OHSU Funding Alerts:
Week of October 5, 2023

OHSU Funding Opportunities

Neuroscience || Oregon Alzheimer’s Disease Research Center Research Scholars
What: Support for junior investigators as they pursue research careers in Alzheimer’s Disease and related dementias, and normal brain aging; funding provides discretionary support for career development, equipment, salary support, or other expenses and includes an educational program, individualized mentored opportunities and access to senior-level faculty for consultation and mentoring support
Who should apply: Doctoral candidates, post-doctoral fellows, or early-career faculty; investigators from communities underrepresented in research are especially encouraged to apply
Award: Up to $35,000/one year
Deadline: LOI due: Oct. 20, 2023, 5 p.m. PT; Application due: Feb. 9, 2024, 5 p.m. PT
Contact Natasha Spoden for more information

Cardiovascular || Knight Cardiovascular Institute Postdoctoral Fellowship for training in Cardiovascular Research and Translational Science
What: Funds postdoctoral scientists for two years to train and be mentored by highly accomplished clinical and basic research scientists who are renowned for applying cutting edge scientific ideas to improve human health
Who should apply: Trainees must have a graduate degree and either be a United States citizen, a non-citizen national of the United States, or have Permanent Resident status
Award: $12,200 per year toward benefits, $4500 per year in tuition support, and $1,400 in travel funds to attend at least one conference per year/two years
Deadline: Oct. 30, 2023; fellowship starts on Jan. 1, 2024

Neuroscience || OHSU Department of Neurology Neuroscience Campaign Fund to Support Brain Health Across the Lifespan
What: Supports projects from any area of neuroscience research pertaining to brain health across the lifespan (basic, translational, or clinical); the goal of this opportunity is to create pilot or feasibility data that will lead to outside funding, including proposals from K awardees who need additional funding to generate data for R01s or similar
Who should apply: All OHSU neuroscience researchers in good standing; applicants are not limited to those within the Department of Neurology, and trainees are excluded from being the PI
Award: Up to $50,000/one year
Deadline: Oct. 30, 2023
Send questions to funding@ohsu.edu; apply through the CAP

Cancer || International Alliance for Cancer Early Detection Project Award
What: Supports small scale proposals for high-risk research with some preliminary data and larger proposals building on previously established research; priority areas include enabling interception, hereditary cancers and risk prediction, inequalities in cancer detection, and early detection in low and middle income countries
Who should apply: Applicants must be named Alliance Members of one of the following institutions: Canary Center at Stanford
University, the University of Cambridge, the OHSU Knight Cancer Institute, University College London or The University of Manchester

**Award:** Up to $630,000/up to three years
**Deadline:** Intent to submit due: Nov. 30, 2023; Application due: Jan. 19, 2024

**Multidisciplinary || OCTRI Mobile Apps for Clinical Studies (MACS)**

**What:** Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone

**Who should apply:** PIs who want to create a mobile app for clinical or commercial purposes

**Award:** Up to $5,000/typically one year
**Deadline:** Rolling; application will close when funding for the fiscal year is exhausted
**Apply through REDCap**

**Limited Submission Opportunities**

**Multidisciplinary || OHSU Fellowship for Diversity in Research**

**What:** Funds researchers with the goal of increasing the diversity of the community of scholars devoted to academic scientific research at OHSU

**Who should apply:** Individuals requiring mentored postdoctoral training in order to achieve their career goals; priority is given to applicants who have obtained their PhD (or are soon to defend) and are not currently OHSU trainees (e.g., graduate students or postdoctoral trainees); should be within the first two years of their position at OHSU

**Award:** Provides salary for one year and $5,000 for professional development

**Deadline:** Applications accepted anytime; apply through the CAP

**Deadlines updated**

**Cancer || NCI The NCI Predoctoral to Postdoctoral Fellow Transition Award (F99/K00 Clinical Trial Not Allowed)**

**What:** Supports the transition of graduate students into cancer research postdoctoral appointments and provides opportunities for career development activities relevant to their long-term career goals of becoming independent cancer researchers

**Who should apply:** Graduate students in the third or fourth year of a mentored PhD or equivalent research degree program who are citizens or noncitizen nationals of the United States, have been lawfully admitted for permanent residence, or are non-U.S. citizens with a valid U.S. visa; more eligibility info in NOFO

**Award:** Stipends, tuition and fees, and institutional allowance in F99 and salary, fringe benefits and other program-related expenses in K00/up to six years

**Deadline:** Internal submission due: Oct. 11, 2023; Application due: Nov. 17, 2023, 5 p.m. PT
**Apply through the CAP**
Deadline updated

**Multidisciplinary | G. Harold and Leila Y. Mathers Foundation Research Grants**

**What:** Supports basic science, ideally with potential translational applications; examples of current research areas of interest include: immunology, microbiome, genomics, structural biology, cellular physiology, and neuroscience

**Who should apply:** Open to investigators who are performing basic scientific research with translational potential; institutions are limited to four applications per cycle

**Award:** Grant budgets should be no more than $600,000-750,000 (including indirect expenses)/up to three years

**Deadline:**
- Internal submission due: Oct. 19, 2023;
- Portal registration due: Nov. 17, 2023;
- LOI due: Dec. 1, 2023;
- Application due: March 1, 2024

---

**Neuroscience | Multiple NIH Organizations**

**NIH Blueprint and BRAIN Initiative Program for Enhancing Neuroscience Diversity through Undergraduate Research Education Experiences (BP BRAIN-ENDURE) (R25 Clinical Trial Not Allowed)**

**What:** Supports educational activities with a primary focus on: courses for skills development, research experiences, and mentoring activities

**Who should apply:** Collaborative research education partnerships should include institutions that either have a historical and current mission to educate students from any of the populations that have been identified as underrepresented in biomedical research as defined by the National Science Foundation or have a documented track record of recruiting, training and/or educating, and graduating underrepresented students as defined by NSF; extensive eligibility info in NOFO

**Award:** Average cost per program is estimated between $300,000 - $400,000/up to five years

**Deadline:**
- Internal submission due: Oct. 19, 2023;
- Portal registration due: Nov. 17, 2023;
- LOI due: Dec. 1, 2023;
- Application due: March 1, 2024

---

**Cancer | Damon Runyon Cancer Research Foundation Clinical Investigator Award**

**What:** Supports independent young physician-scientists conducting disease-oriented research that demonstrates a high level of innovation and creativity; OHSU can nominate up to five applicants

**Who should apply:** U.S. citizens or permanent legal residents who hold independent assistant professor positions or equivalent and are within the first five years of their initial full faculty appointment; see more eligibility info in program overview

**Award:** Up to $600,000 plus up to $100,000 in medical school debt repayment/up to three years

**Deadline:**
- Internal submission due: Dec. 1, 2023;
- Application due: Feb. 1, 2024, 1 p.m. PT

---

**BioInnovation Institute & Science Prize for Innovation**

**What:** Recognizes researchers who are asking fundamental questions at the intersection of the life sciences and entrepreneurship and scientists who can show that they have reached across field boundaries with an enthusiasm that combines outstanding basic science with an eye toward the marketplace

**Who should apply:** Researchers who have
finished their PhD-level education within the last 10 years and must hold an MD, PhD, DVM, PharmD., or combination of these degrees at the time of entry

**Award:** $25,000 for grand prize winner and $10,000 for runners up

**Deadline:** Nov. 1, 2023

**Multidisciplinary || Northwestern University Feinberg School of Medicine Mechthild Esser Nemmers Prize in Medical Science**

**What:** Honors a physician-scientist whose body of research exhibits outstanding achievement in medical science as demonstrated by works of lasting significance

**Who should apply:** Physician-scientists; individuals of all nationalities and institutional affiliations are eligible except current or recent Northwestern University faculty members and recipients of the Nobel Prize

**Award:** $500,000

**Deadline:** Nov. 8, 2023

**Dermatology || National Psoriasis Foundation Medical Professional Award Program**

**What:** Recognizes those who have made an impact on the psoriatic disease field; five award categories, including outstanding educator, outstanding physician-clinician, and health professional volunteer of the year

**Who should apply:** Nominees must be a current professional member of the National Psoriasis Foundation; eligibility varies with award type

**Award:** Not specified

**Deadline:** Nov. 22, 2023

**New this week!**

**Genomics || NHGRI Solicitation of Nominations for the 2023 National Human Genome Research Institute’s Bettie J. Graham Leadership Award for Enhancing Diversity,**

**Equity, Inclusion, and Accessibility in the Genomics Workforce**

**What:** Recognizes NHGRI extramural investigators who are making a sustained and substantial contribution to enhancing Diversity, Equity, Inclusion and Accessibility in the human genomics workforce

**Who should apply:** Individuals must have received NHGRI funding in one of the following areas of interest specific to NHGRI: genomic science; genomic medicine; ethical, legal, and social implications of genetic and genomic research; bioinformatics; data science; genomic technology development; and/or training programs; [more eligibility info in notice](#)

**Award:** Not listed

**Deadline:** Dec. 22, 2023, 8:59 p.m. PT

**COVID-19 Opportunities**

Due to the decline in new funding opportunities related to COVID-19, we are transitioning the separate COVID-19 Funding Alerts to this space. You can still view the archive of COVID-19 Funding Alerts, and a list of still-open opportunities will be updated weekly.

**Dentistry || NIDCR Notice of Special Interest (NOSI): NIDCR Support for Research on the Physiological Involvement of Oral Cavity in Coronavirus Disease 2019 (COVID-19)**

**What:** Supports research studies focused on...
the physiological involvement of oral cavity and oral manifestations related to COVID-19

Who should apply: Anyone with a research interest in COVID-19 and oral manifestations

Award: Dependent upon FOA

Deadline: Open from Oct. 5, 2023 through May 8, 2026, 5 p.m. PT

Neuroscience || NINDS Analysis of data in the COVID-19 Neuro Databank-Biobank (R03 - Clinical Trial Not Allowed)

What: Funding for applications that aggregate and analyze existing data in the COVID-19 Neuro Databank-Biobank

Who should apply: Anyone with a research interest in the effects of COVID-19 on pre-existing neurological conditions

Award: Up to $100,000/up to two years

Deadline: LOI due: Oct. 8, 2023 (LOI not required but highly encouraged); Application due: Nov. 8, 2023, 5 p.m. PT

NIH Federal Opportunities

This week the NIH released funding opportunities concerning cancer, antibodies, and neuromodulation. We’ve highlighted some opportunities of potential interest below.

HIV/AIDS || Multiple NIH Organizations

Notice of Special Interest (NOSI): Ending the HIV Epidemic (EHE)

What: Supports projects will leverage research-community collaborations and scientific advances in HIV prevention, diagnosis, treatment, and outbreak response to advance the Ending the HIV Epidemic initiative goals, using innovations to tailor strategies for the multi-level barriers and strengths in communities disproportionately impacted by HIV

Who should apply: Anyone with a research interest in reducing the number of incident infections of HIV in the U.S.

Award: Dependent upon FOA

Deadline: Open from Jan. 7, 2024 through Jan. 9, 2024, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations

Health and Health Care Disparities Among Persons Living with Disabilities (R01 - Clinical Trials Optional)

What: Supports novel and innovative research that examines and/or intervenes on the underlying and multilevel causes, pathways, and factors adversely impacting the health and well-being of persons with disabilities at the intersections of race and ethnicity, and socioeconomic status

Who should apply: Anyone with a research interest in health disparities and people with disabilities

Award: Not limited but recommended to request no more than $2.5 million/up to five years

Deadline: Feb. 5, 2024, 5 p.m. PT

General Notices

Substance Use || NIDA Notice of Information: Recruitment and Retention Monitoring and Reporting of Clinical Research Awards Supported by the National Institute on Drug Abuse

Multidisciplinary || NIH Office of the Director Extramural Loan Repayment Programs

Clinical Researchers (LRP-CR)

Pediatric Research (LRP-PR)

Health Disparities Research (LRP-HDR)

Research in Emerging Areas Critical to Human Health (LRP-REACH)

Individuals from Disadvantaged Backgrounds (LRP-IDB)

Contraception and Infertility Research (LRP-CIR)

Other Federal and State Opportunities

Multidisciplinary || Women in Science PDX Professional Development Scholarships

What: Scholarships to enable Oregon graduate students to enhance their career development by attending conferences, workshops, courses, and related opportunities

Who should apply: STEM graduate students in Oregon (Master’s or PhD) of any historically marginalized gender (including cisgender women, transgender women, transgender men, non-binary individuals, and all gender identities which have been systematically
oppressed by those in power throughout history) who have not have received a WIS Professional Development Scholarship during the previous award cycle

**Award:** Up to $500
**Deadline:** Oct. 16, 2023, 11:59 p.m. PT

---

**Private Opportunities**

**Neuroscience | Parkinson’s Foundation Awards for Independent Investigators**

**What:** Impact Awards, which support innovative projects that need support to see their maximum impact on the Parkinson’s community

**Who should apply:** Scientists with a PhD or MD who are independent investigators and have a significant research focus and impact on Parkinson’s disease

**Award:** Up to $150,000/up to one and a half years

**Deadline:** LOI due: Oct. 27, 2023; Application due: Feb. 22, 2024

---

**Neuroscience | Parkinson’s Foundation Fellowships & Early Career Awards**

**What:** Five award opportunities, including postdoctoral fellowships for basic scientists and clinical neurologists, early career awards for movement disorders research, and summer student fellowships

**Who should apply:** Dependent upon opportunity

**Award:** Dependent upon opportunity

---

**Deadline: LOI due: Oct. 27, 2023 (LOI only required for Launch Award and postdoctoral fellowships); Application due: Feb. 2 (Visiting Scholars and Summer Student) or 22 (Launch Award and postdoctoral fellowships), 2024**

**Multidisciplinary | Biogen Medical Education Grants**

**What:** Awards grants to qualified institutions or organizations supporting independent medical and educational activities for healthcare professionals and researchers

**Who should apply:** Institutions with educational programs in Biosimilars (Ophthalmology and Immunology), Multiple Sclerosis and Spinal Muscular Atrophy

**Award:** Not listed

**Deadline:** Nov. 1, 2023

---

**Rheumatology | Rheumatology Research Foundation Lawren H. Daltroy Preceptorship in Health Communication**

**What:** Supports projects that directly address patient-clinician interactions and communications in rheumatology

**Who should apply:** ACR or ARP members who are trainees, junior researchers, or health professionals without current or prior R01 or R01-equivalent funding

**Award:** Up to $15,000/up to one year

**Deadline:** Nov. 1, 2023, 2 p.m. PT

---

**Cardiology | American Heart Association Food Is Medicine Initiative**

**What:** Seeks to provide the large-scale clinical evidence required to ensure patients receive medical prescriptions for healthy food to help prevent and manage chronic disease

**Who should apply:** Project PIs that hold a doctoral-level degree and are associated with eligible institutions

**Award:** Up to $400,000/up to one and a half years

**Deadline:** Nov. 6, 2023, 1 p.m. PT

---

**Cardiology | American Heart Association AHA and Additional Ventures Collaborative Science Awards in Single Ventricle Heart Disease**

**What:** Supports multidisciplinary, multi-institutional research teams to address key knowledge gaps in the clinical sequelae of single ventricle heart disease and its treatment
paradigm

Who should apply: Teams should consist of two to four members, including a Coordinating Co-PI and up to three additional Co-PIs; additional eligibility info in program announcement
Award: Up to $2.25 million/up to three years
Deadline: Pre-proposal due: Nov. 28, 2023, 1 p.m. PT; Full proposal due: Jan. 23, 2024, 1 p.m. PT

Cardiology || American Heart Association
AHA and Additional Ventures Collaborative Science Awards in Single Ventricle Heart Disease
What: Supports multidisciplinary, multi-institutional research teams to address key knowledge gaps in the clinical sequelae of single ventricle heart disease and its treatment paradigm
Who should apply: Teams should consist of two to four members, including a Coordinating Co-PI and up to three additional Co-PIs; additional eligibility info in program announcement
