

OHSU Funding Alerts: Week of March 10, 2023

OHSU Funding Opportunities

Neuroscience || OHSU Department of Neurology [Laura Fund for Innovation in Multiple Sclerosis Research](#)

What: Supports projects that seek to advance the understanding and treatment of multiple sclerosis (basic, translational, or clinical); the goal of this opportunity is to create pilot or feasibility data that will lead to outside funding, including proposals from K awardees who need additional funding to generate data for R01s or similar

Who should apply: All OHSU neuroscience researchers in good standing; applicants are not limited to those within the Department of Neurology, and trainees cannot be PI

Award: Up to \$50,000/one year

Deadline: March 10, 2023

[Send questions to funding@ohsu.edu](mailto:funding@ohsu.edu); [apply through the CAP](#)

Multidisciplinary || MRF [Early Clinical Investigator Grant](#)

What: Funding to further the development postdoctoral fellows or trainees who interact with human subjects and who are interested in a career in clinical or translational research; [see guidelines for more info](#)

Who should apply: Postdoctoral trainees and

fellows with specific plans for a career in clinical research

Award: Up to \$30,000/one year

Deadline: April 17, 2023, 11:59 p.m. PT

[Apply through the CAP](#)

Multidisciplinary || MRF [Emergency Interim Support and OHSU Presidential Bridge Funding](#)

What: Provides funding for research programs that have lost national grant funding and enables investigators to develop data supporting application renewals; OHSU applicants can apply for both MRF Emergency Interim Support and OHSU Bridge Funding; see [EIS](#) and [Bridge](#) guidelines for more info

Who should apply: Researchers who need funding to keep their programs going

Award: Up to \$50,000 from each MRF and Bridge funding/one year

Deadline: April 17, 2023, 11:59 p.m. PT

[Apply through the CAP](#)

Multidisciplinary || MRF [New Investigator Grant](#)

What: Supports promising investigators in biomedical research starting their independent careers; [see guidelines for more info](#)

Who should apply: Assistant professors or equivalent who are independent but new to research and don't yet have funding sources

Award: Up to \$50,000/one year

Deadline: April 17, 2023, 11:59 p.m. PT

[Apply through the CAP](#)

Multidisciplinary || OHSU School of Medicine [Gerlinger Research Award](#)

What: Supports research by primary faculty in the School of Medicine with strong preference given to research addressing systemic autoimmune or connective tissue diseases

Who should apply: Primary faculty in the School of Medicine

Award: Up to \$40,000/one year

Deadline: April 17, 2023, 11:59 p.m. PT

[Apply through the CAP](#)

Multidisciplinary || OCTRI [OSLER TL1 Program](#)

What: Supports training and career development in clinical and translational research for professional and PhD graduate students and postdoctoral clinical and research fellows; all research proposed must involve either clinical or translational research that involves human subjects or populations or research that has application to human health

Who should apply: Predoctoral and postdoctoral trainees at OHSU, PSU, UO or OSU who are citizens or non-citizen nationals of the United States, or have been lawfully admitted to the United States for permanent residence and have in their possession an Alien Registration Receipt Certificate (I-151 or I-551) or other legal verification of admission for permanent residence; [further info in RFA](#)

Award: *Predoctoral stipend:* \$27,144;

Postdoctoral stipend: Set by NIH and based on years of training completed (additional tuition, fee and insurance coverage provided for

both)/up to one year with possibility for renewal for PhD graduate students and postdoctoral trainees

Deadline: April 24, 2023, 5 p.m. PT

[Apply through REDCap](#)

Nursing || OHSU School of Nursing Hartford Center of Gerontological Excellence [Hartford Award for Research and Practice](#)

What: Provides support for SON faculty research and practice change projects aimed at improving the health and health care of older adults through innovations in care; [view guidelines here](#)

Who should apply: All OHSU School of Nursing faculty who have a clinical or research doctorate, especially early-career investigators

Award: Up to \$25,000/one year

Deadline: April 24, 2023, 5 p.m. PT

Submit all inquiries to [Marilyn Sanguinetti](#) and submit completed applications to [Marilyn Sanguinetti](#) with a copy to SNORDS@ohsu.edu

Multidisciplinary || OHSU School of Nursing Hartford Center of Gerontological Excellence [Interprofessional Hartford Award for Research and Practice](#)

What: Provides support for OHSU faculty research and practice change projects that are interprofessional and focused on team science and aimed at improving the health and health care of older adults through innovations in care; [view guidelines here](#)

Who should apply: All OHSU faculty including

those with appointments at the Schools of Dentistry, Medicine, Public Health, and Nursing, and the College of Pharmacy who have completed a clinical or research doctorate; if the PI holds a primary appointment outside of the SON, there must be a Co-I from the SON, and an interprofessional research team is required

Award: Up to \$25,000/one year

Deadline: April 24, 2023, 5 p.m. PT

Submit all inquiries and completed applications to [Marilyn Sanguinetti](#)

New this week!

Multidisciplinary || OHSU Division of Pulmonary & Critical Care Medicine [Multidisciplinary Research Training in Pulmonary Medicine \(NHLBI T32\)](#)

What: Multidisciplinary research training for predoctoral and postdoctoral trainees conducting research related to pulmonary medicine

Who should apply: Any U.S. citizen, national, or permanent resident trainee whose research and career trajectory are relevant to the biology and health care practices that relate to respiratory, critical care, and sleep medicine; predoctoral candidates must have passed qualifying exams

Award: [Stipend support](#)/up to two years

How to apply: Application packets must include: NIH-formatted biosketch; career vision statement – comment on how this training opportunity would fit into overall trajectory in relation to pulmonary medicine

(2-3 paragraphs); research proposal/experimental plan (1-2 pages); project narrative (2-3 sentences describing the relevance of the research to public health); biosketch and letter of support from mentor

Deadline: April 28, 2023

[Send questions and application to Samantha Ruimy](#)

Trauma || Trunkey Center [Research and Innovation Awards](#)

What: Supports progress on clearly articulated, early-phase trauma research and innovation projects by providing opportunities for pilot testing, preliminary data collection, prototype development, feasibility or needs assessments or similar activities

Who should apply: Teams of faculty, staff, and students/residents either from or outside OHSU; each project team must include at least one OHSU member who serves at PI or Co-PI

Award: Between \$5,000 and \$20,000/up to two years

Deadline: May 1, 2023, midnight PT

[Apply through the CAP](#)

Public Health || OHSU-PSU [School of Public Health Kickstarter Awards](#)

What: Funding to support pre-award activities that advance the preparation of high-quality grant or contract applications or support student-led research

Who should apply: OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health who have an extramural RFA or

other opportunity identified or students in OHSU-PSU School of Public Health

Award: Between \$500 and \$5,000/up to six months

Deadline: Accepted on a rolling basis through June 1, 2023

[Apply through the CAP](#)

Multidisciplinary || OCTRI [Mobile Apps for Clinical Studies \(MACS\)](#)

What: Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone
Who should apply: PIs who want to create a mobile app for clinical or commercial purposes

Award: Up to \$5,000/typically one year

Deadline: Rolling; application will close when funding for the fiscal year is exhausted

[Submit project intake form through REDCap](#)

Multidisciplinary || OHSU [Fellowship for Diversity in Research](#)

What: Funds researchers with the goal of increasing the diversity of the community of scholars devoted to academic scientific research at OHSU

Who should apply: Investigators with postdoctoral training experience looking to establish an independent academic research career; scholars who identify as underrepresented minorities, differently-abled and more are welcomed

Award: Up to \$8,000 plus a stipend

Deadline: Applications accepted anytime

Multidisciplinary || OHSU School of Medicine [Exploratory Research Seed Grants](#)

What: Supports investigators who need to work with an OHSU core or with the Pacific Northwest National Laboratory (PNNL) to develop preliminary data for an application for extramural research support

Who should apply: School of Medicine faculty in the professorial series who have not received this award within the last year

Award: Up to \$5,000/one year

Deadline: Applications accepted anytime

[Apply through the CAP](#)

Limited Submission Opportunities

Neuroscience || NIA [Alzheimer's Disease Research Centers \(P30 Clinical Trial Not Allowed\)](#)

What: Funding to establish centers that will research the nature of Alzheimer's disease and AD-related dementias and the development of more effective approaches to prevention, diagnosis, care, and therapy

Who should apply: Anyone with a research interest in prevention, diagnosis, care, and therapy for Alzheimer's and related dementias

Award: Up to \$14.625 million/up to five years

Deadline: *Internal submission due: March 14, 2023; LOI due: May 14, 2023; Application due: June 14, 2023, 5 p.m. PT*

[Apply through the CAP](#)

Multidisciplinary || NIAID [Consortium for Food Allergy Research: Clinical Research Center \(U01 Clinical Trial Required\)](#) and [Consortium for Food Allergy Research: Leadership Center \(UM1 Clinical Trial Required\)](#)

What: Supports centers with the goals to advance prevention and management strategies and to improve knowledge on the origins and the pathophysiology of IgE-mediated food allergy, Alpha-Gal Syndrome, Food Protein-induced Enterocolitis Syndrome and Eosinophilic Esophagitis

Who should apply: Anyone with a research interest in food allergy research centers

Award: Up to \$7.3 million for Leadership Center and up to \$400,000 for Clinical Research Centers/up to seven years

Deadline: *Internal submission due: March 16, 2023; LOI due: May 9, 2023; Application due: June 9, 2023, 5 p.m. PT*

[Apply through the CAP](#)

Multidisciplinary || The Pew Charitable Trusts [2024 Scholars Program](#)

What: Two programs are combined in this competition: the Pew Scholars Program in the Biomedical Sciences and the Pew-Stewart Scholars for Cancer Research Program; both are intended for early-career research with an emphasis on interdisciplinary projects

Who should apply: Early-career assistant professors with a research interest in biomedical studies or cancer studies; further eligibility info for [Pew Biomedical](#) and [Pew-](#)

[Stewart](#)

Award: \$300,000/four years

Deadline: Internal submission due: March 20, 2023; **Nomination due:** May 17, 2023;

Application due: Aug. 31, 2022 for Pew-Stewart and Sept. 7, 2023 for Pew Biomedical
[Apply through the CAP](#)

PLEASE NOTE: DO NOT APPLY TO THIS OPPORTUNITY YET. The V Foundation has not released its RFA for this opportunity yet. All information here is based on last year's RFA and is subject to change. Deadlines and other information will be updated when the RFA is released. This is being posted early so, if this opportunity is of interest, you can plan ahead.

Cancer || V Foundation [Pediatric Translational and V Scholar Cancer Research Grant Program](#)

What: Two programs to support pediatric cancer research; Translational Awards support projects that move a novel strategy from the laboratory into a human clinical trial or use specimens from a clinical trial to develop biomarkers or mechanisms and V Scholar Awards support either laboratory-based discovery research or translational research
Who should apply: Pediatric cancer researchers; eligibility requirements for each award are different and detailed, so [see CAP listing for more details](#)

Award: *For Translational:* Up to \$600,000/up to three years; *For V Scholar:* Up to \$200,000/up to two years

Deadline: DEADLINE WILL BE UPDATED WHEN

RFA IS RELEASED. Internal submission due: March 27, 2023

[Apply through the CAP](#)

This organization is on the [President's List](#); submit a [notice of intent form](#) IF YOU ARE CHOSEN AS A NOMINEE

Multidisciplinary || NIGMS and ORIP [High-End Instrumentation \(HEI\) Grant Program \(\\$10 Clinical Trial Not Allowed\)](#) and [Shared Instrumentation Grant \(SIG\) Program \(\\$10 Clinical Trial Not Allowed\)](#)

What: Supports groups of NIH-supported investigators to purchase or upgrade a single item of high-end, specialized, commercially available instruments or integrated systems
How to apply: OHSU is not limited in the number of applications we may submit, provided that the applications are for different types of equipment; however, internal review is required. You must submit a 1-3 page preliminary proposal that names a minimum of three major users who are PIs on active NIH research grants; [additional information on proposal in CAP](#)

Who should apply: PIs do not need to have an NIH research grant or any other research support but are expected to be an expert on the requested instrument and may be a core director or tenured or non-tenured faculty member; multiple PIs are not allowed

Award: *For Shared Grants:* Between \$50,000 and \$600,000/one year; *For High-End Grants:* Between \$600,001 and \$2 million/one year

Deadline: Internal submission due: April 3,

2023; **Application due:** June 1, 2023, 5 p.m. PT
[Apply through the CAP](#)

PLEASE NOTE: DO NOT APPLY TO THIS OPPORTUNITY YET. The V Foundation has not released its RFA for this opportunity yet. All information here is based on last year's RFA and is subject to change. Deadlines and other information will be updated when the RFA is released. This is being posted early so, if this opportunity is of interest, you can plan ahead.

Cancer || V Foundation [V Scholar Cancer Research Grant](#)

What: Supports tenure-track faculty early in their cancer research career by funding projects that are either laboratory-based adult cancer fundamental or translational research
Who should apply: Tenure-track assistant professors who have at least two years postdoctoral (MD or PhD) fellowship training; [further eligibility info listed in CAP](#)

Award: Up to \$200,000/up to two years

Deadline: DEADLINE WILL BE UPDATED WHEN RFA IS RELEASED. Internal submission due: April 12, 2023

[Apply through the CAP](#)

This organization is on the [President's List](#); submit a [notice of intent form](#) IF YOU ARE CHOSEN AS A NOMINEE

Merit Prizes and Awards

Multidisciplinary || Association of American Medical Colleges [Herbert W. Nickens Award](#)

What: Honors an individual who has made outstanding contributions to promoting justice in medical education and health care equity in the United States

Who should apply: Researchers who have made exemplary contributions to promoting diversity, equity, and inclusion, with a focus on promoting social justice and health equity in the health professions

Award: \$10,000

Deadline: March 17, 2023, 8:59 p.m. PT

Multidisciplinary || Robert Wood Johnson Foundation [Culture of Health Prize](#)

What: Honors the work of communities that foster health and wellbeing for all by addressing systemic inequities

Who should apply: Diverse, cross-sector partnerships that center people who are most impacted by local or regional health inequities; [see announcement for more information](#)

Award: \$250,000

Deadline: March 29, 2023, noon PT

This organization is on the [President's List](#); submit a [notice of intent form](#) before applying

Deadline updated

Neuroscience || Science & PINS [Prize for Neuromodulation](#)

What: Rewards innovative research that

modulates neural activity through physical (electrical, magnetic, optical) stimulation of targeted sites in the nervous system with implications for translational medicine

Who should apply: Investigators younger than forty-five who have received their degree in the last 10 years; work submitted for consideration must have been performed in the past three years

Award: \$25,000

Deadline: March 29, 2023

New this week!

Multidisciplinary || Breakthrough Prize Foundation [2024 Prizes in Fundamental Physics, Life Sciences, and Mathematics Breakthrough Prize Foundation](#)

What: Recognizes scientists with a background in fundamental physics, life sciences and mathematics; the life sciences prize specifically recognizes individuals who have made advances in understanding living systems and extending human life, and one life sciences prize is designated for work contributing to understanding Parkinson's disease or other neurodegenerative disorders

Who should apply: Scientists who meet the above criteria; self-nominations not permitted

Award: \$3 million

Deadline: April 1, 2023, midnight PT

Women's Health || Foundation for Women's Wellness [Fellowship Awards](#)

What: Supports MD and PhD candidates and those pursuing postdoctoral and specialty

training in women's health disciplines such as cardiovascular disease, leading female cancers, and hormones' role in disease and stage-of-life health concerns

Who should apply: Researchers who are pursuing an MD and/or PhD or engaged in postdoctoral fellowship or specialty training

Award: \$5,000

Deadline: April 7, 2023, 10:59 p.m. PT

Multidisciplinary || NOMIS & Science [Young Explorer Award](#)

What: Recognizes bold young researchers who ask fundamental questions at the intersection of the life and social sciences

Who should apply: Investigators 35 and younger who hold an MD, PhD or MD/PhD at the time of entry; work submitted for consideration must have been performed in the past three years

Award: \$15,000 to grand prize winner; \$5,000 to runners up

Deadline: May 15, 2023

Multidisciplinary || NSF [National Medal of Science](#)

What: Two awards, one for science and one for technology and innovation; recognizes contributions to knowledge or the impact of their work on the state of the chemical, physical, biological, social, or behavioral sciences; mathematics; or engineering, or contributions to the nation's economic, environmental, and social well-being through the development of technological products,

processes, and concepts

Who should apply: U.S. citizens or permanent residents who are applying for U.S. citizenship, who have done work of significantly outstanding merit or that has had a major impact on scientific thought in their field; must be nominated by peers

Deadline: May 26, 2023, 8:59 p.m. PT

New this week!

Neuroscience || **International Women in MS Rachel Horne Prize for Women's Research in MS**

What: Recognizes outstanding contributions to research in the understanding and treatment of women's specific health issues in MS

Who should apply: Mid-to-senior career women MS scientists and neurologists who have worked for more than 15 years at assistant professor level and, at the time of application, hold the title of associate professor or professor

Award: \$40,000

Deadline: June 9, 2023

COVID-19 Opportunities

Due to the decline in new funding opportunities related to COVID-19, we are transitioning the separate COVID-19 Funding Alerts to this space. You can still [view the archive of COVID-19 Funding Alerts](#), and a [list of still-open opportunities](#) will be updated weekly.

Multidisciplinary || **Multiple NIH Organizations** [Notice of Special Interest \(NOSI\): Advance Data Science Approaches Through Secondary Data Analysis to Reveal Scientific Insights of COVID-19 Testing Technologies \(R21\)](#)

What: Supplements to support secondary data analysis to address questions and advance scientific inquiry related to SARS-CoV-2 through the existing data resources in the Rapid Acceleration of Diagnostics Data Hub ([RADx DataHub](#)), including and in conjunction with other data resources

Who should apply: PIs interested in the Rapid Acceleration of Diagnostics Data Hub

Award: Up to \$275,000/up to two years

Deadline: May 31, 2023, 5 p.m. PT

Multidisciplinary || **NHLBI** [Notice of Special Interest \(NOSI\): Enhancing Research on Deciphering Mechanisms of COVID-19-Associated Coagulopathy](#)

What: Funding to accelerate a comprehensive understanding of the mechanisms of COVID-19-Associated Coagulopathy which are provoked by vascular endothelial cell injury, hyperimmune responses, and hypercoagulability at genomic, molecular, and cellular levels

Who should apply: Anyone with a research interest in COVID-19-Associated Coagulopathy

Award: Not limited/up to five years

Deadline: Open from June 5, 2023 through July 6, 2025, 5 p.m. PT

New this week!

Dentistry || **NIDCR** [Notice of Special Interest \(NOSI\): NIDCR Support for Research on the Physiological Involvement of Oral Cavity in Coronavirus Disease 2019 \(COVID-19\)](#)

What: Supports research studies focused on the physiological involvement of oral cavity and oral manifestations related to SARS-CoV-2 and/or COVID-19

Who should apply: Anyone with a research interest in COVID-19 and oral cavity and oral manifestations

Award: Dependent upon FOA

Deadline: Open from Oct. 5, 2023 through May 8, 2026, 5 p.m. PT

NIH Federal Opportunities

This week the NIH released funding opportunities concerning [genomics](#), [mental health and psychiatry](#). We've highlighted some opportunities of potential interest below.

Multidisciplinary || **Multiple NIH Organizations** [Exploratory Grants for Climate Change and Health Research Center Development \(P20 Clinical Trial Optional\)](#)

What: Supports the development of a transdisciplinary research environment to sustain a program of fundamental and applied research to examine the impacts of climate change on health and to develop action-

oriented solutions to protect the health of individuals, communities, and nations from the hazards posed by climate change

Who should apply: Anyone with a research interest in the health effects of climate change

Award: Up to \$2.55 million/up to three years

Deadline: *LOI due: April 1, 2023 (LOI not required but highly encouraged); Application due: May 1, 2023, 5 p.m. PT*

Multidisciplinary || Multiple NIH

Organizations [Translational Research in Maternal and Pediatric Pharmacology and Therapeutics \(R01 Clinical Trial Optional\)](#)

What: Supports translational and clinical research to advance precision medicine in pregnant persons, lactating persons, and children, enhance the understanding of the underlying mechanisms of drug action, and discover and develop novel therapeutics or enhance the usage of existing drugs for safer and more effective medications in pregnant and lactating persons, neonates, and children; [see also PAR-23-131](#)

Who should apply: Anyone with a research interest in maternal and pediatric pharmacology

Award: Not limited/up to five years

Deadline: *LOI due: May 5, 2023 (LOI not required but highly encouraged); Application due: June 5, 2023, 5 p.m. PT*

Aging || NIA Paul B. Beeson Emerging Leaders Career Development Award in Aging ([K76 Independent Clinical Trial Not Allowed](#)) and

[\(K76 Clinical Trial Required\)](#)

What: Supports early-stage physicians and other health professional investigators with a commitment to aging and aging-related diseases to apply for this award with the goal of advancing their research and leadership skills in their specialty and in the broader field of aging and geriatrics research

Who should apply: Candidates for the K76 award must have [Early-Stage Investigator status](#) at the time of application submission and be a citizen or non-citizen national of the United States or have been lawfully admitted for permanent residence; additional eligibility info in FOAs

Award: Up to \$1.125 million/up to five years

Deadline: *LOI due: Sept. 20, 2023 (LOI not required but highly encouraged); Application due: Oct. 20, 2023, 5 p.m. PT*

Administrative Supplements

Cancer || NCI [Notice of Special Interest \(NOSI\): Administrative Supplements for NCI Division of Cancer Biology Research Programs](#)

Cancer || NCI [Notice of Special Interest \(NOSI\): Administrative supplements to examine the effects of digital tools and interventions on patient-provider communication across the cancer control continuum](#)

Multidisciplinary || NIAMS [Notice of Special Interest \(NOSI\): Administrative Supplements](#)

[to NIAMS-funded T32 Training Grants to Better Incorporate Pain Related Research in Rheumatic, Skin and Musculoskeletal Diseases Workforce Development](#)

Multidisciplinary || NIAMS [Notice of Special Interest \(NOSI\): Availability of Urgent Competitive Revisions to Add or Expand Research and Administrative Supplements on Cutting Edge Pain Research in Rheumatic, Skin, and Musculoskeletal Disease](#)

Multidisciplinary || NICHD and ORWH [Notice of Special Interest \(NOSI\): Administrative Supplements to Leverage Network Infrastructure to Advance Multisite Research for Women, Children, Pregnant and Lactating Individuals and/or Persons with Disabilities](#)

Nursing || NINR [Notice of Special Interest \(NOSI\): Administrative Supplements to NINR Institutional Research Training Grants \(T32\) to Increase Capacity for Research to Prevent Firearm Injury and Related Health Disparities](#)

Requests for Information

Multidisciplinary || NCATS [Request for Information \(RFI\): Advancing Clinical and Translational Science through Accelerating the Decentralization of Clinical Trials](#)

Other Federal and Local Opportunities

Multidisciplinary || Women in Science PDX [SCIENCE TALK '23 Conference Scholarships](#)

What: Covers registration costs for the SCIENCE TALK '23 conference held April 6-7, 2023, in Portland, OR so awardees can attend the conference, build their science communication skills, and grow their professional networks

Who should apply: Individuals of any historically marginalized gender identity who live and/or work within the Portland metropolitan area

Award: Between \$75 and \$400 depending on the type of registration required

Deadline: March 10, 2023, 5 p.m. PT

Neuroscience || DoD Autism Research Program [Career Development Award](#)

What: Supports investigators to conduct research on innovative, high-impact ideas or early-phase, proof-of-principle clinical trials with the potential to have a major impact on autism spectrum disorder

Who should apply: Independent investigators at or below the level of assistant professor (or equivalent) or established independent investigators in an area other than autism spectrum disorder at or above the level of assistant professor (or equivalent) and seeking to transition to a career in autism spectrum disorder

Award: Up to \$550,000/up to three years

Deadline: Pre-application due: April 19, 2023,

2 p.m. PT; Application due: July 20, 2023, 8:59 p.m. PT

Neuroscience || DoD Autism Research Program [Clinical Trial Award](#)

What: Supports research with the potential to have a major impact on the treatment and/or management of autism spectrum disorder

Who should apply: Independent investigators at or above the level of assistant professor (or equivalent), with a nested early-career investigator option

Award: Up to \$2.2 million/up to four years

Deadline: Pre-application due: April 19, 2023, 2 p.m. PT; Application due: July 20, 2023, 8:59 p.m. PT

Neuroscience || DoD Autism Research Program [Idea Development Award](#)

What: Supports the development of innovative, high-impact ideas that advance the understanding of autism spectrum disorder and ultimately lead to improved outcomes

Who should apply: Independent investigators at or above the level of assistant professor (or equivalent), with a multiple PI option

Award: Up to \$550,000/up to three years

Deadline: Pre-application due: April 19, 2023, 2 p.m. PT; Application due: July 20, 2023, 8:59 p.m. PT

Cancer || DoD Ovarian Cancer Research Program [Clinical Trial Award](#)

What: Supports rapid implementation of clinical trials with the potential to have a

significant impact on ovarian cancer

Who should apply: Independent investigators at all academic levels

Award: Up to \$2 million/up to four years

Deadline: Pre-application due: May 26, 2023, 2 p.m. PT; Application due: July 21, 2023, 8:59 p.m. PT

Cancer || DoD Ovarian Cancer Research Program [Clinical Translational Research Award](#)

What: Supports correlative studies that address translational research in high-impact or unmet needs in ovarian cancer and have a clinical emphasis

Who should apply: Investigators at or above the level of assistant professor

Award: Up to \$2 million/up to four years

Deadline: Pre-application due: May 26, 2023, 2 p.m. PT; Application due: July 21, 2023, 8:59 p.m. PT

Cancer || DoD Bone Marrow Research Program [Idea Development Award](#)

What: Supports innovative ideas and high-impact approaches based on scientifically sound evidence to move toward the vision to understand and cure bone marrow failure

Who should apply: Both early-career and established investigators

Award: Up to \$530,000/up to three years

Deadline: Not announced yet; will be posted here again when deadline is announced

Cancer || DoD Bone Marrow Research Program [Investigator-Initiated Research Award](#)

What: Supports studies that further develop mature ideas, expand upon key discoveries, and have the potential to make significant advances in research and patient care in at least one of the FY23 BMFRP IIRA Focus Areas
Who should apply: Independent investigators at or above the level of assistant professor or equivalent
Award: Up to \$850,000/up to three years
Deadline: Not announced yet; will be posted here again when deadline is announced

Multidisciplinary || DoD Joint Warfighter Medical Research Program [Military Medical Research and Development Award](#)

What: Supports a wide range of research projects, spanning late-stage preclinical studies, late-stage technology development efforts, technology demonstration, and translational research
Who should apply: Independent investigators at all academic levels
Award: Up to \$3.5 million/up to three years
Deadline: Not announced yet; will be posted here again when deadline is announced

Neuroscience || DoD Multiple Sclerosis Research Program [Clinical Trial Award](#)
What: Supports early-phase, proof-of-principle clinical multiple sclerosis trials to demonstrate feasibility or inform the design of more advanced trials or larger-scale clinical

trials at phase 1 or 2 that seek to show preliminary evidence of safety or efficacy in relevant patient populations
Who should apply: Independent investigators at or above the level of assistant professor or equivalent
Award: Up to \$4.5 million/up to four years
Deadline: Not announced yet; will be posted here again when deadline is announced

Neuroscience || DoD Multiple Sclerosis Research Program [Early Investigator Research Award](#)

What: Supports MS-focused research opportunities for individuals in the early stages of their careers
Who should apply: Investigators who have a doctoral degree from an accredited organization, are involved in a postdoctoral training or medical residency program and have at least one and up to four years continuous postdoctoral research experience, and can commit at least 50 percent of their effort toward project
Award: Up to \$320,000/up to two years
Deadline: Not announced yet; will be posted here again when deadline is announced

Neuroscience || DoD Multiple Sclerosis Research Program [Exploration - Hypothesis Development Award](#)

What: Funds research that could lead to impactful discoveries or significant advancements that will accelerate progress toward reducing the burden of Lyme disease

and other tick-borne diseases and conditions and improving patient care and quality of life
Who should apply: Independent investigators at or above the level of assistant professor or equivalent or independent investigators no more than five years from the start of their faculty position who have not received more than \$300,000 in total direct costs for previous or concurrent MS research as a PI of one or more non-mentored, peer-reviewed grants from any agency
Award: Up to \$250,000/up to two years
Deadline: Not announced yet; will be posted here again when deadline is announced

Neuroscience || DoD Multiple Sclerosis Research Program [Investigator-Initiated Research Award](#)

What: Supports highly rigorous, high-impact research with the potential to make an important contribution to MS research and patient care
Who should apply: Independent investigators at or above the level of assistant professor or equivalent or independent investigators no more than five years from the start of their faculty position who have not received more than \$300,000 in total direct costs for previous or concurrent MS research as a PI of one or more non-mentored, peer-reviewed grants from any agency
Award: Up to \$1 million/up to three years
Deadline: Not announced yet; will be posted here again when deadline is announced

Cancer || DoD Prostate Cancer Research Program [Data Science Award](#)

What: Supports research where quantitative and analytical approaches, processes, and systems are developed and used to obtain knowledge and insight from large and complex sets of prostate cancer data

Who should apply: Independent investigators at all levels

Award: Up to \$1 million/up to three years

Deadline: Not announced yet; will be posted here again when deadline is announced

Cancer || DoD Prostate Cancer Research Program [Early Investigator Research Award](#)

What: Funds research that could lead to impactful discoveries or significant advancements that will accelerate progress toward reducing the burden of Lyme disease and other tick-borne diseases and conditions and improving patient care and quality of life

Who should apply: Postdocs who have a doctoral degree (or equivalent) and three or fewer years of postdoctoral research experience (excluding clinical residency or clinical fellowship training)

Award: Up to \$300,000/up to two years

Deadline: Not announced yet; will be posted here again when deadline is announced

Cancer || DoD Prostate Cancer Research Program [Exploration – Hypothesis Development Award](#)

What: Supports the exploration of highly innovative, untested, potentially

groundbreaking concepts in prostate cancer

Who should apply: Investigators at or above the level of postdoctoral fellow or equivalent

Award: Up to \$100,000/up to two years

Deadline: Not announced yet; will be posted here again when deadline is announced

Cancer || DoD Prostate Cancer Research Program [Health Disparity Research Award](#)

What: Supports research ideas that have the potential to make an important contribution to reducing and ultimately eliminating disparities in prostate cancer incidence, morbidity, and mortality

Who should apply: Independent investigators at all levels

Award: Up to \$900,000/up to three years

Deadline: Not announced yet; will be posted here again when deadline is announced

Cancer || DoD Prostate Cancer Research Program [Idea Development Award](#)

What: Supports new ideas that represent innovative, high-risk/high-gain approaches to prostate cancer research and have the potential to make an important contribution to one or more of the FY23 PCRP Overarching Challenges

Who should apply: Independent investigators at all levels

Award: Up to \$900,000/up to three years

Deadline: Not announced yet; will be posted here again when deadline is announced

Cancer || DoD Prostate Cancer Research Program [Physician Research Award](#)

What: Supports a mentored research experience to prepare physicians with clinical duties for careers in prostate cancer research

Who should apply: Investigators in the last year of an accredited medical residency or medical fellowship program or within five years of having initiated a faculty appointment (including instructor positions)

Award: Up to \$750,000/up to four years

Deadline: Not announced yet; will be posted here again when deadline is announced

Cancer || DoD Prostate Cancer Research Program [Translational Science Award](#)

What: Supports advanced translational research that will foster transformation of promising ideas in prostate cancer into clinical applications, ultimately providing a solution to one or more of the FY23 PCRP Overarching Challenges

Who should apply: Independent investigators at all levels

Award: Up to \$900,000/up to three years

Deadline: Not announced yet; will be posted here again when deadline is announced

Private Opportunities

Cancer || Ovarian Cancer Research Alliance [Grant Programs](#)

What: Supports ovarian cancer research through four award programs: collaborative

research development grants, early career investigator grants, mentored investigator grants and individual investigator awards
Who should apply: Dependent upon program
Award: Between \$75,000 and \$900,000/between one and three years
Deadline: *LOI due:* March 29, 2023, 2 p.m. PT;
***Application due:* June 7, 2023**

Cancer || **American Cancer Society [Research Grants](#)**

What: Many of the American Cancer Society's funding mechanisms are due April 1, including clinical professor grants, research scholar grants and postdoctoral fellowships; explore the above link to see the full list
Who should apply: Dependent upon funding mechanism
Award: Dependent upon funding mechanism
Deadline: April 1, 2023

Nursing || **Sigma Theta Tau International Honor Society of Nursing [Association of Nurses in AIDS Care \(ANAC\) Grant](#)**

What: Supports research career development of nurses through support of clinically oriented HIV/AIDS research to increase the number of HIV studies being done by nurses; proposals for pilot and developmental research are welcome
Who should apply: Registered nurses with a current license who hold a master's or doctoral degree or are enrolled in a doctoral program
Award: Up to \$2,500/up to one year
Deadline: April 1, 2023

Neuroscience || **Michael J. Fox Foundation for Parkinson's Research [Alpha-synuclein Post-translational Modification Quantification Program](#)**

What: Funding to establish robust methods and tools that can quantify the amount and regional distribution of post-translational modifications of alpha-synuclein in Parkinson's disease-relevant brain regions
Who should apply: U.S. and non-U.S. public and private non-profit entities, such as universities; postdoctoral fellows are not eligible to apply as coordinating PI but are eligible to be co-PIs in the team
Award: Up to \$1 million/up to two years
Deadline: *LOI due:* April 18, 2023, 2 p.m. PT;
***Full proposal due:* Oct. 6, 2023, 2 p.m. PT**

Behavioral Science || **Social Science Research Council [Mercury Project](#)**

What: Funding to research the causal impacts of interventions designed to increase demand for vaccinations consistent with national priorities including childhood vaccines, HPV, polio, measles, and COVID-19 vaccinations in low- and lower-middle income countries in Africa, Asia, and Latin America and the Caribbean
Who should apply: Primary applicant organizations must be tax-exempt organizations or the equivalent in the local context
Award: Budgets should be appropriate to cover project costs, with indirect costs not

exceeding 15 percent of direct costs/up to 30 months
Deadline: May 1, 2023
