OHSU Funding Alerts:
Week of May 4, 2023

OHSU Funding Opportunities

**Multidisciplinary | OCTRI KL2 Mentored Career Development Opportunity**
**What:** Supports development of clinical and translational investigators to conduct interdisciplinary research; in addition to salary support and funds for research activities, scholars can access additional support services through OCTRI and the Human Investigations Program; program is funded through NCATS
**Who should apply:** Applicants must have a full-time faculty appointment at OHSU, PSU, UO, or OSU at the time of appointment and may not have prior funding as a PI on an NIH grant except R03 or R21
**Award:** Up to $100,000 or 75 percent of the scholar’s salary/two years; includes $30,000 per year for research and travel activities and a tuition & university fee waiver for the Human Investigations Program
**Deadline:** May 10, 2023
**Apply through REDCap**

**Multidisciplinary | OCTRI Biomedical Innovation Program (BIP) Drug Discovery**
**What:** Supports and accelerates creative, interdisciplinary drug discovery and therapeutic development research; examples of responsive application topics include but are not limited to development and validation of drug targets, screening platforms, small molecules, antibodies, vaccines, and biologics; view the RFA for application instructions
**Who should apply:** PIs who meet OHSU Principal Investigator requirements; non-faculty applicants must submit written approval from their supervisor or department head authorizing “effort” on the grant
**Award:** Up to $60,000/typically one year
**Deadline:** May 10, 2023
**Send questions to Jonathan Jubera**

**Multidisciplinary | Cambia Health Foundation Health Care Workforce Grant**
**What:** Funding for solutions to address the root causes of workforce shortages, particularly in behavioral health, and innovative solutions that expand access, such as training providers in integrated and collaborative care models, through three grant mechanisms: research and development, planning, and implementation; see RFP for details
**Who should apply:** Applicants that meet OHSU Principal Investigator requirements with projects that take place in OR, WA, ID, UT or tribal lands within this four-state region
**Award:** For research and development: Up to $30,000/two years; For planning: Up to $50,000/two years; For implementation: Up to $80,000/two years
**Deadline:** Stage 1: May 15, 2023, 11:59 a.m. PT; Stage 2: June 23, 2023
**This organization requires coordination with OHSU Foundation before submission and is on the President’s List; submit a notice of intent form and share a brief description of your project before applying; contact ohsuf@ohsu.edu with any questions**

**Multidisciplinary | OHSU School of Medicine N.L. Tartar Trust Fellowship**
**What:** Supports research endeavors and research career development in the School of Medicine including, but not limited to, supporting the expense of conference attendance (travel, registration), minor equipment that will enhance or further research study, specialized lab service or supply to enhance research study, and staff salary to enhance the applicant’s research study
**Who should apply:** Students, fellows or faculty members in the School of Medicine who are residents of Oregon
**Award:** $2,000/one year
**Deadline:** May 15, 2023, 11:59 p.m. PT
**Apply through the CAP**

**Multidisciplinary | NIGMS, OHSU Research & Innovation and Vollum Institute OHSU Postbaccalaureate Research Education Program (PREP)**
**What:** Program for recruiting and retaining Persons Excluded because of their Ethnicity or Race (PEER) postbacs for an intensive, mentored experience research experience with the goal to prepare them for pursuing a graduate degree in biomedical research
**Who should apply:** Researchers who have graduated or are in the process of graduating with a baccalaureate degree in a biomedically relevant science from an accredited college or university within the last three years before they apply, are US citizens, nationals or permanent residents, are not currently enrolled in a degree program and belong to a group considered to be underrepresented in biomedical research; [see more details]

**Award:** Competitive research assistant salary and health benefits/one year

**Deadline:** May 31, 2023, 11:59 p.m. PT

Send questions to PREPtograd@ohsu.edu

**Public Health ‖ OHSU-PSU School of Public Health Kickstarter Awards**

**What:** Funding to support pre-award activities that advance the preparation of high-quality grant or contract applications or support student-led research

**Who should apply:** OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health who have an extramural RFA or other opportunity identified or students in OHSU-PSU School of Public Health

**Award:** Between $500 and $5,000/up to six months

**Deadline:** Accepted on a rolling basis through June 1, 2023

Apply through the CAP

**Public Health ‖ OHSU-PSU School of Public Health Catalyst Awards**

**What:** Funding to promote progress on clearly articulated, early-phase research agendas by providing opportunities for pilot testing, preliminary data collection, feasibility or needs assessments, or similar activities

**Who should apply:** OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health; special consideration given to research focused on health equity, social justice, social determinants of health, and health disparities, applicants who either meet definitions of New Investigator or Early-Stage Investigator, as defined by the NIH, and mid- or later career applicants developing a new research direction

**Award:** $5,000 to $25,000/up to one year

**Deadline:** June 2, 2023

Apply through the CAP

New this week!

**Cancer ‖ Knight Cancer Institute Knight Pilot Project Awards: Cancer Biology Program**

**What:** Supports high-impact research conducted across the cancer continuum by assisting in generating preliminary data leading to peer-reviewed national funding; this particular RFP is unique in that it prioritizes projects that represent a collaboration between two CB Program Members AND uses Knight’s Community Outreach & Engagement (COE) resources and/or addresses COE-identified community priorities

**Who should apply:** OHSU research and tenure-track faculty at the rank of assistant professor or higher; grants are intended to support innovative projects that venture into new areas rather than extensions of existing work; projects should not overlap with any funded project or be used as bridging support for projects for which funding has lapsed

**Award:** $50,000 in direct costs/one year

**Deadline:** June 5, 2022, 11:59 p.m. PT

Apply through the CAP

**Multidisciplinary ‖ OCTRI Mobile Apps for Clinical Studies (MACS)**

**What:** Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone

**Who should apply:** PIs who want to create a mobile app for clinical or commercial purposes

**Award:** Up to $5,000/typically one year

**Deadline:** Rolling; application will close when funding for the fiscal year is exhausted

Submit project intake form through REDCap

**Multidisciplinary ‖ OHSU Fellowship for Diversity in Research**

**What:** Funds researchers with the goal of increasing the diversity of the community of scholars devoted to academic scientific research at OHSU

**Who should apply:** Investigators with postdoctoral training experience looking to establish an independent academic research career; scholars who identify as underrepresented minorities, differently-abled and more are welcomed

**Award:** Up to $8,000 plus a stipend

**Deadline:** Applications accepted anytime
**Multidisciplinary || OHSU School of Medicine**

**Exploratory Research Seed Grants**

What: Supports investigators who need to work with an OHSU core or with the Pacific Northwest National Laboratory (PNNL) to develop preliminary data for an application for extramural research support

Who should apply: School of Medicine faculty in the professorial series who have not received this award within the last year

Award: Up to $5,000/one year

Deadline: Applications accepted anytime

[Apply through the CAP](#)

---

**Limited Submission Opportunities**

---

**Neuroscience || Brain Research Foundation**

**Scientific Innovations Award**

What: Supports basic and clinical neuroscience projects that are too innovative and speculative for traditional funding sources but have a high likelihood of producing important findings in a short time frame

Who should apply: Full-time associate professors or full professors who are studying brain function and have had major peer-reviewed funding in the last three years

Award: $150,000/two years

Deadline: **Internal submission due:** May 19, 2023; **LOI due:** June 22, 2023, 2 p.m. PT; **Application due:** Oct. 10, 2023, 2 p.m. PT

[Apply through the CAP](#)

---

**Healthy Oregon Workforce Training Opportunity Grant: Round 5**

What: Supports grants intended to expand health professional training within the state to address current and future shortages in the health care workforce in culturally, linguistically and historically marginalized communities; rural communities; and communities experiencing inequities throughout Oregon

Who should apply: Applicants must demonstrate how they will support greater trauma-informed ethnic, racial, cultural, and linguistic diversity and inclusion in Oregon’s health care workforce; address health inequities and social determinants of health; and expand current and/or develop new health professional training in a local area

Award: Up to $1 million/up to three years

Deadline: **Internal submission due:** May 19, 2023; **Application due:** May 24, 2023, 3 p.m. PT

[Apply through the CAP](#)

---

**Edward Mallinckrodt, Jr. Foundation**

**Mallinckrodt Grants**

What: Supports early-stage biomedical investigators engaged in basic and translational research that has the potential to make fundamental advances in biomedical science

Who should apply: PIs who are in the first to fourth year of their tenure-track faculty position and do not have current R01 funding

Award: Up to $225,000/up to three years

Deadline: **Internal submission due:** June 1, 2023; **Application due:** Aug. 1, 2023

[Apply through the CAP](#)

---

**NIH Common Fund NIH Director’s Early Independence Awards (DP5 Clinical Trial Optional)**

What: Supports junior investigators who wish to pursue independent research soon after completion of their terminal doctoral degree or post-graduate clinical training and forgo the traditional post-doctoral training period and accelerate their entry into an independent research career

Who should apply: PIs cannot have research independence at time of submission and the receipt date of the terminal doctoral degree or end of post-graduate clinical training of the PI must be between June 1, 2022 and September 30, 2024; additional eligibility info in FOA

Award: Up to $1.25 million/up to five years

Deadline: **Internal submission due:** June 5, 2023; **LOI due:** Aug. 4, 2023, 5 p.m. PT (LOI not required but highly encouraged); **Application due:** Sept. 6, 2023, 5 p.m. PT

[Apply through the CAP](#)

---

**NIH Limited Competition: Superfund Hazardous Substance Research and Training Program (P42 Clinical Trial Optional)**

What: Supports problem-based, solution-oriented research Centers that consist of
multiple, integrated projects representing both the biomedical and environmental science and engineering disciplines; as well as cores tasked with administrative (which includes research translation), data management and analysis, community engagement, research experience and training coordination, and research support functions

Who should apply: Institutional eligibility for this NOFO is limited to higher education institutions

Award: Up to $10 million/up to five years

Deadline: Internal submission due: July 3, 2023; LOI due: Sept. 2, 2023 (LOI not required but highly encouraged); Application due: Oct. 2, 2023, 5 p.m. PT

Apply through the CAP

New this week!

Cancer || Cancer Research Institute Irvington Postdoctoral Fellowship Program

What: Supports young immunologists and cancer immunologists by continuing their training under the guidance of a world-renowned immunologist who mentors the fellow and prepares them for a productive and successful career in cancer immunology

Who should apply: Postdocs working in immunology or cancer immunology who have less than five years of relevant postdoc experience; further eligibility info on website

Award: $228,000/three years

Deadline: Internal submission due: July 7, 2023; Application due: Sept. 1, 2023, 2 p.m. PT

Apply through the CAP

Merit Prizes and Awards

Neuroscience || Society for Neuroscience Jacob P. Waletzky Award

What: Honors a young scientist whose independent research has led to significant conceptual and empirical contributions to the understanding of drug addiction and who intends to continue to make contributions to addiction research and treatment

Who should apply: Investigators who are within 15 years of a PhD or MD; self-nominations are not permitted

Award: $30,000

Deadline: May 11, 2023, 2 p.m. PT

Biology || American Society for Cell Biology Early, Mid-Career, and Senior Awards

What: Awards honoring research in cell biology through several award mechanisms, including innovation in education, public service, and senior leadership awards

Who should apply: Dependent upon award

Award: Up to $3,000

Deadline: May 15, 2023

Multidisciplinary || NOMIS & Science Young Explorer Award

What: Recognizes bold young researchers who ask fundamental questions at the intersection of the life and social sciences

Who should apply: Investigators 35 and younger who hold an MD, PhD or MD/PhD at the time of entry; work submitted for consideration must have been performed in the past three years

Award: $15,000 to grand prize winner; $5,000 to runners up

Deadline: May 15, 2023

Multidisciplinary || NSF National Medal of Science
What: Two awards, one for science and one for technology and innovation; recognizes contributions to knowledge or the impact of their work on the state of the chemical, physical, biological, social, or behavioral sciences; mathematics; or engineering, or contributions to the nation’s economic, environmental, and social well-being through the development of technological products, processes, and concepts
Who should apply: U.S. citizens or permanent residents who are applying for U.S. citizenship, who have done work of significantly outstanding merit or that has had a major impact on scientific thought in their field; must be nominated by peers
Deadline: May 26, 2023, 8:59 p.m. PT

Periodontology || American Academy of Periodontology Foundation Dr. Mark K. Setter Leadership in Periodontology and Dental Implantology Award
What: Recognizes an investigator who exemplifies leadership in the periodontology profession by their actions in promoting periodontology and dental implantology
Who should apply: Full-time periodontal residents as of the application deadline at accredited U.S. periodontal programs nominated by their program director
Award: $10,000
Deadline: June 1, 2023

Neuroscience || International Women in MS Rachel Horne Prize for Women’s Research in MS
What: Recognizes outstanding contributions to research in the understanding and treatment of women’s specific health issues in MS
Who should apply: Mid-to-senior career women MS scientists and neurologists who have worked for more than 15 years at assistant professor level and, at the time of application, hold the title of associate professor or professor
Award: $40,000
Deadline: June 9, 2023

Biomedical || Vilcek Foundation Vilcek Prize for Creative Promise in Biomedical Science
What: Honors young immigrant biomedical scientists who demonstrate outstanding early achievement in basic, applied, and translational biomedical science
Who should apply: Researchers who were born outside the United States to non-American parents and on or after January 1, 1985 and have a full-time independent position; additional eligibility information in announcement
Award: $50,000
Deadline: June 12, 2023, 2 p.m. PT

Neuroscience || Eppendorf & Science Prize for Neurobiology
What: Honors one young scientist for outstanding neurobiological research based on methods of molecular and cell biology conducted by them during the past three years
Who should apply: Neurobiologists who are 35 or younger with an advanced degree received in the last 10 years
Award: $25,000
Deadline: June 15, 2023

New this week!
Biology || American Society for Cell Biology Awards for Trainees
What: Awards honoring research in cell biology through two award mechanisms, ASCB Porter Prizes for Research Excellence and Merton Bernfield Memorial Awards
Who should apply: Graduate students and/or postdocs, depending on award
Award: Between $1,000 and $5,000
Deadline: June 30, 2023

Life Sciences || Science & SciLifeLab Prize for Young Scientists
What: Honors one young scientist for outstanding life science research for which they were awarded a doctoral degree in the previous two years; research must fall within one of four categories: cell and molecular biology; genomics, proteomics and systems biology approaches; ecology and environment; and molecular medicine
Who should apply: Researchers who were awarded their Ph.D. between Jan. 1, 2021 and Dec. 31, 2022
Award: $30,000 for grand prize winner and $10,000 for category winners
Deadline: July 15, 2023
COVID-19 Opportunities

Due to the decline in new funding opportunities related to COVID-19, we are transitioning the separate COVID-19 Funding Alerts to this space. You can still view the archive of COVID-19 Funding Alerts, and a list of still-open opportunities will be updated weekly.

Multidisciplinary  ▶️  AHRQ Implementing and Evaluating New Models for Delivering Comprehensive, Coordinated, Person-Centered Care to People with Long COVID (U18)
What: Funding to expand access to comprehensive, coordinated, and person-centered care for people with Long COVID, particularly underserved, rural, vulnerable, or minority populations that are impacted by the effects of Long COVID
Who should apply: Single PIs or multiple PIs combined who can devote at least 20% minimum FTE (i.e., at least eight hours per week) in each given year of the project
Award: Up to $5 million/up to five years
Deadline: LOI due: May 5, 2023 (LOI not required but highly encouraged); Application due: June 12, 2023, 5 p.m. PT

Multidisciplinary  ▶️  NHLBI Notice of Special Interest (NOSI): Enhancing Research on Deciphering Mechanisms of COVID-19-Associated Coagulopathy
What: Funding to accelerate an understanding of the mechanisms of COVID-19-Associated Coagulopathy which are provoked by vascular endothelial cell injury, hyperimmune responses, and hypercoagulability at genomic, molecular, and cellular levels
Who should apply: Anyone with a research interest in COVID-19-Associated Coagulopathy
Award: Not limited/up to five years
Deadline: Open from June 5, 2023 through July 6, 2025, 5 p.m. PT

NIDCR Notice of Special Interest (NOSI): NIDCR Support for Research on the Physiological Involvement of Oral Cavity in Coronavirus Disease 2019 (COVID-19)
What: Supports research studies focused on the physiological involvement of oral cavity and oral manifestations related to SARS-CoV-2 and/or COVID-19
Who should apply: Anyone with a research interest in COVID-19 and oral cavity and oral manifestations
Award: Dependent upon FOA
Deadline: Open from Oct. 5, 2023 through May 8, 2026, 5 p.m. PT

This week the NIH released funding opportunities concerning biological testing, nursing homes, and health disparities. We’ve highlighted some opportunities of potential interest below.

Multidisciplinary  ▶️  NIGMS Maximizing Investigators’ Research Award (MIRA) for Early Stage Investigators (ESI) (R35 - Clinical Trial Optional)
What: Provides support for a program of research in an early stage investigator’s laboratory that falls within the mission of NIGMS. For the purpose of this NOFO, a program of research is a collection of projects in the investigator’s lab that are relevant to the mission of NIGMS
Who should apply: Eligibility is limited to NIH-defined Early Stage Investigators; additional eligibility info in NOFO
Award: Up to $1.25 million/up to five years
Deadline: Oct. 3, 2023, 5 p.m. PT
Neuroscience || Multiple NIH Organizations
NIH Blueprint for Neuroscience Research: Tools and Technologies to Explore Nervous System Biomolecular Condensates (R21 Clinical Trial Not Allowed)
What: Supports the development of innovative tools and/or technologies to monitor or manipulate biomolecular condensates in vivo and enable investigators to adopt these tools to answer outstanding questions in basic neuroscience
Who should apply: Anyone with a research interest in biomolecular condensates
Award: Up to $275,000/up to two years
Deadline: LOI due: Oct. 14, 2023 (LOI not required but highly encouraged); Application due: Nov. 14, 2023, 5 p.m. PT

Requests for information
Cancer || NCI Request for Information (RFI): Needs and Challenges in Obtaining and Testing Clinical-Grade RNA-based Cancer Vaccine Formulations to Support Translational and Clinical Research

Multidisciplinary || NIH Request for Information (RFI) on Recommendations for Improving NRSA Fellowship Review

Multidisciplinary || NIH Office of the Director Request for Information (RFI) on Clarification

\textbf{Neuroscience} || DoD Traumatic Brain Injury and Psychological Health Research Program Health Services Research Award
What: Bridges the gap between research, practice, and policy by building a knowledge base on how interventions and clinical practices/guidelines and policies can be deployed to targeted populations at the appropriate time at the point of need
Who should apply: Investigators at or above the level of assistant professor or equivalent
Award: Up to $1.5 million/up to four years
Deadline: \textit{Pre-application due: June 8, 2023, 2 p.m. PT; Application due: July 6, 2023, 8:59 p.m. PT}

\textbf{Neuroscience} || DoD Traumatic Brain Injury and Psychological Health Research Program Investigator-Initiated Research Award
What: Supports research with the ability to make an original and important contribution to research and patient care
Who should apply: Investigators at or above the level of assistant professor or equivalent
Award: Up to $500,000/up to three years
Deadline: \textit{Pre-application due: June 8, 2023, 2 p.m. PT; Application due: July 6, 2023, 8:59 p.m. PT}

\textbf{Neuroscience} || DoD Traumatic Brain Injury and Psychological Health Research Program Translational Research Award
What: Supports the translation of promising research into clinical application (i.e., preclinical to clinical translation)
Who should apply: Investigators at or above the level of assistant professor or equivalent
Award: Up to $1 million/up to four years
Deadline: Pre-application due: June 8, 2023, 2 p.m. PT; Application due: July 6, 2023, 8:59 p.m. PT

Neuroscience || DoD Traumatic Brain Injury and Psychological Health Research Program
Clinical Trial Award
What: Supports clinical trials for pharmacological (e.g., biologics, drugs) and non-pharmacological (e.g., devices, psychotherapy) interventions
Who should apply: Investigators at or above the level of assistant professor or equivalent
Award: Up to $4 million/up to four years
Deadline: Pre-application due: June 15, 2023, 2 p.m. PT; Application due: Sept. 28, 2023, 8:59 p.m. PT

Orthotics || DoD Orthotics and Prosthetics
Outcomes Research Program Clinical Research Award
What: Supports clinical research that evaluates orthoses and prostheses using patient-centric outcomes relevant to service members and military beneficiaries, veterans, and other individuals with limb loss and/or limb impairment
Who should apply: Independent investigators at all academic levels
Award: Up to $2 million/up to four years
Deadline: Pre-application due: June 27, 2023, 2 p.m. PT; Application due: July 12, 2023, 8:59 p.m. PT

Orthotics || DoD Orthotics and Prosthetics
Outcomes Research Program Clinical Trial Award
What: Supports the rapid implementation of clinical trials with the potential to have a significant impact on improving the health and well-being of service members and military beneficiaries, veterans, and other individuals with limb loss and/or limb impairment
Who should apply: Independent investigators at all academic levels
Award: Up to $4 million/up to four years
Deadline: Pre-application due: June 27, 2023, 2 p.m. PT; Application due: July 12, 2023, 8:59 p.m. PT

Neuroscience || DoD Parkinson's Research Program
Investigator-initiated Research Award
What: Supports highly rigorous, multidisciplinary, high-impact research projects that have the potential to make an important contribution to neurotoxin exposure- and treatment-related PD research
Who should apply: Investigators at or above the level of assistant professor or equivalent
Award: Up to $1.5 million/up to three years
Deadline: Pre-application due: July 27, 2023, 2 p.m. PT; Application due: Aug. 17, 2023, 8:59 p.m. PT

Neuroscience || DoD Parkinson's Research Program
Synergistic Idea Award
What: Supports new ideas that represent synergistic approaches to PD research involving two to four faculty-level (or equivalent) PIs
Who should apply: Investigators at or above the level of assistant professor or equivalent
Award: Up to $500,000/up to two years
Deadline: Pre-application due: July 27, 2023, 2 p.m. PT; Application due: Aug. 17, 2023, 8:59 p.m. PT

Neuroscience || DoD Parkinson's Research Program
Early Investigator Research Award
What: Supports neurotoxin exposure- and treatment-related PD research opportunities for individuals in the early stages of their careers under the guidance of a designated mentor
Who should apply: Postdoctoral or clinical fellows, instructors, or assistant professors within 10 years of advanced degree or residency training completion
Award: Up to $500,000/up to two years
Deadline: Pre-application due: July 27, 2023, 2 p.m. PT; Application due: Aug. 17, 2023, 8:59 p.m. PT

Neuroscience || DoD Parkinson's Research Program
Focused Program Award
What: Supports a synergistic, multidisciplinary research program of at least four distinct but complementary projects addressing an overarching goal
Who should apply: Investigators at or above the level of full professor or equivalent
Award: Up to $5 million/up to four years
Deadline: Pre-application due: June 15, 2023, 2 p.m. PT; Application due: Sept. 28, 2023, 8:59 p.m. PT
**Cancer || DoD Prostate Cancer Research Program Data Science Award**
What: Supports research where quantitative and analytical approaches, processes, and systems are developed and used to obtain knowledge and insight from large and complex sets of prostate cancer data
Who should apply: Independent investigators at all levels
Award: Up to $3 million/up to four years
Deadline: Pre-application due: July 27, 2023, 2 p.m. PT; Application due: Aug. 17, 2023, 8:59 p.m. PT

**Cancer || DoD Prostate Cancer Research Program Health Disparity Research Award**
What: Supports research ideas that have the potential to make an important contribution to reducing and ultimately eliminating disparities in prostate cancer incidence, morbidity, and mortality
Who should apply: Independent investigators at all levels
Award: Up to $900,000/up to three years
Deadline: Pre-application due: Aug. 3, 2023, 2 p.m. PT; Application due: Aug. 24, 2023, 8:59 p.m. PT

**Cancer || DoD Prostate Cancer Research Program Translational Science Award**
What: Supports advanced translational research that will foster transformation of promising ideas in prostate cancer into clinical applications, ultimately providing a solution to one or more of the FY23 PCRP Overarching Challenges
Who should apply: Independent investigators at all levels
Award: Up to $900,000/up to three years
Deadline: Pre-application due: Aug. 3, 2023, 2 p.m. PT; Application due: Aug. 24, 2023, 8:59 p.m. PT

**Cancer || DoD Kidney Cancer Research Program Academy of Kidney Cancer Scholars – Early-Career Scholar Award**
What: Supports addition of new Early-Career Investigators to the virtual academy, which provides intensive mentoring, national networking, and a peer group for junior faculty
Who should apply: Investigators within four years of last postdoctoral research position or clinical fellowship or equivalent as of full application submission deadline
Award: Up to $1.5 million/up to four years
Deadline: Not announced yet; will be posted here again when deadline is announced

**Cancer || DoD Kidney Cancer Research Program Clinical Consortium Award**
What: Supports a consortium to facilitate the execution of collaborative phase 1 and 2 clinical trials that will bring high-impact, novel therapeutics that will decrease the impact of kidney cancer
Who should apply: Coordinating center PIs must be an independent investigator at or above the level of associate professor (or equivalent) with experience in developing and running large-scale initiatives such as clinical trials or consortia; research site PIs must be independent investigators with a faculty-level appointment
Award: Up to $6 million/up to four years
Deadline: Not announced yet; will be posted here again when deadline is announced

**Cancer || DoD Kidney Cancer Research Program Concept Award**
What: Supports highly innovative, untested, potentially groundbreaking concepts in kidney cancer
Who should apply: Investigators at all academic levels
Award: Up to $100,000/up to one year
Cancer || DoD Kidney Cancer Research Program Idea Development Award

**What:** Supports the development of innovative, high-impact ideas that advance the understanding of kidney cancer and ultimately lead to improved outcomes

**Who should apply:** Investigators at or above the level of assistant professor or equivalent

**Award:** Up to $1.2 million\(\times\)up to four years

Deadline: Not announced yet; will be posted here again when deadline is announced

---

Cancer || DoD Kidney Cancer Research Program Nurse-Initiated Research Award

**What:** Supports nursing research pertaining to kidney cancer patient care

**Who should apply:** Licensed registered nurses with a terminal degree of a Doctor of Nursing Practice and/or PhD

**Award:** Up to $300,000\(\times\)up to two years

Deadline: Not announced yet; will be posted here again when deadline is announced

---

Cancer || DoD Kidney Cancer Research Program Translational Research Partnership Award

**What:** Supports partnerships between clinicians and research scientists that will accelerate the movement of promising ideas in kidney cancer toward clinical applications

**Who should apply:** Investigators at or above the level of assistant professor or equivalent

**Award:** Up to $750,000\(\times\)up to three years

Deadline: Not announced yet; will be posted here again when deadline is announced

---

Multidisciplinary || DoD Reconstructive Transplant Research Program Advanced Technology Development Award

**What:** Supports research critical for the translation of promising preclinical findings into products focused on reconstructive transplantation

**Who should apply:** Independent investigators at all academic levels

**Award:** Up to $1.5 million\(\times\)up to three years

Deadline: Not announced yet; will be posted here again when deadline is announced

---

Multidisciplinary || Robert Wood Johnson Foundation Health Equity Scholars for Action 2023

**What:** Supports research that identifies the systemic root causes of U.S. health inequities, which have strong links to structural racism and other forms of oppression, through grants awarded to address the challenges that participants with historically underrepresented
backgrounds typically experience and help them overcome obstacles to earning tenure.

**Who should apply:** PIs must be from a systematically marginalized group that has historically been underrepresented in research disciplines; [further details in program announcement](#).

**Award:** Up to $150,000/up to two years.

**Deadline:**
- LOI due: May 31, 2023, noon PT;
- Applications due: Sept. 14, 2023, noon PT

This organization is on the [President’s List](#); submit a notice of intent form before applying.

---

**Physical Therapy || Foundation for Physical Therapy Research Grant Foundation Opportunities**

**What:** Supports physical therapy research through several funding opportunities, including pelvic health research grants, acute care research grants and geriatric research grants.

**Who should apply:** Dependent upon opportunity.

**Award:** Between $40,000 and $100,000/between one and two years.

**Deadline:** LOI due (only for Magistro Family Foundation Research Grant and Paris Patla Physical Therapy Research Grant): June 15, 2023; Full application due: Aug. 2, 2023.

---

**Pharmacology || Pfizer Patient Preferences for Drug Delivery: Literature Review**

**What:** Supports proposals to conduct a systematic review of patient preference studies that quantify preferences for alternative modes and frequencies of drug delivery or medication administration.

**Who should apply:** PIs must have a medical or postdoctoral degree, an advanced nursing degree, or a degree in pharmacy, physiotherapy, or social work; both early career and experienced investigators are encouraged to apply.

**Award:** Up to $75,000/not specified.

**Deadline:** July 21, 2023, 8:59 p.m. PT.

---

**Neuroscience || Pfizer Global Awards for Research in DMD-AWARD**

**What:** Supports innovative and novel research proposals that seek to advance the understanding and management of Duchenne muscular dystrophy.

**Who should apply:** PIs must have a medical or postdoctoral degree, an advanced nursing degree, or a degree in pharmacy, physiotherapy, or social work; both early career and experienced investigators are encouraged to apply.

**Award:** Up to $100,000/not specified.

**Deadline:** July 10, 2023, 8:59 p.m. PT.

---

**Dermatology || National Eczema Foundation Eczema Champion Research Grant**

**What:** Supports experienced researchers with recognized productivity – either within or outside the eczema field – to conduct highly innovative, cutting-edge investigations related to eczema.

**Who should apply:** Associate professors and above that have or have had national-level funding as a PI (or Co-PI) within the past five years on an R01 grant or its equivalent.

**Award:** Up to $100,000/up to one year with possibility to renew for another year.

**Deadline:** July 31, 2023, 5 p.m. PT.
