OHSU Funding Alerts:  
Week of October 12, 2023

OHSU Funding Opportunities

**Neuroscience | Oregon Alzheimer’s Disease Research Center Research Scholars**

*What:* Support for junior investigators as they pursue research careers in Alzheimer’s Disease and related dementias, and normal brain aging; funding provides discretionary support for career development, equipment, salary support, or other expenses and includes an educational program, individualized mentored opportunities and access to senior-level faculty for consultation and mentoring support

*Who should apply:* Doctoral candidates, post-doctoral fellows, or early-career faculty; investigators from communities underrepresented in research are especially encouraged to apply

*Award:* Up to $35,000/one year

*Deadline:* LOI due: Oct. 20, 2023, 5 p.m. PT; Application due: Feb. 9, 2024, 5 p.m. PT

*Contact Natasha Spoden for more information*

**Neuroscience | OHSU Department of Neurology Neuroscience Campaign Fund to Support Brain Health Across the Lifespan**

*What:* Supports projects from any area of neuroscience research pertaining to brain health across the lifespan (basic, translational, or clinical); the goal of this opportunity is to create pilot or feasibility data that will lead to outside funding, including proposals from K awardees who need additional funding to generate data for R01s or similar

*Who should apply:* All OHSU neuroscience researchers in good standing; applicants are not limited to those within the Department of Neurology, and trainees are excluded from being the PI

*Award:* Up to $50,000/one year

*Deadline:* Oct. 30, 2023

*Send questions to funding@ohsu.edu; apply through the CAP*

University, the University of Cambridge, the OHSU Knight Cancer Institute, University College London or The University of Manchester

**Award:** Up to $630,000/up to three years  
**Deadline:** Intent to submit due: Nov. 30, 2023; Application due: Jan. 19, 2024

**New this week!**  
**Public Health || OHSU-PSU School of Public Health Kickstarter Awards**  
**What:** Funding to support faculty activities that advance the preparation of high-quality grant or contract applications or support student-led research  
**Who should apply:** OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health who have an extramural RFA or other opportunity identified and plan to submit the application through SPH or students in OHSU-PSU School of Public Health  
**Award:** Between $500 and $5,000/up to six months  
**Deadline:** Accepted on a rolling basis through Jan. 15, 2024  
**Apply through the CAP**

**New this week!**  
**Neuroscience || OHSU Foundation The Valerie Palmer Global Health Neurology Diversity Research Award**  
**What:** Supports research that focuses on historically neglected neurological disorders that impact low- and mid-income populations across the world; projects should establish their relationship to diversity, equity and inclusion (DEI) in the condition or population proposed for research  
**Who should apply:** OHSU faculty and postdocs in good standing whose proposals support the goals of the grant; applicants who consider themselves underrepresented minorities are strongly encouraged to apply  
**Award:** Up to $7,500/one year  
**Deadline:** Jan. 31, 2024  
**Send questions to funding@ohsu.edu; apply through the CAP**

**Multidisciplinary || OHSU School of Medicine Exploratory Research Seed Grants**  
**What:** Supports investigators who need to work with an OHSU core or with the Pacific Northwest National Laboratory (PNNL) to develop preliminary data for an application for extramural research support  
**Who should apply:** School of Medicine faculty in the professorial series who have not received this award within the last year  
**Award:** Up to $5,000/one year  
**Deadline:** Applications accepted anytime  
**Apply through the CAP**

**Limited Submission Opportunities**

**Deadline updated**  
**Multidisciplinary || G. Harold and Leila Y. Mathers Foundation Research Grants**  
**What:** Supports basic science, ideally with potential translational applications; examples of current research areas of interest include: immunology, microbiome, genomics, structural biology, cellular physiology, and neuroscience
**Who should apply:** Open to investigators who are performing basic scientific research with translational potential; institutions are limited to four applications per cycle

**Award:** Grant budgets should be no more than $600,000-750,000 (including indirect expenses)/up to three years

**Deadline:** Internal submission due: Oct. 19, 2023; Portal registration due: Nov. 17, 2023; LOI due: Dec. 1, 2023; Application due: March 1, 2024

New this week!

**Cancer‖St. Baldrick’s Foundation 2023 Spring Cycle Grants**

**What:** Funding for three cancer research awards: International Scholar Awards, which train researchers from low- and middle-income countries (as classified by the World Bank) to prepare them to fill specific needs in an area of childhood cancer research upon returning to their country of origin; Scholar (Career Development) Awards, which help develop the independent research of highly qualified individuals still early in their careers; and Research Grant Awards, which are for specific one-year research projects which are hypothesis driven and may be either laboratory, clinical, or epidemiological in nature

**Who should apply:** Cancer researchers, specifically early-career researchers for International and Career Development Scholars; International Scholars are typically junior faculty who have been in their position for less than five years and Career Development Scholars must be full-time faculty who have held their position for less than seven years. Extensive eligibility information in both program announcements

**Award:** Up to $560,000 (International and Career) or $200,000 (Research)/up to five years (I and C) or two years (R)

**Deadline:** Internal submission due: Nov. 2, 2023; LOI due: Dec. 8, 2023, 2 p.m. PT; Application due: Feb. 23, 2024, 2 p.m. PT

**Apply through the CAP**

**Neuroscience‖Multiple NIH Organizations NIH Blueprint and BRAIN Initiative Program for Enhancing Neuroscience Diversity through Undergraduate Research Education Experiences (BP BRAIN-ENDURE) (R25 Clinical Trial Not Allowed)**

**What:** Supports educational activities with a primary focus on: courses for skills development, research experiences, and mentoring activities

**Who should apply:** Collaborative research education partnerships should include institutions that either have a historical and current mission to educate students from any of the populations that have been identified as underrepresented in biomedical research as defined by the National Science Foundation or have a documented track record of recruiting, training and/or educating, and graduating underrepresented students as defined by NSF; extensive eligibility info in NOFO

**Award:** Average cost per program is estimated between $300,000 - $400,000/up to five years

**Deadline:** Internal submission due: Nov. 15, 2023; LOI due: Jan. 15, 2023 (LOI not required but highly encouraged); Application due: Feb. 15, 2024, 5 p.m. PT

**Apply through the CAP**

New this week!

**Multidisciplinary‖NIGMS, NCCIH, and SGMRO Advancing Research Careers (ARC) Institutionally-Focused Research Education Award to Promote Diversity (UE5 - Clinical Trial Not Allowed)**

**What:** Supports educational activities that encourage individuals from diverse backgrounds, for example those from groups underrepresented in the biomedical and behavioral sciences (see Notice of NIH's Interest in Diversity), to pursue further studies or careers in research

**Who should apply:** PD/PI teams should consider including individuals with experience in areas such as biomedical research, program evaluation, mentoring, efforts to promote diversity, and career development and advancement for early-career scientists. More eligibility info is available in the FOA

**Award:** Average cost per program is estimated to be $400,000/up to five years

**Deadline:** Internal submission due: Nov. 29, 2023; Application due: Jan. 29, 2024, 5 p.m. PT

**Apply through the CAP**
Cancer || Damon Runyon Cancer Research Foundation Clinical Investigator Award
What: Supports independent young physician-scientists conducting disease-oriented research that demonstrates a high level of innovation and creativity; OHSU can nominate up to five applicants
Who should apply: U.S. citizens or permanent legal residents who hold independent assistant professor positions or equivalent and are within the first five years of their initial full faculty appointment; see more eligibility info in program overview
Award: Up to $600,000 plus up to $100,000 in medical school debt/up to three years
Deadline: Internal submission due: Dec. 1, 2023; Application due: Feb. 1, 2024, 1 p.m. PT

Merit Prizes and Awards

Multidisciplinary || University of Pittsburgh Dickson Prize in Medicine
What: Recognizes an American biomedical researcher who has made significant, progressive contributions to medicine; nominations should be made for individuals actively engaged in innovative, paradigm-shifting biomedical research that is worthy of significant and broad attention
Who should apply: Researchers who are U.S. citizens whose careers have been building, who are at an especially productive point currently, and whose research is so influential that it deserves major recognition now
Award: $50,000
Deadline: Oct. 13, 2023

Multidisciplinary || BioInnovation Institute & Science Prize for Innovation
What: Recognizes researchers who are asking fundamental questions at the intersection of the life sciences and entrepreneurship and scientists who can show that they have reached across field boundaries with an enthusiasm that combines outstanding basic science with an eye toward the marketplace
Who should apply: Researchers who have finished their PhD-level education within the last 10 years and hold an MD, PhD, DVM, PharmD., or combination of these degrees at the time of entry
Award: $25,000 for grand prize winner and $10,000 for runners up
Deadline: Nov. 1, 2023

Multidisciplinary || Northwestern University Feinberg School of Medicine Mechthild Esser Nemmers Prize in Medical Science
What: Honors a physician-scientist whose body of research exhibits outstanding achievement in medical science as demonstrated by works of lasting significance
Who should apply: Physician-scientists; individuals of all nationalities and institutional affiliations are eligible except current or recent Northwestern University faculty members and recipients of the Nobel Prize
Award: $350,000
Deadline: Nov. 1, 2023

Neuroscience || National Multiple Sclerosis Society and the American Academy of Neurology John Dystel Prize for Multiple Sclerosis Research
What: Recognizes outstanding contributions to research in the understanding, treatment, or prevention of multiple sclerosis
Who should apply: Nominees must be actively engaged in basic or clinical research related to multiple sclerosis
Award: $40,000
Deadline: Nov. 2, 2023

Multidisciplinary || Warren Alpert Foundation Prize
What: Recognizes scientists whose scientific research achievements have led to the prevention, cure or treatment of human diseases or disorders and/or whose research constitutes a seminal scientific finding that holds great promise of ultimately changing our understanding or ability to treat disease
Who should apply: Physicians and scientists should nominate anyone who meets the above description; self-nominations are not allowed
Award: $500,000
Deadline: Nov. 8, 2023

Dermatology || National Psoriasis Foundation Medical Professional Award Program
**What:** Recognizes those who have made an impact on the psoriatic disease field; five award categories, including outstanding educator, outstanding physician-clinician, and health professional volunteer of the year  
**Who should apply:** Nominees must be a current professional member of the National Psoriasis Foundation; eligibility varies with award type  
**Award:** Not specified  
**Deadline:** Nov. 22, 2023

---

**Genomics || NHGRISOLICITATION OF NOMINATIONS FOR THE 2023 NATIONAL HUMAN GENOME RESEARCH INSTITUTE'S BETTIE J. GRAHAM LEADERSHIP AWARD FOR ENHANCING DIVERSITY, EQUITY, INCLUSION, AND ACCESSIBILITY IN THE GENOMICS WORKFORCE**

**What:** Recognizes NHGRI extramural investigators who are making a sustained and substantial contribution to enhancing Diversity, Equity, Inclusion and Accessibility in the human genomics workforce  
**Who should apply:** Individuals must have received NHGRI funding in one of the following areas of interest specific to NHGRI: genomic science; genomic medicine; ethical, legal, and social implications of genetic and genomic research; bioinformatics; data science; genomic technology development; and/or training programs; more eligibility info in notice  
**Award:** Not listed  
**Deadline:** Nov. 22, 2023, 8:59 p.m. PT

**NIH Federal Opportunities**

This week the NIH released funding opportunities concerning [cancer, biomedical facilities, and tobacco](https://www.nih.gov). We’ve highlighted some opportunities of potential interest below.

**Multidisciplinary || Multiple NIH Organizations CAREER ENHANCEMENT AWARD TO ADVANCE THE STUDY OF INTIMATE PARTNER VIOLENCE (IPV) IN THE CONTEXT OF MATERNAL MORBIDITY AND MORTALITY RESEARCH (K18 CLINICAL TRIAL NOT ALLOWED)**

**What:** Supports research training and career development experiences and a small-scale research project that will provide experienced investigators with the scientific competencies required to integrate IPV and related violence constructs, theories, and/or interventions into their ongoing research efforts  
**Who should apply:** Candidates for the K18 award must have a research or health-professional doctoral degree; award is intended for well-established investigators who have established records of independent, peer-reviewed research grant funding  
**Award:** Salary and other program-related expenses/up to two years  
**Deadline:** Dec. 1, 2023, 5 p.m. PT

---

**HIV/AIDS || NIAID HIV VACCINE RESEARCH AND DESIGN (HIVRAD) PROGRAM (P01 CLINICAL TRIAL NOT ALLOWED)**

**What:** Supports multi-component, multidisciplinary projects that address scientific questions relevant to AIDS prophylactic vaccine discovery research; extensive evaluation of vaccine concepts in non-human primate models may be included  
**Who should apply:** Anyone with a research interest in AIDS prophylactic vaccine discovery  
**Award:** Up to $12.5 million/up to five years  
**Deadline:** LOI due: Feb. 13, 2024 (LOI not required but highly encouraged); Application due: March 13, 2024, 5 p.m. PT

---

**Multidisciplinary || Multiple NIH Organizations HEALTH AND HEALTH CARE DISPARITIES AMONG PERSONS LIVING WITH DISABILITIES (R01 - CLINICAL TRIALS OPTIONAL)**

**What:** Supports promising, late-stage graduate students from diverse backgrounds, for example those from underrepresented groups (see [Notice of NIH’s Interest in Diversity](https://www.nih.gov)), to transition into and succeed in mentored postdoctoral research positions  
**Who should apply:** Candidates must have a baccalaureate degree and be currently enrolled as a student in a mentored, biomedical PhD or equivalent research degree program (e.g., Dr. P.H., Sc.D.) at a domestic institution, and should propose research relevant to the mission area of one or more participating NIH Institutes, Centers or Offices; more eligibility info in NOFO  
**Award:** Stipends, tuition and fees, and institutional allowance in F99; salaries and fringe benefits, research and career
development support, and indirect costs in K00/up to five years

**Deadline:** June 13, 2024, 5 p.m. PT

---

**General Notices**

**Bioengineering || NIBIB Notice of Information: Upcoming Prize Competition Announcement for the 2024 DEBUT Challenge**

**Multidisciplinary || NIH Office of the Director Extramural Loan Repayment Programs**
- Clinical Researchers (LRP-CR)
- Pediatric Research (LRP-PR)
- Health Disparities Research (LRP-HDR)
- Research in Emerging Areas Critical to Human Health (LRP-REACH)
- Individuals from Disadvantaged Backgrounds (LRP-IDB)
- Contraception and Infertility Research (LRP-CIR)

**Requests for Information**

**Multidisciplinary || Multiple NIH Organizations Request for Information (RFI): Environmental Justice Research Gaps, Opportunities and Capacity Building**

**Multidisciplinary || NHLBI Request for Information (RFI): Exploring the role of Generative AI in enhancing the use of Big Data in Heart, Lung, Blood, and Sleep (HLBS) research.**

**Multidisciplinary || NIA and NHLBI Request for Information (RFI) on the need for research studies to evaluate potential effects of types of blood pressure reducing agents on the development of mild cognitive impairment and dementia**

**Other Federal and State Opportunities**

**Multidisciplinary || Women in Science PDX Professional Development Scholarships**
- **What:** Scholarships to enable Oregon graduate students to enhance their career development by attending conferences, workshops, courses, and related opportunities
- **Who should apply:** STEM graduate students in Oregon (Master’s or PhD) of any historically marginalized gender (including cisgender women, transgender women, transgender men, non-binary individuals, and all gender identities which have been systematically oppressed by those in power throughout history) who have not have received a WIS Professional Development Scholarship during the previous award cycle
- **Award:** Up to $500
- **Deadline:** Oct. 16, 2023, 11:59 p.m. PT

---

**Private Opportunities**

**Mental Health || Wellcome Mental Health Award**
- **What:** Supports researchers investigating the causal mechanisms through which brain, body, and environment interact over time in the development, persistence, and resolution of anxiety- and trauma-related disorders
- **Who should apply:** Eligible applicants include a team of researchers from any relevant discipline; [additional eligibility info in program description](#)
- **Award:** Up to $4.8 million/up to five years
- **Deadline:** Nov. 14, 2023

**Multidisciplinary || American Association of University Women American Fellowships**
- **What:** Supports women scholars through three funding mechanisms for either those who are pursuing full-time study to complete dissertations, conducting postdoctoral research full time, or preparing research for publication for eight consecutive weeks
- **Who should apply:** US citizens or permanent residents who identify as women and fit into one of the above categories
- **Award:** Between $8,000 and $50,000/duration determined by funding mechanism
- **Deadline:** Nov. 15, 2023, 11:59 p.m. PT

**Multidisciplinary || American Association of University Women Career Development Grants**
**What:** Provides funding to women who hold a bachelor’s degree and are preparing to advance or change careers or re-enter the workforce in education, health and medical sciences, STEM, or social sciences

**Who should apply:** US citizens or permanent residents whose last degree was received before June 30, 2016; additional eligibility info in program description

**Award:** Between $2,000 and $20,000/one year

**Deadline:** Nov. 15, 2023, 11:59 p.m. PT

---

**Multidisciplinary | American Association of University Women International Fellowships**

**What:** Supports women pursuing full-time graduate or postdoctoral study in the United States who are not US citizens or permanent residents and intend to return to their home country to pursue a professional career

**Who should apply:** Anyone who fits the above description; full eligibility details in program announcement

**Award:** Between $20,000 and $50,000/one year

**Deadline:** Nov. 15, 2023, 11:59 p.m. PT

---

**Multidisciplinary | American Association of University Women Selected Professions Fellowships**

**What:** Provides funding to women who intend to pursue a full-time course of study at accredited US institutions during the fellowship year in one of the designated degree programs where women’s participation traditionally has been low

**Who should apply:** US citizens or permanent residents who are studying medicine and are women from ethnic minority groups historically underrepresented in certain fields within the United States

**Award:** Up to $20,000/one year

**Deadline:** Nov. 15, 2023, 11:59 p.m. PT

---

**Mental Health | American Foundation for Suicide Prevention Innovation Grants**

**What:** Provides funding for suicide prevention projects that have a focus on diversity, evaluation of technological tools for suicide prevention, and survivors of suicide loss; five different mechanisms offered

**Who should apply:** Dependent upon opportunity

**Award:** Between $50,000 and $150,000/up to two years

**Deadline:** Nov. 15, 2023

---

**Pediatrics | Gerber Foundation Research Grants**

**What:** Supports projects focused on issues faced by care providers that, when implemented, will improve the health, nutrition and developmental outcomes of infants and young children

**Who should apply:** Organizations with a research interest in nutrition, care and development of infants and toddlers

**Award:** Up to $350,000/up to three years

**Deadline:** LOI due: Nov. 15, 2023, 1 p.m. PT; Application due: Feb. 15, 2023, 1 p.m. PT

This organization is on the President’s List; submit a notice of intent form before applying
**Gastroenterology □ American Gastroenterological Association Research Scholar Award**

**What:** Supports early-career investigators working toward independent and productive research careers in digestive diseases by ensuring that a major proportion of their time is protected for research

**Who should apply:** Early-career faculty (i.e., investigator, instructor, research associate, or equivalent) working toward an independent career in digestive disease research; further eligibility info in program description

**Award:** Up to $300,000/up to three years

**Deadline:** Dec. 5, 2023

---

**Neuroscience □ National Multiple Sclerosis Society Generating Knowledge and Tools to Promote Remyelination and Neuroprotection in Multiple Sclerosis**

**What:** Supports research that addresses gaps in our knowledge of the underlying biology of CNS remyelination in MS, the factors or processes that modulate this process, and methods to measure remyelination

**Who should apply:** Applicants should possess an MD, PhD or equivalent and be considered eligible by their institution to apply for grant support; postdoctoral fellows, residents and other trainees are not eligible to apply

**Award:** Up to $1 million/up to three years

**Deadline:** Pre-application due: Jan. 3, 2024, 2 p.m. PT; Full application due: Jan. 10, 2024, 2 p.m. PT

This organization is on the President's List; submit a notice of intent form before applying

---

**Neuroscience □ Simons Foundation Autism Research Initiative (SFARI) Bridge to Independence Award**

**What:** Supports early-career scientists from diverse and/or historically underrepresented backgrounds to pursue research in autism and facilitates their transition into independent faculty positions at research institutions within or outside the U.S.

**Who should apply:** Investigators currently in non-independent and mentored training positions who are actively seeking a tenure-track position at a research institution between September 2024 and May 2025; more eligibility info in RFA

**Award:** Up to $790,000/up to five years

**Deadline:** Jan. 10, 2024, 9 a.m. PT

This organization is on the President’s List; submit a notice of intent form before applying

---

**Cardiology □ Abbott Professional Medical Education and Fellowship Grants**

**What:** Funding for medical institutions to either produce independent medical education events or administer their own fellowship programs in the areas of cardiovascular disease, cardiac arrhythmia, electrophysiology, heart failure and structural heart therapies

**Who should apply:** Institutions interested in supporting medical education events or fellowship programs

**Award:** Not specified

**Deadline:** March 1, 2024

---

**Previously Published Opportunities**
