OHSU Funding Alerts: Week of June 15, 2023

OHSU Funding Opportunities

**Multidisciplinary || OHSU Foundation Collins Medical Trust**

**What:** Provides seed funding up to $30,000 for projects that advance health-related research, including basic laboratory science, clinical research, and public health investigations. Competitive candidates are early career investigators with salary support from their departments who are clearly supported by their mentor(s) and proposing projects that position them for NIH or other substantial funding. Successful proposals highlight impact on the immediate population served, Oregon and potential national impact.

**Who should apply:** Early career investigators, including postdoctoral fellows and assistant professors, who are clearly supported by their mentors.

**Award:** Up to $30,000/year

**Deadline:** Notice of Intent form is required; submission window goes through June 15, 2023; Application due: Aug. 24, 2023

**Neuroscience || BRAINet Postdoctoral and Student Travel Award**

**What:** Provides funding for two travel awards (one to a graduate student and one to a postdoctoral scholar) to attend the Society for Neuroscience Annual Meeting in support of BRAINet’s mission to foster awareness and support for OHSU neuroscience research by educating the public and engaging in community interaction.

**Who should apply:** Current graduate students and postdoctoral researchers/fellows at OHSU who engage in brain-related research and will submit a poster abstract for SfN23; abstract submission acceptance is not required and applicants must have no other funds available to support travel/attendance.

**Award:** Up to $1,000/year

**Deadline:** July 31, 2023

**Apply through the CAP**

**Multidisciplinary || OHSU MHSRS Travel Support 2023**

**What:** Provides funding for two travel awards (one to a graduate student and one to a postdoctoral scholar) to attend the Military Health Research Symposium TENTATIVELY held August 14-17, 2023, in Kissimmee, Florida.

**Who should apply:** Applicants must be actual paid employees of OHSU (VA faculty with confirmed OHSU appointments are eligible) and must have had a poster or podium talk accepted by MHSRS.

**Award:** Travel expenses covered within stated guidelines, which are listed in the CAP.

**Deadline:** July 21, 2023, 5 p.m. PT

**Apply through the CAP**

**Multidisciplinary || OHSU Faculty Excellence and Innovation Awards**

**What:** Funding to retain and empower exceptionally innovative early- and middle-stage investigators and accelerate their transition to sustained independent productivity.

**Who should apply:** Either early-stage investigators who are within 10 years of completing their terminal research degree or medical residency and/or within six years of being hired in a tenure-equivalent faculty position and who have not yet competed
successfully for substantial independent funding from the NIH or other agencies; or mid-stage or early-independent investigators who are within 10 years of receiving their first substantial independent funding (R01 equivalent) from the NIH or other agencies.

**Award:** $750,000/three years

**Deadline:** 
- Application due: Aug. 18, 2023, midnight PT;
- Nomination letter and letters of support: Sept. 5, 2023, midnight PT

**Apply through the CAP**

**Limited Submission Opportunities**

**Multidisciplinary || G. Harold and Leila Y. Mathers Foundation Research Grants**

**What:** Supports basic science, ideally with potential translational applications; examples of current research areas of interest include: immunology, microbiome, genomics, structural biology, cellular physiology, and neuroscience

**Who should apply:** Open to investigators who are performing basic scientific research with translational potential; institutions are limited to four applications per cycle

**Award:** Not expected to exceed $2.36 million direct costs in FY 2024 but need to reflect the actual needs of the proposed project/up to five years

**Deadline:** 
- Internal submission due: June 15, 2023;
- LOI due: July 28, 2023; Application due: Sept. 29, 2023

**Apply through the CAP**

**New this week!**

**Multidisciplinary || Multiple NIH Organizations Limited Competition: Collaborative Partnership to Advance Global Health Research (U01 Clinical Trial Not Allowed)**

**What:** Supports a collaborative partnership to advance NIH priorities, support NIH collaboration on global health, and advance biomedical research internationally

**Who should apply:** An applicant organization or institution must 1) be a recognized authority for facilitating global and regional biomedical programs; 2) possess the infrastructure and capacity for developing, implementing, and maintaining NIH research-related programs internationally; and 3) demonstrate experience in successfully guiding and coordinating international research activities

**Award:** Not expected to exceed $2.36 million direct costs in FY 2024 but need to reflect the actual needs of the proposed project/up to five years

**Deadline:** 
- Internal submission due: June 28, 2023;
- LOI due: Aug. 1, 2023 (LOI not required but highly encouraged);
- Application due: Sept. 1, 2023, 5 p.m. PT

**Apply through the CAP**
Multidisciplinary || Multiple NIH Organizations HEAL Initiative Partnerships to Advance INterdisciplinary (PAIN) Training in Clinical Pain Research: The HEAL PAIN Cohort Program (T90/R90 Independent Clinical Trial Not Allowed)

What: Supports interdisciplinary postdoctoral training to promote independent clinical pain researchers through the HEAL PAIN Cohort Program, which will fund up to four T90/R90 institutional postdoctoral training programs in clinical pain research

Who should apply: Requires a partnership between at least two departments within the institution/university.; extensive eligibility info in NOFO

Award: Not limited/up to five years

Deadline: Internal submission due: June 29, 2023; LOI due: Aug. 11, 2023 (LOI not required but highly encouraged); Application due: Sept. 26, 2023, 5 p.m. PT

Apply through the CAP

Environmental Health || NIEHS Limited Competition: Superfund Hazardous Substance Research and Training Program (P42 Clinical Trial Optional)

What: Supports problem-based, solution-oriented research Centers that consist of multiple, integrated projects representing both the biomedical and environmental science and engineering disciplines; as well as cores tasked with administrative (which includes research translation), data management and analysis, community engagement, research experience and training coordination, and research support functions

Who should apply: Institutional eligibility is limited to higher education institutions

Award: Up to $10 million/up to five years

Deadline: Internal submission due: July 3, 2023; LOI due: Sept. 2, 2023 (LOI not required but highly encouraged); Application due: Oct. 2, 2023, 5 p.m. PT

Apply through the CAP

Cancer || Cancer Research Institute Irvington Postdoctoral Fellowship Program

What: Supports young immunologists and cancer immunologists by continuing their training under the guidance of a world-renowned immunologist who mentors the fellow and prepares them for a productive and successful career in cancer immunology

Who should apply: Postdocs working in immunology or cancer immunology who have less than five years of relevant postdoc experience; further eligibility info on website

Award: $228,000/three years

Deadline: Internal submission: July 7, 2023; Application due: Sept. 1, 2023, 2 p.m. PT

Apply through the CAP

Multidisciplinary || Searle Scholars 2024 Program

What: Supports high-risk/high-reward research from investigators pursuing independent research careers in biochemistry, cell biology, genetics, immunology, neuroscience, pharmacology and related areas in chemistry, medicine and biological science

Who should apply: Independent investigators who have begun their appointment as an independent investigator at the assistant professor level on or after May 1, 2022 and whose appointment is the investigator’s first tenure-track position at OHSU

Award: Up to $300,000/up to three years

Deadline: Internal submission due: July 14, 2023; Application due: Sept. 29, 2023

Apply through the CAP
NOTE: This competition has not been officially announced, and all information below is subject to change. We will update this space when the competition guidelines for this year have been released; please hold off on submitting an application through the CAP until then.

Cancer || Gabrielle’s Angel Foundation for Cancer Research Medical Research Awards
What: Supports physician scientists who are applying novel techniques to fundamental genesis and treatment problems in blood related cancers; one researcher conducting conventional research and one conducting integrative research may be nominated
Who should apply: Assistant professors and associate professors if they’re proposing integrative research who are tenure-track or independent; for conventional projects, must be in their position no longer than five years
Award: $225,000/three years
Deadline: Internal submission due: July 17, 2023; Application due: Sept. 15, 2023, 8:59 p.m. PT
Apply through the CAP
This organization is on the President’s List; submit a notice of intent form IF YOU ARE CHOSEN AS A NOMINEE

Multidisciplinary || Josiah Macy Jr. Foundation Faculty Scholars Program
What: Supports early career educators in medicine and nursing by providing awardees with resources such as protected time, mentorship, and a professional network of colleagues; OHSU can submit one applicant from the School of Nursing and one applicant from the School of Medicine to this opportunity

Who should apply: Benefits-eligible faculty member in a United States accredited nursing school, allopathic medical school, or osteopathic medical school; further eligibility info in CAP
Award: Up to $250,000/up to two years
Deadline: Internal submission: July 17, 2023; Application due: Sept. 15, 2023, 8:59 p.m. PT
Apply through the CAP

Multidisciplinary || NIDDK Postbaccalaureate Research Education Program in Diabetes, Endocrinology and Metabolic Diseases (R25 – Independent Clinical Trial not Allowed)
What: Supports supporting creative educational activities with a primary focus on courses for skills development and research experiences to develop and implement Postbaccalaureate Research Education Programs in Diabetes, Endocrinology and Metabolic Diseases
Who should apply: Institutional eligibility for this FOA is limited to research-intensive institutions that have an average research base in DEM science of at least $3 million per year over the past three years in direct costs of peer-reviewed research projects; additional eligibility info in FOA
Award: Up to $1.5 million/up to four years
Deadline: Internal submission due: July 25, 2023; LOI due: Sept. 25, 2023 (LOI not required but highly encouraged); Application due: Oct. 25, 2023, 5 p.m. PT
Apply through the CAP

Multidisciplinary || Government of Canada 2022 Banting Postdoctoral Fellowships
What: Supports national and international postdoctoral applicants who will contribute to Canada’s economic, social and research-based growth; 70 fellowships awarded annually
Who should apply: Non-Canadian citizens and permanent residents of Canada who plan to hold their fellowship at a Canadian institution and have fulfilled all degree requirements for a PhD, PhD-equivalent or health professional degree between September 15, 2020 and September 30, 2024
Award: $140,000/two years
Deadline: Internal submission: July 31, 2023; Application due: Sept. 20, 2023, 5 p.m. PT
Apply through the CAP

Merit Prizes and Awards

Neuroscience || Eppendorf & Science Prize for Neurobiology
What: Honors one young scientist for outstanding neurobiological research based on methods of molecular and cell biology conducted by them during the past three years
Who should apply: Neurobiologists who are 35 or younger with an advanced degree received in the last 10 years
Award: $25,000
Deadline: June 15, 2023
**Multidisciplinary | Research!America Discovery Innovation Health Prize**

**What:** Recognizes trailblazers in pandemic preparedness research and development with promising ideas that advance progress against COVID-19 or that can be applied to future pandemic threats

**Who should apply:** Competitive applicants must demonstrate cutting edge work, with data to support their efforts; evidence of team engagement is encouraged, and the prize funds must be dedicated to the award recipient’s continued work towards research for pandemic threats

**Award:** $200,000

**Deadline:** June 15, 2023, 9 p.m. PT

---

**Multidisciplinary | Research!America Discovery Innovation Health Prize**

**What:** Recognizes individuals and organizations whose commitment to advocacy for research and innovation has advanced medical and public health progress in profoundly important ways

**Who should apply:** Several award categories exist with different eligibility requirements for each; [browse the list here](#)

**Award:** Not specified

**Deadline:** June 23, 2023

---

**Biomedical | American Association for the Advancement of Science Early Career Award for Public Engagement with Science**

**What:** Honors early-career scientists and engineers who demonstrate excellence in their contribution to public engagement with science activities

**Who should apply:** Researchers who are actively conducting research in any scientific discipline and have completed their terminal degree within seven years of the nomination deadline; self-nominations are allowed

**Award:** $5,000

**Deadline:** June 30, 2023, 8:59 p.m. PT

---

**Psychiatry | American College of Psychiatrists Award for Creativity in Psychiatric Education**

**What:** Recognizes a creative/innovative teaching program in psychiatric education

**Who should apply:** Programs must have been in operation for at least two years, include outcome data, and have been a part of an approved psychiatric residency training program in the United States or Canada approved by ACGME or The Royal College

**Award:** Not specified

**Deadline:** June 30, 2023

---

**Biology | American Society for Cell Biology Awards for Trainees**

**What:** Awards honoring research in cell biology through two award mechanisms, ASCB Porter Prizes for Research Excellence and Merton Bernfield Memorial Awards

**Who should apply:** Graduate students and/or postdocs, depending on award

**Award:** Between $1,000 and $5,000

**Deadline:** June 30, 2023

---

**Life Sciences | Science & SciLifeLab Prize for Young Scientists**

**What:** Honors one young scientist for outstanding life science research for which they were awarded a doctoral degree in the previous two years; research must fall within one of four categories: cell and molecular biology; genomics, proteomics and systems biology approaches; ecology and environment; and molecular medicine

**Who should apply:** Researchers who were awarded their Ph.D. between Jan. 1, 2021 and Dec. 31, 2022

**Award:** $30,000 for grand prize winner and $10,000 for category winners

**Deadline:** July 15, 2023

---

**Neuroscience | National Multiple Sclerosis Society Barancik Prize for Innovation in Multiple Sclerosis Research**

**What:** Recognizes an exceptional scientist or a team of scientists whose work in multiple sclerosis research has demonstrated outstanding innovation and originality

**Who should apply:** Early to mid-career investigators active in MS research who have no more than 20 years of experience as an independent investigator or team leader

**Award:** $100,000

**Deadline:** July 30, 2023
COVID-19 Opportunities

Due to the decline in new funding opportunities related to COVID-19, we are transitioning the separate COVID-19 Funding Alerts to this space. You can still view the archive of COVID-19 Funding Alerts, and a list of still-open opportunities will be updated weekly.

Multidisciplinary || Multiple NIH
Organizations Emergency Award: RADx-® UP Dissemination and Implementation (D&I) Research on COVID-19 Testing Interventions among Underserved and Vulnerable Populations (R01 Clinical Trial Optional)
What: Supports dissemination and implementation research focused on increasing access to and uptake of COVID-19 testing interventions
Who should apply: Anyone with a research interest in reducing COVID-19 disparities and promoting health equity
Award: Up to $1.8 million/up to three years
Deadline: Application due: July 10, 2023, 5 p.m. PT

Dentistry || NIDCR Notice of Special Interest (NOSI): NIDCR Support for Research on the Physiological Involvement of Oral Cavity in Coronavirus Disease 2019 (COVID-19)
What: Supports research studies focused on the physiological involvement of oral cavity and oral manifestations related to SARS-CoV-2 and/or COVID-19
Who should apply: Anyone with a research interest in COVID-19 and oral cavity and oral manifestations
Award: Dependent upon FOA
Deadline: Open from Oct. 5, 2023 through May 8, 2026, 5 p.m. PT

NIH Federal Opportunities

This week the NIH released funding opportunities concerning genomics, social networks, and aging trends. We’ve highlighted some opportunities of potential interest below.

Multidisciplinary || NIAID and ORWH
Immune Mechanisms at the Maternal-Fetal Interface (R01 Clinical Trial Not Allowed)
What: Funding to improve the understanding of the roles and interactions of immune cells at the maternal-fetal interface that support pregnancy and enable optimal placental development and function
Who should apply: Anyone with a research interest in maternal-fetal immune mechanisms
Award: Up to $2 million/up to five years
Deadline: LOI due: Sept. 11, 2023 (LOI not required but highly encouraged); Application due: Oct. 11, 2023, 5 p.m. PT

Multidisciplinary || Multiple NIH
Organizations Investigator-Initiated Research in Genomics and Health Equity (R01 Clinical Trial Optional)
What: Funding investigator-initiated research in genomics and health equity, with the ultimate goal of developing approaches, generating and disseminating data, and implementing metrics or interventions that will advance the equitable use of genomics to improve health in U.S. populations; see also RFA-HG-23-018
Who should apply: New and Early Stage Investigators as defined by the NIH; see more eligibility info in NOFO
Award: Up to $2.5 million/up to five years
Deadline: LOI due: Oct. 8, 2023 (LOI not required but highly encouraged); Application due: Nov. 8, 2023, 5 p.m. PT
Administrative Supplements

**Multidisciplinary || NCATS Notice of Special Interest:** Notice of Availability of Administrative Supplements for the NCATS Clinical and Translational Science Award (CTSA) Program

**Other Federal Opportunities**

**Cancer || DoD Kidney Cancer Research Program Concept Award**

**What:** Supports highly innovative, untested, potentially groundbreaking concepts in kidney cancer  
**Who should apply:** Investigators at all academic levels  
**Award:** Up to $100,000/up to one year  
**Deadline:** Pre-application due: July 20, 2023, 2 p.m. PT; Application due: Aug. 3, 2023, 8:59 p.m. PT

**Cancer || DoD Kidney Cancer Research Program Postdoctoral and Clinical Fellowship Award**

**What:** Supports research opportunities focused on kidney cancer for individuals in the early stages of their careers  
**Who should apply:** Investigators must possess a doctoral and/or medical degree and have four years or less of postdoctoral and/or mentored clinical research training experience (excluding family medical leave)  
**Award:** Up to $195,000/up to three years  
**Deadline:** Pre-application due: July 20, 2023, 2 p.m. PT; Application due: Aug. 3, 2023, 8:59 p.m. PT

**Multidisciplinary || DoD Reconstructive Transplant Research Program Advanced Technology Development Award**

**What:** Supports research critical for the translation of promising preclinical findings into products focused on reconstructive transplantation  
**Who should apply:** Independent investigators at all academic levels  
**Award:** Up to $1.5 million/up to three years  
**Deadline:** Pre-application due: July 19, 2023, 2 p.m. PT; Application due: Oct. 11, 2023, 8:59 p.m. PT

**Multidisciplinary || DoD Reconstructive Transplant Research Program Idea Discovery Award**

**What:** Supports innovative, untested, high-risk/potentially high-reward concepts, theories, paradigms, and/or methods  
**Who should apply:** Independent investigators at or above the level of postdoctoral fellow or equivalent  
**Award:** Up to $500,000/up to two years  
**Deadline:** Pre-application due: July 19, 2023, 2 p.m. PT; Application due: Oct. 11, 2023, 8:59 p.m. PT

**Multidisciplinary || DoD Reconstructive Transplant Research Program Investigator-Initiated Research Award**

**What:** Supports studies with the potential to make an important contribution to the reconstructive transplant research field, patient care, and quality of life  
**Who should apply:** Independent investigators at all academic levels  
**Award:** Up to $1.5 million/up to three years  
**Deadline:** Pre-application due: July 19, 2023, 2 p.m. PT; Application due: Oct. 11, 2023, 8:59 p.m. PT

**Neuroscience || DoD Duchenne Muscular Dystrophy Research Program Idea Development Award**

**What:** Supports the development of innovative, high-impact ideas that advance the understanding of Duchenne muscular dystrophy and ultimately lead to improved outcomes  
**Who should apply:** Independent investigators at or above the level of assistant professor, investigators who are within 10 years of first faculty appointment, and established investigators in an area other than muscular dystrophy at or above the level of assistant professor seeking to transition  
**Award:** Up to $350,000/up to two years  
**Deadline:** Pre-application due: Aug. 2, 2023, 2 p.m. PT; Application due: Aug. 23, 2023, 8:59 p.m. PT

**Neuroscience || DoD Duchenne Muscular Dystrophy Research Program Translational Research Award**

**What:** Supports advanced translational studies
that have moved beyond the realm of basic research and have the potential to result in a near-term impact in clinical research or the clinic

Who should apply: Independent investigators at all academic levels

Award: Up to $1.35 million/up to three years
Deadline: Pre-application due: Aug. 2, 2023, 2 p.m. PT; Application due: Aug. 23, 2023, 8:59 p.m. PT

Cancer || DoD Pancreatic Cancer Research Program Focused Pilot Award

What: Supports exploration of innovative concepts or theories in pancreatic cancer that could ultimately lead to critical discoveries or major advancements that will drive the field forward

Who should apply: Investigators at all academic levels

Award: Up to $200,000/up to two years
Deadline: Pre-application due: Sept. 14, 2023, 2 p.m. PT; Application due: Oct. 5, 2023, 8:59 p.m. PT

Cancer || DoD Kidney Cancer Research Program Academy of Kidney Cancer Scholars – Early-Career Scholar Award

What: Supports addition of new Early-Career Investigators to the virtual academy, which provides intensive mentoring, national networking, and a peer group for junior faculty

Who should apply: Investigators within four years of last postdoctoral research position or clinical fellowship or equivalent as of full application submission deadline

Award: Up to $750,000/up to four years
Deadline: Pre-application due: Sept. 15, 2023, 2 p.m. PT; Application due: Oct. 6, 2023, 8:59 p.m. PT

Cancer || DoD Kidney Cancer Research Program Clinical Trial Award

What: Supports hypothesis-based, early-phase clinical trials to test interventions that will have a major impact in the field of kidney cancer

Who should apply: Investigators at or above the level of assistant professor or equivalent

Award: Up to $1.5 million/up to four years
Deadline: Pre-application due: Sept. 15, 2023, 2 p.m. PT; Application due: Oct. 6, 2023, 8:59 p.m. PT

Cancer || DoD Kidney Cancer Research Program Idea Development Award

What: Supports the development of innovative, high-impact ideas that advance the understanding of kidney cancer and ultimately lead to improved outcomes

Who should apply: Investigators at or above the level of assistant professor or equivalent

Award: Up to $1.2 million/up to four years
Deadline: Pre-application due: Sept. 15, 2023, 2 p.m. PT; Application due: Oct. 6, 2023, 8:59 p.m. PT

Cancer || DoD Kidney Cancer Research Program Nurse-Initiated Research Award

What: Supports nursing research pertaining to kidney cancer patient care

Who should apply: Licensed registered nurses with a terminal degree of a Doctor of Nursing Practice and/or PhD

Award: Up to $300,000/up to two years
Deadline: Pre-application due: Sept. 15, 2023, 2 p.m. PT; Application due: Oct. 6, 2023, 8:59 p.m. PT

Cancer || DoD Kidney Cancer Research Program Translational Research Partnership Award

What: Supports partnerships between clinicians and research scientists that will accelerate the movement of promising ideas in kidney cancer toward clinical applications

Who should apply: Investigators at or above the level of assistant professor or equivalent

Award: Up to $750,000/up to three years
Deadline: Pre-application due: Sept. 15, 2023, 2 p.m. PT; Application due: Oct. 6, 2023, 8:59 p.m. PT

Private Opportunities

Biology || Chan Zuckerberg Initiative Cryo-CLEM Labels RFA

What: Provides support for projects in the field of cryo-correlative light and electron microscopy (cryo-CLEM) labels to gain a deeper mechanistic understanding of biological systems

Who should apply: Up to two PIs who are independent investigators and hold a PhD,
MD, or equivalent degree

**Award:** Up to $165,000/up to one year

**Deadline:** July 20, 2023, 5 p.m. PT

*This organization is on the President’s List; submit a notice of intent form before applying*

### Neuroscience || National Multiple Sclerosis Society

**Mentor-Based Postdoctoral Fellowships in Rehabilitation Research** and **Research Grants**

**What:** Supports either mentors and institutions that provide training of postdoctoral fellows in MS research related to rehabilitation or investigator-initiated proposals to support research focused on addressing research questions highlighted in the [Pathways to MS Cures Roadmap](#).

**Who should apply:** Dependent upon opportunity

**Award:** Not specified for Fellowship and up to $660,000 for Research Grants/up to three years for Research Grants and up to five years for Fellowships

**Deadline:**

- **LOI due:** July 26, 2023, 2 p.m. PT;
- **Full application due:** Aug. 2, 2023, 2 p.m. PT

### Rheumatology || Cure JM Research Grants

**What:** Supports research to improve medical treatment and work toward a cure for juvenile myositis

**Who should apply:** Applicants must hold a PhD or MD degree or equivalent and work in an accredited medical school, university, hospital, or research institute that agrees to supply the clinical and/or laboratory facilities

**Award:** Up to $150,000/up to two years

**Deadline:** July 30, 2023

### Dermatology || National Eczema Foundation

**Childhood Eczema Challenge Grant**

**What:** Supports targeted clinical research investigations focused on pediatric eczema

**Who should apply:** Applicants must be early and mid-career investigators (associate professor level or below and within 15 years of finishing training)

**Award:** Up to $50,000/up to one year

**Deadline:** July 31, 2023, 5 p.m. PT

### Immunology || Pfizer

**Addressing Educational Barriers to Equitable Care for Patients with Immune Inflammatory Diseases**

**What:** Supports patient learning and addresses disparities in health education or literacy among people living with immune inflammatory diseases to support them in understanding their disease and making evidence-informed decisions

**Who should apply:** Patient advocacy organizations; non-governmental organizations, medical, nursing, allied health, and/or pharmacy professional schools; healthcare institutions; professional associations and medical societies; and other entities with a mission related to patient education and healthcare delivery

**Award:** Up to $150,000/up to two years

**Deadline:** Aug. 31, 2023, 8:59 p.m. PT

### Previously Published Opportunities

**Federal**

**June 2023**

**Multidisciplinary || AHRQ Small Research Projects to Advance the Science of Primary Care (R03)** Application due: June 16, 2023, 5 p.m. PT

**Multidisciplinary || NIDDK Catalytic Tool and Technology Development in Kidney, Urologic, and Hematologic Diseases (R21 Clinical Trial Not Allowed)** Deadline: June 16, 2023, 5 p.m. PT

**Multidisciplinary || Multiple NIH Organizations Understanding Chronic Conditions Understudied Among Women (R01 Clinical Trial Optional)** Application due: June 20, 2023, 5 p.m. PT

**Cancer || DoD Bone Marrow Research Program Idea Development Award** Deadline: Pre-application due: June 21, 2023, 2 p.m. PT; Application due: Sept. 20, 2023, 8:59 p.m. PT

**Cancer || DoD Bone Marrow Research Program Investigator-Initiated Research Award** Deadline: Pre-application due: June 21, 2023, 2 p.m. PT; Application due: Sept. 20, 2023, 8:59 p.m. PT
