OHSU Funding Alerts:
Week of June 1, 2023

OHSU Funding Opportunities

Public Health || OHSU-PSU School of Public Health
Catalyst Awards
What: Funding to promote progress on clearly articulated, early-phase research agendas by providing opportunities for pilot testing, preliminary data collection, feasibility or needs assessments, or similar activities
Who should apply: OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health; special consideration given to research focused on health equity, social justice, social determinants of health, and health disparities, applicants who either meet definitions of New Investigator or Early-Stage Investigator, as defined by the NIH, and mid- or later career applicants developing a new research direction
Award: $5,000 to $25,000/up to one year
Deadline: June 2, 2023
Apply through the CAP

Cancer || Knight Cancer Institute Knight Pilot Project Awards Cancer Prevention & Control Program
What: Supports high-impact research conducted across the cancer continuum by assisting in generating preliminary data leading to peer-reviewed national funding; this particular RFP will support research with a focus on prevention and risk reduction, screening and early detection, and survivorship
Who should apply: OHSU research and tenure-track faculty at the rank of assistant professor or higher; grants are intended to support innovative projects that venture into new areas rather than extensions of existing work; projects should not overlap with any funded project or be used as bridging support for projects for which funding has lapsed
Award: $50,000 in direct costs/one year
Deadline: June 5, 2022, 11:59 p.m. PT
Apply through the CAP

Cancer || Knight Cancer Institute Knight Pilot Project Awards Translational Oncology Program
What: Supports high-impact research conducted across the cancer continuum by assisting in generating preliminary data leading to peer-reviewed national funding; this particular RFP will support any aspect of basic or translational cancer research, but priority will be given to collaborative proposals between/among Quantitative Oncology Program members
Who should apply: OHSU research and tenure-track faculty at the rank of assistant professor or higher; grants are intended to support innovative projects that venture into new areas rather than extensions of existing work; projects should not overlap with any funded project or be used as bridging support for projects for which funding has lapsed
Award: $50,000 in direct costs/one year
Deadline: June 5, 2022, 11:59 p.m. PT

Multidisciplinary || OHSU Foundation Collins Medical Trust

What: Provides seed funding up to $30,000 for projects that advance health-related research, including basic laboratory science, clinical research, and public health investigations. Competitive candidates are early career investigators with salary support from their departments who are clearly supported by their mentor(s) and proposing projects that position them for NIH or other substantial funding. Successful proposals highlight impact on the immediate population served, Oregon and potential national impact.

Who should apply: Early career investigators, including postdoctoral fellows and assistant professors, who are clearly supported by their mentors.

Award: Up to $30,000/one year

Deadline: Notice of Intent form is required; submission window starts June 8, 2023 and goes through June 15, 2023; Application due: Aug. 24, 2023

New this week!

Neuroscience || BRAINet Postdoctoral and Student Travel Award

What: Provides funding for two travel awards (one to a graduate student and one to a postdoctoral scholar) to attend the Society for Neuroscience Annual Meeting in support of BRAINet’s mission to foster awareness and support for OHSU neuroscience research by educating the public and engaging in community interaction.

Who should apply: Current graduate students and postdoctoral researchers/fellows at OHSU who engage in brain-related research and will submit a poster abstract for SfN23; abstract submission acceptance is not required and applicants must have no other funds available to support travel/attendance.

Award: Up to $1,000/one year

Deadline: Submission window for Society for Neuroscience abstracts goes through June 14, 2023; Application due: July 31, 2023

Apply through the CAP

Multidisciplinary || OCTRI Clinical and Translational Research Center (CTRC) Career Development Support Award

What: Supports early-career faculty with studies associated with current mentored career development awards; requests must involve partnering with peer-reviewed, externally-funded research by the NIH (e.g. K award), VA (e.g. CDA), or major national foundations.

Who should apply: Early career faculty with funded career development awards at OHSU, University of Oregon, Portland State University, Oregon State University, The VA Portland Healthcare System, Pacific Northwest National Labs and OCHIN who have at least 15 months left on their CDA award at time of award notice.

Award: Up to $20,000/one year with possibility of second year renewal and additional award up to $20,000

Deadline: June 19, 2023, 5 p.m. PT

Apply through REDCap

Multidisciplinary || OCTRI Mobile Apps for Clinical Studies (MACS)

What: Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone.

Who should apply: PIs who want to create a mobile app for clinical or commercial purposes.

Award: Up to $5,000/typically one year

Deadline: Rolling; application will close when funding for the fiscal year is exhausted

Apply through REDCap

Multidisciplinary || OHSU Fellowship for Diversity in Research

What: Funds researchers with the goal of increasing the diversity of the community of
scholars devoted to academic scientific research at OHSU

Who should apply: Investigators with postdoctoral training experience looking to establish an independent academic research career; scholars who identify as underrepresented minorities, differently-abled and more are welcomed

Award: Up to $8,000 plus a stipend

Deadline: Applications accepted anytime

**Multidisciplinary || OHSU School of Medicine Exploratory Research Seed Grants**

What: Supports investigators who need to work with an OHSU core or with the Pacific Northwest National Laboratory (PNNL) to develop preliminary data for an application for extramural research support

Who should apply: School of Medicine faculty in the professorial series who have not received this award within the last year

Award: Up to $5,000/one year

Deadline: Applications accepted anytime

Apply through the CAP

**Limited Submission Opportunities**

**Multidisciplinary || Edward Mallinckrodt, Jr. Foundation Mallinckrodt Grants**

What: Supports early-stage biomedical investigators engaged in basic and translational research that has the potential to make fundamental advances in biomedical science

Who should apply: PIs who are in the first to fourth year of their tenure-track faculty position and do not have current R01 funding

Award: Up to $225,000/up to three years

Deadline: Internal submission due: June 1, 2023; Application due: Aug. 1, 2023

Apply through the CAP

**Cancer || St. Baldrick’s Foundation Fellowship Awards and Infrastructure Awards**

What: Supports oncology research in the following areas: New discovery research; translational research and early phase clinical trials; phase III clinical trials & infrastructure support of participating institutions (primarily the fall grant cycle); and education of new pediatric oncology researchers

Who should apply: Dependent upon grant you’re applying to; see the CAP for details

Award: For Fellowship: Up to $292,500/up to three years; For Infrastructure: Generally up to $50,000/up to one year

Deadline: Internal submission due: June 15, 2023; LOI due: July 28, 2023; Application due: Sept. 29, 2023

**Multidisciplinary** || **Multiple NIH Organizations**

**HEAL Initiative Partnerships to Advance INterdisciplinary (PAIN) Training in Clinical Pain Research: The HEAL PAIN Cohort Program (T90/R90 Independent Clinical Trial Not Allowed)**

**What:** Supports interdisciplinary postdoctoral training to promote the next generation of independent clinical pain researchers through the HEAL PAIN Cohort Program, which will fund up to four T90/R90 institutional postdoctoral training programs in clinical pain research

**Who should apply:** Requires a partnership between at least two departments within the institution/university.; extensive eligibility info in NOFO

**Award:** Not limited/up to five years

**Deadline:** *Internal submission due:* June 29, 2023; *LOI due:* Aug. 11, 2023 (LOI not required but highly encouraged); *Application due:* Sept. 26, 2023, 5 p.m. PT

**Apply through the CAP**

**Environmental Health** || **NIEHS Limited Competition: Superfund Hazardous Substance Research and Training Program (P42 Clinical Trial Optional)**

**What:** Supports problem-based, solution-oriented research Centers that consist of multiple, integrated projects representing both the biomedical and environmental science and engineering disciplines; as well as cores tasked with administrative (which includes research translation), data management and analysis, community engagement, research experience and training coordination, and research support functions

**Who should apply:** Institutional eligibility is limited to higher education institutions

**Award:** Up to $10 million/up to five years

**Deadline:** *Internal submission due:* July 3, 2023; *LOI due:* Sept. 2, 2023 (LOI not required but highly encouraged); *Application due:* Oct. 2, 2023, 5 p.m. PT

**Cancer** || **Cancer Research Institute Irvington Postdoctoral Fellowship Program**

**What:** Supports young immunologists and cancer immunologists by continuing their training under the guidance of a world-renowned immunologist who mentors the fellow and prepares them for a productive and successful career in cancer immunology

**Who should apply:** Postdocs working in immunology or cancer immunology who have less than five years of relevant postdoc experience; further eligibility info on website

**Award:** $228,000/three years

**Deadline:** *Internal submission due:* July 7, 2023; *Application due:* Sept. 1, 2023, 2 p.m. PT

**Apply through the CAP**

**Multidisciplinary** || **Josiah Macy Jr. Foundation Faculty Scholars Program**

**What:** Supports early career educators in medicine and nursing by providing awardees with resources such as protected time, mentorship, and a professional network of colleagues; OHSU can submit one applicant from the School of Nursing and one applicant from the School of Medicine to this opportunity

**Who should apply:** Benefits-eligible faculty member in a United States accredited nursing school, allopathic medical school, or osteopathic medical school; further eligibility info in CAP

**Award:** Up to $250,000/up to two years

**Deadline:** *Internal submission due:* July 17, 2023; *Application due:* Sept. 15, 2023, 8:59 p.m. PT

**New this week!**

**Multidisciplinary** || **NINDS, NIA and NIDA Emergency Medicine Research Career Development Program in the Neurological Sciences (EMRCDP-NS) (K12 - No Independent Clinical Trial Allowed)**

**What:** Supports a national program of mentored research career development for junior emergency medicine faculty at institutions nationwide that support emergency medicine physicians to conduct research

**Who should apply:** Eligible institutions must be affiliated with a medical school with an Emergency Medicine Department that supports both clinical practice and funded research activities; further eligibility info in NOFO

**Award:** Not limited/up to five years

**Deadline:** *Internal submission due:* July 10, 2023; *Application due:* Aug. 9, 2023, 5 p.m. PT

Merit Prizes and Awards

Periodontology || American Academy of Periodontology Foundation Dr. Mark K. Setter Leadership in Periodontology and Dental Implantology Award
What: Recognizes an investigator who exemplifies leadership in the periodontology profession by their actions in promoting periodontology and dental implantology
Who should apply: Full-time periodontal residents as of the application deadline at accredited U.S. periodontal programs nominated by their program director
Award: $10,000
Deadline: June 1, 2023

Psychology || American Psychological Foundation Joseph B. Gittler Award
What: Recognizes psychologists who are making and will continue to make scholarly growth; 70 fellowships awarded annually
Who should apply: Non-Canadian citizens and permanent residents of Canada who plan to hold their fellowship at a Canadian institution and have fulfilled all degree requirements for a PhD, PhD-equivalent or health professional degree between September 15, 2020 and September 30, 2024
Award: $140,000/two years
Deadline: Internal submission: July 31, 2023; Application due: Sept. 20, 2023, 5 p.m. PT
Apply through the CAP

Neuroscience || International Women in MS Rachel Horne Prize for Women’s Research in MS
What: Recognizes outstanding contributions to research in the understanding and treatment of women's specific health issues in MS
Who should apply: Mid-to-senior career women MS scientists and neurologists who have worked for more than 15 years at assistant professor level and, at the time of application, hold the title of associate professor or professor
Award: $40,000
Deadline: June 9, 2023

Biomedical || Vilcek Foundation Vilcek Prize for Creative Promise in Biomedical Science
What: Honors young immigrant biomedical scientists who demonstrate outstanding early achievement in basic, applied, and translational biomedical science
Who should apply: Researchers who were born outside the United States to non-American parents and on or after January 1, 1985 and have a full-time independent
position; additional eligibility information in announcement
Award: $50,000
Deadline: June 12, 2023, 2 p.m. PT

Neuroscience || Eppendorf & Science Prize for Neurobiology
What: Honors one young scientist for outstanding neurobiological research based on methods of molecular and cell biology conducted by them during the past three years
Who should apply: Neurobiologists who are 35 or younger with an advanced degree received in the last 10 years
Award: $25,000
Deadline: June 15, 2023

Multidisciplinary || Research!America Discovery Innovation Health Prize
What: Recognizes individuals and organizations whose commitment to advocacy for research and innovation has advanced medical and public health progress in profoundly important ways
Who should apply: Several award categories exist with different eligibility requirements for each; browse the list here
Award: Not specified
Deadline: June 23, 2023

Biomedical || American Association for the Advancement of Science Early Career Award for Public Engagement with Science
What: Honors early-career scientists and engineers who demonstrate excellence in their contribution to public engagement with science activities
Who should apply: Researchers who are actively conducting research in any scientific discipline and have completed their terminal degree within seven years of the nomination deadline; self-nominations are allowed
Award: $5,000
Deadline: June 30, 2023, 8:59 p.m. PT

Psychiatry || American College of Psychiatrists Award for Creativity in Psychiatric Education
What: Recognizes a creative/innovative teaching program in psychiatric education
Who should apply: Programs must have been in operation for at least two years, include outcome data, and have been a part of an approved psychiatric residency training program in the United States or Canada approved by ACGME or The Royal College
Award: Not specified
Deadline: June 30, 2023

Biological || American Society for Cell Biology Awards for Trainees
What: Awards honoring research in cell biology through two award mechanisms, ASCB Porter Prizes for Research Excellence and Merton Bernfield Memorial Awards
Who should apply: Graduate students and/or postdocs, depending on award
Award: Between $1,000 and $5,000
Deadline: June 30, 2023

Life Sciences || Science & SciLifeLab Prize for Young Scientists
What: Honors one young scientist for outstanding life science research for which they were awarded a doctoral degree in the previous two years; research must fall within one of four categories: cell and molecular biology; genomics, proteomics and systems biology approaches; ecology and environment; and molecular medicine
Who should apply: Researchers who were awarded their Ph.D. between Jan. 1, 2021 and Dec. 31, 2022
Award: $30,000 for grand prize winner and $10,000 for category winners
Deadline: July 15, 2023
Neuroscience || National Multiple Sclerosis Society Barancik Prize for Innovation in Multiple Sclerosis Research
What: Recognizes an exceptional scientist or a team of scientists whose work in multiple sclerosis research has demonstrated outstanding innovation and originality
Who should apply: Early to mid-career investigators active in MS research who have no more than 20 years of experience as an independent investigator or team leader
Award: $100,000
Deadline: July 30, 2023

COVID-19 Opportunities
Due to the decline in new funding opportunities related to COVID-19, we are transitioning the separate COVID-19 Funding Alerts to this space. You can still view the archive of COVID-19 Funding Alerts, and a list of still-open opportunities will be updated weekly.

Multidisciplinary || Multiple NIH Organizations Emergency Award: Novel Insights through Cross-Site Analyses of Existing RADx-UP Data (R21 Clinical Trial Not Allowed)
What: Supports analyses of existing RADx-UP data by proposing novel questions related to SARS-CoV-2 testing and health disparities
Who should apply: Anyone with an interest in SARS-CoV-2 testing and health disparities
Award: Up to $275,000/up to two years
Deadline: LOI due: June 2, 2023 (LOI not required but highly encouraged); Application due: July 3, 2023, 5 p.m. PT

Multidisciplinary || NHLBI Notice of Special Interest (NOSI): Enhancing Research on Deciphering Mechanisms of COVID-19-Associated Coagulopathy
What: Funding to accelerate an understanding of the mechanisms of COVID-19-Associated Coagulopathy which are provoked by vascular endothelial cell injury, hyperimmune responses, and hypercoagulability at genomic, molecular, and cellular levels
Who should apply: Anyone with a research interest in COVID-19-Associated Coagulopathy
Award: Not limited/up to five years
Deadline: Open from June 5, 2023 through July 6, 2025, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations Emergency Award: RADx-UP Dissemination and Implementation (D&I) Research on COVID-19 Testing Interventions among Underserved and Vulnerable Populations (R01 Clinical Trial Optional)
What: Supports dissemination and implementation research focused on increasing access to and uptake of COVID-19 testing interventions
Who should apply: Anyone with a research interest in reducing COVID-19 disparities and promoting health equity among underserved and vulnerable populations
Award: Up to $1.8 million/up to three years
Deadline: LOI due: June 9, 2023 (LOI not required but highly encouraged); Application due: July 10, 2023, 5 p.m. PT

Dentistry || NIDCR Notice of Special Interest (NOSI): NIDCR Support for Research on the Physiological Involvement of Oral Cavity in Coronavirus Disease 2019 (COVID-19)
What: Supports research studies focused on the physiological involvement of oral cavity and oral manifestations related to SARS-CoV-2 and/or COVID-19
Who should apply: Anyone with a research interest in COVID-19 and oral cavity and oral manifestations
Award: Dependent upon FOA
Deadline: Open from Oct. 5, 2023 through May 8, 2026, 5 p.m. PT

NIH Federal Opportunities
This week the NIH released funding opportunities concerning genotyping, dementias, and alcohol. We’ve highlighted some opportunities of potential interest below.

Ophthalmology || NEI Collaborative Clinical Vision Research: Chair’s Grant (UG1-Clinical Trial Required)
What: Supports studies intended to evaluate interventions aimed at screening, diagnosing, preventing, or treating vision disorders; see
Requests for Information

Substance Use || NIAAA Request for Information on Religion, Spirituality, and Alcohol Research Aims

Other Federal and Local Opportunities

Biology || NSF BioFoundries to Enable Access to Infrastructure and Resources for Advancing Modern Biology and Biotechnology (BioFoundries)
What: Infrastructure program from the NSF that is designed to accelerate advances in the biological sciences, chemical biology, biotechnology, and bioengineering via access to modern infrastructure, technology, and capacity
Who should apply: Anyone with a research interest in biological science advancements
Award: Up to $1.25 million/up to three years
Deadline: LOI due: Aug. 1, 2023, 2 p.m. PT; Application due: Oct. 2, 2023, 8:59 p.m. PT

Private Opportunities

Multidisciplinary || Kaiser Permanente Division of Research AIM-AHEAD Year 2 Call for Proposals
What: Several funding mechanisms to support AI and machine learning medical research, including leadership fellowships, pilot projects, and infrastructure capacity building
Who should apply: Dependent upon mechanism
Award: Dependent upon mechanism
Deadline: June 20, 2023 except for Infrastructure grant, due June 26

Cancer || American Association for Cancer Research AACR-Lung Cancer Initiative at Johnson & Johnson Stimulating Therapeutic Advances through Research Training (START) Grants
What: Supports postdoctoral or clinical research fellows who are female or from underrepresented groups and will combine research experiences in both academic and industry settings, following a research timeline that will be of greatest benefit to a mentored cancer research project
Who should apply: Applicants must be female or belong to one of the following underrepresented groups as per NIH guidelines (Notice of NIH's Interest in Diversity); further eligibility info in program description
Award: Up to $225,000/up to three years
Deadline: June 21, 2023, 10 a.m. PT

Multidisciplinary || Kaiser Permanente Division of Research Augmented Intelligence in Medicine and Healthcare Initiative
What: Funding to advance research methods, identify best practices for scalability, and build capacity for effectively implementing and rigorously evaluating the use of AI/machine learning algorithms for diagnostic decision-making in real-world settings
Who should apply: Healthcare systems based
in the United States

**Multidisciplinary || National Institute for Health Care Management Foundation Research Grants**

**What:** Supports investigator-initiated research with high potential to inform improvements to the U.S. health care system; projects must advance the existing knowledge base in the areas of health care financing, delivery, management and policy

**Who should apply:** Individual researchers as well as from all types of organizations and institutions, including both non-profit and for-profit entities

**Award:** Up to $500,000/up to one year generally

**Deadline:** June 30, 2023, 2 p.m. PT

**Mental Health || American Psychological Foundation Marian R. Stuart Grant**

**What:** Supports the research, practice, or education of an early career psychologist on the connection between mental and physical health, particularly for work that contributes to public health

**Who should apply:** Early-career researchers who are no more than 10 years postdoctoral with priority given to psychologists working in medical schools

**Award:** Up to $20,000/not specified

**Deadline:** July 1, 2023

**Ophthalmology || Research to Prevent Blindness Challenge Grant**

**What:** Supports newly emerging eye research programs and recently appointed department chairs at non-grantee ophthalmology departments at university-connected medical schools

**Who should apply:** Applicants must be from ophthalmology departments that have yet to receive Research to Prevent Blindness departmental support in the last four years and have an existing base of high-quality NEI or vision-related research grants

**Award:** Up to $300,000/up to four years

**Deadline:** July 1, 2023

**Nursing || Sigma Theta Tau American Nurses Credentialing Center (ANCC) Evidence-Based Practice Implementation Grant**

**What:** Supports nurses in clinical settings to apply evidence to practice and evaluate the effects on patient outcomes

**Who should apply:** Registered nurses with a current license who have at least a master’s in nursing and are members of either the American Nurses Association or Sigma

**Award:** Up to $20,000/up to 18 months

**Deadline:** July 1, 2023

**Paralysis || Paralyzed Veterans of America Research Grants and Fellowships**

**What:** Supports research and fellowships with the potential to improve the lives of those with spinal cord injury and disease in the following categories: basic science, clinical, design and development, and fellowships

**Who should apply:** Applicants must have a professional degree (PhD or MD preferred)

**Award:** Up to $200,000/up to three years

**Deadline:** July 5, 2023

**Neuroscience || Cystic Fibrosis Foundation Path to a Cure — Collaborative Research Grant**

**What:** Supports research that will contribute to the development of new therapies or therapeutic strategies to treat cystic fibrosis with an emphasis on advancing CFTR gene repair and replacement approaches

**Who should apply:** Independent investigators focused on one or more of the research areas of interest outlined in the guidelines

**Award:** Up to $3 million/up to three years

**Deadline:** July 13, 2023, 2 p.m. PT

**Neuroscience || Cystic Fibrosis Foundation Biological Basis for CF-Related Diabetes Program**

**What:** Supports projects that will improve our understanding of the biological basis for the development and progression of cystic fibrosis-related diabetes as well as to identify potential novel therapeutic strategies to manage and treat the disease

**Who should apply:** Independent investigators with cystic fibrosis basic science projects

**Award:** Up to $450,000/up to three years

**Deadline:** July 19, 2023, 2 p.m. PT
**Cardiology** || **Pfizer** Quality Improvement Grants to Support Development of Cardiac Amyloid Centers

**What:** Supports the development of emerging cardiac amyloid centers through funding healthcare quality improvement initiatives in areas of higher need

**Who should apply:** Medical, dental, nursing, allied health, and/or pharmacy professional schools; healthcare institutions; professional associations and medical societies; medical education companies; and other entities with a mission related to healthcare professional education and/or healthcare improvement

**Award:** Up to $50,000/not specified

**Deadline:** July 20, 2023, 8:59 p.m. PT

**Women’s Health** || **Pfizer** Individualized Menopause Care

**What:** Supports projects focused on increasing awareness of treatment guidelines and evidence-based, culturally appropriate, and individualized approaches to the management of menopause, recognizing diverse menopause experiences, to enable shared decision making and optimize menopause care

**Who should apply:** Medical, dental, nursing, allied health, and/or pharmacy professional schools; healthcare institutions; professional associations and medical societies; medical education companies; and other entities with a mission related to healthcare professional education and/or healthcare improvement

**Award:** Up to $100,000/not specified

**Deadline:** July 26, 2023, 8:59 p.m. PT

**Previously Published Opportunities**

**Federal**

**June 2023**

**Multidisciplinary** || **Multiple NIH Organizations**

**Notice of Special Interest (NOSI): Addressing the Etiology of Health Disparities and Health Advantages Among Immigrant Populations**

**Deadline:** Open from June 5, 2023 through June 6, 2026

**Multidisciplinary** || **Multiple NIH Organizations**

**Research With Activities Related to Diversity (ReWARD) (R01 Clinical Trial Optional)**

**Deadline:** June 5, 2023, 5 p.m. PT

**Multidisciplinary** || **Multiple NIH Organizations**

**Translational Research in Maternal and Pediatric Pharmacology and Therapeutics (R01 Clinical Trial Optional)**

**Application due:** June 5, 2023, 5 p.m. PT

**Multidisciplinary** || **NICHD and ORWH**

**Multisite Clinical Research: Leveraging Network Infrastructure to Advance Research for Women, Children, Pregnant and Lactating Individuals, and Persons with Disabilities (U01 Clinical Trial Optional)**

**Deadline:** June 5, 2023, 5 p.m. PT

**Multidisciplinary** || **NIDCD**

**Notice of Special Interest (NOSI): Promoting Language and Communication in Minimally Verbal/Non-Speaking Individuals with Autism**

**Deadline:** Open from June 5, 2023 through June 6, 2026, 5 p.m. PT

**Neuroscience** || **DoD Multiple Sclerosis Research Program**

**Clinical Trial Award**

**Deadline:** Pre-application due: June 8, 2023, 2 p.m. PT; Application due: Oct. 6, 2023, 8:59 p.m. PT

**Neuroscience** || **DoD Multiple Sclerosis Research Program**

**Exploration - Hypothesis Development Award**

**Deadline:** Pre-application due: June 8, 2023, 2 p.m. PT; Application due: Oct. 6, 2023, 8:59 p.m. PT

**Neuroscience** || **DoD Multiple Sclerosis Research Program**

**Investigator-Initiated Research Award**

**Deadline:** Pre-application due: June 8, 2023, 2 p.m. PT; Application due: Oct. 6, 2023, 8:59 p.m. PT

**Neuroscience** || **DoD Traumatic Brain Injury and Psychological Health Research Program**

**Health Services Research Award**

**Deadline:** Pre-application due: June 8, 2023, 2 p.m. PT; Application due: July 6, 2023, 8:59 p.m. PT

**Neuroscience** || **DoD Traumatic Brain Injury and Psychological Health Research Program**

**Investigator-Initiated Research Award**

**Deadline:** Pre-application due: June 8, 2023, 2 p.m. PT; Application due: July 6, 2023, 8:59 p.m. PT
Neuroscience || DoD Traumatic Brain Injury and Psychological Health Research Program
Translational Research Award Deadline: Pre-application due: June 8, 2023, 2 p.m. PT; Application due: July 6, 2023, 8:59 p.m. PT

Multidisciplinary || DoD Tuberous Sclerosis Complex Research Program Clinical Translational Research Award Deadline: Pre-application due: June 8, 2023, 2 p.m. PT; Application due: July 7, 2023, 8:59 p.m. PT

Multidisciplinary || DoD Tuberous Sclerosis Complex Research Program Exploration - Hypothesis Development Award Deadline: Pre-application due: June 8, 2023, 2 p.m. PT; Application due: July 7, 2023, 8:59 p.m. PT

Multidisciplinary || DoD Tuberous Sclerosis Complex Research Program Idea Development Award Deadline: Pre-application due: June 8, 2023, 2 p.m. PT; Application due: July 7, 2023, 8:59 p.m. PT

Infectious Disease || NIAID Research and Development of Vaccines and Monoclonal Antibodies for Pandemic Preparedness (ReVAMPP) Centers for Flaviviridae and Togaviridae (U19 Clinical Trial Not Allowed) or Bunyavirales, Paramyxoviridae and Picornaviridae (U19 Clinical Trial Not Allowed) Application due: June 8, 2023, 5 p.m. PT

Neuroscience || Multiple NIH Organizations
HEAL Initiative: Discovery of Biomarkers and Biomarker Signatures to Facilitate Clinical Trials for Pain Therapeutics (UG3/UH3 Clinical Trial Optional) Deadline: LOI due: June 10, 2023 (LOI not required but highly encouraged); Application due: July 10, 2023, 5 p.m. PT

Multidisciplinary || NINDS, NIAID, and NCCIH Myalgic Encephalomyelitis/Chronic Fatigue Syndrome (ME/CFS) Collaborative Research Centers (CRCs) (US4 Clinical Trial Optional) Application due: June 12, 2023, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations
BRAIN Initiative Advanced Postdoctoral Career Transition Award to Promote Diversity (K99/R00 Independent Clinical Trial Required) and BRAIN Initiative Advanced Postdoctoral Career Transition Award to Promote Diversity (K99/R00 Independent Clinical Trial Not Allowed) Deadline: June 14, 2023, 5 p.m. PT

Neuroscience || Multiple NIH Organizations
BRAIN Initiative: Research Resource Grants for Technology Integration and Dissemination (U24 Clinical Trial Not Allowed) Application due: June 14, 2023, 5 p.m. PT
