OHSU Funding Alerts:
Week of October 19, 2023

OHSU Funding Opportunities

**Neuroscience** || Oregon Partnership for Alzheimer’s Research and OHSU Layton Aging & Alzheimer’s Disease Center Oregon Tax Checkoff for Alzheimer’s Research Fund

**What:** Supports research to advance the understanding, treatment or prevention of Alzheimer’s in Oregon

**Who should apply:** Applicants may be investigators in Oregon who are launching their careers, including senior graduate students (for doctoral dissertation research), fellows, and junior investigators; applications will not be considered from established Alzheimer’s researchers

**Award:** Up to $35,000/one year

**Deadline:** LOI due: Oct. 20, 2023, 5 p.m. PT; Application due: Feb. 9, 2024, 5 p.m. PT

**Send questions to Natasha Spoden for more information**

**Cancer** || International Alliance for Cancer Early Detection Project Award

**What:** Supports small scale proposals for high-risk research with some preliminary data and larger proposals building on previously established research; priority areas include enabling interception, hereditary cancers and risk prediction, inequalities in cancer detection, and early detection in low and middle income countries

**Who should apply:** Applicants must be named Alliance Members of one of the following institutions: Canary Center at Stanford University, the University of Cambridge, the OHSU Knight Cancer Institute, University College London or The University of Manchester

**Award:** Up to $630,000/up to three years

**Deadline:** Intent to submit due: Nov. 30, 2023; Application due: Jan. 19, 2024

**Public Health** || OHSU-PSU School of Public Health Kickstarter Awards

**What:** Funding to support faculty activities that advance the preparation of high-quality grant or contract applications or support student-led research

**Who should apply:** OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health who have an extramural RFA or other opportunity identified and plan to submit the application through SPH or students in OHSU-PSU School of Public Health

**Award:** Between $500 and $5,000/up to six months
Deadline: Accepted on a rolling basis through Jan. 15, 2024
Apply through the CAP

Neuroscience || OHSU Foundation The Valerie Palmer Global Health Neurology Diversity Research Award
What: Supports research that focuses on historically neglected neurological disorders that impact low- and mid-income populations across the world; projects should establish their relationship to diversity, equity and inclusion (DEI) in the condition or population proposed for research
Who should apply: OHSU faculty and postdocs in good standing whose proposals support the goals of the grant; applicants who consider themselves underrepresented minorities are strongly encouraged to apply
Award: Up to $7,500/one year
Deadline: Jan. 31, 2024
Send questions to funding@ohsu.edu; apply through the CAP

Multidisciplinary || OCTRI Mobile Apps for Clinical Studies (MACS)
What: Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone
Who should apply: PIs who want to create a mobile app for clinical or commercial purposes
Award: Up to $5,000/typically one year
Deadline: Rolling; application will close when funding for the fiscal year is exhausted
Apply through REDCap

Multidisciplinary || OHSU Fellowship for Diversity in Research
What: Funds researchers with the goal of increasing the diversity of the community of scholars devoted to academic scientific research at OHSU
Who should apply: Individuals requiring mentored postdoctoral training in order to achieve their career goals; priority is given to applicants who have obtained their PhD (or are soon to defend) and are not currently OHSU trainees (e.g., graduate students or postdoctoral trainees); should be within the first two years of their position at OHSU
Award: Provides salary for one year and $5,000 for professional development
Deadline: Applications accepted anytime; apply through the CAP

Multidisciplinary || OHSU School of Medicine Exploratory Research Seed Grants
What: Supports investigators who need to work with an OHSU core or with the Pacific Northwest National Laboratory (PNNL) to develop preliminary data for an application for extramural research support
Who should apply: School of Medicine faculty in the professorial series who have not received this award within the last year
Award: Up to $5,000/one year
Deadline: Applications accepted anytime
Apply through the CAP

Limited Submission Opportunities
Deadline updated
Multidisciplinary || G. Harold and Leila Y. Mathers Foundation Research Grants
What: Supports basic science, ideally with potential translational applications; examples of current research areas of interest include: immunology, microbiome, genomics, structural biology, cellular physiology, and neuroscience
Who should apply: Open to investigators who are performing basic scientific research with translational potential; institutions are limited to four applications per cycle
Award: Grant budgets should be no more than $600,000-750,000 (including indirect expenses)/up to three years
Deadline: Internal submission due: Oct. 19, 2023; Portal registration due: Nov. 17, 2023; LOI due: Dec. 1, 2023; Application due: March 1, 2024
Apply through the CAP

New this week!
Multidisciplinary || ORIP and NIGMS Modern Equipment for Shared-use Biomedical Research Facilities: Advancing Research-Related Operations (R24 Clinical Trials Not Allowed)
What: Supports academic or research institutions to apply for funding support to purchase latest equipment that will enhance and modernize research-supporting operations
of existing shared biomedical research facilities

Who should apply: Typically, the PI will be a scientist with a leadership role in overseeing or managing the shared-use facility and relevant scientific or technical expertise related to the requested technology. More eligibility info is available in the NOFO

Award: Up to $350,000/up to one year

Deadline: Internal submission due: Oct. 26, 2023; Application due: Nov. 15, 2023, 5 p.m. PT

Apply through the CAP

Cancer || St. Baldrick's Foundation 2023 Spring Cycle Grants

What: Funding for three cancer research awards: International Scholar Awards, which train researchers from low- and middle-income countries (as classified by the World Bank) to prepare them to fill specific needs in an area of childhood cancer research upon returning to their country of origin; Scholar (Career Development) Awards, which help develop the independent research of highly qualified individuals still early in their careers; and Research Grant Awards, which are for specific one-year research projects which are hypothesis driven and may be either laboratory, clinical, or epidemiological in nature

Who should apply: Cancer researchers, specifically early-career researchers for International and Career Development Scholars; International Scholars are typically junior faculty who have been in their position for less than five years and Career Development Scholars must be full-time faculty who have held their position for less than seven years. Extensive eligibility information in both program announcements

Award: Up to $560,000 (International and Career) or $200,000 (Research)/up to five years (I and C) or two years (R)

Deadline: Internal submission due: Nov. 2, 2023; LOI due: Dec. 8, 2023, 2 p.m. PT; Application due: Feb. 23, 2024, 2 p.m. PT

Apply through the CAP

Neuroscience || Multiple NIH Organizations NIH Blueprint and BRAIN Initiative Program for Enhancing Neuroscience Diversity through Undergraduate Research Education Experiences (BP BRAIN-ENDURE) (R25 Clinical Trial Not Allowed)

What: Supports educational activities with a primary focus on: courses for skills development, research experiences, and mentoring activities

Who should apply: Collaborative research education partnerships should include institutions that either have a historical and current mission to educate students from any of the populations that have been identified as underrepresented in biomedical research as defined by the National Science Foundation or have a documented track record of recruiting, training and/or educating, and graduating underrepresented students as defined by NSF; extensive eligibility info in NOFO

Award: Average cost per program is estimated to be $300,000 - $400,000/up to five years

Deadline: Internal submission due: Nov. 15, 2023; LOI due: Jan. 15, 2023 (LOI not required but highly encouraged); Application due: Feb. 15, 2024, 5 p.m. PT

Apply through the CAP

Multidisciplinary || NIGMS, NCCIH, and SGMRO Advancing Research Careers (ARC) Institutionally-Focused Research Education Award to Promote Diversity (UE5 - Clinical Trial Not Allowed)

What: Supports educational activities that encourage individuals from diverse backgrounds, for example those from groups underrepresented in the biomedical and behavioral sciences (see Notice of NIH's Interest in Diversity), to pursue further studies or careers in research

Who should apply: PD/PI teams should consider including individuals with experience in areas such as biomedical research, program evaluation, mentoring, efforts to promote diversity, and career development and advancement for early-career scientists. More eligibility info is available in the FOA

Award: Average cost per program is estimated to be $400,000/up to five years

Deadline: Internal submission due: Nov. 29, 2023; Application due: Jan. 29, 2024, 5 p.m. PT

Apply through the CAP

Cancer || Damon Runyon Cancer Research Foundation Clinical Investigator Award
**What:** Supports independent young physician-scientists conducting disease-oriented research that demonstrates a high level of innovation and creativity; OHSU can nominate up to five applicants

**Who should apply:** U.S. citizens or permanent legal residents who hold independent assistant professor positions or equivalent and are within the first five years of their initial full faculty appointment; see more eligibility info in program overview

**Award:** Up to $600,000 plus up to $100,000 in medical school debt/up to three years

**Deadline:** Internal submission due: Dec. 1, 2023; Application due: Feb. 1, 2024, 1 p.m. PT

Apply through the CAP

**Merit Prizes and Awards**

**Multidisciplinary ||** BioInnovation Institute & Science Prize for Innovation

**What:** Recognizes researchers who are asking fundamental questions at the intersection of the life sciences and entrepreneurship and scientists who can show that they have reached across field boundaries with an enthusiasm that combines outstanding basic science with an eye toward the marketplace

**Who should apply:** Researchers who have finished their PhD-level education within the last 10 years and hold an MD, PhD, DVM, PharmD., or combination of these degrees

**Award:** $25,000 for grand prize winner and $10,000 for runners up

**Deadline:** Nov. 1, 2023

---

**Neuroscience ||** National Multiple Sclerosis Society and the American Academy of Neurology John Dystel Prize for Multiple Sclerosis Research

**What:** Recognizes outstanding contributions to research in the understanding, treatment, or prevention of multiple sclerosis

**Who should apply:** Nominees must be actively engaged in basic or clinical research related to multiple sclerosis

**Award:** $40,000

**Deadline:** Nov. 2, 2023

---

**Dermatology ||** National Psoriasis Foundation Medical Professional Award Program

**What:** Recognizes those who have made an impact on the psoriatic disease field; five award categories, including outstanding educator, outstanding physician-clinician, and health professional volunteer of the year

**Who should apply:** Nominees must be a current professional member of the National Psoriasis Foundation; eligibility varies with award type

**Award:** Not specified

**Deadline:** Nov. 22, 2023

---

**Genomics ||** NHGRI Solicitation of Nominations for the 2023 National Human Genome Research Institute’s Bettie J. Graham Leadership Award for Enhancing Diversity, Equity, Inclusion, and Accessibility in the Genomics Workforce

**What:** Recognizes NHGRI extramural investigators who are making a sustained and
substantial contribution to enhancing Diversity, Equity, Inclusion and Accessibility in the human genomics workforce

Who should apply: Individuals must have received NHGRI funding in one of the following areas of interest specific to NHGRI: genomic science; genomic medicine; ethical, legal, and social implications of genetic and genomic research; bioinformatics; data science; genomic technology development; and/or training programs; more eligibility info in notice
Award: Not listed
Deadline: Dec. 22, 2023, 8:59 p.m. PT

NIH Federal Opportunities

This week the NIH released funding opportunities concerning healthcare disparities, biomarkers, and genomics. We've highlighted some opportunities of potential interest below.

Multidisciplinary || Multiple NIH Organizations Unveiling Health and Healthcare Disparities in Non-Communicable and Chronic Diseases in Latin America: Setting the Stage for Better Health Outcomes Across the Hemisphere (R01 - Clinical Trials Not Allowed)
What: Supports research focused on clinical epidemiology, evaluation of public and/or health care policies, and validation of measurements that address health and healthcare disparities related to non-communicable and chronic diseases with the highest disease burden and mortality in Latin America and among U.S. Hispanics/Latinos; see also PAR-23-304
Who should apply: Anyone with a research interest in non-communicable and chronic diseases in Latin America
Award: Not limited/up to five years
Deadline: LOI due: Jan. 5, 2024 (LOI not required but highly encouraged); Application due: Feb. 5, 2024, 5 p.m. PT

Multidisciplinary || NIAID Multidisciplinary Research to Accelerate Hepatitis B Cure in Persons Living with HIV and HBV (U19 Clinical Trial Not Allowed)
What: Supports research to better understand the impact of host and viral heterogeneity on pathogenesis of disease, viral persistence, and immunopathology of Hepatitis B and inform cure strategies for Hepatitis B in people living with HIV
Who should apply: Anyone with a research interest in Hepatitis B and/or HIV
Award: Not limited/up to five years
Deadline: LOI due: Feb. 13, 2024 (LOI not required but highly encouraged); Application due: March 13, 2024, 5 p.m. PT

Pediatric Research (LRP-PR)
Health Disparities Research (LRP-HDR)
Research in Emerging Areas Critical to Human Health (LRP-REACH)
Individuals from Disadvantaged Backgrounds (LRP-IDB)
Contraception and Infertility Research (LRP-CIR)

Requests for Information

Multidisciplinary || Multiple NIH Organizations Request for Information: Developing Consent Language for Research Using Digital Health Technologies

Multidisciplinary || NHLBI Request for Information (RFI): National Heart Lung and Blood Institute (NHLBI) Strategic Vision Refresh

Private Opportunities

Obstetrics and Gynecology || American Association of Birth Centers Foundation Research Grants
What: Supports research projects on issues related to the birth center model of care
Who should apply: Individuals and organizations are eligible, and nonprofit status is not required
Award: Up to $5,000/one year
Deadline: LOI due: Nov. 15, 2023; Application due: Jan. 15, 2024
Cancer | Matthew Larson Foundation for Pediatric Brain Tumors Research Grants
What: Supports basic and translational science projects and family education in pediatric brain tumor research
Who should apply: PIs must be an MD or PhD at a not-for-profit, medical or scientific institution and must hold an academic rank of assistant professor or instructor
Award: Up to $75,000/one year
Deadline: Nov. 19, 2023

Surgery | Association for Surgical Education Multi-Institutional Research Submissions
What: Supports multi-institutional research projects (with more than three geographically distinct sites) with the potential to advance scientific knowledge and improve undergraduate, graduate, or continuing surgical education
Who should apply: Applicants must be an MD, DO, or PhD with a full-time clinical or research position in a medical center where the research will be conducted and be an ASE member in good standing
Award: Up to $2,500/not specified
Deadline: Nov. 27, 2023

Cancer | American Association for Cancer Research Clinical Oncology Research (CORE) Training Fellowships
What: Provides an industry-academic clinical practicum with an opportunity for fellows to work on site at the facility of one of the AACR’s pharmaceutical industry partners
Who should apply: Applicants must have a medical degree and not currently be a candidate for a further doctoral degree and have enrolled in an accredited hematology/oncology fellowship program; further eligibility info in program description
Award: Up to $100,000/one year
Deadline: Nov. 30, 2023, 2 p.m. PT

Surgery | Plastic Surgery Foundation Aesthetic Plastic Surgery Research Grant
What: Supports plastic surgeons pursuing research in aesthetic/cosmetic plastic surgery; subject areas may include: breast augmentation, liposuction, nose reshaping, eyelid surgery, tummy tuck, and facelift
Who should apply: Plastic surgeons at all stages of their careers
Award: Up to $25,000/one year
Deadline: Dec. 1, 2023

Nursing | Sigma Sigma/Rosemary Berkel Crisp Research Award
What: Supports nursing research in the areas of women's health, oncology, and pediatrics
Who should apply: Registered nurses with a current license who are members of Sigma and have at least a master's degree in nursing
Award: Up to $5,000/one year
Deadline: Dec. 1, 2023

Obstetrics and Gynecology | Burroughs Wellcome Fund Next Gen Pregnancy Initiative
What: Supports research on the interrelatedness of the duration of pregnancy, fetal growth, and adverse pregnancy outcomes such as preterm birth, preeclampsia, intrauterine growth restriction, stillbirth, and maternal medical complications including maternal mortality
Who should apply: Individual scientists and multi-investigator teams approaching healthy and adverse pregnancy outcomes using creative basic and translation science methods
Award: Up to $500,000/four years
Deadline: Dec. 5, 2023, noon PT
This organization is on the President's List; submit a notice of intent form before applying
