

OHSU Funding Alerts: Week of December 15, 2022

OHSU Funding Opportunities

Multidisciplinary || MRF [Early Clinical Investigator Grant](#)

What: Funding to further the development postdoctoral fellows or trainees who interact with human subjects and who are interested in a career in clinical or translational research; [see guidelines for more info](#)

Who should apply: Postdoctoral trainees and fellows with specific plans for a career in clinical research

Award: Up to \$30,000/one year

Deadline: Dec. 15, 2022, 11:59 p.m. PT

[Apply through the CAP](#)

Multidisciplinary || MRF [Emergency Interim Support and OHSU Presidential Bridge Funding](#)

What: Provides funding for research programs that have lost national grant funding and enables investigators to develop data supporting application renewals; OHSU applicants can apply for both MRF Emergency Interim Support and OHSU Bridge Funding; see [EIS](#) and [Bridge](#) guidelines for more info

Who should apply: Researchers who need funding to keep their programs going

Award: Up to \$50,000 from each MRF and Bridge funding/one year

Deadline: Dec. 15, 2022, 11:59 p.m. PT

[Apply through the CAP](#)

Multidisciplinary || MRF [New Investigator Grant](#)

What: Supports promising investigators in biomedical research starting their independent careers; [see guidelines for more info](#)

Who should apply: Assistant professors or equivalent who are independent but new to research and don't yet have funding sources

Award: Up to \$50,000/one year

Deadline: Dec. 15, 2022, 11:59 p.m. PT

[Apply through the CAP](#)

Women's Health || Circle of Giving [Women's Health Research Funding Opportunity](#)

What: Supports new or established investigators interested in developing innovative directions in research that will advance women's health; applications may be in basic science, clinical investigation, population health or behavioral research

Who should apply: OHSU faculty at the rank of instructor, assistant, associate or full professor

Award: \$125,000/one year

Deadline: Jan. 13, 2023

[Apply through the CAP](#)

New this week!

Pediatrics || OHSU Doernbecher Children's Hospital [2023 Friends of Doernbecher Grant Program](#)

What: Supports clinical and research projects

and programs at OHSU Doernbecher Children's Hospital; pediatric-related research projects and programs that impact children's health are supported by the program

Who should apply: OHSU and Doernbecher faculty, clinical and research staff, graduate students, medical students, fellows and postdoctoral fellows

Award: Up to \$50,000/one year

Deadline: Feb. 17, 2023, 5 p.m. PT

[Apply through the CAP](#)

Multidisciplinary || NIGMS, OHSU Research & Innovation and Vollum Institute [OHSU Postbaccalaureate Research Education Program \(PREP\)](#)

What: Program for recruiting and retaining Persons Excluded because of their Ethnicity or Race (PEER) postbacs for an intensive, mentored experience research experience with the goal to prepare them for pursuing a graduate degree in biomedical research

Who should apply: Researchers who have graduated or are in the process of graduating with a baccalaureate degree in a biomedically relevant science from an accredited college or university within the last three years before they apply, are US citizens, nationals or permanent residents, are not currently enrolled in a degree program and belong to a group considered to be underrepresented in the field of biomedical research; [see more details](#)

Award: Competitive research assistant salary and health benefits/one year

Deadline: March 1, 2023, 11:59 p.m. PT
Send questions to PREPtohrad@ohsu.edu
[Apply through the CAP](#)

Multidisciplinary || OCTRI [Mobile Apps for Clinical Studies \(MACS\)](#)

What: Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone
Who should apply: PIs who want to create a mobile app for clinical or commercial purposes
Award: Up to \$5,000/typically one year
Deadline: Rolling; application will close when funding for the fiscal year is exhausted
[Submit project intake form through REDCap](#)

Multidisciplinary || OHSU [Fellowship for Diversity in Research](#)

What: Funds researchers with the goal of increasing the diversity of the community of scholars devoted to academic scientific research at OHSU
Who should apply: Investigators with postdoctoral training experience looking to establish an independent academic research career; scholars who identify as underrepresented minorities, differently-abled and more are welcomed
Award: Up to \$8,000 plus a stipend
Deadline: Applications accepted anytime

Multidisciplinary || OHSU School of Medicine [Exploratory Research Seed Grants](#)

What: Supports investigators who need to work with an OHSU core or with the Pacific

Northwest National Laboratory (PNNL) to develop preliminary data for an application for extramural research support

Who should apply: School of Medicine faculty in the professorial series who have not received this award within the last year
Award: Up to \$5,000/one year
Deadline: Applications accepted anytime
[Apply through the CAP](#)

Limited Submission Opportunities

Multidisciplinary || Ono Pharma Foundation [Breakthrough Science Initiative Awards Program](#)

What: Supports high-risk and high-reward science research projects, particularly projects about technical innovations and chemical biology research that provide solutions to human health barriers
Who should apply: Young and/or mid-career scientists (15 years or less from start of independent academic position) who has no previous relationship with the Ono Pharma Foundation; PIs also may not apply for funding to amplify current work
Award: Up to \$1.035 million/up to three years
Deadline: Internal submission due: Dec. 23, 2022; LOI due: Feb. 15, 2023, 2 p.m. PT; Application due: May 17, 2023, 2 p.m. PT
[Apply through the CAP](#)

This organization is on the [President's List](#); submit a [notice of intent form](#) before applying

Pediatrics || NICHD [Pediatric Critical Care and Trauma Scientist Development Program \(K12 Clinical Trial Optional\)](#)

What: Supports a national program of mentored career development and training in research for junior faculty in pediatric critical care medicine and pediatric trauma surgery
Who should apply: The PI must be a physician and senior faculty member who is knowledgeable about pediatric critical care and/or pediatric trauma research, has a record of success in laboratory and/or clinical investigation, and has demonstrated skill in mentoring and career development; [additional eligibility info in FOA](#)
Award: Up to \$3.925 million/up to five years
Deadline: Internal submission: Dec. 28, 2022; LOI due: Feb. 28, 2023 (LOI not required but highly encouraged); Application due: March 29, 2023, 5 p.m. PT
[Apply through the CAP](#)

Cancer || NCI [Cancer Screening Research Network](#)

What: Funding to provide infrastructure to develop the Cancer Screening Research Network through three FOAs: [RFA-CA-23-020](#): CSRN Accrual, Enrollment, and Screening Site Hubs, [RFA-CA-23-021](#): CSRN Statistics and Data Management Center, and [RFA-CA-23-022](#): CSRN Coordinating and Communication Center
Who should apply: Anyone with a research interest in cancer screening
Award: For [RFA-CA-23-020](#): Up to \$2.75 million/up to four years; For [RFA-CA-23-](#)

[021](#) and [RFA-CA-23-022](#): Not limited/up to four years

Deadline: Internal submission: Dec. 29, 2022;
LOI due: Jan. 28, 2023; **Application due:** Feb. 28, 2023, 5 p.m. PT
[Apply through the CAP](#)

Multidisciplinary || NSF [Major Research Instrumentation Program: \(MRI\)](#)

What: Supports the acquisition or development of a multi-user research instrument that is, in general, too costly and/or not appropriate for support through other NSF programs

Who should apply: Anyone who would like to acquire an expensive research instrument

Award: Up to \$4 million/up to five years
Deadline: Internal submission: Jan. 5, 2023;
Application due: Feb. 21, 2023, 5 p.m. PT
[Apply through the CAP](#)

Cancer || The Hope Foundation for Cancer Research [Dr. Charles A. Coltman Jr. Fellowship](#)

What: Encourages investigators from [SWOG](#) member institutions to either learn clinical trial methodology or expand current research interests within a cooperative group environment

Who should apply: SWOG members who hold an early career faculty appointment or have no more than seven years of experience in clinical research; [further eligibility info in program description](#)

Award: \$100,000/two years

Deadline: Internal submission due: Jan. 6, 2023; **Application due:** March 1, 2023
[Apply through the CAP](#)

Multidisciplinary || NIGMS [NIH Research Evaluation and Commercialization Hubs \(REACH\) Awards \(U01 Clinical Trial Optional\)](#)

What: Supports the renewal of the NIH Research Evaluation and Commercialization Hub (REACH) program, established to facilitate and accelerate the translation of academic biomedical discoveries into products that improve patient care and public health
Who should apply: Primary applicant organizations must be a university or other research institution that participates in the NIH STTR program

Award: Up to \$4 million/up to four years
Deadline: Internal submission: Jan. 9, 2023;
Application due: Feb. 9, 2023, 5 p.m. PT
[Apply through the CAP](#)

Cancer || Cancer Research Institute [Irvington Postdoctoral Fellowship Program](#)

What: Supports young immunologists and cancer immunologists by continuing their training under the guidance of a world-renowned immunologist who mentors the fellow and prepares them for a productive and successful career in cancer immunology

Who should apply: Postdocs working in immunology or cancer immunology who have less than five years of relevant postdoc experience

Award: \$186,000/three years

Deadline: Internal submission: Jan. 10, 2023;
Application due: March 1, 2023, 2 p.m. PT
[Apply through the CAP](#)

Merit Prizes and Awards

Multidisciplinary || NOSTER & Science [Microbiome Prize](#)

What: Honors innovative research by young investigators working on the functional attributes of the microbiota of any organism that has potential to contribute to our understanding of human or veterinary health and disease or to guide therapeutic interventions

Who should apply: Early career scientists who hold an MD, PhD, or combination at the time of entry and have received their degree in the last 10 years; submitted work must have been done or directed by applicant in the past three years

Award: \$25,000
Deadline: Jan. 24, 2023

Multidisciplinary || Association of American Medical Colleges [Herbert W. Nickens Award](#)

What: Honors an individual who has made outstanding contributions to promoting justice in medical education and health care equity in the United States

Who should apply: Researchers who have made exemplary contributions to promoting diversity, equity, and inclusion, with a focus on promoting social justice and health equity in

the health professions

Award: \$10,000

Deadline: March 17, 2023, 8:59 p.m. PT

COVID-19 Opportunities

Due to the decline in new funding opportunities related to COVID-19, we are transitioning the separate COVID-19 Funding Alerts to this space. You can still [view the archive of COVID-19 Funding Alerts](#), and a [list of still-open opportunities](#) will be updated weekly.

Immunology || Pfizer and BioNTech [COVID-19 Vaccine Development for LMICs](#)

What: Supports clinical studies designed to lead to approval of new COVID-19 vaccines that are intended to protect large populations in a low- or middle-income country

Who should apply: Open globally, but preference will be given to organizations with a presence in a low- or middle-income country

Award: Not specified/up to two years

Deadline: Rolling through Dec. 31, 2022

New this week!

Multidisciplinary || Pfizer [Rapid Education on Drug-Drug Interactions in COVID-19 Outpatient Treatment](#)

What: Supports rapidly developed and deployed educational programs that address potential knowledge gaps related to drug-drug interactions in COVID-19 outpatient treatment

Who should apply: Healthcare providers who manage patients with COVID-19

Award: Up to \$200,000/up to two years

Deadline: Jan. 10, 2023, 8:59 p.m. PT

New this week!

Multidisciplinary || Pfizer [Knowledge Gaps in Managing Obesity and COVID-19](#)

What: Supports educational programs that address knowledge gaps in identifying obesity as a high-risk factor for developing severe COVID-19 outcomes

Who should apply: Healthcare providers with a research interest in obesity and COVID outcomes

Award: Up to \$200,000/up to one year

Deadline: Jan. 18, 2023, 8:59 p.m. PT

NIH Federal Opportunities

This week the NIH released funding opportunities concerning [model validation, Alzheimer's, and HIV](#). We've highlighted some opportunities of potential interest below.

Multidisciplinary || Multiple NIH

Organizations [Implementation Research on Noncommunicable Disease Risk Factors among Low- and Middle-Income Country and Tribal Populations Living in City Environments \(R01 Clinical Trial Optional\)](#) and [\(R61/R33 Clinical Trial Required\)](#)

What: Supports implementation research

focused on addressing risk factors for common noncommunicable diseases in [World Bank-defined low- and middle-income countries](#) and American Indian/Alaska Native populations in the United States

Who should apply: Anyone interested in risk factors for noncommunicable diseases

Award: Not limited/up to five years

LOI due: Feb. 9, 2023 (*LOI not required but highly encouraged*); **Application due:** March 9, 2023, 5 p.m. PT

Multidisciplinary || Multiple NIH **Organizations** [Development of Animal Models and Related Biological Materials for Down Syndrome Research \(R21 Clinical Trials Not Allowed\)](#)

What: Supports research to develop, characterize, or improve animal models and related biological materials for Down syndrome related research and to improve access to information about or from the use of animal models for Down syndrome research

Who should apply: Anyone with a research interest in animal models and related materials for Down syndrome research

Award: Up to \$275,000/up to two years

Deadline: March 20, 2023, 5 p.m. PT

Administrative Supplements

Multidisciplinary || Multiple NIH **Organizations [Notice of Special Interest \(NOSI\): Research on Gender Measurement \(Admin Supp Clinical Trial Optional\)](#)**

Requests for Information

Multidisciplinary || NIH [Request for Information \(RFI\) on Proposed Simplified Review Framework for NIH Research Project Grant Applications](#)

Other Federal Opportunities

Neuroscience || DoD Amyotrophic Lateral Sclerosis Research Program [Clinical Biomarker Development Award](#)

What: Supports the development or improvement of clinical biomarkers to enrich clinical trials in ALS

Who should apply: Investigators at all academic levels

Award: Up to \$750,000/up to three years

Deadline: *Not announced yet; will be posted here again when deadline is announced*

Neuroscience || DoD Amyotrophic Lateral Sclerosis Research Program [Pilot Clinical Trial Award](#)

What: Supports exploratory clinical trials of novel therapeutics or devices to demonstrate feasibility and inform the design of more advanced trials in ALS

Who should apply: Independent investigators at or above the level of assistant professor

Award: Up to \$2 million/up to four years

Deadline: *Not announced yet; will be posted here again when deadline is announced*

Neuroscience || DoD Amyotrophic Lateral Sclerosis Research Program [Therapeutic Development Award](#)

What: Supports secondary preclinical validation and/or Investigational New Drug (IND)-enabling studies of therapeutics for ALS

Who should apply: Investigators at all academic levels

Award: Up to \$1.5 million/up to three years

Deadline: *Not announced yet; will be posted here again when deadline is announced*

Neuroscience || DoD Amyotrophic Lateral Sclerosis Research Program [Therapeutic Idea Award](#)

What: Supports innovative, hypothesis-driven preclinical therapeutic development in ALS

Who should apply: Investigators at all academic levels

Award: Up to \$750,000/up to two years

Deadline: *Not announced yet; will be posted here again when deadline is announced*

Cancer || DoD Breast Cancer Research Program [Breakthrough Award](#)

What: Supports promising research that has high potential to lead to or make breakthroughs in breast cancer; four different funding levels available

Who should apply: Investigators at all academic levels

Award: Up to \$15 million/up to four years

Deadline: *Not announced yet; will be posted here again when deadline is announced*

Cancer || DoD Breast Cancer Research Program [Clinical Research Extension Award](#)

What: Supports research that extends the data collection, follow-up, and analysis of breast cancer clinical research studies

Who should apply: Investigators at all academic levels

Award: Up to \$6 million/up to four years

Deadline: *Not announced yet; will be posted here again when deadline is announced*

Cancer || DoD Breast Cancer Research Program [Era of Hope Scholar Award](#)

What: Supports early-career scientists who have demonstrated that they are the “best and brightest” in their fields through extraordinary creativity, vision, innovation, and productivity

Who should apply: Independent, non-mentored investigators within six years of their last training position as of the application submission deadline

Award: Up to \$3 million/up to four years

Deadline: *Not announced yet; will be posted here again when deadline is announced*

Cancer || DoD Breast Cancer Research Program [Innovator Award](#)

What: Supports visionary individuals who have demonstrated exceptional creativity, innovative work, and paradigm-shifting leadership in any field

Who should apply: Independent investigators at or above the level of associate professor

Award: Up to \$7 million/up to four years

Deadline: Not announced yet; will be posted here again when deadline is announced

Cancer || DoD Breast Cancer Research Program [Transformative Breast Cancer Consortium Award](#)

What: Supports collaborations and ideas that will transform or improve the lives of individuals with and at risk for breast cancer and will significantly accelerate progress toward ending breast cancer

Who should apply: Investigators at all academic levels

Award: Up to \$25 million/up to four years

Deadline: Not announced yet; will be posted here again when deadline is announced

Cancer || DoD Breast Cancer Research Program [Transformative Breast Cancer Consortium Development Award](#)

What: Provides time and resources needed to bring investigators and breast cancer advocates together to conduct preliminary research that will support application to a future Transformative Breast Cancer Consortium Award

Who should apply: Investigators at all academic levels

Award: Up to \$10,000/up to one year

Deadline: Not announced yet; will be posted here again when deadline is announced

Private Opportunities

Dermatology || National Psoriasis Foundation [Research Funding](#)

What: Supports psoriatic disease research that could also answer basic questions about underlying disease mechanisms, comorbidities and public health; grants offered include early career, bridge and translational research and seven funding opportunities total available

Who should apply: Eligibility is dependent upon funding opportunity

Award: Between \$5,000 and \$200,000/between 10 weeks and two years

Deadline: Jan. 15, 2023, 5 p.m. PT

Multidisciplinary || Burroughs Wellcome Fund [Postdoctoral Diversity Enrichment Program](#)

What: Supports career development activities for underrepresented minority postdoctoral fellows whose training and professional development are guided by mentors committed to helping them advance to stellar careers in biomedical or medical research

Who should apply: Postdoctoral fellows who have no more than 48 months of postdoctoral research experience (in a research lab) at the time of application and are not more than five years from their PhD; [additional info in RFP](#)

Award: Up to \$60,000/up to three years

Deadline: Jan. 18, 2023, noon PT

This organization is on the [President's List](#); submit a [notice of intent form](#) before applying

Rheumatology || Arthritis National Research Foundation [Research Grants](#)

What: Supports a variety of arthritis-related research grants for research scientists and researchers working on arthritis and related autoimmune diseases

Who should apply: Researchers with an interest in arthritis; preference given to senior postdoctoral investigators transitioning to independent investigator status and new assistant professors

Award: Up to \$250,000/up to two years

Deadline: Jan. 20, 2023

Pediatrics || American Academy of Pediatrics [CATCH Planning, Implementation, and Resident Grants](#)

What: Supports pediatric residents who plan to build broad-based community partnerships aimed at increasing children's access to optimal health or well-being

Who should apply: General pediatricians, pediatric medical subspecialists, pediatric surgical subspecialists and fellowship trainees who are from the United States, one of its territories, or Canada, and have a current national or chapter AAP membership

Award: Up to \$10,000/up to one year

Deadline: Jan. 23, 2023

Multidisciplinary || PhRMA Foundation [Health Outcomes Research and Translational Medicine Grants](#)

What: Supports investigators involved in

health outcomes research and translational medicine; predoctoral and postdoctoral fellowships and research starter grants offered
Who should apply: Dependent upon grant mechanism

Award: Between \$50,000 and \$120,000/between one and two years

Deadline: Feb. 1, 2023, 9 a.m. PT

Multidisciplinary || [Danone North America Gut Microbiome, Yogurt and Probiotics Fellowship Grant](#)

What: Funds research that explores the gut microbiome, probiotics and yogurt to better understand how they support and maintain human health and wellness

Who should apply: Graduate students who are U.S. citizens or permanent residents with a research interest in microbiome and probiotics

Award: \$25,000/one year

Deadline: Feb. 14, 2023
