: Up to $20,000/not specified
Deadline: June 15, 2022

Multidisciplinary || DoD Military Burn Research Program Clinical Translational Research Award
What: Supports human research projects that are likely to have a major impact on patient care by applying promising and well-founded research findings to the care of the burn-injured patient, particularly at the point-of-injury, or during the acute phase of injury
Who should apply: Independent investigators at all academic levels
Award: Up to $2.21 million/up to four years
Deadline: Pre-application due: June 27, 2022, 2 p.m. PT; Application due: Oct. 11, 2022, 8:59 p.m. PT

Private Opportunities

Neuroscience || Autism Science Foundation Suzanne Wright Research Accelerator Grants
What: Funding designed to expand the scope, speed the progress, increase the efficiency, or improve the final product dissemination of active autism research grants
Who should apply: Investigators who have active autism grants
Award: Up to $7,500/not specified
Deadline: June 14, 2022, 2 p.m. PT

Pediatric || Little Giraffe Foundation Neonatal Research Initiative
What: Supports research that addresses both the immediate and long-term health needs caused by premature birth; possible subjects include basic biological processes governing development, genetics, clinical studies, reproductive health studies, environmental toxicology, and social and behavioral studies
Who should apply: Applicants must be based in the United States and represent a U.S.-based institution
Award: Up to $10,000/not specified
Deadline: June 24, 2022

Cancer || American Association for Cancer Research Victoria’s Secret Global Fund for Women’s Cancers
What: Supports research aimed at progressing outcomes for women’s cancers and invest in the next generation of women scientists who represent the diverse population they serve
Who should apply: Female investigators with a doctoral degree in a related field who are not currently a candidate for a further doctoral degree
Award: Up to $206,000/up to two years
Deadline: June 28, 2022, 10 a.m. PT

Neuroscience || Simons Foundation Autism Research Initiative (SFARI) SPARK Research Match Diversity, Equity, and Inclusivity
What: Funding that aims to address historic disparities in research participation by Black individuals by soliciting studies on autism that recruit Black participants
Who should apply: Researchers conducting autism research and prioritizing including Black participants in their research
Award: Up to $20,000/not specified
Deadline: June 30, 2022
This organization is on the President’s List; submit a notice of intent form before applying

Multidisciplinary || The Paul G. Allen Frontier Group Allen Discovery Center Program
What: Supports proposals that will answer large, paradigm-shifting, and fundamental
biological questions at the intersection of immunology and neuroscience

Who should apply: Investigators who have at least seven years of independent research experience

Award: Up to $10 million/up to four years
Deadline: July 7, 2022, noon PT

This organization is on the President’s List; submit a notice of intent form before applying

Pulmonology || Cystic Fibrosis Foundation

Biological Basis for CF-Related Diabetes Program

What: Supports projects that will improve understanding of the biological basis for the development and progression of cystic fibrosis-related diabetes as well as to identify potential novel therapeutic strategies to manage and treat the disease

Who should apply: Independent investigators with an interest in cystic fibrosis and diabetes

Award: Up to $450,000/up to three years
Deadline: Aug. 2, 2022, 2 p.m. PT
