OHSU Funding Alerts:
Week of November 16, 2023

OHSU Funding Opportunities

Cancer || International Alliance for Cancer
Early Detection Project Award
What: Supports small scale proposals for high-risk research with some preliminary data and larger proposals building on previously established research; priority areas include enabling interception, hereditary cancers and risk prediction, inequalities in cancer detection, and early detection in low and middle income countries
Who should apply: Applicants must be Alliance Members of one of the following institutions: Canary Center at Stanford University, the University of Cambridge, the OHSU Knight Cancer Institute, University College London or The University of Manchester
Award: Up to $630,000/up to three years
Deadline: Intent to submit due: Nov. 30, 2023; Application due: Jan. 19, 2024

New this week!
Multidisciplinary || Oregon State University (OSU) and OHSU College of Pharmacy-Center for Experimental Therapeutics (PHACET) Seed Funding Program
What: Supports bold, collaborative research that will enable researchers at OHSU and Oregon State University to generate proof of feasibility of novel approaches for improved detection, prevention, or treatment of human disease; disease areas considered for funding include, but are not limited to, cancer, cardiometabolic disease, neurological disorders, and infectious diseases
Who should apply: Applicants must be Alliance Members of one of the following institutions: Canary Center at Stanford University, the University of Cambridge, the OHSU Knight Cancer Institute, University College London or The University of Manchester
Award: Up to $630,000/up to three years
Deadline: Intent to submit due: Nov. 30, 2023; Application due: Jan. 19, 2024

Women’s Health || Circle of Giving Women’s Health Research Funding Opportunity
What: Supports new or established investigators interested in developing innovative directions in research that will advance women’s health; applications may be in basic science, clinical investigation, population health or behavioral research
Who should apply: OHSU faculty at the rank of instructor, assistant, associate or full professor
Award: $125,000/one year

Multidisciplinary || MRF Emergency Interim Support and OHSU Presidential Bridge Funding
What: Provides funding for research programs that have lost national grant funding and enables investigators to develop data supporting application renewals; OHSU applicants can apply for both MRF Emergency Interim Support and OHSU Bridge Funding; see EIS and Bridge guidelines for more info
Who should apply: Researchers who need funding to keep their programs going
Award: Up to $50,000 from each MRF and Bridge funding/one year
Deadline: Dec. 15, 2023, 11:59 p.m. PT
Apply through the CAP

Multidisciplinary || MRF Early Clinical Investigator Grant
What: Funding to further the development postdoctoral fellows or trainees who interact with human subjects and who are interested in a career in clinical or translational research; see guidelines for more info
Who should apply: Postdoctoral trainees and fellows with specific plans for a career in clinical research
Award: Up to $30,000/one year
Deadline: Dec. 15, 2023, 11:59 p.m. PT
Apply through the CAP
Deadline: Jan. 12, 2024
Apply through the CAP

Public Health || OHSU-PSU School of Public Health Kickstarter Awards
What: Funding to support faculty activities that advance the preparation of high-quality grant or contract applications or support student-led research
Who should apply: OHSU and PSU faculty with primary appointment in OHSU-PSU School of Public Health who have an extramural RFA or other opportunity identified and plan to submit the application through SPH or students in OHSU-PSU School of Public Health
Award: Up to $5,000/up to six months
Deadline: Accepted on a rolling basis through Jan. 15, 2024
Apply through the CAP

Neuroscience || OHSU Foundation The Valerie Palmer Global Health Neurology Diversity Research Award
What: Supports research that focuses on historically neglected neurological disorders that impact low- and mid-income populations across the world; projects should establish their relationship to diversity, equity and inclusion (DEI) in the condition or population proposed for research
Who should apply: OHSU faculty and postdocs in good standing whose proposals support the goals of the grant; applicants who consider themselves underrepresented minorities are strongly encouraged to apply
Award: Up to $7,500/one year
Deadline: Jan. 31, 2024
Send questions to funding@ohsu.edu; apply through the CAP

OCTRI Mobile Apps for Clinical Studies (MACS)
What: Funding to leverage MyCap to create mobile apps that allow clinical study participants to report data via a smartphone
Who should apply: PIs who want to create a mobile app for clinical or commercial purposes
Award: Up to $5,000/typically one year
Deadline: Rolling; application will close when funding for the fiscal year is exhausted
Apply through REDCap

OCTRI Fellowship for Diversity in Research
What: Funds researchers with the goal of increasing the diversity of the community of scholars devoted to academic scientific research at OHSU
Who should apply: Individuals requiring mentored postdoctoral training in order to achieve their career goals; priority is given to applicants who have obtained their PhD (or are soon to defend) and are not currently OHSU trainees (e.g., graduate students or postdoctoral trainees); should be within the first two years of their position at OHSU
Award: Provides salary for one year and $5,000 for professional development
Deadline: Applications accepted anytime; apply through the CAP

OCTRI Pilot Awards
Regulatory Consultation and Assistance Program
What: Supports applications for funding regulatory consultation services; funds can be used to support efforts to understand and navigate the regulatory environment for medical devices, diagnostics, drugs, and software and help create a roadmap to guide teams in the transition from the ideation phase of their project to proof-of-concept
Who should apply: Open to all current employees and students of OHSU whose affiliation will last through the project duration; funds will be awarded based on current readiness and need for regulatory support
Award: Up to $7,000/typically one year
Deadline: Awarded on a rolling basis

Multidisciplinary || OHSU School of Medicine Exploratory Research Seed Grants
What: Supports investigators who need to work with an OHSU core or with the Pacific Northwest National Laboratory (PNNL) to develop preliminary data for an application for extramural research support
Who should apply: School of Medicine faculty in the professorial series who have not received this award within the last year
Award: Up to $5,000/one year
Deadline: Applications accepted anytime
Apply through the CAP

Multidisciplinary || OCTRI Pilot Awards
