OHSU Funding Alerts: Week of November 2, 2023

OHSU Funding Opportunities

Cancer || International Alliance for Cancer Early Detection Project Award
What: Supports small scale proposals for high-risk research with some preliminary data and larger proposals building on previously established research; priority areas include enabling interception, hereditary cancers and risk prediction, inequalities in cancer detection, and early detection in low and middle income countries
Who should apply: Applicants must be Alliance Members of one of the following institutions: Canary Center at Stanford University, the University of Cambridge, the OHSU Knight Cancer Institute, University College London or The University of Manchester
Award: Up to $630,000/up to three years
Deadline: Intent to submit due: Nov. 30, 2023; Application due: Jan. 19, 2024

Multidisciplinary || MRF Emergency Interim Support and OHSU Presidential Bridge Funding
What: Provides funding for research programs that have lost national grant funding and enables investigators to develop data supporting application renewals; OHSU applicants can apply for both MRF Emergency Interim Support and OHSU Bridge Funding; see EIS and Bridge guidelines for more info
Who should apply: Researchers who need funding to keep their programs going
Award: Up to $50,000 from each MRF and Bridge funding/one year
Deadline: Dec. 15, 2023, 11:59 p.m. PT
Apply through the CAP

Multidisciplinary || MRF New Investigator Grant
What: Supports promising investigators in biomedical research starting their independent careers; see guidelines for more info
Who should apply: Assistant professors or equivalent who are independent but new to research and don’t yet have funding sources
Award: Up to $50,000/one year
Deadline: Dec. 15, 2023, 11:59 p.m. PT
Apply through the CAP

Women’s Health || Circle of Giving Women’s Health Research Funding Opportunity
What: Supports new or established investigators interested in developing innovative directions in research that will advance women’s health; applications may be in basic science, clinical investigation, population health or behavioral research
Who should apply: OHSU faculty at the rank of instructor, assistant, associate or full professor
Award: $125,000/one year
Deadline: Jan. 12, 2024
Apply through the CAP

Public Health || OHSU-PSU School of Public Health Kickstarter Awards
What: Funding to support faculty activities that advance the preparation of high-quality grant or contract applications or support student-led research
Who should apply: OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health who have an extramural RFA or other opportunity identified and plan to submit the application through SPH or students in OHSU-PSU School of Public Health
Award: Up to $5,000/up to six months
Deadline: Accepted on a rolling basis through Jan. 15, 2024
Apply through the CAP

Neuroscience || OHSU Foundation The Valerie Palmer Global Health Neurology Diversity Research Award
What: Supports research that focuses
on historically neglected neurological disorders that impact low- and mid-income populations across the world; projects should establish their relationship to diversity, equity and inclusion (DEI) in the condition or population proposed for research.

Who should apply: OHSU faculty and postdocs in good standing whose proposals support the goals of the grant; applicants who consider themselves underrepresented minorities are strongly encouraged to apply.

Award: Up to $7,500/one year

Deadline: Jan. 31, 2024

Send questions to funding@ohsu.edu; apply through the CAP.

Multidisciplinary || OCTRI Mobile Apps for Clinical Studies (MACS)

What: Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone.

Who should apply: PIs who want to create a mobile app for clinical or commercial purposes.

Award: Up to $5,000/typically one year

Deadline: Rolling; application will close when funding for the fiscal year is exhausted

Apply through REDCap.

Multidisciplinary || OHSU Fellowship for Diversity in Research

What: Funds researchers with the goal of increasing the diversity of the community of scholars devoted to academic scientific research at OHSU.

Who should apply: Individuals requiring mentored postdoctoral training in order to achieve their career goals; priority is given to applicants who have obtained their PhD (or are soon to defend) and are not currently OHSU trainees (e.g., graduate students or postdoctoral trainees); should be within the first two years of their position at OHSU.

Award: Provides salary for one year and $5,000 for professional development.

Deadline: Applications accepted anytime; apply through the CAP.

Limited Submission Opportunities

Cancer || St. Baldrick's Foundation 2023 Spring Cycle Grants

What: Funding for three cancer research awards: International Scholar Awards, which train researchers from low- and middle-income countries as classified by the World Bank to prepare them to fill specific needs in an area of childhood cancer research upon returning to their country of origin; Scholar (Career Development) Awards, which help develop the independent research of highly qualified individuals still early in their careers; and Research Grant Awards, which are for specific one-year research projects which are hypothesis driven and may be either laboratory, clinical, or epidemiological in nature.

Who should apply: Cancer researchers, specifically early-career researchers for International and Career Development Scholars; International Scholars are typically junior faculty who have been in their position for less than five years and Career Development Scholars must be full-time faculty who have held their position for less than seven years. Extensive eligibility information in both program announcements.

Award: Up to $560,000 (International and Career) or $200,000 (Research)/up to five years (I and C) or two years (R)

Deadline: Internal submission due: Nov. 2, 2023; LOI due: Dec. 8, 2023, 2 p.m. PT; Application due: Feb. 23, 2024, 2 p.m. PT

Apply through the CAP.

New this week!

Multidisciplinary || NIH ORIP Biomedical Research Facilities C06 (Clinical Trial Not Allowed)

What: Funding to modernize existing or construct new biomedical research facilities.
Projects should upgrade or create new biomedical research infrastructure to strengthen biomedical research programs. **Who should apply:** PIs should hold appropriate stature within the institutional administration structure so they can oversee various facets of the project. **Award:** Up to $8 million and no less than $3 million/up to five years. **Deadline:** *Internal submission due:* Nov. 13, 2023; *LOI due:* Dec. 15, 2023; *Application due:* Jan. 25, 2024, 5 p.m. PT. **Apply through the CAP**

**Neuroscience || Multiple NIH Organizations**

**NIH Blueprint and BRAIN Initiative Program for Enhancing Neuroscience Diversity through Undergraduate Research Education Experiences (BP BRAIN-ENDORSE) (R25 Clinical Trial Not Allowed)**

**What:** Supports educational activities with a primary focus on: courses for skills development, research experiences, and mentoring activities.

**Who should apply:** Collaborative research education partnerships should include institutions that either have a historical and current mission to educate students from any of the populations that have been identified as underrepresented in biomedical research as defined by the National Science Foundation or have a documented track record of recruiting, training and/or educating, and graduating underrepresented students as defined by NSF.

**Award:** Average cost per program is estimated between $300,000 - $400,000/up to five years. **Deadline:** *Internal submission due:* Nov. 15, 2023; *LOI due:* Jan. 15, 2023 (LOI not required but highly encouraged); *Application due:* Feb. 15, 2024, 5 p.m. PT. **Apply through the CAP**

**Multidisciplinary || NIGMS, NCCIH, and SGMRO Advancing Research Careers (ARC) Institutionally-Focused Research Education Award to Promote Diversity (UES - Clinical Trial Not Allowed)**

**What:** Supports educational activities that encourage individuals from diverse backgrounds, for example those from groups underrepresented in the biomedical and behavioral sciences (see Notice of NIH's Interest in Diversity), to pursue further studies or careers in research.

**Who should apply:** PD/PI teams should consider including individuals with experience in areas such as biomedical research, program evaluation, mentoring, efforts to promote diversity, and career development and advancement for early-career scientists. More eligibility info is available in the FOA.

**Award:** Average cost per program is estimated to be $400,000/up to five years. **Deadline:** *Internal submission due:* Nov. 29, 2023; *Application due:* Jan. 29, 2024, 5 p.m. PT. **Apply through the CAP**

**Cancer || Damon Runyon Cancer Research Foundation Clinical Investigator Award**

**What:** Supports independent young physician-scientists conducting disease-oriented research that demonstrates a high level of innovation and creativity; OHSU can nominate up to five applicants.

**Who should apply:** U.S. citizens or permanent legal residents who hold independent assistant professor positions or equivalent and are within the first five years of their initial full faculty appointment; see more eligibility info in program overview.

**Award:** Up to $600,000 plus up to $100,000 in medical school debt/up to three years. **Deadline:** *Internal submission due:* Dec. 1,
2023; Application due: Feb. 1, 2024, 1 p.m. PT
Apply through the CAP
This organization is on the President’s List; submit a notice of intent form IF YOU ARE CHOSEN AS A NOMINEE

New this week!
Cancer || Mary Kay Foundation Cancer Research Grants
What: Supports translational research in ovarian, uterine, breast, cervical, or other cancers that affect women that would improve diagnosis, prognosis, prevention or treatment of one of the listed cancers
Who should apply: Full-time assistant professors and higher who can commit a minimum five percent effort
Award: Up to $100,000/up to two years
Deadline: Internal submission due: Dec. 12, 2023; Application due: Feb. 1, 2024
Apply through the CAP

Merit Prizes and Awards

Neuroscience || National Multiple Sclerosis Society and the American Academy of Neurology John Dystel Prize for Multiple Sclerosis Research
What: Recognizes outstanding contributions to research in the understanding, treatment, or prevention of multiple sclerosis
Who should apply: Nominees must be actively engaged in basic or clinical research related to multiple sclerosis
Award: Not specified
Deadline: Nov. 22, 2023

Professional Clinical Psychology
What: Honors a clinical psychologist for professional accomplishments such as promoting the practice of clinical psychology through professional service, innovation in service delivery, novel application of applied research methodologies to professional practice
Who should apply: Early-career psychologists who are no more than 10 years postdoctoral; self-nomination is permitted
Award: $2,000
Deadline: Dec. 15, 2023

Neuroscience || NINDS Solicitation of Nominations for the 2024 National Institute of Neurological Disorders and Stroke (NINDS) Landis Award for Outstanding Mentorship
What: Recognizes faculty members who have demonstrated a dedication to outstanding mentorship and training of future leaders in neuroscience
Who should apply: Eligible individuals for this award must be in a tenure-track or equivalent faculty position and hold an active NINDS R01, R35, U01, U54, P01, DP1, DP2 or equivalent 4-5 year duration NIH award, with at least one year left on their grant as of June 2024; nominations will be accepted ONLY from current and former trainees of the nominated individual
Award: $100,000 (direct costs) in the form of a supplement to an existing NINDS grant
Deadline: Dec. 15, 2023

Psychology || American Psychological Association Theodore Blau Early Career Award for Outstanding Contribution to
Solicitation of Nominations for the 2023 National Human Genome Research Institute’s Bettie J. Graham Leadership Award for Enhancing Diversity, Equity, Inclusion, and Accessibility in the Genomics Workforce

What: Recognizes NHGRI extramural investigators who are making a sustained and substantial contribution to enhancing Diversity, Equity, Inclusion and Accessibility in the human genomics workforce

Who should apply: Individuals must have received NHGRI funding in one of the following areas of interest specific to NHGRI: genomic science; genomic medicine; ethical, legal, and social implications of genetic and genomic research; bioinformatics; data science; genomic technology development; and/or training programs; more eligibility info in notice

Award: Not listed
Deadline: Dec. 22, 2023, 8:59 p.m. PT

NIH Federal Opportunities

This week the NIH released funding opportunities concerning radiation, HIV, and substance use disorder. We’ve highlighted some opportunities of potential interest below.

Audiology || NIDCD Advancing Hearing and Balance Research Using Auditory and Vestibular Organoids (R01-Clinical Trial Not Allowed)

What: Supports research on innovative, reproducible, and novel methodologies and technologies that will drive the reproducibility and holistic longevity of hearing/balance sensory organoids as model systems; see also PAS-24-057

Who should apply: All organizations administering an eligible parent award may apply for a supplement under this NOFO

Award: Up to $2,499,995/up to two years
Deadline: Feb. 7, 2024, 5 p.m. PT

Multidisciplinary || Multiple NIH Organizations Resource Center for Cannabis and Cannabinoid Research (U24 Clinical Trial Not Allowed)

What: Funding to address challenges and barriers to conducting research on cannabis and its constituents as well as to enable researchers to successfully generate more rigorous scientific evidence across a variety of research domains in both basic and clinical research

Who should apply: Anyone with a research interest in cannabis and cannabinoids

Award: Up to $4.25 million/up to five years
Deadline: LOI due: March 16, 2024 (LOI not required but highly encouraged); Application due: April 16, 2024, 5 p.m. PT

Administrative Supplements

Multidisciplinary || Multiple NIH Organizations Notice of Special Interest (NOSI): Administrative Supplements to Recognize Excellence in Diversity, Equity, Inclusion, and Accessibility (DEIA) Mentorship

General Notices

Requests for Information

Cancer || NCI Request for Information (RFI): NCI Cancer Research Data Commons (CRDC) Artificial Intelligence (AI) use cases to inform an assessment of data readiness

Private Opportunities

Neuroscience || Pershing Square Foundation MIND (Maximizing Innovation in Neuroscience Discovery) Prize

What: Supports early-to-mid-career investigators to rethink conventional paradigms around neurodegenerative diseases

Who should apply: Applicants must have...
between one and 10 years of experience running their laboratories by May 2024, hold a PhD, MD, or MD-PhD (or degree equivalent), and be affiliated with a research institution in the United States.

**Award:** Up to $750,000/up to three years

**Deadline:** LOI due: Nov. 13, 2023, 2 p.m. PT

**Dermatology | Dermatology Foundation and Skin of Color Society Sanofi-Regeneron Diversity, Equity, and Inclusion Mid-Career Award**

**What:** Supports research to expand the understanding of dermatological issues impacting underrepresented or underserved groups in medicine, adding a critical piece to the pipeline of investigators working to address healthcare disparities.

**Who should apply:** Applicants must hold an MD, MD/PhD, DO, or PhD degree and have a faculty appointment in an accredited dermatology department/division within 12 years of appointment as an assistant professor (as of January 1, 2024); applicants belonging to groups that are underserved in medicine are encouraged to apply.

**Award:** Up to $300,000/up to three years

**Deadline:** Dec. 1, 2023

**Cardiology | Myocarditis Foundation Research Grants**

**What:** Supports career development and training of physician-scientists in myocarditis research; grants may act as seed funding to support the early stages of long-term research.

**Who should apply:** Applicants must conduct all research and activities in the US or Canada and apply within 10 years of earning an MD, PhD, or equivalent degree.

**Award:** Up to $50,000/one year

**Deadline:** Dec. 1, 2023

**Surgery | Plastic Surgery Foundation Directed Research Grant in Breast Implant Safety**

**What:** Supports studies designed to assess breast implant safety including local and systemic complications and illnesses related to breast implants.

**Who should apply:** Applicants must be an MD, DO, or PhD; hold a full-time clinical or research position where the research will be conducted; and be an active candidate, international, or associate member of ASPS or obtain sponsorship from an active ASPS member at their institution.

**Award:** Up to $50,000/up to two years

**Deadline:** Dec. 1, 2023

**Rheumatology | Rheumatology Research Foundation Rheumatology Future Physician Scientist Award**

**What:** Funding to enhance the rheumatology research training of promising students who are enrolled in a combined MD/PhD or DO/PhD dual-doctoral degree training program and who intend careers as physician-scientists.

**Who should apply:** Researchers who are enrolled in an MD/PhD or DO/PhD program and have identified a research project and a primary mentor; mentors must be an American College of Rheumatology or Association of Rheumatology Professionals member.

**Award:** Up to $60,000/up to two years

**Deadline:** Dec. 1, 2023, 2 p.m. PT

**Nursing | Sigma Sigma/Western Institute of Nursing Research Grant**

**What:** Funding to encourage qualified nurses to contribute to the advancement of nursing through research; pilot and/or developmental research will be supported.

**Who should apply:** Registered nurses with a current license who have a doctoral degree or are enrolled in a doctoral program and are members of Sigma and WIN and affiliated with a WIN member institute.

**Award:** Up to $10,000/one year

**Deadline:** Dec. 1, 2023

**Neuroscience | Grass Foundation 2024 Grass Fellowship**

**What:** Supports early-career scientists in conducting investigator-designed independent neuroscience research projects.

**Who should apply:** Applicants must be early-career investigators (late stage predoctoral trainees and beyond); priority will be given to those with a demonstrated commitment to pursuing a research career.

**Award:** Stipend, laboratory space, animals, equipment and supplies for one summer at the Marine Biological Laboratory.

**Deadline:** Dec. 1, 2023
Neuroscience || Brain & Behavior Research
Foundation Distinguished Investigator Grants
What: Supports established scientists pursuing particularly innovative project ideas and approaches to understanding or treating severe mental illness
Who should apply: Applicants must be a full professor (or equivalent) and maintain peer reviewed competitively funded scientific programs
Award: Up to $200,000/one year
Deadline: Dec. 7, 2022, 11 a.m. PT

Nephrology || American Society of Nephrology Pre-Doctoral Fellowship Program
What: Supports early career-stage PhD students under the direction of a sponsor who are highly motivated to make contributions to the understanding of kidney biology and disease
Who should apply: ASN members who are current graduate students in an accredited PhD program and have passed their qualifying exams, if applicable;
Award: Up to $60,000/up to two years
Deadline: Dec. 6, 2023, 11 a.m. PT

Nephrology || American Society of Nephrology Transition to Independence Grants
What: Funding for young faculty to foster evolution to an independent nephrology research career and a successful, competitive application for a NIH R01 grant or equivalent
Who should apply: ASN members who are within 10 years of their initial faculty appointment at the time of the award activation;
Award: Up to $200,000/up to two years
Deadline: Dec. 7, 2022, 11 a.m. PT

Neuroscience || Autism Science Foundation Pre- and Postdoctoral Training Awards
What: Supports graduate students, medical students, and postdoctoral fellows interested in pursuing careers in basic and clinical research relevant to autism spectrum disorders
Who should apply: Requirements differ for pre- and postdoctoral awards; details in RFA
Award: Up to $50,000/up to one year
Deadline: Dec. 8, 2023, 2 p.m. PT

Neuroscience || RITA Allen Foundation Award in Pain
What: Supports early-career leaders in basic pain research whose work holds high potential for uncovering new pathways to improve the treatment of chronic pain
Who should apply: Applicants must have received committed start-up funds and independent laboratory space from their institution, be within three years of the start date of a tenure-track position or equivalent (senior postdocs and associate professors are not eligible), and must conduct their research and be appointed at an institution in the United States or Canada
Award: Up to $150,000/up to three years
Deadline: Dec. 14, 2023, 8:59 p.m. PT

Psychology || American Psychological Foundation Theodore Millon Grant in Personality Psychology
What: Supports research to advance the science of personality psychology, including the areas of personality theory, personality disorders, and personality assessment
Who should apply: Graduate students and psychologists with an EdD, PsyD, or PhD
Award: Up to $5,000/not specified
Deadline: Dec. 15, 2023

Ophthalmology || Research to Prevent Blindness Spring 2024 Grants Program
What: Supports research to prevent blindness through eight funding mechanisms, including: Career Development Awards, Low Vision Research Awards, and Unrestricted Grants
Who should apply: Dependent upon mechanism
Award: Dependent upon mechanism

Deadline: Nomination due: Dec. 15, 2023; Application due: Jan. 10, 2024
