OHSU Funding Alerts:
Week of November 9, 2023

OHSU Funding Opportunities

Cancer || International Alliance for Cancer Early Detection Project Award
What: Supports small scale proposals for high-risk research with some preliminary data and larger proposals building on previously established research; priority areas include enabling interception, hereditary cancers and risk prediction, inequalities in cancer detection, and early detection in low and middle income countries
Who should apply: Applicants must be Alliance Members of one of the following institutions: Canary Center at Stanford University, the University of Cambridge, the OHSU Knight Cancer Institute, University College London or The University of Manchester
Award: Up to $630,000/up to three years
Deadline: Intent to submit due: Nov. 30, 2023; Application due: Jan. 19, 2024

Multidisciplinary || MRF Emergency Interim Support and OHSU Presidential Bridge Funding
What: Provides funding for research programs that have lost national grant funding and enables investigators to develop data supporting application renewals; OHSU applicants can apply for both MRF Emergency Interim Support and OHSU Bridge Funding; see EIS and Bridge guidelines for more info
Who should apply: Researchers who need funding to keep their programs going
Award: Up to $50,000 from each MRF and Bridge funding/one year
Deadline: Dec. 15, 2023, 11:59 p.m. PT
Apply through the CAP

Multidisciplinary || MRF New Investigator Grant
What: Supports promising investigators in biomedical research starting their independent careers; see guidelines for more info
Who should apply: Assistant professors or equivalent who are independent but new to research and don’t yet have funding sources
Award: Up to $50,000/one year
Deadline: Dec. 15, 2023, 11:59 p.m. PT
Apply through the CAP

Women’s Health || Circle of Giving Women’s Health Research Funding Opportunity
What: Supports new or established investigators interested in developing innovative directions in research that will advance women’s health; applications may be in basic science, clinical investigation, population health or behavioral research
Who should apply: OHSU faculty at the rank of instructor, assistant, associate or full professor
Award: $125,000/one year
Deadline: Jan. 12, 2024
Apply through the CAP

Public Health || OHSU-PSU School of Public Health Kickstarter Awards
What: Funding to support faculty activities that advance the preparation of high-quality grant or contract applications or support student-led research
Who should apply: OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health who have an extramural RFA or other opportunity identified and plan to submit the application through SPH or students in OHSU-PSU School of Public Health
Award: Up to $5,000/up to six months
Deadline: Accepted on a rolling basis through Jan. 15, 2024
Apply through the CAP

Neuroscience || OHSU Foundation The Valerie Palmer Global Health Neurology Diversity Research Award
What: Supports research that focuses
on historically neglected neurological disorders that impact low- and mid-income populations across the world; projects should establish their relationship to diversity, equity and inclusion (DEI) in the condition or population proposed for research

Who should apply: OHSU faculty and postdocs in good standing whose proposals support the goals of the grant; applicants who consider themselves underrepresented minorities are strongly encouraged to apply

Award: Up to $7,500/one year

Deadline: Jan. 31, 2024

Send questions to funding@ohsu.edu; apply through the CAP

Multidisciplinary || OCTRI Mobile Apps for Clinical Studies (MACS)

What: Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone

Who should apply: PIs who want to create a mobile app for clinical or commercial purposes

Award: Up to $5,000/typically one year

Deadline: Rolling; application will close when funding for the fiscal year is exhausted

Apply through REDCap

Multidisciplinary || OHSU Fellowship for Diversity in Research

What: Funds researchers with the goal of increasing the diversity of the community of scholars devoted to academic scientific research at OHSU

Who should apply: Individuals requiring mentored postdoctoral training in order to achieve their career goals; priority is given to applicants who have obtained their PhD (or are soon to defend) and are not currently OHSU trainees (e.g., graduate students or postdoctoral trainees); should be within the first two years of their position at OHSU

Award: Provides salary for one year and $5,000 for professional development

Deadline: Applications accepted anytime; apply through the CAP

New this week!

Multidisciplinary || OCTRI Pilot Awards Regulatory Consultation and Assistance Program

What: Supports applications for funding regulatory consultation services; funds can be used to support efforts to understand and navigate the regulatory environment for medical devices, diagnostics, drugs, and software and help create a roadmap to guide teams in the transition from the ideation phase of their project to proof-of-concept

Who should apply: Open to all current employees and students of OHSU whose affiliation will last through the project duration; funds will be awarded based on current readiness and need for regulatory support

Award: Up to $7,000/typically one year

Deadline: Awarded on a rolling basis

Apply through REDCap

Limited Submission Opportunities

Multidisciplinary || NIH ORIP Biomedical Research Facilities C06 (Clinical Trial Not Allowed)

What: Funding to modernize existing or construct new biomedical research facilities. Projects should upgrade or create new biomedical research infrastructure to strengthen biomedical research programs

Who should apply: PIs should hold appropriate stature within the institutional administration structure so they can oversee various facets of the project

Award: Up to $8 million and no less than $3 million/up to five years

Deadline: Internal submission due: Nov. 13, 2023; LOI due: Dec. 15, 2023; Application due: Jan. 25, 2024, 5 p.m. PT

Apply through the CAP
Neuroscience | Multiple NIH Organizations
NIH Blueprint and BRAIN Initiative Program for Enhancing Neuroscience Diversity through Undergraduate Research Education Experiences (BP BRAIN-ENDURE) (R25 Clinical Trial Not Allowed)
What: Supports educational activities with a primary focus on: courses for skills development, research experiences, and mentoring activities
Who should apply: Collaborative research education partnerships should include institutions that either have a historical and current mission to educate students from any of the populations that have been identified as underrepresented in biomedical research as defined by the National Science Foundation or have a documented track record of recruiting, training and/or educating, and graduating underrepresented students as defined by NSF; extensive eligibility info in NOFO
Award: Average cost per program is estimated between $300,000 - $400,000/up to five years
Deadline: Internal submission due: Nov. 15, 2023; LOI due: Jan. 15, 2023 (LOI not required but highly encouraged); Application due: Feb. 15, 2024, 5 p.m. PT
Apply through the CAP

Cancer | Damon Runyon Cancer Research Foundation Clinical Investigator Award
What: Supports independent young physician-scientists conducting disease-oriented research that demonstrates a high level of innovation and creativity; OHSU can nominate up to five applicants
Who should apply: U.S. citizens or permanent legal residents who hold independent assistant professor positions or equivalent and are within the first five years of their initial full faculty appointment; see more eligibility info in program overview
Award: Up to $600,000 plus up to $100,000 in medical school debt/up to three years
Deadline: Internal submission due: Dec. 1, 2023; Application due: Feb. 1, 2024, 1 p.m. PT
Apply through the CAP
This organization is on the President's List; submit a notice of intent form IF YOU ARE CHOSEN AS A NOMINEE

**Merit Prizes and Awards**

**Dermatology || National Psoriasis Foundation Medical Professional Award Program**

**What:** Recognizes those who have made an impact on the psoriatic disease field; five award categories, including outstanding educator, outstanding physician-clinician, and health professional volunteer of the year

**Who should apply:** Nominees must be a current professional member of the National Psoriasis Foundation; eligibility varies with award type

**Award:** Not specified

**Deadline:** Nov. 22, 2023

---

**Psychology || American Psychological Association Theodore Blau Early Career Award for Outstanding Contribution to Professional Clinical Psychology**

**What:** Honors a clinical psychologist for professional accomplishments such as promoting the practice of clinical psychology through professional service, innovation in service delivery, novel application of applied research methodologies to professional practice

**Who should apply:** Early-career psychologists who are no more than 10 years postdoctoral; self-nomination is permitted

**Award:** $2,000

**Deadline:** Dec. 15, 2023

---

**Neuroscience || NINDS Solicitation of Nominations for the 2024 National Institute of Neurological Disorders and Stroke (NINDS) Landis Award for Outstanding Mentorship**

**What:** Recognizes faculty members who have a dedication to outstanding mentorship and training of future leaders in neuroscience

**Who should apply:** Eligible individuals must be in a tenure-track or equivalent faculty position and hold an active NINDS R01, R35, U01, U54, P01, DP1, DP2 or equivalent 4-5 year duration NIH award, with at least one year left on their grant as of June 2024; nominations will be accepted ONLY from current and former trainees of the nominated individual

**Award:** $100,000 (direct costs) in the form of a supplement to an existing NINDS grant

**Deadline:** Dec. 15, 2023

---

**Genomics || NHGRI Solicitation of Nominations for the 2023 National Human Genome Research Institute’s Bettie J. Graham Leadership Award for Enhancing Diversity, Equity, Inclusion, and Accessibility in the Genomics Workforce**

**What:** Recognizes NHGRI extramural investigators who are making a sustained and substantial contribution to enhancing Diversity, Equity, Inclusion and Accessibility in the human genomics workforce

**Who should apply:** Individuals must have received NHGRI funding in one of the following areas of interest specific to NHGRI: genomic science; genomic medicine; ethical, legal, and social implications of genetic and genomic research; bioinformatics; data science; genomics technology development; and/or training programs; [more eligibility info in notice](#)

**Award:** Not listed

**Deadline:** Dec. 22, 2023, 8:59 p.m. PT

**NIH Federal Opportunities**

This week the NIH released funding opportunities concerning [cancer, AIDS, and contraceptives](#). We’ve highlighted some opportunities of potential interest below.

**Multidisciplinary || Multiple NIH Organizations Blueprint Neurotherapeutics Network (BPN): Small Molecule Drug Discovery and Development of Disorders of the Nervous System (UG3/UH3 Clinical Trial Optional)**

**What:** Funding for neuroscience investigators seeking support to advance their small molecule drug discovery and development projects into the clinic; participants in the BPN are responsible for conducting all studies that involve disease- or target-specific assays,
models, and other research tools and receive funding for all activities to be conducted in their own laboratories

Who should apply: Anyone with a research interest in small molecule drug discovery and development

Award: Not limited/up to five years

Deadline: LOI due: Jan. 9, 2024 (LOI not required but highly encouraged); Application due: Feb. 9, 2024, 5 p.m. PT

Mental Health || NIMH Bidirectional Influences Between Adolescent Social Media Use and Mental Health (R01 Clinical Trial Optional)

What: Supports applications that focus on understanding bidirectional relationships between social media use and adolescent mental illness, psychiatric symptoms, and risk or resilience for psychopathology; see also RFA-MH-24-181

Who should apply: Anyone with a research interest in social media use and adolescent mental illness

Award: Not limited/up to five years

Deadline: LOI due: Feb. 1, 2024 (LOI not required but highly encouraged); Application due: March 1, 2024, 5 p.m. PT

Requests for Information

Cancer || NCI Request for Information (RFI): Inviting Comments and Suggestions on the National Cancer Institute’s Support of Early Career, Mentored Cancer Researchers and Trainees

Private Opportunities

Hematology || DKMS John Hansen Research Grant

What: Supports promising young researchers to address issues on hematopoietic stem cell transplantation or cell therapy for hematological diseases

Who should apply: Applicants must have received a doctoral degree (PhD, MD, or equivalent achievements) in a field pertinent to the grant within the last 10 years from the grant call start date; they need not hold a faculty position and can be in training (fellows, postdoctoral fellows, and junior faculties)

Award: Up to €240,000 ($255,721)/up to three
Neuroscience || CART Fund Research Grants
What: Supports exploratory and developmental Alzheimer’s disease research projects by providing support for the early and conceptual plans of projects that may not yet be supported by extensive preliminary data but have potential to advance biomedical research
Who should apply: Applicants must be full-time faculty (or the equivalent status) at U.S.-based public and private institutions
Award: Up to $300,000/up to two years
Deadline: LOI due: Dec. 1, 2023; Application due: Feb. 9, 2024

Cancer || Rivkin Center for Ovarian Cancer Pilot Study Awards
What: Supports investigator-initiated projects in all areas of ovarian cancer research
Who should apply: Cancer investigators at the assistant, associate or full professor level (or equivalent)
Award: Up to $75,000/up to two years
Deadline: Dec. 1, 2023, 2 p.m. PT

Pulmonology || American Lung Association Research Awards
What: Supports lung health research through six mechanisms, including public policy and public health awards, innovation awards, and allergic respiratory disease awards
Who should apply: Dependent upon funding mechanism
Award: Between $100,000 and $150,000/up to two years
Deadline: Dec. 15, 2023, 8:59 p.m. PT

Nephrology || American Kidney Fund Clinical Scientist in Nephrology Fellowship
What: Supports the training and education of nephrologists who desire to pursue an academic career and whose primary professional commitment is to scholarship in the provision of patient care
Who should apply: Applicants must have completed a residency in internal medicine or pediatrics, be qualified to sit for the American Board of Internal Medicine or Pediatrics, and are completing or have completed at least one year of training in clinical nephrology in an accredited U.S. program
Award: Up to $180,000/up to two years
Deadline: Dec. 18, 2023

What: Supports Indigenous-led systematic inquiry to enhance the health and wellbeing of Indigenous Peoples and generate approaches to improve health equity through funding community-prioritized investigation, elevating and integrating Indigenous cultures and knowledge-building practices
Who should apply: Preference will be given to applicant organizations that are Tribal entities (including those that are state recognized, federally recognized, or have no formal recognition status) or Indigenous-Serving Organizations; further eligibility info in program announcement
Award: No explicit budget cap, but awards expected to range between $100,000 and $750,000/up to five years
