

OHSU Funding Alerts: Week of June 30, 2022

OHSU Funding Opportunities

Multidisciplinary || OCTRI [Human Investigations Program](#)

What: A series of courses to enhance your clinical and translational research career

Who should apply: Faculty and clinical and postdoctoral fellows employed at OHSU, VA Portland Health Care System or other Northwest healthcare systems and graduate students enrolled in SOD, SOM, SON or SOPH

Degrees offered: Certificate in Human Investigations or a Master of Clinical Research
Deadline: July 15, 2022

Multidisciplinary || Multiple NIH Organizations [NIH Science Education Partnership Award \(SEPA\) \(R25 - Clinical Trial Not Allowed\)](#) and [The BRAIN Initiative to support the NIH Science Education Partnership Award \(SEPA\) program](#)

What: Announces BRAIN Initiative participation in the SEPA program, which supports research education activities; BRAIN awardees are encouraged to propose educational projects that focus on any area of BRAIN-funded research that benefits society and help create a diverse, capable, and health-literate workforce

Who should apply: PIs should be established

investigators in the scientific area in which the application is targeted and capable of providing both administrative and scientific leadership to the development and implementation of the proposed program

Award: Up to \$1.25 million/up to five years

Deadline: July 23, 2022, 5 p.m. PT

Please contact funding@ohsu.edu if you are interested in applying to this opportunity

Neuroscience || BRAINet [Postdoctoral and Student Travel Award](#)

What: Provides funding for two travel awards (one to a graduate student and one to a postdoctoral scholar) to attend the Society for Neuroscience Annual Meeting in support of BRAINet's mission to foster awareness and support for OHSU neuroscience research by educating the public and engaging in community interaction

Who should apply: Current graduate students and postdoctoral researchers/fellows at OHSU who will submit a poster abstract for SfN22; abstract submission acceptance is not required and applicants must have no other funds available to support travel/attendance
Award: Up to \$1,000/one year

Deadline: July 31, 2022

[Apply through the CAP](#)

Multidisciplinary || OCTRI [Mobile Apps for Clinical Studies \(MACS\)](#)

What: Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone

FEATURED OPPORTUNITIES

Multidisciplinary || Pfizer [Knowledge Gaps in Treatment of Acute COVID-19 and Management of Post-COVID Conditions in Outpatient Settings](#)

What: Supports educational programs that raise awareness and understanding of the treatment of acute COVID-19 and the management of post-COVID conditions in outpatient settings

Who should apply: Clinicians who manage patients with COVID-19 in outpatient settings

Award: Up to \$500,000/not specified

Deadline: July 27, 2022, 8:59 p.m. PT

Multidisciplinary || Pfizer [Digital Education to Address Patients with COVID-19 and High Risk of Complications](#)

What: Supports online educational programs for primary care clinicians designed to increase the understanding of need for early diagnosis and intervention for patients with COVID-19 and a high risk of complications and treatment of acute COVID-19 in a primary care setting

Who should apply: Primary care clinicians who manage patients with COVID-19

Award: Up to \$230,000/not specified

Deadline: Aug. 10, 2022, 8:59 p.m. PT

Who should apply: PIs who want to create a mobile app for clinical or commercial purposes
Award: Up to \$5,000/typically one year
Deadline: Rolling; application will close when funding for the fiscal year is exhausted
[Submit project intake form through REDCap](#)

Multidisciplinary || [OHSU Fellowship for Diversity in Research](#)

What: Funds researchers with the goal of increasing the diversity of the community of scholars devoted to academic scientific research at OHSU
Who should apply: Investigators with postdoctoral training experience looking to establish an independent academic research career; scholars who identify as underrepresented minorities, differently-abled and more are welcomed
Award: Up to \$8,000 plus a stipend
Deadline: Applications accepted anytime

Public Health || [OHSU-PSU School of Public Health Kickstarter Awards](#)

What: Funding to support pre-award activities that advance the preparation of high-quality grant or contract applications
Who should apply: OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health who have an extramural RFA or other opportunity identified
Award: From \$500 to \$5,000/up to six months
Deadline: Accepted on a rolling basis through June 30, 2022
[Apply through the CAP](#)

Multidisciplinary || [OHSU School of Medicine Exploratory Research Seed Grants](#)

What: Supports investigators who need to work with an OHSU core or with the Pacific Northwest National Laboratory (PNNL) to develop preliminary data for an application for extramural research support
Who should apply: School of Medicine faculty in the professorial series who have not received this award within the last year
Award: Up to \$5,000/one year
Deadline: Applications accepted anytime
[Apply through the CAP](#)

Limited Submission Opportunities

Cancer || [Cancer Research Institute Irvington Postdoctoral Fellowship Program](#)

What: Supports young immunologists and cancer immunologists by continuing their training under the guidance of a world-renowned immunologist who mentors the fellow and prepares them for a productive and successful career in cancer immunology
Who should apply: Postdocs working in immunology who have less than five years of relevant postdoc experience
Award: \$186,000/three years
Deadline: Internal submission due: July 5, 2022; Application due: Sept. 1, 2022
[Apply through the CAP](#)

Cancer || [Gabrielle's Angel Foundation for Cancer Research Medical Research Awards](#)

What: Supports physician scientists who are applying novel techniques to fundamental genesis and treatment problems in blood related cancers; one researcher conducting conventional research and one conducting integrative research may be nominated
Who should apply: Assistant professors and associate professors if they're proposing integrative research who are tenure-track or independent; for conventional projects, must be in their position no longer than five years
Award: \$225,000/three years
Deadline: Internal submission due: July 13, 2022; Application due: Aug. 26, 2022
[Apply through the CAP](#)

Multidisciplinary || [Government of Canada 2022 Banting Postdoctoral Fellowships](#)

What: Supports national and international postdoctoral applicants who will contribute to Canada's economic, social and research-based growth; 70 fellowships awarded annually
Who should apply: Non-Canadian citizens and permanent residents of Canada who plan to hold their fellowship at a Canadian institution and have fulfilled all degree requirements for a PhD, PhD-equivalent or health professional degree between September 15, 2019 and September 30, 2023
Award: \$140,000/two years
Deadline: Internal submission: July 21, 2022; Application due: Sept. 21, 2022, 5 p.m. PT
[Apply through the CAP](#)

Multidisciplinary || Rita Allen Foundation
[2023 Scholars Program](#)

Please note that Rita Allen has not yet released deadlines for this year, but we anticipate them to do so soon. Deadlines listed here are subject to change.

What: Supports basic biomedical research in the fields of cancer, immunology and neuroscience distinguished by its bold approach to basic scientific questions that address problems of global concern and its potential for leadership and collaboration

Who should apply: Early career independent investigators preferably in the first three years of their tenure track who have received committed startup funds and lab space from their institution

Award: Up to \$550,000/up to five years
Deadline: Internal submission due: July 21, 2022; Rita Allen has not yet released deadlines for this year, but last year letters of intent were due Sept. 8, and applications were due Oct. 20

[Apply through the CAP](#)

Multidisciplinary || NIGMS [Bridges to the Baccalaureate Research Training Program \(T34\)](#)

What: Supports a diverse cohort of research-oriented students to transfer from associate degree-granting institutions to baccalaureate degree-granting institutions and complete a baccalaureate degree in disciplines related to the biomedical sciences

Who should apply: Partnerships must consist

of a consortium composed of at least two institutions: an institution that offers the associate degree as the terminal degree in STEM fields and a distinct institution granting baccalaureate degrees in STEM fields;
[additional eligibility info in the FOA](#)

Award: Budgets should reflect the actual needs of the proposed project/up to five years
Deadline: Internal submission due: July 26, 2022; Application due: Sept. 26, 2022, 5 p.m. PT

[Apply through the CAP](#)

Multidisciplinary || Searle Scholars [2022 Program](#)

What: Supports high-risk/high-reward research from investigators pursuing independent research careers in biochemistry, cell biology, genetics, immunology, neuroscience, pharmacology and related areas in chemistry, medicine and biological science

Who should apply: Independent investigators at the assistant professor level whose appointment is the investigator's first tenure-track position at OHSU (Searle usually has a timeline for when investigators should have started their position; more info should be available when invitations to apply are sent)

Award: Up to \$300,000/up to three years
Deadline: Internal submission due: Aug. 1, 2022; Application due: Sept. 30, 2022

[Apply through the CAP](#)

Merit Prizes and Awards

Biomedical || American Association for the Advancement of Science [Early Career Award for Public Engagement with Science](#)

What: Honors early-career scientists and engineers who demonstrate excellence in their contribution to public engagement with science activities

Who should apply: Researchers who are actively conducting research in any scientific discipline and have completed their terminal degree within seven years of the nomination deadline; self-nominations are allowed

Award: \$5,000

Deadline: June 30, 2022, 8:59 p.m. PT

Neuroscience || National Multiple Sclerosis Society [Barancik Prize for Innovation in Multiple Sclerosis Research](#)

What: Recognizes an exceptional scientist or a team of scientists whose work in multiple sclerosis research has demonstrated outstanding innovation and originality

Who should apply: Early to mid-career investigators active in MS research who have no more than 20 years of experience as an independent investigator or team leader

Award: \$100,000

Deadline: July 15, 2022

Life Sciences || Science & SciLifeLab [Prize for Young Scientists](#)

What: Honors one young scientist for

outstanding life science research; research must fall within one of four categories: cell and molecular biology; genomics, proteomics and systems biology approaches; ecology and environment; and molecular medicine

Who should apply: Researchers who were awarded their Ph.D. between Jan. 1, 2020 and Dec. 31, 2021

Award: \$30,000 for grand prize winner and \$10,000 for category winners

Deadline: July 15, 2022

New this week!

Multidisciplinary || Else Kröner-Fresenius-Stiftung [Else Kröner Fresenius Prize for Medical Research 2023](#)

What: Recognizes researchers in basic medical sciences or clinical sciences who have made outstanding scientific contributions with regard to diseases that pose a major burden in low, middle and high income countries

Who should apply: Researchers work in the coming years is expected to yield further groundbreaking advances in global diagnosis or treatment; nominations of younger and mid-career scientists are favored and self-nominations are not accepted

Award: \$2,619,450 (approximately; prize money listed in Euros)

Deadline: Sept. 13, 2022

Immunology || Michelson Philanthropies & Science [Prize for Immunology](#)

What: Recognizes young investigators from a wide range of disciplines including computer

science, artificial intelligence/machine learning, protein engineering, nanotechnology, genomics, parasitology and tropical medicine, neurodegenerative diseases, and gene editing, who apply their expertise to perform research that has a lasting impact on vaccine and immunotherapy

Who should apply: Researchers who are no older than 35, hold an M.D., Ph.D., or M.D./Ph.D. at the time of entry, and whose research was performed during the previous three years

Award: \$30,000 for grand prize winner and \$10,000 for runners up

Deadline: Oct. 1, 2022

COVID-19 Opportunities

Due to the decline in new funding opportunities related to COVID-19, we are transitioning the separate COVID-19 Funding Alerts to this space. You can still [view the archive of COVID-19 Funding Alerts](#), and a [list of still-open opportunities](#) will be updated weekly.

New this week!

Multidisciplinary || Pfizer [Knowledge Gaps in Treatment of Acute COVID-19 and Management of Post-COVID Conditions in Outpatient Settings](#)

What: Supports educational programs that raise awareness and understanding of the treatment of acute COVID-19 and the

management of post-COVID conditions in outpatient settings

Who should apply: Clinicians who manage patients with COVID-19 in outpatient settings

Award: Up to \$500,000/not specified

Deadline: July 27, 2022, 8:59 p.m. PT

New this week!

What: Supports online educational programs for primary care clinicians designed to increase the understanding of need for early diagnosis and intervention for patients with COVID-19 and a high risk of complications and treatment of acute COVID-19 in a primary care setting

Who should apply: Primary care clinicians who manage patients with COVID-19

Award: Up to \$230,000/not specified

Deadline: Aug. 10, 2022, 8:59 p.m. PT

Neuroscience || NIA and NINDS [Notice of Special Interest \(NOSI\): COVID-19 Related Revisions to NINDS ADRD Human Subjects Cooperative Agreement Programs](#)

What: Administrative supplements to address staffing shortages that are significantly impacting the recruitment of participants for NINDS administered Alzheimer's Disease/Alzheimer's Disease and Related Dementias (AD/ADRD) clinical research studies

Who should apply: PIs on NINDS awards

Award: Up to \$1 million/up to four years

Deadline: Aug. 19, 2022, 8:59 p.m. PT

Immunology || [Pfizer and BioNTech COVID-19 Vaccine Development for LMICs](#)

What: Supports clinical studies designed to lead to approval and availability of new COVID-19 vaccines that are intended to protect large populations in a low- or middle-income country

Who should apply: Open globally, but preference will be given to organizations with a presence in a low- or middle-income country

Award: Not specified/up to two years

Deadline: Rolling through Dec. 31, 2022

NIH Federal Opportunities

This week the NIH released funding opportunities concerning [Alzheimer's, substance use and cancer](#). We've highlighted some opportunities of potential interest below.

Aging || [NIA Transformative Artificial Intelligence and Machine Learning Based Strategies to Identify Determinants of Exceptional Health and Life Span \(R21/R33 Clinical Trial Not Allowed\)](#)

What: Support to develop artificial intelligence/machine learning strategies and computer automation to integrate, extract, and interpret multi-omic data sets from human exceptional longevity cohorts and multiple non-human species that display a wide variation in life span

Who should apply: Anyone with a research interest in artificial intelligence and exceptional longevity

Award: Up to \$1.35 million/up to five years

Deadline: *LOI due: Sept. 21, 2022 (LOI not required but highly encouraged); Application due: Oct. 21, 2022, 5 p.m. PT*

Cancer || [NCI Cancer Prevention and Control Clinical Trials Planning Grant Program \(R34 Clinical Trials Optional\)](#) and [U34 Clinical Trials Optional](#)

What: Supports clinical trials across the cancer prevention and control spectrum aimed at improving prevention, cancer-related health behaviors, screening, early detection, healthcare delivery, management of treatment-related symptoms, supportive care, and the long-term outcomes of cancer survivors

Who should apply: Anyone with a research interest in cancer prevention clinical trials

Award: Up to \$600,000/up to three years

Deadline: *LOI due: Sept. 25, 2022 (LOI not required but highly encouraged); Application due: Oct. 25, 2022, 5 p.m. PT*

Multidisciplinary || [Multiple NIH Organizations Notice of Special Interest \(NOSI\): Stimulating Research to Understand and Address Hunger, Food and Nutrition Insecurity](#)

What: Supports research on the efficacy of interventions that address nutrition security, the mechanisms of food insecurity on a variety

of health outcomes and the development of measures for nutrition security and assessment of food insecurity that are broadly applicable

Who should apply: Anyone with a research interest in nutrition insecurity

Award: Dependent upon FOA

Deadline: Rolling from Oct. 5, 2022, through Nov. 29, 2024

Administrative Supplements

Multidisciplinary || [Multiple NIH Organizations Notice of Special Interest \(NOSI\): Climate Change and Health Administrative Supplements](#)

Audiology || [NIDCD Notice of Special Interest: Temporal Bone Histological Tissue Scanning Equipment Supplement](#)

Other Federal and State Opportunities

Cancer || [DoD Rare Cancers Research Program Concept Award](#)

What: Supports innovative, high-risk/high-reward research that is in the earliest stages of idea development or an untested theory that addresses an important problem related to rare cancers; proof-of-concept is the anticipated outcome

Who should apply: Investigators at or above the level of postdoctoral fellow

Award: Up to \$100,000/up to one year

Deadline: *Pre-application due: July 18, 2022, 2 p.m. PT; Application due: Aug. 29, 2022, 8:59 p.m. PT*

Private Opportunities

Neuroscience || [Eagles Autism Foundation Pilot Grants](#)

What: Supports basic and clinical research of autism spectrum disorders by studying affected individuals, families and diverse model systems

Who should apply: Full-time tenured or tenure-track faculty appointment or equivalent non-tenure track appointment

Award: Up to \$400,000/up to two years

Deadline: *LOI due: July 22, 2022; Application due: Oct. 7, 2022*

Cardiology || [Pfizer and Bristol-Myers Squibb Advancing Management and Care in Atrial Fibrillation and Venous Thromboembolism](#)

What: Supports improving the care of patients by addressing knowledge gaps in atrial fibrillation and stroke prevention, detection and diagnosis, and venous thromboembolism

Who should apply: Healthcare professionals involved in the care of patients with cardiovascular disease

Award: Up to \$250,000/not specified

Deadline: Aug. 3, 2022, 8:59 p.m. PT

Physical Therapy || [Foundation for Physical Therapy Research Funding Opportunities](#)

What: Provides physical therapy research support through multiple funding mechanisms including education research, geriatric research and acute care research

Who should apply: Dependent upon grant

Award: Up to \$40,000/up to two years

Deadline: Aug. 5, 2022

Cancer || [Pfizer Relapsed/Refractory Multiple Myeloma Competitive Grant Program](#)

What: Supports projects focused on increasing healthcare professional understanding of BCMA-directed therapies (BCMAxCD3 bi-specifics; BCMA-ADC; BCMA – CAR-T cells) in relapsed/refractory multiple myeloma

Who should apply: Hematologists, oncologists and other healthcare professionals involved in the care of people with multiple myeloma

Award: Up to \$250,000/up to 20 months

Deadline: Aug. 8, 2022, 8:59 p.m. PT

Hematology || [Pfizer Addressing Knowledge Gaps in Aplastic Anemia](#)

What: Supports improving the care of patients by addressing knowledge gaps in early identification and diagnosis of aplastic anemia patients, awareness of aplastic anemia, current standards for the treatment of aplastic anemia and clinical management of special patient subpopulations

Who should apply: Healthcare providers involved in the identification, diagnosis and management of aplastic anemia patients

Award: Up to \$500,000/up to two years

Deadline: Aug. 10, 2022, 8:59 p.m. PT

Audiology || [American Hearing Research Foundation Discovery Grants](#)

What: Supports studies that investigate hearing and balance disorders related to the inner ear; priority will be given to early career investigators who need seed funds to generate necessary results and data for larger grant applications

Who should apply: Anyone with a research interest in inner ear disorders, particularly early career investigators

Award: Up to \$50,000/up to one year

Deadline: Aug. 15, 2022, 3 p.m. PT

Mental Health || [International Center for Responsible Gaming Research Grants](#)

What: Supports research on responsible gambling related to lottery gambling; research priorities include examining strategies that promote the responsible gaming principles of positive play, harm minimization and treatment referral for lottery players

Who should apply: PIs must have a PhD, MD, or other terminal degrees and early-career investigators are encouraged to apply

Award: Up to \$30,000/not specified

Deadline: Sept. 1, 2022

Multidisciplinary || [Howard Hughes Medical Institute Freeman Hrabowski Scholars Program](#)

What: Supports basic researchers, including physician-scientists, who have potential to become leaders in their fields and advance

diversity, equity, and inclusion through their mentorship and understanding of the experiences of trainees from races and ethnicities underrepresented in US science

Who should apply: Faculty who began their first post-training position and a tenure-track (or equivalent) faculty position on or after July 1, 2018, or who have accepted an offer for a tenure-track (or equivalent) position that will begin no later than July 1, 2023 and have a research focus in any area of basic biomedical science; [additional eligibility info in announcement](#)

Award: Full salary and benefits through HHMI and approximately \$2 million in research support/five years

Deadline: Sept. 28, 2022, noon PT
